

EXPOSÉ OF PURITY - THE RULE 1 STUDY GROUP – DJWHAL KHUL - 29TH JUNE 2018

Welcome Brothers and Sisters of the Way! I have come today to each of you to give you a wider perspective from that which you may have already gleaned from your short but intensive experiences with Rule 1 for Group Initiation. Your understandings and interpretations have all been acknowledged and in doing so I wish to elaborate a little that may assist you in making up your mind as to whether you may continue with your studies of the following 13 Rules or not.

I have called this Discourse “Exposé of Purity”, for indeed you have not in Truth grasped the depth of such Purification. By further preparations and deeper contemplations away from the objective nature of Purity through the Concrete Mind to a place where you will discover a far greater subjective Quality through the Abstract Mind. That Mind which later, I shall explain in more detail as the Disciple and Initiate continues to build the Antahkarana and thus establishes a direct channel of communication between the Monad and the personality. Here, the lower mind becomes fused with the Abstract Mind or Higher Mind (the Manasic Principle, Sublimated and Purified), and gradually the Soul is; to use a peculiar but sensitively expressing word; *by-passed*. It has by now served its purpose. Love and Light are in expression in the physical plane life. But neither the personality vehicle nor the Soul Body is required, as under the old conditions. Their place can now be taken by the Spiritual Triad and the Monad; the Essential Life of both the lower aspects (creative in nature and expressive of Loving Intent as to Purpose) can now be withdrawn.

Triplicity, from the angle of the three periodical vehicles; Monad, Soul and Personality; is resolved into duality, and the Monad (reflected in the Triad) can now work upon the lower planes through the medium of a definitely Created Personality or "Point of Tension" in all the three worlds; the physical, mental and emotional. It is to this that the Rules will show without deception. When applied with purposeful and committed study, in terms of the individual Disciple and Initiate, whilst the life in which the Soul is "*by-passed*" and its *ring-pass-not* is destroyed, is of such profound difficulty that it is sometimes called the life of crucifixion or of renunciation. It is this aspect of Purity which the New World Servers must identify and in turn Qualify in their own lives, if they are going to step Fully into the Christ Consciousness of the Full Embodiment of the Walking Christ here upon the Earth.

We are, however, concerned with the interpretations of the Rules as it affects individuals before they truly grasp the new concepts of working solely within a Group Environment. For while individuals continue to see themselves as individuals or individuals in group formation, who choose to continue any development of existing group structures, without a form and structured foundation in accordance to Universal Laws, their efforts shall be in vain and shall only strive to limit their own and their present group growth to previously understood concepts and parameters of how a group should look. Any group that has been created on old human beliefs or old human conditions or without compliance to Universal Laws will be unable to pass through the Rings of Consciousness aforementioned. Today, we seek only to exemplify, Groups that are being constructed, whereby they are consciously preparing themselves for joint Initiation of all its Members. It is by adhering to the ancient dictum that "as it is with the

Macrocosm, so will it be with the microcosm," and by the application, therefore, of the Law of Analogy, that we shall eventually arrive at a Real Comprehension of the Evolution of Humanity.

It is for the guidance of the Disciples and Initiates of the world today, that this Trial Study of Rule 1 through the Elemental Grace Alliance has been created, developed and meticulously adhered to, in accordance to the Rules for Group Initiations. For without these Rules, and their understanding, one's progress either as a individual or as an Integral Group, the Work needed to be completed in the shortest times possible will be hindered. We cannot make this point clearer to you at this crucial point for the coming of the Christed Ones.

Our aim here then is to lift the aspirant's eyes away from him/her self and his/her own growth to a vaster Conception and a Universal Ideal. An Ideal that also moves one away from any further Astral Plane Creations. The Astral Plane is where the personality projects him/her self to undergo further restricted and limiting aspects of their own human experiences; so that they may Know the difference between what is *Real* and what is not. Eventually however, every Disciple and Initiate must pass through the Astral Levels of Dimensions and it is to this effect that I write today as part of the Abstract Creations of Purity that will ultimately Serve All Initiates to penetrate beyond the Rings of Consciousness of the Astral dimension.

