MAHA CHOCHAN: Blessings Dear Masters, One and All!

I return here today with you all having begun a Communique regarding the confictions between the Conscious and the Sub-conscious. It is of Great Value that you Understand this difference and how to begin the Rightful Application of how to change that within yourselves that which you no longer wish to serve you. True Service comes from the Sub-conscious, the Feminine Aspect of Self. However, the Sub-conscious remains objectively under the control of the conscious mind, that lays within the Masculine Aspects of Mind. Now remember Dear Hearts We speak here in terms of the human consciousness not the 'I AM' Presence. The Feeling Body of the 'I AM' Presence is not held within a physical body, but is a Higher State of Being which you are all beginning to realize. However, first you must '*Know Thyself*' in terms of the lower mind of the physical body, emotional body, mental body and Spiritual Body!

As this Discourse comes at a time of delving more deeply into the Living Framework of the Ashramic Living Organism of Group Synthesis, this would be a good time to find a more Enlightened Clarity as to the fundamental errors one can make when it comes to a Formation of an Organismal Functionality within a Living Organism Framework. This discussion has not been given before in terms of a Group Living Organism, but it seems obvious to Us, that it may have Great Benefit in looking into why Group Unity and Group Agreements cannot be found with much more Ease and Grace. So, to begin, it is worthy of mentioning that the lower mind will not immediately serve you to find such instinctual agreements at the Levels of the 'I AM' Presence unless the Feminine Aspect of Feeling is both Acknowledged and Experience

in an effort to steer the Masculine Aspect toward the correct Applications of Desires, Ideas, Visions and Imaginings!

So let Us begin to go into the '*conscious versus the Sub-conscious*' so you may be able to Divinely Understand and Comprehend more clearly how these Work in Divine Unity as One Creational Forcefield within your lives, and especially now within everyone's Creational Endeavours to Build the Radiation Temples and Community Centres, working in Alignment within the '**True Constitution**' and Embracing the **New 'I AM' One World Nation**.

Conscious Versus Sub-conscious.

May the words that follow now, not be received by the mind at all, but by the Heart of the Known Truth of Who You Are, for in this exchange there are aspects that will allow you all to find a deeper Peace Within, to open even Greater Doors of Compassion and Expressed Love in Action.

The world, and all within it, is based upon man's conditioned consciousness objectified. Consciousness is the cause as well as the substance of the entire world. It is therefore the Consciousness that you must turn to if you would discover the '*Secret of Creation*'. Knowledge of the Law of Consciousness and the Method of Operating this Law will enable you to Accomplish all you Desire in Life. Armed with a Working Knowledge of the Law, you can Build and Maintain an Ideal '**I AM' One World Nation**. Consciousness is the One and Only Reality, not figuratively, but Actually. This Reality may, for the sake of Clarity be likened unto a stream which is divided into two parts, the Conscious and the Sub-conscious. In order to Intelligently Operate the Law of Consciousness, it is necessary to understand the relationship between the Conscious and the Sub-conscious.

The Conscious is personal and selective; the Sub-conscious is Impersonal and non-selective. The Conscious is the Realm of Effect; the Sub-conscious is the Realm of Cause. These two Aspects are the Male and Female Divisions of Consciousness. The Conscious is Male or Masculine; the Sub-conscious is Female or Feminine, where both aspects are relevant in both!

The Conscious Generates Ideas and Impresses these Ideas on the Sub-conscious; the Sub-conscious receives Ideas and gives form and expression to them. By this Law, first Conceiving an Idea and then Impressing the Idea Conceived on the Sub-conscious, all things Evolve out of Consciousness; and without this sequence, there is not anything made that is made, and there is no expression, not expressed. The Conscious Impresses the Sub-conscious, while the Sub-conscious Expresses all that is Impressed upon it. The Sub-conscious does not Originate Ideas, but Accepts as True those which the Conscious mind feels to be True and, in a way known only to itself, objectifies the accepted Ideas. Therefore, through its Power to Imagine and Feel, and its Freedom to choose the Idea they will entertain, and thus mankind, man and or woman, together, have control over their own creations, individually and as a collective. Control of the Sub-conscious is accomplished through control of ones Ideas and Feelings.

The Mechanism of Creation is hidden in the very depth of the Sub-conscious, the Female Aspect or Womb of Creation. The Sub-conscious Transcends Reason and is Independent of Induction. It contemplates a Feeling as a fact, existing within Itself and on this assumption proceeds to give Expression to it. The Creative Process begins with an Idea and its cycle runs its course as a Feeling and ends in a Volition to Act. Ideas are Impressed on the Sub-conscious through the medium of Feeling.

No Idea can be Impressed on the Sub-conscious until it is felt, but once felt, be it good, bad or indifferent, it *'must'* be Expressed. Feeling is the one and only medium through which Ideas are conveyed to the Sub-conscious. Therefore, the person who does not control his or her Feeling may easily Impress the Sub-conscious with undesirable states. By Control of the Feeling Body, it is not meant to restrain or suppression of the Feeling, but rather the Disciplining of self to Imagine and Entertain only such Feeling or Feelings as contributes to one's Happiness, Joy, Love, Balance, Abundance, Health and Wellbeing, etcetera.

