

ANTAHKARANA AND THE EGA - INTRODUCTION BOOK 2 – EL MORYA – 12TH JANUARY 2018

In continuation of the sequential unfoldment of the Elemental Grace Alliance Divine Plan, may We ask Chohan El Morya to come forward and share with us that which He wishes us to know, as part of this introduction to the New Book that shall compliment, both Book I – The God Awakening, and laying the further foundations for the greater unfoldment, and the execution of this Path that we have chosen. How can we continue to develop the Christ Council Templates for the maximum benevolence in Service to the Greater Whole? How can we focus more intently toward the manifestation of the New Reshel Grid Narayana Joy Light Temples and Communities? How can we assist in the drawing forth other like-minded Dear Souls to join this Divine Opportunity while continuing to create the Cohesive Energies of Shamballa, The Hierarchy, Humanity and what is known as Humanity – The Supplementary Seven? We look forward to your Direction Beloved, in Love and Light! Bless You!

“Dear Ones, I Am El Morya, and I come today as part of this wondrous unfoldment that lays before you. I give thanks and Am in Joy for this opportunity to speak at this most auspicious time in the Creation of this Divine Plan. This is my first direct Discourse given to the whole of the Elemental Grace Alliance Council, including the Dear human members, and so I now invite, in Love and Light, All Esteemed Members to come forth and in the future, to Hear what I am about to share. I Transmit these words across the Etheric Airways, transcending All Dimensions and Levels of Dimensional Frequencies, for all Dear Souls to Hear and Feel, this Exposition, Entreaty, Assessment, Plea, Magnetization, this Illumination of Truth through a deeper Contemplation for All to consider more profoundly, this United Forcefield of Love in Action, through their I Am Presence, so they may, if they are ready, come and Unite with Us, in a Heartfelt way within and for this Divine Plan. All are invited, but We Know, only those ready will truly read or listen to this message, will find an easier spiritual transition in the future. What happens after that, is of their own free will choice.”

“As part of the Template for the EGA Discourses, created thus far, I Am El Morya, Chohan of the 1st Ray. My Qualities and Virtues are Christ Responsibilities, Christ Power, Christ Will, Christ Purity, and Christ Faith. I Am the Initiator of the Throat Chakra, that relates to the Divine Faith in God’s Will and the Word of Wisdom.” “Dear Souls, what you have asked, would fill volumes of books, but We are only interested here for now, to consolidate the information to maximize the opportunities that face humanity in the next few years ahead.”

“I shall begin here in an elementary way, before I go into the realms of the complexities that will envelop this journey as you begin to approach to Greater Awareness’s. By keeping it simple here We offer you some unassuming understanding, so that you may both, appreciate and hopefully further implement, in terms of your own superficial natures, for it is a near impossible task at this point to gain sufficient attention of those to take what All the Masters share within Their Communications. Many listen and read Our Channels around the world, and still the majority do not hear the messages deep enough to make the necessary changes in their lives, to make a difference within the Life of humanity upon Earth. I say this, not to the general populace, for they are totally unaware of the Truth of their realities, but to those who represent the New World Servers; those who stand upon the cusp of the greatest changes ever known upon this planet. There remain two potentialities of changes to come. 1. The change that Mother Nature and the Elementals will enforce, that will entail massive world events through earth quakes, tornadoes, volcanic eruptions, floods, plagues, droughts and storms like you have never seen before! 2. The change through the use of Grace, Ease, minimal destruction and loss of life.”

“We have outlined this in the Elemental Grace Alliance Discourses, but still no-one is listening, not really. We knew this was coming, whereby humanity, even those more advanced thinkers, would still find

that their own ego desires and self-preferences would continue to take preference over the healing and clearing of old human consciousness that is responsible for the huge earth events, that must be employed to bring this planet back into balance before humanity themselves would destroy it and themselves. We have to tell this story!"

"Nearly 80 years ago, Shamballa sat in Council and decided to initiate a Divine Plan, one of many. In this case, a Divine Plan that would come into manifestation for the purpose of greater awareness, in the hope that those who were ready to step into Higher Responsibilities and Authority, who could then take the Reins of Human Evolution upon the ground themselves. The Purpose was, as it has always been, for humanity to take over their own Evolutionary Processes. To clean up their own mistakes, mis-creations and bring balance back to all matters that relate to this Earth and Solar System is the only way here."

