

**“PURITY – THE SALVATION OF A WORLD IN NEED” – ELOAH PURITY (CLAIRE) OF THE SEVEN MIGHTY ELOHIM - 12TH JUNE, 2018**

**JUNE DK RULE 1 STUDY THEME – “PURITY”**

“I Am Purity of the Mighty Elohim and I come to you with My Divine Consort Astrea, to be in Your Presence today, in anticipation of this upcoming Cosmic Event, that through your own Divine Design for the Purity of Expression, the Grace in Action and the Impeccability of Intent of your Entire Being. Tomorrow Dear Hearts, you begin a joint endeavor to Unify All your Energetic Systems to Expand the Electronic White Fire Light, through the increased Spin of Electrons throughout your entire 4 lower bodies. We Are OVERJOYED at this opportunity, to not only be here with you, even though We Are Always with you, but to be with you in your own Conscious Awareness and Acceptance of Us to be here.

“There is no great need for Me to speak to you today about the Atomic Structure of the bodies as I did this within My Address given to you earlier. I Am therefore, going to speak of things that will be helpful to all of you in your present Study opportunities. You Dear Souls, along with your Brothers and Sisters upon Earth, have come to experience the use of Energy, and to do that you must first understand the Rules and the Laws that apply to this Divine Aspiration. All of you are God Creators, All of You are Created in the Image of God’s Perfection, All of You have the Powers of Love, Wisdom and Beauty right there Within you, but before you can access these Divine Qualities and Virtues, first you must Comprehend and Acknowledge and Accept your Own Perfection in the Divine Design within you.

“The Study you are about to enter of the 14 Rules of Group Initiation with Beloved Djwhal Khul, is yet another stepping stone to fully Expand your Consciousness to place your Points of Tension on your Designated Soul Purpose to become Those Christed Beings Who shall Be in Divine Service to Humanity and a World in need, who are not as aware of their own Divine Design as you are. DK explains something you need to hear again, when He says”:

*“The response of humanity, from the angle of a spiritual realisation of the presented opportunity, was the emergence of the New Group of World Servers. They appear in every country, conscious of their task of crystallising and making effective human goodwill, though generally unconscious of their hierarchical relationship. Their appearance evoke an immediate reaction from the Spiritual Hierarchy, and experienced disciples made their appearance in the ranks of the New Group of World Servers, directing their efforts, voicing their aims and stimulating their understanding. The new groups work in and through every department of human thinking, human welfare and human planning; as a result, and almost immediately, the men and women of goodwill everywhere in the world took heart of grace (a most appropriate phrase) and became active. The three points made here will demonstrate to you the factual nature of the circulation of energies.*

*“All these happenings are part of a process of planetary initiation; such an initiation cannot take place without important effects, both in the Hierarchy and in the human family. In old Atlantean days, it was the Masters (facing the same sixth initiation) Who "decided" to bring that ancient civilisation to an end; They therefore sacrificed the form aspect of manifestation*

*and created a situation in which the soul of humanity was liberated from the prison in which it found itself. Today, a material catastrophe, such as the flood, has not been deemed necessary; it is believed that humanity can and will find its own way out of the world difficulties”.*

“As you will be well aware Dear Hearts, as Beloved Master DK has told you, you are part of a Soul Family who have come together at this very specific time that was initiated by Divine Design 80 years ago, before you even came to Earth. None of you are here by mistake, but you know that already! You know that is Humanity Who has been given the Full and Total responsibility of raising an entire Human Civilization through an entire Human Evolutionary Cycle to the Full Christed Embodiment.

“As We, that is the Seven Mighty Elohim were given the tasks to prepare the Earth for your arrivals, of which We spent 900 of your Earth years Holding a Specific Focus of unwavering Thoughts of Eternal Spring. Our Focuses have never wavered not for a nano second, and that is why the Life upon the Planet, all Life, including the Planet itself, remains in a vibrant State of Perfection. Not necessarily in your physical sense, but the Perfection of its God Design. Note these words Dear Ones. Just as I explained in My previous Discourse it is that Design that We hold eternally until the Words for The Prime Creator comes saying “*It is Done!*” Then Our Beloved Peace and Aloha can begin the etherealization of this Earth to return to Source from whence it came.

