

Part 8 - Declaration For The Freedom of Humanity

AGAPE LOVE IS CONTAGIOUS - US DECLARATION OF INDEPENDENCE & DECLARATION FOR THE FREEDOM OF HUMANITY, ST GERMAIN, 16TH JULY 2022

INVOCATION: Divine Mind, Father/Mother Life, Whose Spirit Dwells Within Us As The 'I AM' Presence. We Decree with the God Creative Power in That Mind Within US, That We Go Forth Today and Always as the Daughters and Sons of God, In the Oneness of All That Is, To Live in Acceptance of Our True Reality in the expressions of present human life circumstances and with the Awareness of Greater Things To Come, Fully Engaging In Revelation, Self-Realization, Self-Empowerment and Self-Love. We Walk Together as One, as a Single United Forcefield, Becoming an Example of The Living Christ, As A Witness to God Within And to All The Elements, Elementals, Devas, and Angelic Host, that Support and Sustain All God Life Here and There on Mother Gaia. And So, IT IS!

In God's Grace, Beloved Peace and Aloha, Seal this Invocation Until It Is Wholly Complete.

St. Germain: Greetings Dear Family of Humanity. While We could remain in Discourse for evermore, Speaking about Peace, Liberty and the Freedom of Humanity, but I wish to bring these Presentation Discourses to a close. There are Libraries of the Master's Books, Discourses, Treatises, Theses, Papers, Articles and Expositions that have been provided since the 1930's, to bring about the changes needed today upon Earth for use by any interested Dear Souls, if you only look for them! So to add any more here in this '**Declaration For The Freedom of Humanity**' right now, would only enter the emotional realms of overwhelm and that is not Our Intention at all. Our Intention is to do nothing more than to Light that God Spark within your belly to initiate a response, any response, because that would mean you have read the Spoken Words of God herein and know they are a part of you to use or not use in your own time of evaluation, integration and implementation under the '*Law of Free Will*'.

It is time for the Dear Brothers and Sisters through which this '**Cosmic Christ Mandate**', this '**Declaration For The Freedom of Humanity**' has been Entrusted to bring into Divine Manifestation, who need some space and time to Formulate the Actual '**Declaration For The Freedom Of Humanity Indenture**' ready for the 7th of August 2022, where they will Divinely Execute with their Signatures and Thumbprints; the Unascended Human Delegates of this '**Cosmic Christ Mandate**'.

Let Us elaborate on the subject of '*separation consciousness*', from the negative or purely material forces of the planet, which are not necessarily either good or bad, but

which have been used instinctually and often unconsciously by humanity for merely material ends and are therefore basically anti-spiritual and subject to the influential fields of human personality desire, a desire oriented towards selfishness, greed, self-centredness, self-indulgence, self-regard, self-aggrandizement, hunger and therefore towards separateness.

This form of inequity and iniquitous behaviours is being combated today by the New Group of World Servers. Of this mêlée, you know something because every thinking man and woman is *'immediately'* implicated. The early seeds of thought sown among early man and the laggard consciousness, were imbued with, or qualified by, separateness, a necessary quality for the unfoldment of self-consciousness, but one which must now be superseded by Higher Consciousness.

The New *'Seed Groups'*, now in Formation under the *'Banner'* or *'Flag'* of the **'God Free'** will be distinguished by the Quality of Fusion and this should be as inevitable a development as is the separative and protective nature of the ordinary human consciousness in man and woman. It is this Sense of Union, of At-One-ment and of the New Ashramic Groups of Synthesis which will be the Protective and Essential Characteristic of the Fifth Kingdom. It is this latent, yet Actively Present, Factor of God's Proclamation for the Freedom of Humanity, which Leads Unerringly and Inevitably to the New *'Formulas of Approach'* and *'Templates of Execution'* of the Interior Inner Worlds and Subjective Notions and Nations of these New World *'Seed Groups'*, now in Their millions upon Earth, to Become Their Radiatory Activity and to the Magnetic and Electrical Impulses They are now Evidencing, as They duly Attract to each other worldwide Regulatory Forcefields of the Mother's Love and the Father's Light. Thus, They Produce Fusion and Blending, Greater Synthesis and Unification.

