## Inception Chart and Pluto Return

*And the Truth shall set you Free*

John 8:32

## Background to the Inception Chart

The Chart of independence marked a profound shift of consciousness, a radical move, it clearly set out that all men are equal, having the right to Life, Liberty and the pursuit of happiness and that it was the Government's business to protect these Rights, adding that if the Government tried to withhold these Rights then the People were free to set up another Government. When this was signed in 1776, and there is some dispute as to the actual day, the 4<sup>th</sup> of July became enshrined within the Group Consciousness of America and indeed around the world, and as such created an archetypal field within the Collective Consciousness.

These moments in time operate in the same way as a natal chart – in that they respond to the transits of the planets. At this time, Pluto, the planet of Transformation and Rebirth, is once again returning to 27 Capricorn 33, where it was on July 4<sup>th</sup>, 1776. It made its first Return in February of this year, the second will take place on the 11<sup>th</sup> of July and the final Return will be on the 28<sup>th</sup> of December.

These Plutonic transits will stir up all that is held within the Group Consciousness of America, for Pluto, held within the 1<sup>st</sup> Ray of Divine Will, dives down into the depths and brings up the Shadow of all that is not in alignment in order to bring about a rebirth, often through crisis and major change.

So, what is seeking to be born at the time of the Pluto Return from out of the intent that was seeded back in 1776 which has now grown and impregnated the world? For none of us are islands, we are all deeply connected through the Group Consciousness wherever we may live.

Since 2020 and the Saturn Pluto conjunction, we have witnessed in the outer world an outpouring and intensification of unrest and disquiet in many countries as the Consciousness expresses itself in a myriad of ways.

Pluto is passing through the Zodiacal sign of Capricorn – Capricorn has to do with the Establishment, the Church, Authority, the Government, Banking and Commerce and Pluto has to do with Power, Wealth and hidden resources. Some of the issues that are surfacing through the Consciousness at this time are - *major changes in the law, a shift in Government structure, power struggle, intensification of conflicts, the rise of independence, a rebalancing of power dynamics, exposure of deep corruption and the need to heal the past.* Right now, we are in the 'eye of the storm' and America is the crucible of this collective endeavour.

The deeper meaning and potential of this Pluto transit was expressed by Ralph Waldo Emerson, an American poet and philosopher, a few decades after the Declaration of Independence, when he wrote that America was concerned '*More with the bottom economic line, than the Higher Truths of Philosophy, with what is convenient and profitable today, rather than what holds for all time.*'

This statement applied to most industrial countries of the time. Now it is enshrined as a 'world religion' - that money is the all-powerful Source.

He also shared this, which is at the heart of the essence of the Pluto transit, to remind us of the Truth that '*God is best understood as a Spirit, an ideal, a Breath of Life; everywhere and always filling the world with the **inexhaustible power of the Divine Presence.***' He continued '*I am nothing; I see all; the currents of the Universal Being circulate through me; I am part or particle of God.*'

In the Chart opposite you will see that there is a Grand Trine that creates a *Kite formation* and also a *Cardinal Grand Cross*. The Grand Trine flows from Pluto to Neptune to Vesta and has Mercury at the Apex of the Kite.

Looking at the Chart for Independence in a simplistic way, to discover what has been going on in the collective since 2020 when the Saturn Pluto conjunction took place, you will see that Mercury the planet of communication is opposite to Pluto square to Chiron, which is opposite to Saturn. When Chiron and Pluto are in this aspect to Mercury there is a sense that this was not only a profound declaration, but with Saturn in the mix there was likely some fear in making the declaration which has been confirmed by the statements made at that time. There would also seem to be some persuasion (Pluto) going on in the creation of the Declaration and a sense that the expression of individual thoughts (Mercury) were having to be held in check for the Declaration to be able to be drafted.

And Pluto trine Neptune trine Vesta – Vesta holds the Light, the Inner Flame, creating a great vision which was the over lighting principle held by the creators of the Charter. However, at a lower level it may just have been the desire to pay less tax, as from the Shadow level, Pluto trine Neptune can simply create a desire for boundless wealth.

The position of Mercury, which relates to self-expression, is key, and as it is central to the whole chart, before looking at the Inception chart, first we will briefly look at the Saturn Pluto Conjunction chart of January 2020, to see how the transiting planets at that time, link to the 1776 Chart.