"That Plan, which began 80 years ago is what has become known as the Elemental Grace Alliance. Not by name, but in Essence! This Divine Plan was to become an Educational Platform whereby it could take vast amounts of information and condense it down to show, in the shortest time possible, a formula, that could do two things.

- 1. To identify those aspects of human history and evolution in a way that would stir, inspire, ignite human desires to take the next steps toward the goals presently in focus.*
- 2. To create a formula, whereby if followed carefully with the utmost of commitment and focus, could fast track those who still could not quite ascertain sufficient knowledge to make the necessary decisions that would stir them enough into a World of Action to change this 3rd Dimensional Reality into being about sustaining and maintaining a Quality of Life and Freedom of Spirit for all."*

"Many have tried, and many have made huge strides. Many have paved the roads with wonderful heart felt intentions and We tell you all these have made many major changes in the direction the Earth is revolving toward. Many groups exist today, who are truly unaware of just what is required for Christ Communities to be made manifest. I tell you, that the present members of the Elemental Grace Alliance are still unaware of this, however what is unfolding herein, is that because it is consciously unknown, there is also a desire and focus of not trying to direct it in any particular way. It is being allowed to unfold in its Own Way and at its own pace, while not holding onto any past knowledge or processes of which, have to a degree, worked for previous successes, but which cannot be sustained in the New Aquarian Golden Age."

"So, the Elemental Grace Alliance is first and foremost an Educator; the first Book of Words was created. It was called Phase I. Since that time nearly 2 years ago, Phase II has been in place and it has been unfolding in such a way to shed Greater Light upon this Plan and how it shall continue to unfold. This Book then is the result of Phase II, a sequential unfurling of chronological events that shows clearly, through Discourses and a variety of experimental and exploratory ventures, that have culminated into a closure of what we can now upon the Planet soon. I will not speak of this further right now, for although these are Our Goals, that of Grounding Our Etheric Temples within the Physical Plane, first the Christ Councils must become a Reality on the Ground within humanity itself! This will be done through the Building of the Rainbow Bridge, The Antahkarana, your earthly link to the Prime Creator, Shamballa, Hierarchy and Humanity as Our Beloved Djwhal Kuhl has gone to great lengths to explain and define in all His Books!"

"The building of the Antahkarana, has to be done intelligently, wisely and knowledgeably, but not critically, analytically or seriously. It is a personal endeavor and one that must be born of the individuality of each human Expression of the God Self or the I Am within each Dear Soul. Then, and only then, can

it be expanded upon into the Group Antahkarana for the Purposes of what I have shared above. It is essential, that to start this work, for those who have not already begun, that it should be based upon that which is today in existence and in a way, that does not separate or discriminate between purpose or technique, individual or group. Nature does not work with such divisions, fissures or interruptions within its consciousness. Yet in humanity, there must remain an apparent hiatus, a lull or interval between facts and what is known about humanity and the various races of mankind. This is important due to the differing natures of each culture, race and creed of mankind.”

“In previous transitional periods, some of the bridging forms between human races have disappeared and illusionary gaps are accepted as reality. This illusion serves a purpose, but it is not Real - in fact or in Reality. Because man has intelligence, this purpose eliminates misperceptions and further mis-creations had mankind created further separation and division without Knowing the Truth. Through the study of the 7 Root Races, this would become far more apparent and more widely understood.”

“You have not yet discovered all that is to be found in the world of phenomenal appearances, yet you have now entered Dear Ones, one of the greatest natural transitional periods of all time. To pass through it, however, many Divine Sacrifices will be needed to be made. Beloved Sanat Kumara defines Divine Sacrifice in this way; ‘When we use the word Sacrifice in spiritual matters we think of giving oneself up to a Higher Power. As one progresses Spiritually, one realizes that their individuality will come under the dominion of a Greater Will. Further along the Path of Initiation, the initiate learns that his True Will is not his personal will which is diminishing, but is his “Monadic Essence,” Qualified by “Fixed Determination” to follow the Will or Purpose of the Planetary Logos.”’