I Invite you to Realize that the Organized and Controlled Efforts of the Higher Circles of Light mentioned in a previous Discourse, are Directed toward Lifting the forces of materialism to a Higher and more Divinely Spiritual Plane. Today, gold and separateness, materialism and selfishness are in conflict with the Divine Spiritual Energy. But, with the Spirit of Cooperation and Divine Understanding of Divine Synthesized Efforts by the New World Servers and the Support and Teamwork of the rest of humanity, this **'Will Be'** accomplished. The Law which will determine the results can be expressed in the words that have been often used: **"by holding, man loses; by relinquishing, he gains; by seeking to grasp that which he has, it must and will inevitably disappear."** Reflect then upon this *'Law of Separateness'*.

By the emergence of the good and of the bad into prominence, men and women will arrive at Knowledge, at Understanding and will be forced to take those steps which will be needed to Build a New and more Functional World, based on the *'Law of Love'* and not on the *'Law of Separateness'* and hate.

If you who are reading or listening to this and are a *'Seeker of Truth'*, it is the **'Truth That Will Set You Free'** and therefore, before I move into the illusion of human miscreations a little further, for your own benefits, allow Me to define the *'Law of Freedom'* for you.

'The Law of Freedom' is that movement which gives entities the space to expand and grow in their ability to function in a manner that will allow others their freedom and space to grow, in order to free still others. Freedom is not a final State of Being, but an Ever-Expanding Action of Giving each other the space to create spaces for others, to create more spaces for still others yet to come. Freedom may be helped or hindered by human laws, definitions, principles, descriptions, disciplines and boundaries. However, Universal Laws Free each and every one within a Unification of an Environment of Divine Synthesis instantaneously when Activated from a Rightful Application to God Life. Any Law which does less than this, is subject to the Rule of a Greater Law.

'No one is Free until each is Free and all are Freeing each other'.

Remain mindful of this please, as you go about the Creation of your New Lives for this simple Law is so Far-Reaching that it extends throughout the Universe and not just limited to the Planet Earth.

QUESTION: *If Freedom is based upon helping all others to be free equally, knowing the present crippling and debilitating natures of the laggard consciousness, activities and plans, it seems impossible that the mass consciousness of humanity does seem to be out of all options to combat the imbalances within the world today! Do we as humanity have any chance to rise above the strangle holds of oppression that the false authorities are imposing upon us?*

ANSWER: If the question is based on the mass consciousness alone, the answer is no! However, the mass consciousness is now Over Lighted by those who are aware of, and beginning the engagements of the Christ Consciousness, and therefore continuing to Self-Realise their Resonances and Light Quotients into the Higher Levels; then it will indeed neutralize the authoritarians of today. But while all human problems are left to the realms of human ego personalities and intellect alone, which is exemplified in the political and dictatorship governments of today, where separation or dominating consciousness prevails, without the True Understanding and Knowledge of how Creation Functions from the God Universal Creative Mind, then no permanent solutions will be found. Unqualified solutions to *'any problem'* will *'always'* without exception, be liable to fail, create further imbalances and become even harder to resolve because they will always be void of Universal Consciousness!

Look at where humanity is today in all manner of human life. While the world governments make decisions based on the isolation of public interaction then the people are simply being ignored! Remember governments are supposed to be working for the

People, they are placed in position by the People, and so if the people disagree with the decisions being made then they have the Innate right, as Declared in the Constitutions, to remove that government and to replace that government. And that is not based on allowing them to complete their term! This is all about Unity Consciousness. It is about a Collective Synthesis that determines the State of that Group Consciousness and here is where the New Christ Circles of Light will not be working independently of the People. They will be made up **'OF THE PEOPLE'** not like the opposing or dictating minority groups, called politicians.