The chart is drawn for two days before the exact conjunction - at the time of the Full Moon – you will see that the Moon and Earth are together at 20° of Cancer and that the Sun Mercury, Ceres Saturn and Pluto in Capricorn are all opposing the Moon from 20° – 22° of Capricorn, which connect to the Mercury and Pluto positions of 1776.

In a Mundane chart, which this is, i.e not an individual's chart, the Moon represents, the (*People*), the Sun (*Authority*) Pluto (*Power*) and Saturn (*the Establishment*) with Mercury and Ceres held within this stellium.

So, you could say that this chart speaks clearly of the authoritarian, powerful, restriction of people's right of expression by the Establishment that has continued over these last two years. The shutting down of anyone, on social media, under the term of 'misinformation', including the inability to share medical understanding, if it did not conform to the 'Established' viewpoint has played out strongly in America as indeed around the world, but the 'tech' companies in America set the ball rolling and enforced this lack of transparency.

Looking at the position of the Gene Keys to get a greater idea of what would be flowing through the underlying Shadow Group consciousness, we find that the Moon and Earth (*the people*) are on Gene Key 53 having **Immaturity** as the Shadow. The Sun (*authority*) and Mercury (*communication*) are on Gene Key 54 with **Greed** as the Shadow and Saturn (*establishment*) and Pluto (*power*) are on Gene Key 61 with the shadow of **Psychosis**. Ceres (*Goddess of the Earth*) is also in the group, right in the midpoint, between the Sun and Earth and Saturn and Pluto, holding a protective balance for all that is to unfold through time.

Back in January 2020 the Cosmic Review shared that things would change and never go back to how they had once been, but no one would have believed that our ability to share our knowledge and expertise, in order to come to an enlightened and common agreement, for the benefit of all, would be so severely compromised.

There is also now a clear realisation that many Companies have made huge profits (*Neptune trine Pluto in the 1776 chart*) whilst the people (*the Moon*) are now struggling to pay their bills. So how does this reflect the intent of the Souls who drew up the Independence Charter based on the wellbeing of the people so many years ago?

How will the Pluto Return assist in bringing in higher awareness and Consciousness over the next two years as the fresh 'seeding' that will continue to flower and to unfold over the next 246 years.

#### First Pluto Return 20.2.2022 12:35 EST Philadelphia

In the chart of the first Pluto Return in February of this year, transiting Neptune, at 22° Pisces, Gene Key 22, is opposite to where Neptune was in the 1776 chart at 22° Virgo. When Neptune is in opposition, at the Shadow level, there is confusion, a difficulty in seeing things clearly – a smoke screen if you will. But Uranus and Jupiter will remove the scales from the eyes as Jupiter, on Gene Key 63 holds the Siddhi of Truth and what was once held on trust, abruptly dissolves as an illusionary dream.

In 1776 Neptune was on Gene Key 47, known as **Transmuting the Past** having the Shadow of **Oppression** the Gift of **Transmutation** and the highest expression being **Transfiguration**. Each one's level of Consciousness/Essence defines the experience that is seeking to manifest from this seeding that was impregnated into the Consciousness over 200 years ago.

Pluto Returns create a reality check - all that is out of alignment with Divine Will, is stripped away to allow for regeneration, focus and integrity.

Throughout 2019 until March 2021 and again from June 2021 until January 2022 Pluto was passing through Gene Key 61 which has **Psychosis** at the Shadow level which we have witnessed playing out across the world in so many millions and millions of lives and yet hidden within this Shadow lies the Gift of **Inspiration**.

*'Inspiration is what happens when you stop worshipping God and start becoming God.... This Gene Key represents a mystery hiding inside every single unit of matter within the Universe. The mystery is the mystery of Christ Consciousness, that Quintessence of inner Light that holds all things together.'*

The Siddhi level resonates to **Sanctity** – to the Sanctity of Life – **The Holy of Holies**. *'The Inspiration pouring through the higher reaches of the 61st Gift is a stream of sparks from a great Transformation occurring within every human being who approaches the inner door. As you enter the field of the 61st Siddhi a huge pregnant silence descends and all your mental activity abruptly ceases.... A human being who is embodying the 61st Siddhi is nothing but a human vehicle manifesting pure Universal Consciousness.'*

This Truth, shared by Ralph Waldo Emerson, is the Eternal Truth of Life.

