

SPIRITUAL COMMISSIONS - THE RULE 1 STUDY GROUP - DJWHAL KHUL - 8TH MAY 2018

“Blessings Dear Brothers and Sisters of the Way, I come to you today, the last day of registration for the next Group Study period. I stand before each Group as I speak to assist the Bridging of Consciousness between what has already been achieved through the development and engagement of the previous Group and the conceivable magnified potentials of the next. We have found the wonderful Creative Expressions that have transpired between all the Members of this first Rule I Study for the Group Antahkarana Initiations to follow, to be of a potential that we did not expect so soon. The merging that took place was so beautiful to see with all the colours, hues and tones of the Ray Qualities and Virtues presented. You remember Me saying in My Introduction prior to the last Study beginning? I said,

“This Trial Group is to show Us, the Masters of the various Ashrams, and The Spiritual Triad, just how We can develop with the help of Our Disciples and Initiates upon the ground, so that the Work needed upon the physical plane can be Amplified and Implemented within a greater expedition of time. You cannot imagine from where you are sitting, just how much the Spiritual Triad is dependent upon the Supplementary Seven, you, to fulfil and maximize the Cosmic Laws for the completion of the Evolution of Humanity. There is so much to do, and so few human beings, who are yet ready to step into the Full Power of their impending Christed Light Body. Lord Melchizedek explained much in his last Discourse, El Morya in His Discourse, and Metatron is sitting on the edge of His Seat to share one of the most important facets of this Divine Plan that you have heard to date. We/you have 10 years to get this sorted from your perspectives, The Spiritual Triad, are already making Plans for their next Spiritual Force Impulse in 2025 and the intensity and the Will and Power behind this, shall all depend upon you, Our Dearly Loved Brothers and Sisters upon the ground”.

“It is impossible for you to see from where you are at the moment, the Portals of Approach that you have as a Group now initiated, activated and consecrated with this Study opportunity to grow exponentially. The Group Energies as the result thus far, have proven to be unique blend of the Qualities and Virtues needed to forward move this Group with greater Focus and Cohesion to this Divine Plan.

“To the New Group, now in deep preparation for the Study to come, I say to you, at best, the comprehension of the work you are about to undertake will, bolster, encourage, support and hearten your personalized visions, for you to become far more cognizant, responsive, mindful, and observant to Your Higher Life Divine Purpose. This Study, with those whom are joining you now, the New May Group, The April Group and the Elemental Grace Alliance facilitators, have all agreed to come together, re-unite if you like, from times gone by, through the Divine Purpose and Will, Love and Understanding for why You have come to Earth. If you read My Introduction to the first Group, you will understand this from your Innate Knowing. This Study initially has the potential to elucidate, expose, clarify, illuminate and consolidate your entire Evolution upon this Planet within this Solar System.

“In the Preparatory Remarks set out prior to the Rules Study detail I said;

“It might be here of value, My Brothers and Sisters, if I again laid emphasis upon the fact that the formless world is only entered when the aspirant has acquired somewhat the capacity to center himself/herself on the abstract (nonconcrete, intangible, conceptual and conjectural) levels of the mental plane. This involves necessarily certain developments within the aspirant's own nature. The demanded contact would otherwise be impossible. What is needed now is self-exertion, self-application, self-directed energy to attain the resultant developments for which you are about to embark upon”.

“This information was written for Applicants, and I can tell you with confidence that each one here, in both Groups are not Applicants. Each of you are approaching the Door of the Third Initiation and with that I shall say no more for now! So, the paragraph still applies, however, there is something I wish to now share to you all, something that I cannot be as direct as it could be said, but nevertheless with due diligence you will through a Group Initiative, discover the hints and clues provided by the Points of Tensions that shall be applied through Group Love, Group Intention, Group Service and Group Creativity from hereon in. Nothing can be of more value to you now, that Love in Action will not achieve! The Rules are there for the foundations from which you shall Construct the Group Antahkarana, after that, as you are already, if I may use these words, figuratively speaking, “*on your own*”.