That system of administration is an archaic and archetypal manifestation of separative consciousness, the attitude of *'them and us'*! Humanity has now out-grown these old patterns of thought. The Evolution of a human race MUST continue to advance and move forward just like the removal of horses to make way for cars and trucks, the old land line telegraphic and telephone systems gave way to wireless satellite communication, computers and iPhone. This process is as natural to a human race evolving as it is the changes in the planetary alignments which no-one has any control over! LIFE IS EVER-EXPANDING AND TO TRY AND STOP IT, CAN ONLY MEAN GREATER AND GREATER PROBLEMS TO SOLVE AND IF UNABLE TO SOLVE, THE BROKEN THOUGHT FORMS THAT ARE USED FOR SUCH THINGS MUST BE DISENGAGED, TAKEN OUT OF CIRCULATION AND REPLACED WITH THE NEW, NOT BY TRYING ANY MORE TO FIX THE PROBLEM, BUT TO START AGAIN FROM A NEW BENCHMARK! If a person keeps going around in the same circle and each revolution of that circle, a *'dose'* of pain is delivered, would it not be wise for that person to step out of that revolutionary cycle? A new human race is waiting to come in and take this one to its Next Evolutionary Phase to FREEDOM! But first, the old cycles must give way to the NEW!

Think about this for a moment if you will.

We have the Elementals of Nature, but also have the 5th Elemental of Akasha and this is a whole other Level of the Cosmic Laws in play here upon the Earth.

The *'Law of Akasha'* is a Great Cosmic Law, the Fifth and Quintessential Element, that is the Unifying Force of the Universe Manifested in the Intelligence of the Sacred Cosmic Christ White Fire Light Substance that the Whole of the Cosmos is sustained by! Everything in the Universe Operates within the Realm of this Unerring Law because Everything Emanates from the same Source Energy. In this Universe, We Call it the Great Central Sun. Also Known as Mother Omega and Father Alpha!

Know then, that when it is said *'We Are One'*, it means that We Are All **'One Spirit'**; All made up of all the Parts and Parcel of the Cosmos and SUBJECT to the *'Law of Akasha'*. The individual who lives in Harmony with the Universal Sacred Cosmic Christ White Fire Light Substance *'goes with the flow'* and all things prosper them, for they are Riding the Wave of Creation. In the Mayan Culture this wave is called the Wave of Zuvuya! This term was one that shared their belief of Spiritual Knowing for a great *'inter-dimensional*

thread that connects to past and to the future and all dimensions. They rode these waves into such places in their meditations to collect Knowledge and Understanding and actually when they left as a Civilization long ago, this is how they left the planet! The ancestors who are back again today, still ride the *'Waves of The Zuvuya'* along the currents of the Sacred Cosmic Christ White Fire Light Substance or Etheric Akash.

In humans, Akasha refers to your *'Ethereal Spirit-Being'* that cannot be seen but truly defines you as individuals. It is your Interaction with this Universal Spirit, whether one tends to it or neglects it, will determine the life that will ultimately determine one's fate.

So, My Dear Friends, before you begin to be allowed to be affected by that which is imposed upon you by outer sources, let us look at how one thing is conditional to another.

The *'Law of Association'* is associated with the Principle of *'sympathetic magic'* or in other words *'mysterious or paranormal understanding'*. Things react upon each other under certain imposed or imaginary conditions. The *'Law of Knowledge'*, *'Law of Names'*, *'Law of Contact'* or *'Contagion'* and *'Law of Similarity'*. If two things, (A) and (B), have something in common, that thing in common, can be used to influence both. Also, (A) and (B) have a mutual influence on each other, because of the similarity. The more they have in common, the more influence they exert upon one another. The *'Law of Association'* may be divided into two sub-Laws.

The *'Law of Similarity'*. The cause and effect resemble or have resonance with one another. As an example, a magical ritual *'to cause a rainstorm might involve dripping water onto the ground or shaking a rain tube as the indigenous Sharman did'*. This is called *'sympathetic magic'* and other types of use of archetypal thought forms from within the astral or psychic planes, often abused by occult practitioners.

