

JUNE RULE 1 GROUP CLOSING COMMENTS PETER 3RD JULY, 2018

Blessings Dear Hearts, and Congratulations!

You have all, now completed this Rule I Trial Study. Now you now why it was called a Trial, for every single one of you, whether you participated within the group communications, or sat alone and worked behind the scenes, or even if you changed the Study procedures or only half did them, each of you will now know where you are in relation to Group Awareness, Group Activity and Group Unity.

Each of you will have been confronted with challenges and obstacles and whether you stepped into the “Burning Ground” and stood fully open to the God Fire of Purification or skipped and jumped around trying to avoid the flames, some kind of Truth will have been Self-Realized. It could not be otherwise if you truly set yourself to this task of 10 days of this Divinely Orchestrated Trial set up by your Soul and your I Am Presence.

So, CONGRATULATIONS is in Order, whether you still remain a little puzzled as to whether you got anything from this or not.

I have read every single summary and email posted, including all those sent to me privately when things became and little too much to bare. And in my conclusion, I wish to say a few things before I close here with a few excerpts from DK and Lady Nada.

It was Deanna, whom I believe summed up the total experience of the DK June Rule I Study Group.

I wish to place her whole sharing here for all to read again within this context of this my summary for the Group.

Deanna said with Great Wisdom:-

“I wasn’t sure how this could ever feel like it culminated in any sense of completion as I felt it could go on for endless days, but today I feel a sense of the end of a ceremony. It was sometimes hard for me to understand this group ceremony we’ve all just been through while it was happening. I felt uncomfortable for the first time in a while at around the midpoint and even questioned pulling away. I sat & felt fear that I would make someone feel “less than” because of my Truth in experience in my individual timeline. While simultaneously feeling at other times that I would come off too immature and be reprimanded or be distracting. But my greatest discomfort was when I felt the discomfort of the group like a growing pain...like a contraction. I wanted to ‘make it better’ for you. Then I remembered once, before going into a sweat lodge in Tofino, the elder told us not to reach out if someone seemed uncomfortable...to let them be even if they were despairing. This went completely against my ‘nautre’ (Learned by society) but I trusted the Elder. He explained later that if I were to reach out to comfort during ceremony or initiation that it would be showing the

other that they weren't capable of handling it. And that reaching out would be selfish on my part & not to the benefit of the Whole. This memory got me through the discomfort and I found the Will to move forward.

I've been watching the Osho documentary on Netflix and finding my discomfort mirrored. What was the missing ingredient to the spreading of their group across the world? Today it is clear to me. Devine Will. Will to the Group's Group. The group beyond the group. To the benefit of All. This tension was lost and love & intelligence were not enough.

I want to be a part of the development of this new Earth and found a spark of Understanding, Activation and Next Step in You. Ever forward".

Dear One's, this was never about the Group, this was made very clear if you have read the preparatory instructions, it was about the individual experience to ascertain whether they are indeed ready for Group Awareness, Group Activity and Group Unity. It was to offer the individual to find Their own Initialized Expression of God within Themselves. You were therefore all left to do your own thing without being overly facilitated. Facilitation was not a good word for this part of the Group Expression for as facilitators there is a very fine line that needs to be understood where on one hand we want to as Deanna said, "make it better for you", and intervene offering you all the support that would make you feel comfortable, and on the other hand and leaving you, as Deanna said, "to let them be in their discomforts, even if they were despairing".

This 10 Days is now complete, yet it only completes the interim of understanding your discomforts and the Understanding and Knowledge of the "Path of the Way" to Group Antahkarana Initiations for the Purpose of Service to Humanity and a World in Need.

DK says this in **Mystery Revealed? – Gethsemane Revelation – Djwhal Khul**, when helping us to understand the significances of the Knowing that underpins this particular Journey.

"I. Know.

What is the difference between the knowing of the aspirant and the knowledge of the initiated disciple? It is the difference which exists between two differing fields and areas of perception. The aspirant is told first of all to "know thyself"; he is then told to know the relation of form and soul, and the area covered by his knowledge is that of the three worlds, plus the level upon the mental plane on which his soul is focused. The initiated disciple knows the relation of the periphery to the center, of the One to the many, and of unity to diversity. The applicant is concerned with triplicity: himself as the knower, his field of

knowledge, and that which is the agent of knowing, the mind. The initiated disciple is beyond registering triplicity and is occupied with the duality of manifestation, with life-energy as it affects or is related to matter-force, with spirit and substance. The knowledge of the initiate has naught to do with consciousness as the mind recognizes that factor in the evolutionary process; his knowledge is related to the faculty of the intuition and to that divine perception which sees all things as within itself. Perhaps the simplest way to express the knowledge of the initiate is to say that it is direct awareness of God, thus putting it into mystical terms; the knowledge of the aspirant is related to that aspect of divinity which we call the soul in form. Putting this in still another way, I might point out that the aspirant is concerned with the knowledge of soul and matter, whilst the initiate is concerned with soul and spirit.

If I say to you, my Brothers and Sisters, that the knowledge of the initiate is concerned with that which is produced by SOUND and not by the A.U.M. or the O.M., I shall have linked up these comments with much else given previously in the analysis of these fourteen rules. The "listening" of the aspirant has now been transformed into the effectual recognition of that which the Sound has created. I refer not here to the creation of the phenomenal world, or to the world of meaning which is essentially the Plan or the pattern underlying that phenomenal world, but to the intention or the Purpose Which motivated the creative Sound; I am dealing with the impulsive energy which gives significance to activity and to the life-force which the Sound centralizes at Shamballa.