“Like Us Dear Ones We wish to lay something upon the table that perhaps none of you have ever contemplated before. And that the use of the Seven Steps of Precipitation within your own lives, that is individually at first and collectively once this is perfected by you. If you have not yet studied the Seven Steps of Precipitation, then you are Divinely Guided to do so from this time forward, else any of your creations will never stand the pressures of time or space, they will deteriorate daily, eventually falling into degeneration and decay, unable to be held together in any point of perfection at all. This is Wise Counsel, should you be open to receive it.

“Let US briefly outline the Sevens Steps for you as We did in the Elemental Grace Alliance Discourses. It was Beloved Peace and Aloha who said:

*“It has already been proven many times over in the past by those who Know and Practice the Truth of this Wisdom. The method and techniques are simple, yet They must be executed through the use of the Seven Steps of Precipitation, if one is going to be successful. We will take this opportunity to outline these steps here at every opportunity to do so, that shall be required to get this information to those ready to make a difference for All of Life on Earth!*

**“First:** *There must be the WILL TO DO; for assistance and guidance call in Mighty Hercules and Amazonia. You must make a DECISION in your heart, mind and Spirit, a decision based upon prayerful thought and application, so that you are sure it is the right decision and that your feelings, concerning it, aligned with God’s Will and that you are enthusiastic about bringing it forth without falter.*

*“**Second:** After you make your decision, take the time to call into action the Flame of Mighty Cassiopea and Minerva, to give you its PERCEPTION (Illumination), the perfectly-clear picture of what you want to do and the directions as to how best to bring it forth, to qualify the abstract idea so that your form is something of benefit to All Life.*

*“**Third:** Through the Beloved Elohim Orion and Angelica, LOVE your manifestation into form. The more sincere your feelings of LOVE you can put into it, the more beautiful will be your form, and the more quickly it will manifest. This is true whether it is something you wish to create for your personal use, or whether you are altruistic enough to so create for the benefit of World Peace and Salvation. The more LOVE you put into Your Service, the greater will be your manifestation, the Higher will be its quality and the more plentiful its Blessings to the World of Form.*

*“**Fourth:** Then be sure to hold, firmly, to the original Divine Design by calling in The Beloved Claire and Astrea. Then allow as much humility and selflessness as possible, hold to the PURITY of the pattern (Divine Idea) which you have received from God and do not attempt to constantly change it, with every passing whim.*

*“**Fifth:** Next comes the power of CONCENTRATION through The Elohim Cyclopea (Vista) and Crystal, to help you follow through with one thing at a time, staying with it until it is wholly completed. It is better to do one thing well than to do a hundred things imperfectly. Your phrase “Jack of all trades and master of none” refers to this wavering consciousness. Do not allow fear and doubt, or ridicule of the outer world, to make you feel that it cannot be done! When a mental picture is flashed to your mind and you deliberately call it forth again, you begin to draw forth the Reality of that Picture or Resource of the Divine Idea.*

*“Your “fundamentals,” given to you for your use years ago by the Ascended Master Saint Germain, gave you this instruction. For instance, if you want financial freedom, hold to that idea, and see that substance visible and tangible in your hands and use NOW. If you want youth in your bodies, so that they do not show age and if you want freedom from certain limitations of mind and the flesh body – greater freedom to serve the World Cause – get the definite picture of just what you do want and stay with that one idea, until you have brought it forth into outer physical manifestation!*

*“Let there be no “ifs” or “buts” in your consciousness and your universe, concerning it. When that which you have conceived and willed to bring forth hurts no man or any part of life, it will be a Blessing to the Universe. If you will LOVE Life enough to stay with it, if you will be humble enough to let God do His Will through You toward It, if you will concentrate upon one thing at a time, you **can** and you **will**, produce your manifestation! (Here, again, comes the inversion of the activities of the Sixth and Seventh Rays)*

*“Seventh: Now your idea, which you wish to precipitate into form, must be nourished in RHYTHM, with at least as much regularity as you take your meals into your flesh body each day. Arcturus and Diana will help you as you call them forth.*

*“Sixth: Last, but not least, when your manifestation finally appears in the Purity of Form in which you have desired and designed, call in Peace and Aloha and We will hold the PEACE and Harmony of feeling with you, which will Seal your Entire Creation in Divine Protection.*

