

PART 2 - ADAM KADMON RACE - THE CHRIST COUNCILS
- THE ELEMENTAL GRACE ALLIANCE COUNCIL -
ARCHANGEL METATRON - 11TH, AUGUST, 2016

Greetings Dear Ones, I Am Metatron and I have returned today with Peter, to continue this Discourse that encompasses a clearer understanding of the Adam Kadmon. But more than that, I am going to share with you the direct environmental spheres to be able to Attune and Activate the DNA Encodements of the Adam Kadmon Seed! And this I tell you is where the Narayana Joy Akasha Sanctuaries will play an even greater part than discussed to date!

I wish to share this with you Dear Souls, not to add to your present confusions, but to offer you a wider perspective in 'Touching' the potentials of the Attainments and Goals of what the Elemental Grace Alliance is all about! For without these deeper understandings and the expanded dynamics of this information, how can one expand their present perceptions closer to the Truth and the Universal Realities around you?

"I Am not going into the depths of explanations of what I Am about to share, for this will come later once the Radiation Centres are up and running. However, this statement does not mean that within the preparations now in process, for the Development and Creation of the Foundational Pyramidal Patterns of Light, that shall become the very Structures for such Centres, are not important!

"The Truth is, each Evolutionary Stage of any particular world has a series of Pyramidal Structures of Light, that act like Dynamos and Transformers for the Radiation of Centripetal Life Force to be Radiated outwardly to other Pyramidal Structures of like Nature and Purpose so

that the Grids can be built all around the Entire Evolutionary World or Universe.

“This is now being Proposed for the Elemental Grace Alliance for the purpose of moving into its next Levels of Creation. To pass through the present levels of human consciousness, we need to move beyond this present 3rd dimensional state of awareness into the next Level of Multi-dimensional Awareness and Creational Abilities! This makes sense does it not? This is done through the Creation of more Powerful Pyramids of Love and Light Energetic Forcefields!

“So the New Narayana Joy Akasha Sanctuaries are being offered these Newly Constructed Pyramids of Light which shall be programmed through the Great Central Sun so that all those who Work within them shall be able to be in constant communication with Higher Realms, Evolutionary Intelligences of All Levels and Dimensions. Remember, we spoke of the Adam Kadmon, who shall not only Work with those of this world but will Work in multiple ways with other Worlds and Universes for they shall not be limited just to this world.

“More than this, for the cleaning up of this planet and the recalibrations of the present disparities within humanity, not everything is a clear and simple act of benevolence, for it will take a great deal of Understanding and Higher Awareness to make the right choices. And human consciousness as it stands today, just does not have that awareness. So these direct links into Higher Intelligence shall be a ‘must’ for this to be successful in the shortest period of time!

“What I Am telling you here is, that every one of these Pyramids alone with each New Member of the Adam Kadmon Man and Woman, will show that Universal Mind is Omnipresent, Omnipotent and Omniscient in All of Creation and not just limited to a single world! It will demonstrate how, through the experiential use of it, just how fluid Divine Consciousness Is, in Every Level of Dimensional Flow.

“These Pyramidal Structures will do more than that, they will show just how Pure Consciousness is the Principle Constant within The Adam Kadmon Man and Woman, just as it is with All Higher Beings of God Intelligence and All of God’s Creations!

“As these Pyramidal Structures are developed into their Greater Capacities and are Fully Operational, and enough are set up around the world, they will become receiving Stations or Centres of all sorts of data and knowledge that will inform the Directors and Councils of such Temples as to the State of All Levels of Consciousness and needs for each

one! This shall include the complete range of Life Strata's, and Dimensional Fields, such as micro organisms, minerals, metals, all elements, ecosystems, biomes, geological and evolutionary information.

"They will replace and become, the new Pyramidal Energy Temples within this Earth Realm and Universe that are presently Streaming the State of the Human Consciousness and Planet in all aspects of Energy Grids both in balance and imbalance. The Evolution of Mankind is now at a place in time, ready to take on far Greater Responsibility, in taking Full Control of an Evolving Universe Themselves! And these New Radiating Centres shall be the turning points for this to happen! Once they are in Place and Operational they shall make the existing Pyramids around the World redundant replacing them in all aspects of Their previous Designs!

"Therefore before Human Consciousness and indeed Intelligence can do this, they must first be Initiated into these Pyramidal Radiation Centres of Light before they can advance to the next levels of Evolution, or what I call the next 'Time Cell' upon planet Earth! These Initiations will clearly demonstrate that humanity is a very dynamic Partner in Co-Operation, Co-Participation and Co-Creation with other Star Systems in this Universe and beyond!

"Humanity therefore, or at the very least, the Members of the New Adam Kadmon Race, must soon be Fully Educated in the Presence and Activation of The Merkabah which shall be one of the Key Factors in moving into these New Realms of Star Seed Creation! These Vehicles of Light shall make up a Greater Part of these New Narayana Joy Akasha Sanctuaries, which shall be placed Strategically around the world. These Centres and Pyramids of Light shall all receive Capstones of Light that will be the Activators for these Fields of Advanced Consciousness. Just like the Capstone of Jericho that you and your colleagues placed over the Great Pyramid of Giza Peter, back in 2007!