The True Mark of the Initiate is his/her lack of interest in him/her self, in his/her own unfoldment and his/her own personal fate, and all Aspirants who become Accepted Disciples have to Master the technique of disinterestedness. Their eyes have also to be lifted away from the group of workers and from the Hierarchy which they constitute, and to be fixed on wider horizons and vaster Realms of Activity. That IS the Great Creative Plan, its Laws and Techniques of Unfoldment, and the Work of the Builders of the Universe that are dealt with; emerging out of the mass of imparted facts, and underlying all the teaching, was the idea of a Greater Life with its own psychology and ideas. It was an attempt to give a synthetic picture of the unfolding Mind of God as It works out Its Plans through the lesser Sons of Mind. In symbolism and archaic phrases, it veiled the Truths and Principles which lie at the root of the Creative Process, and in its entirety is beyond the grasp of the advanced Disciple. At the same time, it is a most valuable compendium of information, and will serve to convey Truth and to develop the intuition.

It is this problem of Energy Units old group structures, and their mutual interplay which underlies the entire subject of the Rays which we shall seek to investigate further. Every group in the world is a nucleus for the focussing and interplay of the Seven Types of Force, just as every human being is also a meeting place for the Seven Types of Energy, two in the ascendant and five less potent. Every group can consequently be a creative centre and produce that which is an expression of the controlling energies and of the directed thought of the thinkers in the group.

From the standpoint of Those Who See and Guide, therefore, every group is constructing something that is relatively tangible and governed by certain building Laws. The Great Work of the Builders proceeds steadily. Often that which is built is inchoate, futile and without form or purpose, and of no use to either gods or men. But the race as a whole is now coming into an era wherein the mind, is becoming a potent factor; many are learning to hold the mind steady in the Light, and consequently are receptive to ideas hitherto unrecognised. If a New Group of Minds, Constructed in a Group Antahkarana can be so drawn together and fused into an

adequate Synthesis, and if they (in their individual and daily meditation) keep Focussed or Oriented towards that which can be apprehended, Greater Concepts can be grasped and Greater Ideas Intuited. Men and Women can train themselves—as a New Group with a Combined Forcefield of Focused Intentions, to think these Intuited Ideas of the True and the Beautiful and of the Plan into Manifested Existence, and thus a Creation of Beauty, Embodying a Divine Principle, can be Built. Ponder on this, seek to fit yourselves for the registering of these potential Ideas, and train yourselves to Formulate them into thoughts and to transmit them so that others can apprehend them also. This is the Nature of the Real Work to be done by the New Groups and Initiates today, who can grasp this Idea and have the opportunity to do some of this Pioneering Work.

Always the individual of advancement and of poise has been able to do this intuiting, and to concretise the idea. Groups of Disciples and Initiates meditating synchronously should now attempt to do the same. The effort to Synchronise effort does not relate so much to the time element as to Unity of Intent and of Purpose.

There is to be found today in the Realm of the Intuition much wonder; this can be contacted. It is now the privilege of the race to contact that "Raincloud of Knowable Things" to which the ancient Seer Patanjali refers in his fourth book; the race, through its many Aspirants and Disciples and Initiates, can today Precipitate this "Raincloud" of Consciousness, so that they can register those Contacts. Hitherto, this has been the privilege of the Illumined, but no longer such Consciousness limited to such privileged persons. Today it is available to all who have extended themselves through the Higher Training of Higher Awareness within the Laws and Rules toward expanded awareness. In this way the New Age of World Servers are being ushered in and the New Knowledge will enter into the Minds of all of Humanity, One Universal Law and One Rule at a time.