“I would like to now throw another Point of Tension into this Group Melting Pot of Consciousness, to assist in the blending of such flavors will produce such an aroma that you will sit before the Group in Divine Unity and savor the resulting delicacies that will nourish, sustain and Up-Light you all in Power, Love and Wisdom for you to Stand Forth and begin the work you have come to do.

“I wish to share this with you again, it comes from the Archangel Metatron Discourse given to the EGA a little more than a year ago. He shared this;

“Humanity therefore, or at the very least, the Members of the New Adam Kadmon Race, must soon be Fully Educated in the Presence and Activation of The Merkabah which shall be one of the Key Factors in moving into these New Realms of Star Seed Creation!” (‘A Merkabah’ is also a ‘Forcefield’.)

“You all Know your Connections are from Source and are not from Earth, you know that earthly incarnate bodies are for the means to experience how to control Vibration and Force, to be able to hold the God Source within your Human Biology, and you know through the EGA Discourses, and the many other world and universal Communications, they come in many different forms, that You are not Alone in the Earth Plane, so I will allow Metatron to continue, before I place another ‘Seed of Consciousness’ in your minds for you to attend to as you Re-Member the Truth of Who You Are! Metatron;

“I wish to share this with you Dear Souls, not to add to your present confusions, but to offer you a wider perspective in ‘Touching’ the potentials of the Attainments and Goals of what the Elemental Grace Alliance is all about! For without these deeper understandings and the expanded dynamics of this information, how can one expand their present perceptions closer to the Truth and the Universal Realities around you?

“This is now being Proposed for the Elemental Grace Alliance for the purpose of moving into its next Levels of Creation. To pass through the present levels of human consciousness, We need you to move beyond this present 3rd dimensional State of Awareness into the next Level of Multi-dimensional Awareness and Creational Abilities! This makes sense does it not? This is done through the Creation of more Powerful Pyramids of Love and Light Energetic Forcefields!

“So, the New Narayana Joy Akasha Sanctuaries are being Granted to Envelop the Newly Constructed Pyramids of Light which shall be programmed through the Great Central Sun, so that all those who Work within them shall be able to be in constant communication with Higher Realms, Evolutionary Intelligences of All Levels and Dimensions. Remember, We spoke of the Adam Kadmon, who shall not only Work with those of this world but will Work in multiple ways with other Worlds and Universes for you shall not be limited just to this World or Universe.

“More than this, for the cleaning up of this planet and the recalibrations of the present disparities within humanity, not everything is a clear and simple act of benevolence, for it will take a great deal of Understanding and Higher Awareness to make the right choices. And general human consciousness as it

stands today, just does not have that awareness. So, these direct links into Higher Intelligence shall be a 'must' for this to be successful in the shortest period of time!

"What I Am telling you here is, that every one of these Light Pyramids, with each New Member of the Adam Kadmon Man and Woman, will show that Universal Mind is Omnipresent, Omnipotent and Omniscient in All of Creation and not just limited to a single world! They will demonstrate how, through the experiential use within Them, just how fluid Divine Consciousness Is, in Every Level of Dimensional Flow.

"These Pyramidal Structures will do more than that, They will show just how Pure Consciousness is the Principle Constant within The Adam Kadmon Man and Woman, just as it is with All Higher Beings of God Intelligence and All of God's Creations!

"As these Pyramidal Structures are developed into their Greater Capacities and are Fully Operational, and enough are set up around the world, they will become receiving Stations or Centres of all sorts of data and knowledge that will inform the Directors and Councils of such Temples as to the State of All Levels of Consciousness upon earth and beyond and the needs for each one! This shall include the complete range of Life Strata's and Dimensional Fields of Life Streams such the various kingdoms of Earth, including humanity, animal and plant life, micro-organisms, minerals, metals, all elements, ecosystems, biomes, geological and evolutionary information.

"They will replace the old Pyramids and become, the new Pyramidal Energy Temples within this Earth Realm and Universe that are presently Streaming the State of the Human Consciousness and Planet in all aspects of Energy Grids both in balance and out of balance. The Evolution of Mankind is now at a place in time, ready to take on far Greater Responsibility, in taking Full Control of an Evolving Universe Themselves! And these New Radiating Centres shall be the turning points for this to happen! Once they are in Place and Operational, they shall make the existing Pyramids around the World redundant, replacing them in all aspects of Their previous Designs!