The *'Law of Contagion'*. Things once in contact with one another continue to interact at subtle levels after physical separation. Anything, once in contact with a substance, person or object may be used as a *'witness'* or an *'etheric'* link for that substance, person or object; and through that link influences them in certain ways, such as a tooth or feather from an animal or bird, when worn, imbues that person with the animal's inherent qualities. The same could be said for precious metals, stones or crystals.

Its magnetism modifies their own force-field. The application of this Law is called *'homeopathic magic'* and the alternative medicine enthusiasts will understand how homeopathic medicine works and this is related to the *'Law of Connections'*. In today's society and especially for over a century now, the *'power elite'* have used these Laws, knowingly or unknowingly, to allow their plans to become more effectively delivered against humanity. The creation of manmade viruses where the *'witnesses'* are the bases for the RNA and DNA to be aligned to, scientifically and consciously programmed, that decide the outcome. While We are on the subject of manmade viruses let us look at the

corona virus and Covid 19 as it is still very prevalent within the plans of the autocrats to continue to alter this virus into other strains and forms to do their bidding until the corral gates can be closed and bolted!

Lord Melchizedek spoke of this in an analogy that was intended to start waking people up to the activities of those misaligned to God's Love'!

'Part 7 - Time is Up - Resetting Christ Time upon Earth - EGA Petition - Divine Elemental Freedom Dispensation - Proposal 2, 3 & 5 Outlined in the God Awakening Book - St. Germain, 4th February 2022'

LORD MELCHIZEDEK: *"You have corralled yourselves into confined existences that allows you to repeat all your old ways, your habitual daily life, your beliefs in deprivation of your Soul, withdrawal of Divine Love, replacing these things with everything that sustains your beliefs that you are less than God.*

"The other day a story was shared about how the Pacific Islanders caught wild pigs that were present on their islands. They would watch where the pigs would gather to feed and for a time would place food for them in the same area. This would take place for a while and then when they saw that the pigs came every day quite voluntarily, they would construct a single boundary fence. They would watch and the pigs would see this single fence, but had no fear of it because they could continue to come and eat and go away as they pleased.

"This would happen over a number of weeks, patiently the Islanders would feed them and when they felt the time was right would construct another line of fence with the plan to ultimately contain them within a pen! Finally, the day would come when, while the pigs would feed, the Islanders would hook on the gate and bolt it. By now the pigs knew that every day they would be fed and had no need to leave the pen. Everything they thought they needed was automatically supplied. But little did they know, was that all this time the Islanders were planning to use them to provide their own daily needs. Never again would the pigs ever leave their pen, except by virtue of their demise.

"I use this analogy today because it is so pertinent to the human 4 lower bodies and the ego mind or personality! Life is provided in all its needs, yet unbeknown to human life there is another deadly force in action, one that directs the biology to die to their known reality, the life they have given so much of their trust and power to. Your Covid 19 viruses and vaccines are a testimony to this dark ego-plan. Your internet, artificial intelligence and devices with thousands upon thousands of satellites circulating your Island Nations in this Universe, are just a small part of the 'feed' you are being given so that the gate can be hooked upon the fence and be bolted." End Excerpt.

In My Discourse given to the EGA 'Part 4 - Ascension Alchemy Class - Corona Virus vs Electromagnetic Wave Forms - I Am Freedom Alchemy Class - St Germain 1st April 2020', I said.

"You have been hearing a great deal from around the world about this corona virus or more specifically the Covid-19 virus. The name 'corona virus' is the strain of virus characteristics and the specific virus is called the Covid-19. This strain, in 2019, began as a conscious virus that attacks the respiratory functions of the lungs, basically, that had the ability to cause death through the prevention of oxygen from passing into the blood stream obstructing or congesting the pores within. There is also a condition that relates to dryness that would indicate lack of emotion (hydration/water) both within the human body and thus indicating that the virus itself is made up of thoughtforms (with lack of emotion) in its original intended use by its creators and Design by God. (Elementals in Accordance with Their God Charters Who must Obey mankind for their desired manifestations!).