246<sup>th</sup> Anniversary of Independence Day

4<sup>th</sup> July 2022 10:50 GMT London UK

Sun Gene Key 39	Provocation/Dynamism/Liberation
Earth Gene Key 38	Struggle/Perseverance/Honour
Moon Gene Key 40	Exhaustion/Resolve/Divine Will
Uranus Gene Key 02	Dislocation/Orientation/Unity
Ceres Gene Key 62	Intellect/Precision/Impeccability
Juno Gene Key 22	Dishonour/Graciousness/Grace
Neptune Gene Key 36	Turbulence/Humanity/Compassion
South Node Gene Key 43	Deafness/Insight/Epiphany
Ascendant Gene Key 64	Confusion/Imagination/Illumination
South Node Gene Key 23	Complexity/Simplicity/Quintessence

On the 4<sup>th</sup> of July 2022, the 246<sup>th</sup> anniversary of the Declaration of Independence, there was a beautiful six-pointed Star planetary alignment in the sky, flowing to Earth. Each year, on this day, the Sun, on Gene Key 39 known as the **Tension of Transcendence** and the Earth, on Gene Key 38, known as **The Warrior of Light** are holding the spectrum of potential that is unfolding within the Collective Consciousness. Moving through the Shadows of **Provocation and Struggle**, to develop the Gifts of **Dynamism and Perseverance** ultimately releasing **Liberation and Honour**.

The potential of these two Genetic codes has immense meaning at this time, when Humanity is at a crossroads.

*'As in all of the great legends and stories, there is always a rebirth that takes place after the warrior has given his life for a higher cause. This rebirth is Liberation, and it occurs only after great effort and many trials. **This is the way of the 39<sup>th</sup> Gene Key and the reward is the annihilation of fear through the death of the smaller self.** This is the true meaning and symbolism of the warrior and is why we all aspire to it.'*

*'The Siddhi of Honour carries a certain type of mythology within it – **a journey from Struggle to Perseverance to Honour.** The 38th Siddhi retains a deep mythic connection to Struggle, aggression and all the darkest sides of human nature, however, people in whom this Siddhi manifests are the highest form of warrior. **They become our Holy Warriors those who cannot be tarnished by the world.** Whenever a Siddhi dawns in a human being, its programming partner is also activated. **Thus the 39th Siddhi of Liberation is also released alongside the 38th Siddhi – unleashing a chain reaction resulting in a stream of dynamic liberating energy lasting for generations and generations.'***

In this Chart Ceres is once again in a prominent position, on Gene Key 31, known as **Sounding Your Truth** – having the Siddhi of **Impeccability** she is shining a Light on the true meaning of sound, speech and communication.

*'The 62nd Gene Key is genetically coupled with the 31st Gene Key forming the codon known as the Ring of No Return. This mystical name describes the evolutionary process that takes place when higher consciousness reaches the throat centre. **The throat centre is where the greatest human initiation occurs. Once the higher involutions begin to use our voice to transmit their truths, you begin a process of detaching from your own identity.***

*The 62nd Gene Key allows access to the Universal Language of Light behind all forms. There is a deep magic woven into language – words become much more precise - as your language becomes purer you expose your heart to the world. Words spoken from Love are deeply healing. **This is why there is no return once you begin to speak your truth – you have broken away from the lower realms forevermore.'***

So, as we approach the second Pluto Return that will take place on July 11<sup>th</sup> we are being guided to deeply understand the power of thought and the spoken word – how this gift was given to Humanity for the expression of Source, for the raising of awareness and for sharing Universal Light.

*'It is the manifestation of Impeccability in which your every movement and breath becomes an emanation of the Pure Light. You have entered into the Language of Light – the Impeccable Beauty of Being.'*

The USA Chart of Independence has been focussing for the last some two hundred years on these two Shadows of Provocation and Struggle, that have held humanity for so long in misunderstanding and pain and as Pluto makes its second Return, it is intensifying the focus for Humanity to leave behind, immaturity and delusional thinking and to take another path, one that is based on Eternal Truth.