Control of the Feeling is all important to a Full and Happy life. Never entertain an undesirable feeling, nor think sympathetically about wrong in any shape or form. Do not dwell on the imperfection of oneself or others. To do so is to Impress the Sub-conscious with these limitations. What you do not want done unto you, do not feel that it is done unto you or another. This is the Whole Law of a Full and Happy life. Everything else is commentary. Every Feeling makes a Sub-conscious Impression and, unless it is counteracted by a more Powerful Feeling of an opposite nature, it *'must'* be Expressed. This also relates to the Laws of Existence that Jesus Teaches and comes down to the raw Principles of the Ego's need to Survive!

The dominant of two feelings is the one Expressed. *'I am healthy'*, is a stronger Feeling than *'I will be healthy'*. To feel *'I will be'*, is to confess *'I am not'*; *'I Am'* is stronger than *'I am not'*. What you feel you are, always dominates what you feel you would like to be; therefore, to be Realized, the wish must be felt as a state that is, rather than a state that is not. Sensation precedes manifestation and is the Foundation upon which all Manifestation rests. Be careful of your moods and feelings, for there is an unbroken connection between your feelings and your visible world. Your body is an emotional filter and bears the unmistakable marks of your prevalent emotions. Emotional disturbances, especially suppressed emotions, are the causes of all disease. To feel intensely about a wrong, without voicing or expressing that feeling is the beginning of disease, dis-ease, in both body and environment. Do not entertain the feeling of regret or failure, incorrect actions or beliefs that creates frustration, detachment from your objective results in dis-ease, or the unpleasantness of life, of whatsoever nature. To Know that this is True, look around you, See what is that which you desire within the *'I AM'* Presence, or that of the ego personality. Look and See your body, for the body is the Barometer of the Soul, a measuring instrument of the Sub-conscious and how it plays out or Expresses itself!

Think feelingly only of the state you Desire to Realize. Feeling the Reality of the State Sought and Living and Acting on that Conviction is the Way of All Seeming Miracles. All changes of Expression are brought about through a change of Feeling. A change of Feeling is a change of Destiny. All Creation occurs in the Domain of the Sub-conscious. What you must Acquire then, is a Reflective Control of the Operation of the Sub-conscious, that is, control of one's Ideas and Feelings. May your Feelings Express the Truth of your Known Reality to The Image of God that You Are!

The Womb Of Creation

Chance or accident is not responsible for the things that happen to you, nor is predestined fate the author of your fortune or misfortune. Your Sub-conscious Impressions determine the conditions of your world. The Sub-conscious is not selective; it is Impersonal and no respecter of persons.

The Sub-conscious is not concerned with the Truth or falsity of your feeling. It always accepts as true that which you feel to be true. Feeling is the assent of the Sub-conscious to the truth of that which is declared to be true. Because of this quality of the Sub-conscious there is nothing impossible to man or woman. Whatever the mind of man or woman can conceive and feel as true, the Sub-conscious can and must objectify. Your feelings create the pattern from which your world is fashioned, and a change of feeling is a change of pattern.

The Sub-conscious never fails to express that which has been impressed upon it. The moment it receives an impression, it begins to work out the ways of its expression. It accepts the feeling impressed upon it, your feeling, as a fact existing within itself and immediately sets about to produce in the outer or objective world the exact likeness of that feeling. The Sub-conscious never alters the accepted beliefs of man. It out-pictures them to the last detail whether or not they are beneficial.

To impress the Sub-conscious with the desirable state, you must assume the feeling that would be yours had you already realized your wish. In defining your objective, you must be concerned only with the objective itself. The manner of expression or the difficulties involved are not to be considered by you. To think feelingly on any state impresses it on the Sub-conscious. Therefore, if you dwell on difficulties, barriers or delay, the Sub-conscious, by its very non-selective nature, accepts the feeling of difficulties and obstacles as your request and proceeds to produce them in your outer world.

The Sub-conscious is the '*Womb of Creation*'. It receives the Idea unto itself through the feelings of man or woman. It never changes the Idea received, but always gives it form. Hence the Sub-conscious out-pictures the Idea in the image and likeness of the feeling received. To feel a state as hopeless or impossible is to Impress the Sub-conscious with the Idea of failure. Although the Sub-conscious faithfully serves man and woman, it must not be inferred that the relation is that of a servant to a Master, as was anciently conceived. The ancient prophets

called it the slave and servant of man. St. Paul personified it as a '*woman*' and said: '*The woman should be subject to man in everything*'. The Sub-conscious does serve man and woman and faithfully gives form to their feelings. Here you must note that this statement is not about the gender, but the Feminine Aspect, as in this case referring to the Sub-conscious.

I will continue now to clarify even further, but as My Discourse upon these matters have a way to go yet, I feel it best to take a break and return when ready. We will then continue with this focus of Intentions for at this stage the Truth must be Revealed if you are going to be successful in Creating any Formation within any Ashramic Group Synthesis, using the '**True Constitution**' for a New '**I AM**' One World Nation. To not find the clarity needed now will be an enormous, missed opportunity that will affect the whole elevation of consciousness into the Christ Consciousness.

I Am The Maha Chohan.