“Sanat Kumara is Our Highest example of Sacrifice. He has taken on the responsibility to Serve as Earth’s Soul and Became “the Great Sacrifice.” It is also man’s destiny to become a Savior of Humanity, brought forth to this stage by Great Evolved Beings within the Spiritual Hierarchy, who in turn, are under the Supremacy of Sanat Kumara, the Eternal Youth, the Creator, the Lord of the World based within Shamballa.” “We are therefore, laying the foundations here for the emergence of the New Adam/Lilith Kadmon Man and Woman - Human Race. A New Species of Human Being, more highly evolved as a Human Family Circle of Oneness. However, within this present human race, the problem remains, and much of the present failures going on within this present stage of evolution is in desperate need to measure up to the Levels of Consciousness required for humanity to pass through the next Rings of Consciousness. This will only require a very small percentage of humanity to achieve this, but you know this already else you would not be reading or listening to this at all.”

“Today there is a need for far more symbolic aspects for the human race to grow. You may not recognize this, and it may come as a bit of a shock to you. But it will make sense when I explain it for you! It is about reading and writing! Reading has to do with the tailoring of ideas, visions and images with form and this is related to the first step in the creative process, wherein Deity, Governed and Impelled by an idea (embodying God's Purpose and Plan), converting that idea, vision, or image, into the desired substance and then tailoring it with the needed outer appearance. The Elemental Grace Alliance is providing this tailoring process, through its writing! This does not necessarily have to duplicate in every aspect of its own God Design, but simply to be a tailored Formula, a generated Template, that provides the Truth of its Design, in a Manifested way that cannot be denied as a God Plan with a God Given Purpose through Divine Will, as the result!”

“Writing then symbolizes the method whereby the process is carried on, but it is of course far more personal in its implications. Reading is concerned essentially with the realization of a tailored idea of some kind, any kind, whereas writing is, curiously enough, concerned with the individual's conscious self-relationship to those ideas, visions or images. It is the measure, the Truth of the writing, the information

delivered, and the confluence of the Words and Idea, that produces the Light Substance that then has the potential to manifest/Precipitate that idea, vision or image.”

“This relates to the natural flow of Precipitation in Nature. The idea, the ideal and the idol! Djwhal Khul says: ‘The Head (the idea), the Heart (the ideal) and the Throat (the creative agent of the resulting idol, the temporary and fleeting expression of the ideal, inspired by the idea) shall come into being; three great Centers shall now emerge in time and space and—at this point in the evolutionary cycle— we call them Shamballa, the Hierarchy and Humanity.’”

“So here you have the Elemental Grace Alliance. Book I, “The God Awakening” is the Idea. - The Head. Book 2 “The Group/Christ Antahkarana” - the Ideal is the Heart, and Book 3, “The Christ Councils” - The Throat, shall be the creative agent of the resulting idol ready to make manifest/Precipitate. The Idol is the Life of the Idea and the Ideal!”

“This Book 2, is designed to lead one to the Heart of the Ideal! It has taken 2 years to formulate and put into practice, and experiment with, and although the present group members of the EGA/The Sun of Even Pressure Disciple Council, have and continue to walk an unpaved road, the intention is to Pave that road with proven results for others to follow without having to Pave all over again! The Results thus far, We can See are Proving to be Valid and Exemplary, albeit not necessarily seen by our Brothers and Sisters upon the ground just yet. But We tell you, The Elementals and the Devas are aware of the Intentions and Visions to Create and give Form to those Ideas. Phase III, Will, through Divine Will begin to Solidify this Divine Plan.”

“I inform you, the Elemental Grace Alliance has now become a Living Organism, and cannot be classified as a foundation, organization or a business that produces product or services for generating revenue or profit, as many spiritually based groups do. The EGA is without hierarchical levels of internal structure; all members are equal in position and responsibilities. Beloved Djwhal Khul says this in Rule 3, of the 14 Rules of Group Initiation.

“The work now being done by Shamballa and the Hierarchy on behalf of humanity will tend also to develop group consciousness and the formation of many groups which will be living organisms and not organizations; it will make group initiation possible and will enable certain aspects of the will to flower forth correctly and with safety. The tendency to overlook the distinction between groups and organizations are still very deep-seated; the coming of the Christ will throw much light upon this problem. A study of Rule IV as given to disciples and initiates will also serve to clarify this matter, and with that we shall now concern ourselves”.