"Can you now begin to understand why the original Physical Capstone over the Great Pyramid of Giza was never allowed to be placed in position? It was never placed there because even those advanced Souls were not ready to Hold the Power that these shall bring to humanity! Mystery Solved! The Capstone of Jericho, as We called it, was placed in Light as the prelude for greater things to come. This had to be placed in position back then, for the Planetary Energies of Light to Increase incrementally until now, in Frequency, before the New Pyramidal Light Temples could be Created and Built!

“We won't say 'Made Manifest' just yet, for first there must be an Electro/Magnetic Light Pattern constructed and held in place with Concentrations and Focus by the Adam Kadmon Members of these New Temples. Then and only then, once the Patterns are Consecrated by the Powers of Love and Light from within, can they be 'Made Manifest' by the Devas and Angelic Host! Yes, the formula is the same for all Creation. The Desire to Create, (Human in this case), The Pattern of that Desire (The Elementals) and the Filling in of the Love Substance to make it manifest! (The Devas and Angelic Host).

“These New Capstones of Light, shall hold the Power to be able, through the Adam Kadmon, to Evolve Humanity through the Co-Operation, Co-Participation and Co-Creation with the Higher Intelligences of The Mother's Love and Father's Light. Each Pyramid shall have its own Light Frequency, dependant upon the Directors and Forcefield Attractors and Councils of each Centre, Enveloped and Shrouded by One of the Pyramidal Light Structures. Through these Vibrational Light Codes of the Pyramids and Capstones, The Adam Kadmon, will then be able to breakdown and dissolve old conscious, and matter constructs, which is what the Elemental Grace Alliance is Proposing.

“So you see Peter, this is why you have not been able to do anything of any benefit just yet. The platforms, or the 'Rocks' from which to build your Temples are not yet in place, and so patience remains the Guiding Light for now! It is more important at this time, to review all that you have experienced, been exposed to and informed about in the past, regarding this work and to then bring it all into this now moment for a more concentrated execution toward the Greater Goal!

“My aim in this Part 2, has been to bring to your awareness the facts that present day, conscious and matter constructs of humanity, are now well on their way to breaking down. They are in many ways automatically moving into the next Level of Evolution, through the use of New Geometrical Light Patterns that will support the New Consciousness of the Adam Kadmon Race. You are entering a New 'Time Cell' of awareness, a New Cosmic Flow of Light Particles that will wash away, bit by bit, the old framework of Geometric Light Patterns that previously supported the old human consciousness. As these old Grids fade and dissolve, as they continue to be washed with these Highly Charged Photon Particles, new information and new technologies will begin to surface. Old patterns of belief and programming's will decay and fall away

with them and the Electrons of Light shall become cleaner and more stable.

“Peter, and Dear Disciples of the New Golden Age, the search has began for the New Luminaries that will lead and teach the masses, but first these New Pyramidal Light Centres must come into Creation. First One; then others will be able to follow in close succession!

*“As I come to the close of this Part 2, I wish to finish on this note of clarity! The Evolution of mankind, of the human body of Creation into the Realms of Higher Intelligence must **Command** a Greater Awareness and deeper understanding of the processes involved. They **MUST**, recognize that they cannot do this alone and need all the help they can get by garnering and drawing unto themselves as many of the Higher Intelligences as they can, in close communication. As the Elemental Grace Alliance states on many occasions, this is not an evolution of individuals any more. It is not a journey of individuality, for the personality cannot exist within the next ‘Time Cell!’*

*“Only the Impersonality of The Life in The Universal Expression of God can go forward! It is the only way that humanity can Evolve beyond this point! Therefore to this end the physical bodies of mankind **MUST** be Initiated into the Realms of Light, and if you are intending to become a New Disciple within the New Narayana Joy Akasha Sanctuaries, then such requirements have, and continue to be placed before you for your own Impersonal Love in Action choices!*

“The Initiations and Attunements into the Realms of Higher Light Frequencies are the only ways one can fully embody the Over Lighting Body of the Light of the I Am Presence. Once Man and Woman has gone beyond their physiological limitations of self, and the desires are only to Serve Humanity for the Greatest Good of All Concerned for the Co-Creation with God, then and only then, can he or she be Gifted with the New ‘Garment of Shaddai’, the Garment of the New Adam Kadmon!

“Once again Dear Souls I have brought to the table a great deal of information, and so I shall step back again and shall ask Peter to reconvene at his next opportunity and We can follow on with this Discourse as Part 3. I have not touched upon any of the complexities regarding these matters raised, for this is not the place or time. But it will, I Am Sure, help to open the Minds and Hearts of The Souls now ready to take the next leaps of Faith into these unknown territories of the human mind and Planetary Evolutionary Processes.

*"I Am Metatron and await your call Peter for the next
Communication Opportunity!"*
