

YOUR PLEDGE TO SELF

Before you commit to this Rule 1 Study Program, we would highly recommend that you consult with your I Am Presence and then Formally make a Pledge/Decree or Covenant with Her/Him before you engage with this 10-day Voluntary Study, first. This is really important, for once you make this Commitment it is irreversible without Karmic Consequences being answerable to. It is not a decision to make through ego personality mind only! I have included a sample Decree for your consideration or guideline on how to prepare. But make it your own by using your own words!! You can use this one of course, but creating your own, will have far more potency with your I Am! It shall then be your own discernment whether to follow your Guidance to join us or not as the case could be!

If you choose not to make such a Pledge, then that is your choice. This is not a condition on part of the Elemental Grace Alliance. This is between your own I Am Presence and yourself! The Elemental Grace Alliance accepts no responsibility as per your voluntary choice to just us.

We look forward to hearing from you in whatever you choose!

God Bless

Peter
