

AWAKENING TO REVELATION - THE RULE 1 STUDY GROUP – DJWHAL KHUL
- 26TH MAY 2018

“Blessings Dear Brothers and Sisters of the Way, I Am your Beloved Brother, Djwhal Khul at your Service. There can be no mistaking the evidence that is being placed before you, so you hopefully come to a Full Realization and an unwaivering Appreciation for your Holiness as Unified and Conscious ‘Children of God’ and how that is playing out as Your Part within the Higher Evolutionary Plan for humanity here upon Earth. As Sister Nada shares in Her Discourse ‘Life is Action’, there is great Truth in the statement by ADK Luk that ‘All that ever Acts Is Life. From the smallest to the greatest thing, there is a definite action. *Life is Action – Life is not Quiet. Life in its freedom of Action is always dynamically positive.*’ It is this conclusive Principle, that will now become a more prominent expression of your Service to Humanity and the Greater Whole, not just for this Earth, but for All Planets within this Solar System inclusive of the One in Whom We Breathe and have Our Being, The Planetary Logos, Beloved Lord of the World, Sanat Kumara.

“To keep all, what I am about to share within the context of the Elemental Grace Alliance Group Divine Plan, I shall continue to speak to you of this Blending and Emerging of what is being Created here with this EGA as a Living Organism. But I wish to say to all those who may be reading or listening, even though what is being shared here may deem to be a direct Transmission for the Elemental Grace Alliance it is in no way limited to this Group Forcefield. Everything shared to date within the EGA, All Transmissions, All Discourses, All Thoughts and Expressions, All Ideas, Visions and Imaginings are all replicable to other Group Forcefields, All other Pathways of Disciples and Initiates, All Other Points of Tension that dedicate Their Self-Application, Self-Determination, Self-Directed Energy to attain the resultant advancements for which you are now Manifesting, both Individually and as a Collective Group Forcefield as this Combined Force Field Group Merkabah.

“It is one’s Self-Empowerment that shall allow for your Creations to now be Developed, Defined and Refined, Consecrated and then made Manifest through the Subjective within your Living Being, of your Christ Consciousness within you. I tell you within My Teachings that is one of the objects of evolution is that subjective reality nature within human beings will eventually be brought forward into recognition. This can be expressed in several symbolic ways, all of them dealing with the same one fact in nature:

- The bringing to the Birth of the Christ Within.
- The Shining forth of the Inner radiance or Glory.
- The demonstration of the 2nd or the Love Aspect.
- The Manifestation of the Solar Angel.
- The appearing of the Son of God, the Ego or the Soul within.
- The Full Expression of Buddhi, as it utilizes manas.
- This Emergence into Manifestation is brought about through what is understood by the following terms; the refining of the bodies which form the casket or sheath hiding the Reality.

“The process of ‘unveiling’ so that one by one those bodies which veil the Self are brought to a point where they are simply transparencies, permitting the Full Shining forth, of their Divinity within. An expansion of consciousness, which is brought about through the ability of the self to Identify with its Real Nature as the Observer, and no longer regarding itself as a body of perception. I say, ‘*perception*’ again here for perception is not a fact, but a belief and you now know that beliefs are manmade concepts that are born through one’s own life experiences, until the Revelations come that projects the believer from an unawakened human being to an Awakened Christ Conscious Child of God.

“I come to you today, as part of this unfoldment within the Three World of your Earthly Experiences to further the Bridging of Consciousness between who you thought you were, to Who You Now are seeing once again, after lifetimes of Human Evolution that Declares You Awakened, through Revelations of Truth.

“I wish to share with the Rule I Study Group, who have now completed Rule I, and for all those who will follow in their footsteps under the Guidance of the I Am Presence, two Revelations that the EGA Members in their Group Study of the I4 Rules, have yesterday and today discovered, in a way that supports, and shows clear evidence as a concrete and unalterable confirmation, for how Truth is revealed and reproduced repeatedly through eons of time and space, that culminates in a single moment declaring the Reality that Life is Action, God is not Quite and Love is the Freedom of that Action which is always dynamically positive in its Precision and Expression as a God Given Plan.’