It is not the fault of humanity that it is only now possible for the significance of the divine purpose to emerge more clearly in the consciousness of the initiated disciple. It is a question of timing and of movement in space; it concerns the relation of the Hierarchy, working with the Plan, to Shamballa, the recipient (by means of the Sound) of the creative energy which it is the divine intention to expend in producing a perfect expression of the divine Idea. It is to the knowledge of this relationship and of its effects that the first word of Rule XIV refers.

It was the dawning of this significance upon the consciousness of the Christ—a consciousness enlightened, purified and divinely focused—that forced Him to cry out: "Father, not my will but Thine be done." He received a vision of the emerging divine intention for humanity and (through humanity) for the planet as a whole. In the hierarchical stage of development which Christ had attained, and which made Him the Head of the Hierarchy and the Master of all the Masters, His consciousness was entirely at one with the Plan; its application to life in the three worlds, and its goal of establishing the Kingdom of God on earth and the emergence of the fifth kingdom in nature, were now for Him simply the fulfilling of the law, and to that fulfillment His entire life was and had been geared. The Plan, its goal, its techniques and methods, its laws and their application, its phenomenal effects, the hindrances to be met, the energy (that of love) to be employed, and the close and growing relation and interplay between

the Hierarchy and Humanity, between the heart center of the planetary Logos and the creative center, were known to Him and fully understood. At the highest point of this consummated knowledge, and at the moment of His complete surrender to the necessary sacrifice of His life to the fulfilling of the Plan, suddenly a great expansion of consciousness took place. The significance, the intention, the purpose of it all, and the extent of the divine Idea as it existed in the mind of the "Father," dawned on His soul (not on His mind, but on His soul). He saw still further into the significance of divinity than had ever seemed possible; the world of meaning and the world of phenomena faded out and—esoterically speaking—He lost His All. These are words necessarily meaningless to you. For the time being, neither the energy of the creative mind nor the energy of love was left to Him. A new type of energy became available—the energy of life itself, imbued with purpose and actuated by intention. For the first time, the relation of the Will, which had hitherto expressed itself in His life through love and the creative work of inaugurating the new dispensation and the launching for all time of the Kingdom of God, became clear to Him”.

What you have all experienced here over the past 10 Days is the beginning of a HUGE Purification. The opportunity lies before you, how you respond from here shall be you own free will as to how you shall move forward. Lady Nada shares this in **Life is Action – God is not Quiet – Lady Nada:**

“At a certain point a spontaneous physical transformation begins to work through the body. The process of Ascension takes over and you cannot stop or interfere with it. All personal cultural and genetic memory is burned from the body. Kundalini is likened to a fire – a liquid fire which burns the water molecules within the physical body vaporising them to create a steaming process in which spiritual essence is refined. After a certain period of time, sometimes spent in physical pain, stillness reigns over the body and you experience the purity of consciousness without thought. This process continues until the physical body becomes more and more translucent. One aspires and sooner or later one Ascends”. (from the Gene Keys Richard Rudd GK 54)

“It is of such a significance to you, individually and as a collective group, in ways that goes far beyond simply talking about God, Unity Consciousness, Higher Consciousness, Alternative Dimensional Realities and Rings Passeth Not! Cosmically speaking the Universal Movement of the Planets have come to meet you in a place of Universality that you have only ever spoken of, never really understood or indeed experienced. But all this is about to change for the better.

“That is, to attain that your perceptions of God, Shamballa, Hierarchy, Masters and Life must change. You simply cannot, without creating more difficulties for yourselves, pass through the next Rings of Consciousness without changing your perceptions of you and your

interrelationship with the Whole of God's Creation. From the lowest to the Highest, from that which stares you in the face, to that which is so far outside of what you have ever known in physicality! Thousands of lifetimes it has taken you to arrive at this moment, thousands of lifetimes living and experiencing the trials and tribulations of being human, thousands of lifetimes of forgetfulness. What if this single lifetime is the one you have all been waiting for? An interesting question, don't you think?"

What lays before you now?

- You may conclude this Experience, take from it what you will and move on with Our Love and Joy with you for having share this Love and Light with us?
- You can stay a while longer and we can review things a little more deeply, in whatever direction you care to?
- You could even re-do the DK Rule I Study soon in the July Group, maybe to write it out again, participate in group sharing if you did not this time or maybe just sit in a watch as you feel?
- You can register to do the next I3 Rules commencing at the end of July that is presently being considered?
- You can come and join the EGA Light Program to fast Track your Resonances and Light Quotients and thus align yourselves to a more permanent commitment to the EGA Divine Plan?

Beloved Djwhal Khul is going to give an Address to this Group as soon as I align with Him but while this is being organized I would sincerely ask that EVERYONE in the Group (All Group participants) offer a summary of their experience.

Your communication is vital here for this for it is what will help us to help others as they are Divinely Called to this potential Opportunity, just as you were!

If any of you have written anything that you specifically wish a response to, and we have not as yet responded, please do remind us/me or write to us/me privately, if you feel it is not a Group matter.

For now, on behalf of the Elemental Grace Alliance Administration Team, we shall simply say it has been a Joy and a Blessing to have experienced these last 10 Days with you all.

In Love and Light We Share

Bye for now

In Love and Light

Peter