"Much of the information being shared by both general scientific/medical information and those from a Higher Esoteric perspective do not contain all the Truth. However, the Truth is neither thus far, touched upon the Absolute Truth of The Creative Father Consciousness. All information does present facets of the Truth, but also much is being spread to create confusion, fear and dis-orientation between individuals, communities, medical professions and world governments, with insufficient Qualification.

"As Jesus has Disclosed within His Christ Letter 1, tells of just how misinformation, mainly through TV and other social media programs can mis-represent, but it can also be very effectively spread by electronic and technically advance mechanisms and devices that share no visions, or words or even feelings (emotional content) such as your IT Devices and those machinations that support such dissemination of fear, misinformation, not limited to the mental realms, but actually are far more dangerous when they pass into the emotional and physical bodies, without conscious awareness; that is, wave forms that are magnified by electro-magnetic machines and technologies. End Excerpt.

And that is what is happening here on the planet right now with, the so called 'corona virus'.

Be Mindful Dear Hearts, that Covid-19 is now an actual physical virus which does contain the ability to spread like wildfire around the world, yet it is not a natural living form or organism, it is a dormant cell that has been programmed mentally at first and then physically by the thoughtforms of human beings in varying degrees, that will activate within particular environments, manufactured from similar viruses you have called Spanish Flu, Hong Kong Flu, SARS, MERS, AIDS, HIV and Ebola Flu. All of these are similar in nature and were the result of similar mis-created or mal-intended use of human consciousness. All of these have one thing in common, that is little known around the world in the public arena, only now coming to awareness due to the rollouts of the 5G

telecommunications systems around the worlds and the dangers and imminent devastations to come from *'them'*!

This work upon the Laws of Contagion will culminate whereby those behind the world's manmade viruses will end up with a DNA sample of every person around the world. They already have data banks full of medical records and blood types and samples. And every covid test you have had and surrender your records, let us just say they are not just lying in hospital files or have been destroyed. Just like all your bank details and passwords and everything about you, have all been collected and in wait to use against you! No, how is this possible? I hear some say! Well, look what happened in Canada just a few scant months ago. They can close your bank accounts with an instruction to the banks. Don't be fooled with the tactics of saying *'you are protected, and your personal details are safe'*! They are not so, in the wrong hands! *'Your biology is not safe'*!

So, this is The *'Law of Contagion'* in action! The Laws of Similarity and Contagion work hand in hand.

QUESTION: *How can we stop this invasion of our privacies and thus live in a world where our health, substances and resources are safe?*

ANSWER: Start thinking about your communities. Start removing your dependence on those things that are presently governed by those who have forgotten they have a Soul. Start looking at ways to help free each other by allowing the space around you to become the ways to the provision of space around others. By not giving into the demands of those who wish to entrap you into their corrals of misgiving. Start to remove yourselves from the addictions within your life, no matter what they may be.

Do not give up your land or farms, do not continue buying genetically modified seed or food grown in laboratories unnaturally. Do not fertilize your lands with manufactured chemicals. There are equally beneficial products in nature and natural processes that will serve you better in the long run. Look at Radionics for example! Begin to place emphasis upon market gardens where these fruits and vegetables can be sold or bartered within a community environment. Think about this very carefully in all aspects of your life, your manufacturing and industries that supply essential goods!

Remove yourselves as much as possible from your throw away economies which pollute and destroy whole ecosystems. Stop buying into false economic or monetary plans that are designed to work against you and leave you destitute and potentially in poverty. There are so many things that the material idea of separateness would help in the transitions to come. Look into false securities that are only placing you in the very opposite states of being! **Revoke, Annul and Change the human laws that now do not serve the Freedom of the People!**

These are just the beginning Dear Ones. Ask God Universal Intelligence what you should be doing, do your own researches and trials into all these things and DO NOT FORGET

TO CALL UPON THE ELEMENTALS, DEVAS AND ANGELIC HOST KINGDOMS FOR HELP. These things will help you find your Freedom. And remember anything artificially manufactured for consumption is bad for you! Including the animals that are fed on such tampering with produce that are designed for rapid growth and not nourishment.