“In Rule I4 of My Teachings, I wish to share here for the purpose of presenting further evidence of Divine Order through the Law of Synthesis, to maximise all Self-Realizations, for what is transpiring here at this auspicious time along your Path! I therefore, invite you to ponder on the Energy that underpins and Over Lights these words within relationship and interconnectedness with your present consciousness, prior to the beginning of the balance of the Study for the I3 Rules for Group Antahkarana Initiation.

“The objective of the strictly human evolution in this planetary cycle is sight, culminating in that spiritual perception which is the major gift of the soul to the personality when contact is made; this conveys the sense of attractive love, indicates the nature of things, reveals the world of meaning, and gives the great gift of light, knowledge and ultimate illumination. Such are the goals for the mystic, the aspirant and the pledged disciple. The greatest physical gift is that of sight, and it is the same upon a higher turn of the spiral within the world of the soul. When the disciple has achieved a measure of vision and is "in sight" of his goal, he/her can then be admitted to an Ashram wherein the nature of revelation can be made known to him/her. Men and women, are apt to confuse vision and revelation, and I seek to clarify your minds somewhat on this matter; therefore, the preceding sentence is of major importance. Aspirants are prone to think that the goal towards which they move is that of soul contact, with a secondary goal of hierarchical position, and a third goal of service. This, however, is not correct.

“The goal ahead of the aspirant is the consciousness of non-separateness and the recognition of a universal inclusiveness; the secondary goal is the ability to reveal the nature of that reality, Unity; the third goal is the ability to take those measures in the three worlds which will facilitate mankind's apprehension of these fundamentals. You will note how this last definition of the goal removes inevitably the factor of self-interest in its entirety. It might therefore be said that revelation concerns Oneness and nothing else. The practical nature of this truth is only recognized when the disciple attempts to do two things: to realize it individually, and to bring the nature of planetary unity and of non-separateness to the minds and into the lives of men and women everywhere.

“The work of the aspirant is to see the light; only when this has become a fact in his consciousness can he begin to grasp the hidden revelation which that contacted and utilized light can reveal. Here is another key sentence for your consideration.

“With the theme of light, of vision, and of illumination, I seek not here to deal. I have covered these subjects at length in the books which I have written, and they have also constituted the earnest search of the mystics of all time; and also, the Scriptures and the literature of all nations give much information.

“It is the subject of revelation and the task of the initiate to reveal with which I am concerned. The disciple, who represents the Ashram, must reveal to humanity the essential unity underlying all creation. This he/she does, first of all, by acting like a clear sheet of glass through which all may see the reality of Oneness as it demonstrates in practicing operation. When he/she has, through his/her own life and words, demonstrated his/her conscious participation in this basic unity, he/she passes on to practice ashramic methods of making this fundamental truth still more apparent. You can here see why—as a hierarchical technique—we brought to the attention of the general public the fact of the existence of the New Group of World Servers. They offer a practical expression of an existent unity, based upon oneness of motive, of recognition, of orientation (towards the spiritual world and towards the service of humanity), of methods and of ideas; and all this in spite of the fact that the physical plane relationship is usually non-existent and outer organization and recognition lack. The unity is subjective, and for that reason is impervious to every taint of separateness.

“The inner organization, to which we have given the name of the New Group of World Servers for the sake of recognition and identification, cannot be broken or in any way diminished, for it is constructed around a major principle of evolutionary growth which—when attained—indicates a registered consciousness of unity; this is something which, once recorded and known, cannot be lost or disproved. Once seen and realized, it becomes as much a fact in its possessor's consciousness as the recognition and utilization of his/her own physical body. This he/she knows to be a complex organism which constitutes a functioning unity through the medium of the life principle; it is an incontrovertible fact in the realization of the intelligent man/woman.