In undertaking to reveal something anent the Purity of the Nature of the Seven Rays, I feel it necessary to remind all of you who take up this Study that any speculation as to the emanating Source of the Rays must remain profitless until there is developed within each Disciple and Aspirant that apparatus of response and that Sensitive mechanism which will enable him or her to Register a wider Field of Contacts than is at presently seen as possible. Many are as yet in the Initial stage of registering an Awareness of a Field of Expression through Formulas of Approach. However, now being unaware of such things is no excuse; the Field of Soul Awareness can become a Field of Creative Expression for them, should they apply themselves to this New Awareness and implementation of their new-found potentialities.

It must therefore be remembered that we are dealing with Life Expression here, through the medium of matter-form. The Highest Unity will be cognised only when this dual relation is Perfected. The theory of the One Life may be held, but I deal not basically with theory but with that which may be Known, provided there is Growth and Intelligent Application of Truth. I deal with possibility and with that which is capable of achievement. Many, these days like to talk and think in terms of that One Life, but it remains but speech and thought, whilst the True Awareness of that Essential Unity remains a dream and an imagining. Whenever this Reality is put into words duality is emphasised and the Spiritual controversy is enhanced. Take for example the words: "I believe in the One Life" or "To me, there is but one Reality," and note how they are in their phraseology an expression of duality. Life cannot be expressed in words nor can its realised Perfection. The process of "**Becoming**," which leads to "**Being**," is a Cosmic Event, involving All Forms, and no Son of God lies separated from that mutable process as yet. As long as he is in form he cannot Know what Life is, though, when he has attained certain

steps and can function on the Higher Planes of the System in Full Awareness, he can begin to glimpse that incredible Reality. Certain Great Initiates, down the ages, have fulfilled their function of Exposers of the Truth, and have held before the eyes of the pioneering Disciples of life the Ideal of Oneness and of Unity. It has nevertheless been a matter of shifting the focus of attention progressively out of one form into another, and thus, from a Higher Standpoint getting a fresh glimpse of a possible Truth. Each Age (and the present is no exception) has believed its grasp of Reality and its Sensitivity to the Inner Beauty to be Greater and nearer the True than was ever previously possible. The Highest Realisation of what is termed the One Life is the awareness (of the Initiate of High Degree) of the Embodied Logos, of Deity, and His Identification with the Consciousness of that stupendous Creator Who is Seeking Expression through the medium of the Solar System. No Initiate on the planet can Identify him/her self with the Consciousness of that Identified Being (in the esoteric sense of the term) Who, speaking in the *Bhagavad Gita*, says: "Having pervaded the entire universe with a fragment of Myself, I remain."

These thoughts I commend to your consideration and to your careful pondering, begging you to see to it that there is a steady expansion of your sense of awareness and a growing capacity to make understanding contacts with that emerging Truth, Reality and Beauty which the Universe Declares. Guard yourself at the same time from mystical rhapsodies anent the One Life, which are apt to be no more than the negation of all mental apprehension and a luxuriating in the sensuous perception of a Highly Developed and High Grade Emotional Nature.

You have before you Dear Brothers and Sisters through this Ring of Consciousness, that which has been called the Elemental Grace Alliance, where these potentialities are being offered to any person or group who is open to extend themselves toward these added benefits and advantages of more accurate understanding of human growth and development at this most auspicious time upon the planet.

In closing I wish to add this, in around 2025, new Life Expressions will begin to Manifest upon the planet through humanity. The Path of the Way toward this is through the New Groups of World Servers. These New Life Expressions will be the Creation of Beauty, as an Expression of Truth, through the free interplay of Life and Form, basing the Design of Beauty upon the Initial Plan as it Exists in the Mind of the Solar Logos. The Body of Manifestation of this Life has not yet been revealed, but the Activity Emanating from it shall produce combinations of sounds, colours and word music that expresses—through the Form of the Ideal—that which is the originating Idea.

Before this can truly Manifest, there is a great deal of Work to do to clean up this planet of ALL limiting and negative and ill-conceived thought forms. While present day creations are held within the old constructs of knowledge and perceived realities, this Beauty, and these Levels of Purification will not be Realized.

Until next we speak, "Let the Disciple and Initiate Live in Love, and Love in Life."

Your Brother