In the Discourse *'Part 14 - Divine Economy – Opportunity To Cast Your Vote - Master Djwhal Khul, 17th December 2019'*, Brother Djwhal Kuhl had this to say about what one can do about assisting in the changes needed.

'As you will see in the United Kingdom and in other countries around the World, in your own country, you have an analogy, particularly at this time, in which each one of you has the Opportunity to vote for the Leadership of your country. This vote comes in many forms, however, I tell you that it is the Silent Vote, as you will see in the United Kingdom that will have the Greatest Effect. (Brexit) Why? Because the Laws of the Universe have been followed! In the same way, you are being given the Opportunity today, right here and now, for the Leadership which shall Guide humanity along the Way to the Fifth Kingdom. Pay attention to the Jesus Inclusion above! You may choose the Power of Light, which will shorten and render more easily the Tread of that Path, or you may choose the part of 'free will' that lessens such potentials by lack of participation or turning yourself away from the employment of Right Appropriation, Right Application and Right Implementation through Spiritual Integrity, which you have already attracted to you! Just because you have Attracted and Magnetized it to you, does not mean that you will use it and so I tell you, one way will shorten the Path to the Next Dimensional Plane, the other will lengthen it and render more difficult the treading of that path. Some will accept their Soul Group Journey; others will simply believe they are not ready! Do your best Dear Hearts to keep this right there in the forefront of your Heart and Mind and NEVER turn away from an Opportunity that presents itself. Just like Christmas! I will speak of this in a moment!

'Both Paths will lead to the same Goal, for it is written into the destiny of mankind. Recognize the fact that it is particularly during this period now upon you, Cosmically speaking, that you are called upon by the Soul Group you represent to Vote on every Level; that you are called upon to make the Highest Choices you possibly can. Just like the One made for Great Britain. Do you see Dear Ones?? And again, there is a sufficient number of you in the World today, throughout the entire World, who do Constitute an Aspirational Consciousness, which, if and when it Speaks through the Law of Life, will swing the Decision, give the Decision, to the Powers of Light for the Greatest Good of All Concerned, no matter what the general populace may perceive in their own human consciousness at the time.

'There will always, for many years to come, be opposition. But through such experiences that reinforce and validate the Truth of a New Reality, that who would oppose, resist and be in disapproval of a Higher way, will also slowly see those old beliefs fade away, day

by day, until a certain level of Trust, Faith and Hope will provide a New Path for them also! Just as you shall see in due course in the UK in the coming few years. I say this with Confidence, because the Soul Consciousness of this Soul Group, has now become more aware of the Power and Authority to Govern how things will Act Out Here and There!

'I ask you then, to Align with All your colleagues throughout the World and Realize that they are in every country, YOUR SOUL GROUPS are in every government, in every walk of life. Align with these and Sound Your SOUL GROUP Note, which is the Word of Decision. Your Note, in thought, in feeling, and in physical actions whether by Right Word or Right Activity, so that the Totality of this Aspirational Consciousness will Sound Forth and be Heard by ALL, whether they hear it audibly with human ears, or Silently within the Soul Group's Silent Heart! Do not limit this particular State of Consciousness to those whom you would consider to be Disciples or Initiates. This is Truly a Big Ask to do Consciously, but you can do it if you set your Heart and Mind to do it!