End of excerpt

“The other aspect of writing, from the standpoint of the Masters, is to anchor new ideas in to the conscious mind of mankind, to bring into potentiality certain words, definitions and concepts for future manifestation by humanity themselves, especially in the times where the need for change through the advanced thinkers to begin to aspire to. Those who we call Disciples and Initiates. A Disciple is one who has not yet completed his/her 3rd Cosmic Initiation, and the Initiate is one who has passed the Third Initiation. In the Rays and Initiations by Alice Bailey, Djwhal Khul says this about Disciples and Initiates that reflect the foundational intentions of creating specific Formulas of Approach that shall Evoke through Invocations and Decrees, the Attention and Actions of the Hierarchy and Shamballa to Unite with Humanity within the Spiritual Triad.

“For Disciples and Initiates: Let the group life emit the Word of invocation and thus evoke response within those distant Ashrams where move the Chohans of the race of men. They are no longer men as

are the Masters, but, having passed beyond that lesser stage, have linked themselves with the Great Council in the highest Secret Place. Let the group sound a dual chord, reverberating in the halls where move the Masters, but finding pause and prolongation within those radiant halls where move the "Lights which carry out the Will of God."

"This can be seen through the ages that have inspired and brought about advancement to the human race. Without the inauguration of the framework, structure and fabric of the New Age which will start with certain premises, while only remaining dreams to so many, can be exalted by the New World Servers who will develop the new Human Race within the Aquarian Age. This New Aquarian Age will dominantly precipitate through the new group activities and interchange of ideas, visions, images and inspirational focused attention with group interplay, group idealism and group consciousness. The Piscean Age, now passed was one of personality unfoldment and emphasis, personality focus and personality consciousness.

"Now you have a very broad understanding of the Elemental Grace Alliance Divine Plan. If you have not already read Book I – The God Awakening, then I would invite you to do so, for it contains the very foundation of the idea, by providing a summarized account of that which I have explained above." "To engage this Plan, the reading of this Book 2 "The Group Antahkarana", will not help you much, for without the previous part read and reviewed and tailored to your own Individualized Expression, you will only fall into the trap that so many fall into and you will not appreciate the value of this Work."

"Book 2 speaks for itself and is graded within its Radiation for the increased momentum to take one through the various opportunities to see and recognize 'The Formulas of Approach', a Formula and Template that once employed will, without doubt, assist in the fast tracking of one's expanding consciousness. But remember this, it is going to ask for your complete Divine Sacrifice to all that no longer serves you. It shall mean for you to be stripped clean and release all personal desire, to Surrender you to the Higher Christ Will."

"You are being led here to a set of I4 Rules that have been tried and tested over eons of time. You may not understand everything you read, but do not be dismayed, for if you do everything you are Guided to do and forget about your own personal attainments for both individual and group Initiation, it will all happen quite naturally! But make no mistake, you will still have to do the work and surrender to all that you continue to hold onto that which relates to 'I shall do it my way'! Your way Dear Soul is about to end, if not, then your personal development shall only be delayed and elongated within time itself."

"I now wish to speak to you of the Antahkarana, and to do this I am going to speak of it in terms of its own language that Djwhal Khul delivers within His many books. I shall do this by taking many passages direct from the Books that shall provide a summary of what you can expect if you continue to read this Book 2, to its end! We dedicate the following to Our Beloved Brother Djwhal Khul and All His Heart felt Devotion to His Own Earth Mission and Divine Plan and Purpose."

"Individual Initiation is challenging to understand and describe, because it refers to States of Being you haven't attained yet. Group Initiation is even more abstract, especially to the individual consciousness, which means that any consideration of the group Antahkarana is necessarily difficult to put into words. Still, there are a number of things that can be said about the Antahkarana in group context that can be useful to aspiring disciples who seek to develop their group or develop themselves within a group."

"In both individual and group contexts, developing the Antahkarana is a fundamental aspect of Initiation. Remember that "no major Initiation can be taken until there is some measure of conscious use of the Antahkarana." Similarly, **"groups being prepared for Initiation should consist only of those who are in process of building the Antahkarana."** More specifically, the Antahkarana can be considered as a

measuring stick of awareness. That's because Initiation indicates mastery of, or freedom from, the influences of a particular plane, and the Antahkarana is a bridge or roadway of consciousness projected through the planes. For example, 'the Antahkarana must be completed and direct contact must be established with the Spiritual Triad by the time the third Initiation has been taken.' For the Fourth Initiation, the Antahkarana provides the road to Renunciation through which one withdraws from form life. It is with the Antahkarana that the initiate is concerned in the fourth Initiation."