"Therefore, Human Consciousness and indeed Intelligence to do this, they must first be Initiated into these Pyramidal Radiation Centres of Light before they can advance to the next levels of Evolution, or what I call the next 'Time Cell' upon planet Earth! These Initiations will clearly demonstrate that humanity is a very dynamic Partner in Co-Operation, Co-Participation and Co-Creation with other Star Systems in this Universe and beyond!

"Humanity therefore, or at the very least, the Members of the New Adam Kadmon Race, must soon be Fully Educated in the Presence and Activation of The Merkabah which shall be one of the Key Factors in moving into these New Realms of Star Seed Creation! These Vehicles of Light shall make up a Greater Part of these New Narayana Joy Akasha Sanctuaries, that shall be placed Strategically around the world. These Centres and Pyramids of Light shall all receive Capstones of Light that will be the Activators for these Fields of Advanced Consciousness". End Excerpt

"Beloved Metatron could have been addressing any Group around the world of like minded souls, but as He was directing His Message to the Elemental Grace Alliance, I shall keep this all-in context of this specific Group Forcefield (Merkabah) also; although the message applies to all Groups Created upon the same Light Patterns of Creational Manifestation.

"As you are aware now, through the Discourses given within the EGA Divine Plan, this Creation was Conceived around 80 years ago and has had applied to it, the WILL TO DO; and a Decision was made based on the Acquiescence of this Divine Plan, then the Clear, Pure and Complete Picture of the Plans

Design and the Direction to take, brought it into Perception and Illumination of the Will and Purpose to Do, from this Abstract Idea, so it could be Qualified for the benefit of All Life within the All That Is. Divine Love, Understanding and Wisdom was then Directed into the Design for its Designated and timely Manifestation. The Plan was then held firmly in the Minds of the Creators through Humility and Selflessness, holding the Purity of its Form of the Divine Pattern. Concentration was then Held within with this Point of Tension with Unwavering Dedication and Commitment.

“All this to this point of explanation was done by Shamballa, the Hierarchy and Humanity and so it continued to be passed down the ‘Dimensional Ladder’ to those upon the ground for the concentrated Rhythm to Precipitate its Form. And last but not least the Seal Given to the Manifestation once the Manifestation became physical and the Creation at Present in Purity that cannot be attacked, affected or destroyed by anyone or anything. So, you see these Steps help you to see a Template here for what is unfolding before you and is now being passed over to ‘you’ for the Manifestation to begin the Work the Elemental Grace Alliance was Designed for. It shows you as a Living example that the Creative Powers of Elohim are Universal and can be used by anyone at WILL!

“This is not My normal line of exposition, but I am using this for the purpose of My sharing here! I am using it as a Key focal point to offer you this following opportunity for your Revelation.

“What if, the Radiation Centres mentioned above, were in the same context as the Council Chambers of Shamballa, States of Consciousness and not a place? What if the Rules for Group Initiations were the Foundations for the Construction of the Manifestations of such Temples of Light upon the ground? What if all you have done and learnt over all the lifetimes you have endured and procured within the Evolution of mankind has brought you to a New Point of Tension, never considered before as a human potential and that such past beliefs and programming’s and indeed Hierarchical Guidance and Instruction is as much in alignment to the process of the human Burning Ground? Consciousness is changing. To this I can say no more, until You as the Creators of your own Divine Patterns of Mother/Father Life, Self-Realize while these possible potentials facing you are intimidating, frightening, challenging, admirable and awe-inspiring opportunities. Metatron’s message is clear enough, if you have eyes to see and follow through.

“Now in confluence to this exposition, established for the Purpose of Revelation and in alignment to the Flow being Created here, further clarity as to why I called this presentation “**Spiritual Commissions**”.