'Realize that every individual, every man and woman, and certainly the 'Children of the World', who would seek a Quality of Life and Freedom Of Spirit, not only for themselves, but for all others, no matter what colour race or creed, religious background or political persuasions, those who look toward a Divine Being, or whether from within an orthodox church form, whether an atheistic point of view, whether from within the field of science, or from within the occult realm, that all of these Constitute an Aspirational Consciousness. Speak Out, Speak Up! You Who are at this particular time in the Position of Being Representative for the Body of Christed Consciousness, Speak Aloud or Silently, then Sound forth The Great Invocation, The Silent O.M. and Cast your Vote to Raise the Consciousness of ALL Sentient Life here!

'Do not permit the appearance of the pairs of opposites within world affairs, and the apparent conflict between the two, to undermine your Security in a Realization of the Power of Light to balance these opposites, the Power of Light to Reveal the Truth lying between these pairs of opposites. And in your own life, endeavour to think very clearly regarding all that you might see, to stand midway between these opposites where the Truth regarding both is Seen for what it Really Is, as Soul Consciousness Expressing Group Experience.' End Excerpt.

Most of All, Listen to your Heart and follow your Feelings that Rise Up from your Solar Plexus. These will 'never' lead you astray, once you Master Unconditional Love In Action!

It is My Intention and with Great Purpose to begin to Guide you in the ways of the Cosmic Laws and how they function that can be used for both good and immorality. I want to assist you through the 'Law of Revelation' where a breakthrough in your perception of your outer and INNER awareness is able to flash you within your mind, body and your feeling world, on the deep meaning of a word or an event. Most call this an 'aha'

experience. Have you had any *'aha'* moments while reading all about the New **'Declaration For the Freedom of Humanity'** and what it means to be God Free? Knowledge Dear Brothers and Sisters is POWER and can be very Illuminating in how to Activate One's Self-Empowerment or the Empowerment of an Ashramic Soul Group of Synthesis in Divine Economy.

Having explained to some degree the Laws I have today, I wish you to know why I called this Discourse the **'Declaration For The Freedom Of Humanity'**, **'AGAPE LOVE IS CONTAGIOUS'**! I did because if enough people around the world can Unite with the mental, emotional, physical and Spiritual Akasha or the Sacred Cosmic Christ White Fire Light Substance, this **'Declaration'** and **'True Constitution For The 'I AM' One World Nation'** would become **so contagious**, so Magnetizing, so Electrifying that the world would be ENLIVENED IN LOVE, JOY, HAPPINESS, HARMLESSNESS, BEAUTY, WISDOM, GENEROSITY IN ALL THINGS GODLY and the world would be Healed and Restored, Rejuvenated and Revitalized and those things that had been destroyed and removed, released and etherealized will make way for Higher Manifestations and Truth of God Life!

Does Your Heart Begin to Vibrate with the Truth, The Life and The Way?

Remember the *'Law of Unity'* which is that Law that recognizes no separateness, which ignores the appearance and semblance of separateness in the apparent divisions of polarities, gender, cause and effects, the part and the whole, the one and the many, the differences in people's lower or higher consciousness, but realizing these as integrated parts of the total picture all of which when looked into, you will find a picture of yourself and how you have found your way to where you are today! All the lifetimes of being a male in this one and female in that one, being healthy in this one and unwell in another, to be rich in this one and poor in that one, lower in consciousness in that one and higher in consciousness in this one. You have been all things to everyone, that is how an Evolution of a Human Race Evolves.

IT IS NOT PERSONAL!

The *'Law of Unity'* Identifies with the over-all viewpoint and sees neither night nor day, but the night-day process; neither right or wrong, but the right-wrong process; neither the pleasure nor the pain, but the pleasure-pain process; neither the one nor the all, but the At-One-ment process of All One Being, whose cells and souls work together even in the seemingness of division. The *'Law of Unity'* acknowledge such division but stresses the oneness of the parts. The *'Law of Unity'* sees loss and gain, life and death as nothing but the spinning wheel of fortune that is based on the *'Law of Change'*, which is itself a Unified Process known as the Law of Magic or Alchemy.

THIS IS THE PERSONALITY - IMPERSONALITY PROCESS!