So how will the second Pluto Return assist in facilitating this potential.

# 2<sup>nd</sup> Pluto Return

11<sup>th</sup> July 2022 01:00 EDT Philadelphia Pennsylvania USA

Sun Gene Key 53	Immaturity/Expansion/Superabundance
Earth Gene Key 54	Greed/Aspiration/Ascension
Mercury Gene Key 39	Provocation/Dynamism/Liberation
Ceres Gene Key 62	Intellect/Precision/Impeccability
Neptune Gene Key 36	Turbulence/Humanity/Compassion
South Node Gene Key 43	Deafness/Insight/Empathy
North Node Gene Key 23	Complexity/Simplicity/Quintessence
Uranus Gene Key 02	Dislocation/Orientation/Unity
Pluto Gene Key 60	Limitation/Realism/Justice
Eris Gene Key 03	Chaos/Innovation/Innocence
Chiron Gene Key 51	Agitation/Initiative/Awakening

At the time of the first Pluto Return on 20<sup>th</sup> February this year, the Sun was on Gene Key 55 laying the foundation for an inner evolutionary curve of awakening.

***'The 55th Gene Key holds the key to our liberation and Freedom. Our DNA holds our greater Self – the Cosmic part of each of us that transcends our mortal body has lain secretly hidden inside humanity for aeons. The 55th Gene Key allows us to contemplate and to quicken the actual process of awakening. Up until now, the inner journey has been for the select few – those bold adventurers and courageous pioneers of the inner planes. But that is all about to change.'***

At the time of this next return, the Sun is on Gene Key 53, known as ***Evolving beyond Evolution*** and the Earth is on Gene Key 54, known as ***The Serpents Path*** focussing on evolving beyond the Shadows of ***Immaturity*** and ***Greed*** from out of which, ultimately, ***Superabundance*** and ***Ascension*** flower.

***'From the point of view of the 53rd Gift all that exists in life is the perpetual impulse to expand. The Gift of Expansion demands that individuals transcend their personal opinions, views and attempts to understand what is going on. It takes enormous trust to allow your life to truly expand because it appears to the mind to become more complex, whereas in fact it is moving into greater synthesis. Expansion is a process of transcending and including. In a human being, the expansion of frequency can only occur in one way – through the heart.'***

***'We are indeed entering a new evolutionary phase right now in which human awareness seems ready to make a great quantum leap in terms of its expansion, but even though awareness may expand, Consciousness does not expand since it is already everywhere and everything and even everywhen. This is the crucial truth to understand. Beneath the form, Consciousness never changes or evolves or expands or contracts. It simply is. The 53rd Siddhi represents the state beyond and behind awareness known as Pure Consciousness.'***

***'When the 54<sup>th</sup> Shadow transforms into the Gift then the individual aspires to something beyond the material realm. Aspiration contains the seed of all Higher Consciousness. At the Gift level Aspiration has to do with working with others for the benefit of others. The 54th Gift aspires to a higher vision of prosperity. These Souls want their entire community to thrive in order that they can draw more and more people up the hierarchy away from the self-destructive patterns of the lower frequencies.'***

***The 54th Siddhi concerns the notion of Ascension – the continual alchemical transformation of matter into Spiritual essence. Here the base energy of ambition is experienced at its highest frequency and becomes the continual pressure to keep ascending up the hierarchy. Not the social or material hierarchy, but the spiritual evolutionary ladder which consciousness itself ascends on the return to its own Source.'***

Looking at the chart for July 11<sup>th</sup> you will see that the Sun is at the midpoint (middle) of Mercury and Ceres giving the Sun a particular focal point at this time. Mercury on Gene Key 39 is reinstating the struggle of the ***Tension of Transcendence*** which is where the Sun was at the time of the Declaration of Independence and is the overall purpose of the 1776 chart.

***'At the Siddhic level an interesting thing occurs when all this genetic pressure breaks through to a higher dimension... Life itself is struggling to transcend its struggle through human beings and the 39th Shadow builds the tension for change until it is released through the Siddhi of Liberation.'***

And Ceres is on Gene Key 62, where Mercury was back in 1776 – so once again this chart is counselling us to pay attention to how our thoughts and response to life can be limited by the purely left hand thinking of the *Intellect*.