“When, therefore, sight has been attained and the light streams forth, revelation of the oneness of all life is a simple and immediate occurrence; it comes first of all to the disciple as a flash of wondrous informative and instinctive realization and then steadies down, as progress is made, into a constant apprehension and appreciation; it eventually produces the motivating impulse of all action.

“What is the immediate revelation which the initiates and the disciples of the world are seeking to bring to humanity? What aspect of this essential unity are they endeavoring to make simple and apparent? One of the easiest things in the world to say (as has, for instance, Krishnamurti) is that life is one; that there is nothing but unity. That is a trite formulation of a very ancient truth, and one which is today an occult platitude. But life is not yet one in consciousness, however true it may be in fact. The reason for this is that life is loving synthesis in action, and of that there is little today in demonstration. We have life in activity but love, based on realized unity and leading to expressed synthesis, is still absent. The vision of it is, however, upon the horizon of many, for in these days many are attaining sight and light is pouring in. Revelation will come when the world disciples and initiates have perfected the art of revelation.

“The task ahead is simple. The important aspect, at this time, of the basic oneness underlying all forms, and which the workers of today must immediately emphasize, is the fact of the kingdom of God, of the planetary Hierarchy. The citizens of that kingdom and the members of that Hierarchy are gathered out of every nation, every political party, every social group, every religious cult or sect, and every organization—no matter what their expressed objectives—and the universality of the field from which these people emerge, demonstrates their underlying unity. When this unity assumes adequate proportions in the eyes of mankind, a real synthesis will follow.

“Therefore, the call goes out at this time for hierarchical workers to reveal with greater emphasis the fact of the Hierarchy. This—if done on a large scale and through proper organization—will destroy on a large scale the present world structure in the field of religion, of economics, and of politics; it is already

doing so. An increase of pressure on the part of all who recognize the factual nature of the inner subjective kingdom of God, will produce amazing results. This kingdom, through its major power (a quality of synthesis, could you but realize it), is gathering together into itself men and women out of every nation and out of all parts of the Earth. It is absorbing them into itself not because they are orthodox or religious in the generally accepted sense of the term, but because of their quality. Simultaneously, as their numbers increase, a reverse movement is taking place. Men and women are moving outward on to the physical plane and doing this as a group in order to prove the factual nature of the world of unity into which they have succeeded in penetrating. They, therefore, are demonstrating oneness and synthesis in such a simple way that men and women everywhere can grasp it. The New Group of World Servers is the vanguard of the kingdom of God, the living proof of the existence of the world of spiritual Oneness.

"To all applicants the call has gone out to see the Christ as He is, in order (as The New Testament puts it) that "as He is, so should we be in the world." To disciples and initiates the call goes out to reveal to the world the grouped formation of all spiritual workers, the nature of the Christ consciousness which knows no separation, which recognizes all men and women everywhere as Sons of God in process of expression. This is all desired because of the need to emphasize the all-inclusive approach of divinity to humanity. These working disciples and initiates regard all as essentially one and as Brothers and Sisters, which repudiates all man-made theologies (religious, scientific, political or economic) and says to all men and women everywhere: "We are all the Children of God; we are all equally divine; we are all on our way to the revelation of divinity, and this upon the physical plane of existence; it is what we reveal that is of importance; what is revealed to us is of lesser importance, though it has its due place in the process of training and perfecting."

"So Dear Brothers and Sisters, this was written many decades ago, and today we have shared with you the differences between today and yesterday in terms of human consciousness and understanding. In itself, that difference can now be seen in the registration of the Vibrational Frequencies of both Individual and Group Resonances. Within these Resonances lie the Higher Truths of what could have been comprehended at the time of these writings. As so there are new potentials that are revealing themselves for those who have Eyes to See, Ears to Hear and Hearts to Listen with the Life of Action and the Sounds of God! Ponder on this statement further My Brothers and Sisters for it offers you all even Greater Focus to Direct your future Developments and Expansive Endeavors, that are now beginning to come into your Divine Visions as a Group Forcefield, Expressing the True Nature and Living Breath of God.