“Nothing is by chance and so the Divine Design continues. You were introduced just recently to the Laws of Commission and the Laws of Omission. I wish to elaborate upon the examples given, not in omission this time, but of Commission. Let Me explain. Here are two examples that are not only potential examples but as the Elemental Grace Alliance and the Sun of Even Pressure Disciple Council can testify are Real and Justified when Right Action is taken and when Divine Service becomes the Element behind all Group Human Intent through Correct Application of Universal and Cosmic Law. These two examples are:

I. “**The Commission of Instruction.** This Commission is part of the Cosmic Law of the Law of Commission. It has been Granted within this specific Divine Plan and you can read more about this in the Maha Chohan’s and the Beloved Pallas Athena’s Discourses, whereby this Commission of Instruction, is Granted to a Consecrated Group who have past through certain Levels of Rings of Consciousness and can accept in Grace for the Greater Glory of God, a more

expansive Responsibility for the Work they have Pledged and Decreed to do. This Grant is offered only when the said recipients are unwavering in their Purpose and the Will to its Success in accordance to Cosmic Law. It applies to only those who place their personal desires and needs behind those of the Will to Serve Humanity and the World. It is part of the Receiving of the Investment of Energies from Godmother Vesta after making a Covenant with God to that Service. These two Grants can only be Assigned by the Directors of the Karmic Board. It is called **“The Grant by the Cosmic Law of more than Ordinary Release of Instructions into a Combined Force Field”**.

“I tell you this, not for the personal expression of offering this potential as a goal for attainment, but of an awareness that through one’s daily dedication, and commitment to Selfless Service, having no thoughts in one’s mind except to Serve the Greater Whole, Greater Knowledge, Higher Vibrational Responsibilities and Expanded Visionary Concepts, can not only be given, but can also be explained in detail for Direct and Perfect Divine Instruction Bestowed for Perfect Rightful and Loving Action. This is not an esoteric conceptualization but one that is an exoteric Concrete and Tangible Instruction. Exoteric because only Consecrated Groups working toward Group Antahkaranas will be offered such Communication Commissions or Charge for Higher Responsibilities, proportionate to their Group Degree of Initiation and Levels of Vibrational Resonances. This is all about Frequency and Resonance of Beingness and Mindfulness. The Frequencies are two-fold, first the Vibrational Resonance of the Unification of your four lower bodies and second, the States of Consciousness that allow for the transition of Mindfulness that links you from the past to the present and into the future. There are three levels, co-dependence, independence and interdependence. Co-dependence leads to independence and then interdependence, then into Sensitivity and finally Sacrifice. Remember this word ‘Sacrifice’ Dear Brothers and Sisters, for it holds great sway in the I4 Rules for Group Initiation. As you have been given to date much information about the Gene Keys by Richard Rudd and shared by Sue within the EGA Groups, we shall speak of these aspects of your DNA Encodements again soon.

2. **“The Commission of Authority.** I have used this here for reasons of moving more deeply into the Group Awareness, whereby through Cosmic Law a Group can be Granted another Dispensation; **“Accepting the Cosmic Law to take possession of the atmosphere of Earth becoming the Authority of what is to act out here, through you, (The Group) as a Combined Forcefield”**. Greater Authority requires Greater Guidance, Clearer Instruction, Higher Communication and more undeviating Direction. That can only be given, if one’s personality ego has been fully integrated with the Soul, (3rd Initiation) and Monad (4th Initiation). Until the Fourth Initiation has been passed through, it is the soul that remains the *‘focal point for descending Light and for ascending Radianance’*. This aspect of Group Unity is spoken of in Rule 9 where it says:

“The difficulty becomes still greater as we arrive at the study of Rule IX. It was of real difficulty when presented in its lower form to applicants. That rule, as you may remember, ran as follows: Let the disciple merge him/herself within the circle of the other selves. Let but one-color blend them and their unity appear. Only when the group is known and sensed can energy be wisely emanated.

- 1. Three major ideas appear in this easier rule:*
- 2. The idea of complete identity with all other selves.*

3. *The idea of the uniformity of their spiritual presentation to the world when unity is established.*

“The idea that—as a result of the two above achievements—the group force, as a real and focused energy, can then be used”.