***'For example, when you look at a tree through this Shadow, you register only the facts that you have learned about the tree. You register its name, type and any other words connected to it – branches, twigs, leaves and so on, but you never see the actual tree. The tree is intelligent and to really know the tree you have to use your own intelligence. This means you don't simply look through your eyes and mind. You take the tree into your being – you feel its aliveness, its mysterious aura, you actually breath it into yourself. Precision is what happens when intelligence is born. It is a completely new way of seeing Life.'***

At the time of these Pluto Returns, the one constant in the sky, that was being activated back in 1776, is the position of Pluto as it once again returns to 27<sup>0</sup> Capricorn 33.

Astrology has a language, a musical script if you will, which allows astrologers to share how the group consciousness is likely to express in the outer world at any given time.

However, the script is not set in stone, but depends upon each individual's level of consciousness. In a Mundane Chart, however, astrologers can describe the likely outcome, from the Shadow level, as this makes up the vast majority of humanity at this moment in time. This excerpt was written back in the 1990's by Alan Oken

*'When Pluto is in Capricorn this position challenges the status quo of those who hold unequal power; that is, power unequal to their Soul development. From the personality level, this can produce some incredibly will-filled people who may strive with incredible force to obtain terrestrial power and dominance over others.'*

In the outer world we can witness this playing out across the world's stage, but on an inner level there is a vastly different potential waiting to manifest. 27<sup>0</sup> Capricorn 33 is on Gene Key 60, known as the **Cracking of the Vessel** and as Pluto, the planet of Transformation, has been activating this Key within the subtle bodies and unconsciousness for the last two hundred plus years, in order to reveal its deeper truths, it is pivotal at this time. The Shadow is **Limitation** the Gift is **Realism** and the Siddhi is **Justice**.

*'This Shadow represents one of the most potent forces responsible for pulling humankind in the opposite direction of evolution. This 60th Shadow of Limitation appears wherever imagination and openness are stifled, or wherever men or women have forgotten who they are.'*

*'The 60th Siddhi holds an apt description of what happens when a human being becomes fully realised. At a certain point our hearts open to our true innocence and we begin to unlock other codes in our DNA that are ancestral rather than personal. We begin to transmute global karma and the more our being opens, the more we are given. It doesn't come around very often; it may only come around at great turning points in evolutionary history. At a collective level the 60th Siddhi will be one of the very last Siddhis to dawn.'*

*'When a Being attains self-realisation through the 60th Siddhi, something quite extraordinary happens, (and to the Shadow consciousness something very frightening). The fundamental laws that govern physical existence are loosened and in some cases broken altogether. At a collective genetic level this kind of event is called a frameshift mutation.'*

*'The 60th Siddhi breaks all laws of our reality – beginning with the Laws of Time and Gravity. There is an enormous magic hidden within the 60th Gene Key. Every time a being attains enlightenment through the 60th Siddhi, magic comes pouring through this being and they become a phenomenon, a symbol of the breaking of form – Masters who have attained the Body of Light.,*

At the time of this Return, dwarf planet Eris, is on Gene Key 03 which holds the seeds of evolution from out of **Chaos** arises a state of **Innocence**. Eris is making a T Square to Pluto, the Sun, the Earth and also to Ceres.

*'When you allow the environment to mutate you, the greatest magic is revealed to you, that in Chaos, there is, and always has been, a vast underlying transformative order. In effect you are only trapped by your own thinking. At the absolute zenith of its frequency the 3rd Siddhi is about Innocence. This Siddhi reminds us that all of life, and that includes human beings, is essentially innocent.'*

*'One day humanity will evolve towards its awesome final destiny of Global and Celestial harmony. As the 3rd Siddhi comes into the world, which it will do very shortly, a great remembering of our Innocence will emerge in humanity.'*

Before finally looking at Chiron, which too is making a T square to the Sun and Earth and to Mercury – you will see that Uranus and the North Node are connecting into this T Square. Both Uranus and the North Node speak of a new direction – Uranus brings in the shift, a turning point, often through disruption and a sense crisis. And the North Node shows the Spiritual direction that is seeking to be expressed.