It is this Total Commitment that shall take concentrated Work, dedication, time, effort and focus. It will take the Combined Effort of EVERYONE within the Group, without exception, to assist and help all others around you, "All For One And One For All", I believe We heard just the other day in a Group Exchange. It shall be the "All For One And One For All", to build upon the Unity of Consciousness, Unity of the three worlds, all of whom are either going through the same processes or have an unconditional Love for you that allows all the support necessary to Fully Commit to such a Divine Plan.

The truth of your present being was/is this; you who believe only in the material world, continue to live entirely in the earthly, finite world. You live within a dimension of the manifestation of your beliefs.

Those whose Spiritual perceptions and lives have now been raised in Frequencies of Vibrations to Merge with the Higher Consciousness of the Spiritual and Universal Dimensions can now begin to Self-Realize that you now live in two dimensions. You are Fully Aware of this Truth. Now you have to, according to this Truth begin to live your lives to reflect that Truth for Higher Evolution to proceed!

You are no longer bound by human belief but live within the realization that you live within Infinity in which there are no limitations. The Higher your own or the Group Forcefield Merkabah Vibrational Frequencies of Consciousness, the more aware you shall be of Living in Action, Sounding As God Is, with that Infinite Expression of the Divine Consciousness. For those whose perceptions have now been Heightened in this way, whilst still in their human biology, Know that there is Truth in these Words within the Universal Equilibrium Expression of Divine Consciousness Activity or Action. This Revelation shall ignite to True Reality of Oneness in Unity Consciousness, thus surpassing the old axiom of 'we are one', to 'WE ARE ONE!'

"Christ Jesus says";

"When a soul reaches, in understanding and realization, the top most level of the frequencies of vibrations of consciousness, Christ Consciousness, the soul can look down and review the levels of vibrations ascending and descending to those of humanity on earth and know, with love and compassion, humanity is trapped in the lower vibrations of Divine Consciousness hidden within the Ego-drive, wholly unaware of the Truth of Being, the soul's true identity and the earthly truth of the ego. Neither does it have the slightest awareness of the immense purpose behind its existence and the eventual mission it must embark upon.

"The task of the newborn soul is to experience, through means of its sheath, the Psyche, all that these lower frequencies have to offer and grow as a result of the mental/emotional events and experiences arising out of their thoughts and feelings. The soul must learn, through trial and error, the state of consciousness which makes it immensely happy or burdened with grief and sorrow which initiates various physical limitations.

"The purpose of life on earth is not to discover a means to experience undeviating joy and bliss, although this is what each soul longs for.

"Such bliss and joy would hinder the souls progress into the higher spiritual vibrations of consciousness.

"Eventually after many lifetimes of highs and lows of comfort and sorrow, the psyche will wake up to the truth of its being and will realise that it has within itself the potential to draw on Divine Consciousness for insight, understanding and knowledge and to raise its spiritual consciousness vibrations to those of health, well-being, protection, inner growth, spiritual nutrition and to radiate to others the nature of Divine Consciousness Itself.

"As I have said before CONSCIOUSNESS is LIFE and LIFE is CONSCIOUSNESS.

"Where there is LIFE, there is CONSCIOUSNESS. Where there is CONSCIOUSNESS there is LIFE. EVERYTHING in existence is defined by vibrational frequencies of consciousness. Light, Sound, Color, all physical phenomena both living and inanimate. If you can change the frequencies of vibration of any single thing, you change the appearance of that thing, be it sound, color, gas, liquid, physical organs.

"When physical organs present an appearance of ill-health, it is because the normal frequencies of vibrations of that physical organ have been reduced and the LIFE within the organ has been depleted. Science presents the universe as being matter possessing consciousness, but the truth is:

"The universe is CONSCIOUSNESS which has taken on the appearance of matter as a result of a descent into the lower frequencies of vibration of consciousness.

"This is the true reality of existence, nothing else".

“Now Existence takes on a Whole New Meaning and shall be Divinely Expressed by Those Living Christs Who Have arrived at this Truth!