We are All Connected, All Bearing the Seed of Divinity. This is the way you start and the way you develop into Eternity. It is only while in the third-dimension physical form and because of the greater separation of your Higher Self from the personality, you experience the illusion that you stand alone. Fear enters your Emotional Body because of this illusion and begins to close more profoundly your connection to Source. Also, when you experience Great Soul Growth, in some small but profound manner, *'EVERYONE'* benefits. All Cosmic Christ White Fire Light Substance of Akasha in this Universe Flows to You and through You! We Are ONE!

To help this Universal Flow try using the *'Law of Forgiveness'* to help surround you and others in Peace, Joy and a temporal release of Karmic conditions.

When you invoke the *'Law of Forgiveness'* from deep within your Heart, with Humility, Gentleness and Harmlessness, it Flows forth like the fireworks on the eve of a new year. The colours of pink, purple, violet and white Light dissolve all the unpleasant conditions within and around the causes that drew Forgiveness to them.

There is no limitation to who or what you can Forgive, no situation or circumstance that cannot benefit from this Love In Action. You can even Forgive yourself for a wrong thought, word or action! A Very Powerful Use of the *'Law of Forgiveness'*! But it is very Wise to remember that Forgiveness is not the abolition of the Karma that was created in the first place, but it does remove the Karma for a duration of time, so both parties can reach a Spiritual Understanding at Higher Levels so that they can deal with the Karmic conditions of dissolution and balancing in a better way. Forgiveness offers the Soul a Dispensation of time so that one can reach the opportunities of developing Christ Consciousness. I repeat, it does not remove the Karma, just sets it aside for an interim of time.

In this way all those involved in the interaction can be offered Freedom to pursue the Knowledge and Wisdom of how to Balance the Karma. Balancing and setting aside are two very different things and it would be very wise to know the difference. Once Self Mastery has been attained, then the Karma returns for Balance and in this Heightened State of Awareness it can be dissolved and transmuted very easily and quickly, thus allowing what could have been a very long time to overcome, to a much shorter life experience to benefit from. So, Dear Souls, Forgiveness is a vital part of the Evolutionary Path of Humanity; try Forgiving the *'dictators'* with Agape Love! Remember the words of Jesus if you can, as he was nailed to the cross before He Ascended.

'Father, Forgive them, for they do not know what they do.'

This Prayer said in earnest released Jesus of All His Karmic debt so He Could Ascend and release Himself off the Wheel of Karma completely. Forgive all, that have ever trespassed against you, with True Humility and you will find your life change overnight!

I want to leave you with this last thought about the 'Law of Gratitude'! A sense of satisfaction in knowing that energy, which has been given, receives its certain reward according to its nature. Energy that is given moves out on that curved and unequal line, and when extended far enough, can only return to its source bearing its appropriate gifts.

Imagine then that all those, that have ever seemingly turned against you, who have hurt you, who have set you upon a path of feeling unloved and lost in the quagmire of misinformation and miscreation. Sense the destructions to your life where you have accepted unknowingly to be the victim that sent you down a path of hopelessness. Feel the depth of all your pain, your grief and your sorrow or disappointment and then turn to God and say!

“Divine Father, Supreme Mother, I now Realize that all these things you have allowed me to experience freely, so that I may find my way Home to You and Your Life for me. I now KNOW that all those who I have seen and believed they were against me, in Truth that They are part of my own desires to learn to raise MYSELF, through My own volition out of the illusions of the physical worlds of lower consciousness. Now that I have come to Self-Realize that I have that Spark of Agape Love within Me, please show me how I can live My life with My biological and worldly family. Show Me how to Express Your Light and Love to set all of Humanity, The Minerals, The Animals, Birds, Electrons, Elementals, Devas and Angelic Host Free!

“I Give Thanks for My Life in You and Your Life in Me! I Give Thanks for Your Life in All Others, I Give Thanks for the Glory of Universal Consciousness and How It's Perfection Will Shine the Path of Revelation to Emancipation to Help the Children of Tomorrow Radiate the God Within Them Through All of Us. And So, It Is!”