Uranus is on Gene Key 2 **Returning to the One** moving from **Dislocation** to **Orientation** to **Unity**.

**Gene Key 2 is the most archetypically feminine of all the Gene Keys – based on Unity, surrender and trust.** Of all the 64 Gene Keys, the 2nd Gene Key and the journey it represents contain a beautifully simple distillation of Cosmic wisdom. **It teaches us that there is a purpose to everything in existence.**

*‘To transcend into Oneness is not easy to explain. If you see Oneness as an experience to be attained or that may one day happen to you, then you are caught within that straight line between two points. **Oneness cannot be comprehended, only lived - it is the unification of all opposites, this cannot be described, only experienced.** It is the original nature of Consciousness itself. A highly beautiful plan unfolding in time and space, swept along by currents of evolution. **This is our final destiny as a species - to realize our state of Oneness and Unity with all that is.**’*

The North Node is activating the 23rd Gene Key, known as the **Alchemy of Simplicity** which resonates to the Siddhi of **Quintessence**. Quintessence is described as the 5<sup>th</sup> element that pervades all form – it is the essence of any thing in its purest and most concentrated form.

*‘**The 23rd Siddhi has an alchemical flavour to it – the ability to extract gold from base metal.** People with this Siddhi are able to touch the gold hidden within other human beings. They can transmit the power of the awakened state through a word or a look or a gesture. This is the Midas touch.*

*‘This is the true explanation of the secrets hinted at by alchemy – that the physical body itself contains the seed of the Siddhic consciousness. **It is concealed in your DNA and controlled by a hidden timing mechanism that is utterly spontaneous and out of your individual reach.** Once this Siddhi has fully dawned inside a person they become an alchemical agent that overtime refines all and extracts the Quintessence from the dross.’*

Finally, Chiron, known as the Wounded Healer. The only wound that we truly bear is that we have forgotten who we are. As we go about our every day lives it is easy to forget, to fail to understand, to not see the miracle that we are all participating in, as we travel through time and space, gathered together on Mother Earth, in what is in reality a giant collective Initiation chamber.

Chiron is on Gene Key 31 which takes us on a journey to **Awakening** through the Shadow of **Agitation** and the Gift of Initiative.

*‘At certain points in our journey we move through ‘initiations’ - periods of intensity in which we undergo huge transmutations. **True initiation is not something that can be predicted or ritualised.** It is a natural part of life itself as it evolves. Neither does it require any learning or religious or spiritual affiliation. The great Initiations are upsurges in the frequency of our subtle bodies and when we pass through them, they are often dramatic and challenging to integrate into our lives..’*

*‘Awakening is really a series of softenings. Our awareness becomes more one-pointed, but our heart and mind become softer and more open. Mildness is the essential quality needed to allow spiritual initiation. As we become more yielding so our consciousness expands to encompass wider and wider vistas and possibilities.’*

*'Each of the 64 Siddhis has its own particular behavioural pattern of awakening, but the 51st Siddhi is the ground beneath every one of these 64 codes. **The 51st Gene Key is part of the Ring of Humanity and this Gene Key ensures that one day all of Humanity will awaken.** In times to come this Siddhi will begin to awaken entire gene pools. There will come a time in which relationships will awaken, then families, then entire communities until finally humanity will awaken as an individual Cosmic Being and will see its own true nature. **That single moment when humanity opens its true eyes for the first time will be the greatest single event in the history of Awareness itself.'***

All that is occurring with the Pluto transit is intrinsically a part of the overall Plan that is unfolding through Time and Space to assist all on planet Earth with this inner Transformation – to remember in the words of Waldo Emerson

*We live in succession, in division, in parts. Meantime within man is the Soul of the whole; the wise Silence; the Universal Beauty, to which every part and particle is equally related; the Eternal ONE. And this deep power in which we exist and whose beatitude is all accessible to us, is not only self-sufficing and perfect in every hour, but the act of seeing and the thing seen, the seer and the spectacle, the subject and the object, are One.*

*We see the world piece by piece, as the sun, the moon, the animal, the tree; but the whole, of which these are the shining parts, is the Soul.'*

May this ongoing transit Awaken humanity to the Limitation of the mind and to rediscover the Eternal Truth of our Unity with All of Life