"Group Initiation is an important macrocosm of personal Initiation, and similarly the group Antahkarana is a macrocosm of the personal Antahkarana. Understanding and promoting the development of the group Antahkarana assists in understanding and promoting group Initiation, along with one's individual Antahkarana."

"One can't study individual Initiation to any serious depth without also considering group Initiation. Group awareness and service grows as the individual personality is refined through the first few Initiations. After a certain point, individual Initiation and group Initiation are inseparably linked, because the individual is integrated with his or her group and has transcended self-interest and individual will. Hierarchical Level concepts can be better understood in a group context, or on an individual level by aligning and identifying more with the group. With respect to the individual Antahkarana, "when the disciple has flung one strand of living light (through the power of magnetic love) across the space separating the Triad and the personality, he discovers that he is a part of a group." DK

"A particular group is usually composed of individuals at varied stages on the spiritual Path, who have achieved different levels of personal Initiation. In general, it seems that the status of a group as a whole is lower than the average of the individuals within it. For example, a group of seekers who have passed the Second Initiation individually probably haven't developed their group as a whole enough to reach an equivalent level. I like to use an analogy based on music: A collection of skilled musicians thrown together doesn't make a skilled orchestra, at least not until they practice together and develop experience as a group."

"Group Initiation is generally a more advanced concept than individual Initiation, since it not only requires individual Initiates, but also for them to come together effectively. For example, if the average individual in an esoteric group is around the Third Initiation, the group itself may only be near its First Initiation. A similar concept is how standard systemic Initiations are offset by two from higher Sirian Initiations. For example, the third systemic Initiation is also called the first Sirian Initiation. Given the advanced status of Sirius and its special relation to our system and Hierarchy, Sirius inherently holds group ideas for us. Because Sirian Initiations are offset by two from the individual systemic Initiations, there might be a similar average offset when comparing individual and group Initiations."

"Group Initiation can apply not only to an esoteric group of disciples, but also to humanity as a whole. The human kingdom stands ready for the ordeal and the accolade of fire, preceding the first Initiation. At that final stage, Humanity today stands. The personal Antahkarana allows the individual to achieve Initiation, and liberation from matter and form. Similarly, the group Antahkarana allows the group and even humanity as a whole to do so: "In the many strands of light, woven by the aspirants, disciples and initiates of the world, we can see the group Antahkarana gradually appearing - that bridge whereby humanity as a whole will be able to abstract itself from matter and form."

"The individual Antahkarana starts by bridging a link between the personality and soul. Therefore, the group Antahkarana forms a link between the group personality or manifestation in the three worlds, and the group soul. However, when the group is considered at a large enough level, the group Antahkarana really links kingdoms, specifically its purpose is, so that there may be established a group Antahkarana between the kingdom of souls and the world of men."

“In general, the Antahkarana provides a conscious link to higher states of being. Insight from soul or Triadal levels can impress the individual via the personal Antahkarana. Similarly, group thought, and development can be impressed by the group Antahkarana. Master DK emphasized the use of constructed group Antahkarana when working with His group of disciples: ‘I shall let you know which are the hints I give, so that together the group may profit by them... This will result, eventually, in an inflow of light from the Spiritual Triad via the group Antahkarana, constructed of the ‘rainbow bridge’ of each disciple.”

“For the individual, the Antahkarana first links to the soul, and then the permanent atoms of the Spiritual Triad. The Hierarchy, the kingdom of souls, works mainly upon the planes of the Triad. However, the group is a macrocosm or a higher spiral version of the individual, which already works with the Hierarchy to some degree. Therefore, for the evolved group, the group Antahkarana can project toward higher levels of being, namely Shamballa. This is illustrated in the statement that: “the group Antahkarana becomes a channel of unimpeded communication direct from Shamballa to the group because every member of the group is a member of the Hierarchy. In this manner the three planetary centers arrive at the needed relationship, and another great triangle reaches true functioning activity.”

“Another way of understanding the development of the Antahkarana at Shamballic Levels is that individual will is increasingly replaced with awareness of Divine Will. In this context “individual will” means the will of a lower personality, or even the individual will of a group. This is illustrated in the following quote: ‘When the Antahkarana of a group is rightly constructed, then the individualized group-will will disappear in the full consciousness of the Monadic Purpose or clear directed Will. These are points which the disciple preparing for Initiation has to consider as he prepares for the higher Initiations, and these are the points which any group or ashram in preparation for Initiation has also to consider.’”