*“When these Seven Steps have been completed, according to your Divine Pattern, you will see and know that the Creative Powers of the Elohim are Universal and can be used by anyone, at Will!*

*“This is all attained through one’s own I AM Presence being engaged into action and asking for the Protection of the Luminous Presence of Beloved Peace and Myself, Aloha. With all the preparations fulfilled and anchored within the Heart of the Creator, you, We, can then go to the eye of the hurricane, the shifting tectonic plates, the tornadoes and influentially work through Energetic Transference with the Elementals to dissolve these things and release the built-up Energy back into the Core of each Elemental Being to return back to the Primal Source Love Energy of the Three-Fold Flame of Love, Power and Wisdom. This is the Mindful Application of Etherealization or the dematerialization of that which has already been created.*

*“This will avoid physical destruction, but then it is up to humanity to change their consciousness so that another incident will not have to occur. As the previous millions of years are testimony to, if man does not come to this understanding, and work far more in collaboration with the Elementals, then time and time again, the obvious will indeed strike hard within the hearts of mankind, and each time it does, it will be with even greater force and extensive consequential results”.*

*“We believe if each of you think of these Steps in the same way as you apply the 14 Rules for Group Initiation and see all this in terms of the Creation You Are, you can equally apply the Seven Steps of Precipitation toward the Perfection of your Own Light Bodies and the Clothing of your New Physical Self with as Beloved Metatron says, Your “Garments of Shaddai”.*

*“Have I given you enough information here that you may see that anything you wish to Create within this physical world can also include your physical body. Or more to the point, your New Lives as the Adam/Lilith Kadmon Christed Man and Woman?*

*“Your Points of Tension should now be placed upon what you wish to Create. Take this opportunity Dear Souls, to spend some time on exactly what it is you wish to Create. Then open to that Knowing by applying the Seven Steps of Precipitation. For until you are focused on precisely, faithfully and unwaveringly, your lives will indeed continue to tremble with indecision, fade in vision and flicker like a candle in the wind. Do you understand? God Beings*

Create through the Will To Do, the Perception, the Love, Purity, Concentration, Rhythm and God's Peace.

“Before I close I wish to add two more things for your deeper contemplation, that of Grace and Impeccability.

“Grace, True Grace is the Presence that descends on humanity and like all Divine States of Being, it requires that you meet it halfway, which for humanity may seem a long way. This is after all a Perfected State in which everything about human life will be changed permanently. When true Grace descends upon men and women in all walks of life, it wipes out all past Karma instantaneously! It also wipes out the Karma of all their ancestors and all their ancestors. Grace softens and puts an end to fear and leaves the human being in no doubt about their Divinity. If Grace touches your life, you will no longer have your own destiny but become a musical instrument played by the Cosmos. With Grace all human emotion is instantly transformed into Love. Through Grace, the Universe has but one single wish – for you to remember that you are Love and there is nothing in you but Love. The aim of the 14 Rules is to set you up to be Graced by Grace itself!

“Impeccability, in human terms means the inability to be able to sin, that is to go against God. But Divine Impeccability is the use of Will Divine through Divine Truth. This needs no explanation for this Group and so I say to you only that We are here to support you with our Divine and Pristine Perfection of holding you in the arms of God's Perfection so that you can work with that Divine Truth of your Divine Design. There is also what is known as Actuated Impeccability of Divine Will, which simply means the placing of truth into Love in Action which becomes the motivate Source of everything you do in the Service of Humanity and a World in Need. If you become vigilant of your thoughts, words and actions, and use all facets of the Seven Steps of Precipitation while Serving Humanity selflessly and unwaveringly, the Perfection and Purity you desire will happen quite naturally! How? Because you already have it within you! It shall take no more than your own Comprehension and Acknowledgement and Acceptance of that Perfection of Your Divine Design Within You.

“Enjoy your Studies Dear Hearts and Know that the Seven Mighty Elohim and Their Divine Consorts will be Over Lighting every through, word and action you apply to it, if you call Us in and ask for Our help! That is why we are here! To Create with You! Together as One Unified Forcefield of Love, Joy, Beauty, Grace and Impeccability!

“I Am/ We Are Purity and Astrea within the Three Fold Flames of your Hearts.

“In Peace and Joy, We Love You!

“And So It Is”.