“While the aspirant talks of identifying him/herself with others, and eagerly he/she endeavors to ascertain his/her Group and merge with it; yet in so doing the constant concept of duality is ever present—him/herself and all other selves, him/herself and the Group, him/herself and the Group Energy which he/she may now wield. Yet this is not so in reality. Where True Identity is achieved, there is no sense of this and that; where the merging is complete, there is no recognition of individual activity within the Group, because the will of the Merged Soul is identical with that of the Group and automatic in its working; where True Unity is Present, the individual applicant becomes only a Channel for the Group Will and Activity, and this with no effort of his/her own but simply as a Spontaneous, Instinctive and Natural Reaction. Here lie the connections to The Laws of Revelation. You are probably not aware that that Revelation is a State of being, and State of Awareness Genetically written into your DNA as an Encodement awaiting the trigger from you to Activate. This also is part of the Rising Vibrational Frequencies and Resonance Patterns of the four lower bodies and is also a major facet of the State of Mindfulness.

“Again, I tell you, none of you are Applicants in the sense of esoteric definition, but that does not mean you cannot act like Applicants. You are Disciples heading for the Third Initiation that will then move you into a Higher Vibrational Resonance of Higher Intelligence, more Expanded Awareness and Greater Responsibilities. I hear you asking *“so how long will it be before this happens?”* The timing factor depends wholly on you and the decisions and choices you make as a result to where you are right now, consciously speaking. To change your mind about Who You Are, will then lead to your tests in putting those new choices into perspective. That is, what you think, what you say, what you do. How you hold onto of your part lives, belief thoughtforms and life programs and patterns of physical life, integrities, moralities, and how you place into Action your Ray Colours that will expose your Qualities and Virtues. Not an easy thing to do, but one that is based upon Mindfulness and Revolutionary Revelations.

“But I tell you, that within this Discourse, as are all Our Discourses, it is Light Encoded with the Languages of Light that everyone here can interpret and Understand perfectly if you set your minds to it! And that My Dear Brothers and Sisters comes down to your True Communication with your I Am Presence.

“Before I go I wish to offer you all one last Spiritual Truth toward another immanent Revelation.

“In Rule I4 I say:

“Christ expressed in Himself and refrained from putting it into form; He Himself was the truth, yet inevitably (because of its inherent life) that which He expressed took form and has greatly modified and colored human thinking and planning, and this will be increasingly so. As the essence of Christianity emerges into expression (and in so doing destroys Churchianity) you have again a striking illustration of the truth of what I am seeking to emphasize. In the Christian Church, men have expressed themselves, not the Christ; they have imposed their interpretations of truth on Truth itself; they have created a

massive organization in every land, but a living organism is non-existent. In the new world religion which is on its way, Christianity will be expressed through the creative activity of the Christ Spirit through the medium of the world disciples and initiates; we shall then see the full expression of hierarchical Truth—of which the Christ today is the symbol and exponent”.

“Christ Jesus said;

“Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father”.

“To Disciples and Initiates the call goes out to reveal to the world the grouped formation of all spiritual workers, the nature of the Christ consciousness which knows no separation, which recognizes all men everywhere as Sons of God in process of expression. This is all desired because of the need to emphasize the all-inclusive approach of divinity to humanity. These working Disciples and Initiates regard all as essentially one and as Brothers and Sisters, which repudiates all man-made theologies (religious, scientific, political or economic) and says to all men and women everywhere: "We are all the children of God; we are all equally divine; we are all on our way to the revelation of divinity, and this upon the physical plane of existence; it is what we reveal that is of importance; what is revealed to us is of lesser importance, though it has its due place in the process of training and perfecting."

“Let Us now close this sharing and Welcome the Dear Souls of the next Group doing the Rule I Study, in Loving Support, and help them as they journey through Rule One for Group Initiation. I will return at the end of the 10-day period and We shall discuss the Group’s Forward Movement again with the rest of the 13 Rules, should that be your choices to follow through.

“I Am Your Brother DK in Your Service”.