“How does the aspiring group proceed to build the group Antahkarana? To begin, forming the personal Antahkarana is something every individual must do for themselves. Your method of building the Antahkarana will be very much your own. The guidelines can be given, but the interior processes must be worked out by you and you alone. It follows that each group must also form the group Antahkarana in its own way, with no hard and fast rules. However, we can at least say that the nature of the individual or group (and the Rays of their soul and personality) influences the manner in which they approach the Antahkarana. For a large enough group, such as the Antahkarana for the kingdom of humanity itself, the group is conditioned by Ray 2, the soul Ray of humanity and of our system, and therefore follows the Ray 2 Will to Unify.

“On a fundamental level, it is important to realize that the Antahkarana (whether individual or group) is a bridge of consciousness. It’s not some material construct built outside of oneself, but is rather a representative of one’s own awareness. That means the Antahkarana is built through experience, experiment, and one’s own efforts, which in turn means that group efforts promote the group Antahkarana. Consider the quote that, ‘all growth is through experiment, struggle and persistence - hence the present modern upheaval. It is significant of a ‘pushing through’ to the light, the light of the world, as well as the group Antahkarana.’ That quote also shows that much growth of the Antahkarana, whether individual or group, can happen unconsciously. One of the Antahkarana meditation says, “It will take years of steady application to build the Antahkarana to the point of real usefulness - unless considerable work has been done - mostly unconsciously - in previous incarnations.”

*“Effectively building the group Antahkarana depends upon building an effective group. **That means increasing group unity, group identification, and group participation and cooperation.** These points are illustrated in another directive given to Master DK’s disciples: “The great need for all of you in this group at this time is consciously to relate yourselves to each other in an increasingly close union. The building*

of the group Antahkarana as a part of a great life thread can only thus be carried forward effectively. See, therefore, that this group identification goes on with all the cooperation which you can render.”

“Building the individual Antahkarana consists of the six steps of Intention, Visualization, Projection, Invocation and Evocation, Stabilization, and Resurrection. Building the group Antahkarana involves the same steps, although it’s important to realize that these steps need to be applied in group form. The points below assume that one is already familiar with these steps to some degree as they apply to the individual. Some additional comments about each step with respect to group context follow:

*“**Intention:** The individual forms a personal point of tension on the highest sub-plane of the personality, which is the 4th sub-plane of the mental plane. The development of group tension is described in Rule I for disciples and Initiates, which directs the group **toward a newer tension.**”*

*“**Visualization:** Visualization involves imagination, and imagination vibrates on the level of the 2nd highest astral sub-plane. **Unlike other steps, group imagination perhaps has the best capability of being done to some degree even by an individual. Imagination allows one to visualize that which isn’t true. For example, imagination allows one to visualize the Antahkarana even if it hasn’t been built yet, which of course acts as a blueprint for actual construction. Similarly, an individual can help visualize the building of the group Antahkarana, even as an individual.**”*

*“**Projection:** There aren’t any direct references to the term group projection in the Alice Bailey books, however, to act of group projection when working with the group Antahkarana. For group projection, we use the Ray 2 Word of Power, ‘I See the Greatest Light,’ because humanity as a whole has a Ray 2 soul and we live in a Ray 2 system. Presumably, other non-human groups in other planetary or solar systems are associated with other Rays, and therefore use the Word of Power for alternative Rays.”*

*“**Invocation and Evocation:** Invocation is very much a group endeavor. Group invocation can be seen in several contexts. The result of invocation is it, ‘enables the group life to be transferred along the group Antahkarana and focuses it once and for all in the Master’s Ashram.’”*

*“**Stabilization:** The final steps are outside the control of the individual or group, and little is said about them. One point that is made is that when the Antahkarana does finally reach Monadic levels, it’s initially thin, and it must be used in order to become thicker and stable. That means the Antahkarana isn’t something that’s built once and then ignored, but rather is continually expanded and exercised.”*

*“**Resurrection:** Esoteric resurrection doesn’t mean returning from bodily death, but rather rising to a new spiritual awareness. However, this state of spiritual livingness could be considered exalted enough that the previous condition is dead in comparison. Resurrection takes place at the lofty Seventh Initiation of the same name, as well as to a degree at the Fourth Initiation. The Renunciation process of the Fourth Initiation and the transcendence of the Causal body can take place on a group level, as well as for an individual. This is described as: ‘The outer group dies, occultly speaking. The soul of the group, being now merged with the life aspect on levels higher than those on which the causal body exists, is no longer of major importance; the Great Renunciation takes place, and the causal body - having served its purpose - dies and is destroyed.’”*

“In building the Antahkarana, step #3 of projection is accompanied by a Word of Power appropriate for the soul Ray. A Word of Power is really an idea or declaration composed of several words indicating how each Ray approaches the process of union between personality, soul, and Spirit. The soul will, and Word of Power for each Ray is listed below.”

Antahkarana Words of Power

Ray	Nature	Focus	Words of Power
Ray 1	Will / Power	Initiate	I Assert the Fact
Ray 2	Love / Wisdom	Unify	I See the Greatest Light
Ray 3	Intelligent Activity	Evolve	Purpose Itself Am I
Ray 4	Harmony Through Conflict	Harmonize	Two Merge with One
Ray 5	Concrete Science	Act	Three Minds Unite
Ray 6	Love / Devotion	Cause	The Highest Light Controls
Ray 7	Organization	Express	The Highest and the Lowest Meet

“The individual Antahkarana features the colors of one’s soul and personality Rays. In the group Antahkarana it is described as all seven colors of the rainbow, or all seven Ray colors, which represent the Ray colors of all the individual Antahkaranas composing it. These appear to be two very different descriptions, however on closer consideration the individual and group Antahkaranas are arranged and colored similarly, just that the individual is a microcosm of the group. The group Antahkarana isn’t just all seven colors, but it also emphasizes the color indigo. Indigo is the Ray 2 color, which emphasizes the Ray 2 of humanity and our system. Similarly, the individual Antahkarana isn’t just two colors, but is also tinted by various sub-rays for the personality vehicles. In other words, all Antahkaranas (both individual and group) feature a primary Ray color, and a variety of other Ray colors that properly act as sub-rays to it. The primary color is usually the color of the soul Ray. However, if the disciple or group has evolved such that the Antahkarana is approaching Monadic levels, then one is presumably focusing upon the Monadic Ray and its color. At that point the soul Ray is properly a sub-ray of the Monadic Ray, just as earlier on the Path the disciple worked to make their personality Ray a sub-ray of the soul Ray Understanding of the group Antahkarana can be increased by looking at two particular areas within esotericism.”

“Seed Group 4 (New Age Educators) specifically promotes building the group Antahkarana. This seed group works to develop education of people on all levels. More specifically its’ three tasks include educating the illiterate, the middle classes, and the most cultured or those on spiritual paths. Education includes knowledge as well as wisdom, making this group focused upon developing and connecting the lower mind, abstract mind, and the soul, which together form the three aspects of mind. Those connections are similar to the connections formed by the Antahkarana, which is why this Seed Group is associated with the rainbow bridge. Education and culture being applied to the masses emphasizes the group, and therefore group education promotes the group Antahkarana.”

“The book Discipleship in the New Age Volume II presents six formulas, which are described as ‘fundamental prerequisites for Initiation’ and ‘second ray presentations of soul ideas.’ Formula II promotes alignment and ‘revelation of the group Antahkarana.’ Specifically, this formula concerns alignment with the soul, and later with the Spiritual Triad. These alignments are made via the Antahkarana, which explains why this formula is related to the Antahkarana. On a more universal level, Formula II is about ‘transition from the unreal to the Real.’ Ultimately, the Antahkarana acts as a roadway of consciousness for the individual and group to travel from the relatively unreal and limiting worlds of matter, to more expanded and true levels of consciousness. Also, Formula II presents four elements with

their spiritual qualities of Earthly Contact, Oceanic Synthesis, Airy Expansion, and Fiery Relations. The four elements together encompass all possibilities in a manner similar to how all colors are included in a rainbow, which aligns with the Antahkarana whose symbol is the rainbow bridge."

"In Rule I of the I4 Rules, Djwhal Khul says this also, 'In the last analysis, these Rules or Formulas of Approach are primarily concerned with the Shamballa or life aspect. They are the only Formulas or embodied techniques at present extant which have in them the quality which will enable the aspirant to understand and eventually express the significance of the words of Christ, "Life more abundantly." These words relate to contact with Shamballa; the result will be the expression of the will aspect. The whole process of invocation and evocation is tied up with the idea. The lesser aspect is ever the invoking factor, and this constitutes an unalterable law lying behind the entire evolutionary process. It is necessarily a reciprocal process, but in time and space it might be broadly said that the lesser ever invokes the higher, and higher factors are then evoked and respond according to the measure of understanding and the dynamic tension displayed by the invoking element. This many fail to realize. They do not work at the evocative process. That word simply connotes the response of that which has been reached. The task of the lesser aspect or group is invocative, and the success of the invocative rite is called evocation'.

"More about the Antahkarana can be found in the Alice Bailey Books, The Rays and The Initiations, Discipleship in The New Age Vol I and II, Esoteric Astrology, and Education in the New Age to mention but a few.'

"So, in closing this introduction to The Elemental Grace Alliance, Book 2 – The Group Antahkarana, I tell you that just to study the I4 Rules of the Antahkarana does not necessarily grant one a group Antahkarana. Understanding and practice, are two very different things. But one does lead to the other to go hand in hand. Meanwhile, We, here within the Elemental Grace Alliance Council Divine Plan, shall continue to develop these concepts in ways that can be absorbed, understood, and implemented by the many, for the Greatest Good of All Concerned."

"The Elemental Grace Alliance is not the same as any other group presently operational upon the planet. It is but one Divine Plan unfolding here for the benevolence of All. But We tell you this, having magnetized unto Itself, into the physical plane, All Seven Spheres of Influence, and who, through unascended human beings upon the ground, have created the potential to unite Shamballa, Hierarchy and Humanity into a Spiritual Triad and who are working as representatives of the Supplementary Seven, the One, those upon the ground, all in accordance with Cosmic Law. Therefore, let it also be known that these Formulas of Approach or Rules of Initiation deal with the unfoldment of group consciousness, because it is only in group formation that, as yet, the Shamballa force of the Will can be tapped into. They are useless to the individual under the New Initiatory Dispensation. Only the group, under the proposed new modes of working and of group Initiation, shall be capable of invoking Shamballa. (For more on this specific reference go to Rays and Initiations, Alice Bailey Study of the I4 Rules of Initiation Rule I and 8).

"We the Elemental Grace Alliance Council are calling once again, for your help and assistance to now expand this Divine Plan into many of the various aspects of its God Purpose. The EGA shall need multiple resources, very soon, human, financial and material, to continue and magnify Its programs."

"I leave you to now discern for yourself what has been shared here, with this excerpt from Joseph Benner, In the Book 'Brotherhood – A Call To Service' the I Am Presence says;

'When a Message comes containing an opportunity for Real Service, and disclosing a Real Plan and a Real Work for the helping of your brothers and sisters; not some vague high sounding ideal, but a Definite Practical Work that your Soul recognizes, and your Heart leaps toward in glad response; know

that such response is My Voice calling you to the Work I have been preparing you for, and you need not question or doubt, for your Soul commands you to obey.'

'But if there is no glad response in your heart, not even a faint voice there calling upon you to investigate as there may be something in this for you; and instead there is only a coldness and an entire lack of interest; know that that message is for others, and that that particular Work is not for you; for you could be of no assistance, not being ready for such Work as yet.'

'But if hearing, and at first thus happily responding, if but for a moment, before doubts crowd in and from outer sources come advice and argument, criticism of that particular work or of the way it came to you, or of the messenger who brought it, fast smothering the urge in the Heart still trying to hold your attention, Know that I Am but trying and testing you, to see if you are as yet ready for the Work which I always have awaiting My Proven and Faithful Servants; to see if I can use you to awaken and prepare My other Children so I can unfold My Nature in them that they can feel Me as the Love in their Hearts, and can thereby hear My Voice there, and know I Am their Higher and Real Self and that I Am Calling them also, anxious to lead them forth into the New Day.'

"For all those reading or listening to this, and you can feel your Inner Light Being Ignited by your I Am Presence, you will know what to do!"

"Behind the group there stands the Door. Before them opens out the Way. Together let the band of brothers and sisters onward move".

"I Am El Morya at your Service".
