### Introduction

First and foremost, We wish to share with you that what is within these pages is probably more than We expected. But in saying that, We know that it is all in alignment and each other and actually they do go hand in hand!

Before any attunement, activation or fusion takes place it is vital that you review all the information thoroughly so that you are fully aware of what you are asking for!

The other thing is this is all about Self- Empowerment, Self -Mastery, Self -Motivation, Truth within the Essence of your Own Divine Sovereignty with Mother Father God. It is about Integrity, Honor, Balance, Divine Order and Divine Will. So these activations thus become your own Full Responsibility to now engage and undertake in accordance with your Own Intentions! For that reason I AM suggesting that you make your own arrangements to step into these potentials. You can do them as a Group if you wish, as there are no limitations or boundaries! But in Truth this is Really between you and Your 'I AM' Presence, The God within you!

We have tried to offer you all that you shall need to fulfill your Desires here, but feel free to add, subtract, change or alter anything you wish, for this has now become your Activation, Attunement and Fusion with Mother Father God!

If We can be of any further assistance, then please let me know. There is no particular time when any of this can be done, so look into it all and if you choose to go ahead, pick your own time and place and allow it to unfold with Ease and Grace to suit you!

In Love and Joy We Now step back and hand all this over to each of you!

In Love and Light and Joyous Blessings of the Heart –

**Part 4 Adam/Lilith Kadmon Race - The Christ Councils - The Elemental Grace Alliance Council – Mother Shekinah - 9th, September 2016**

“Beloved Members of the Elemental Grace Alliance Council, it has been brought to my attention, the potentials of confusion, uncertainty and mystification of that which has been shared over the years regarding Twin Flames or Twin Rays. Especially now with the Coming into play, the physical relationships between The Adam Kadmon Man and the, shall We say, the Lilith Kadmon Woman, if We may take the liberty to introduce and bring another Balanced Awareness to the Feminine Attributes to this Divine Equation? So can this be addressed now for Greater Clarity please?

“Dearly Beloveds, ‘I AM’ Shekinah, The Mother’s Love of the Elohim Creators through the Great Central Sun! ‘I AM’ all aspects of the Mother’s Purity and when We speak, or when We come to human Souls in the many forms that I AM, you feel me through your Heart Connections of Me within you!

“Every Goddess you have ever heard of, every woman that has ever given birth to a Dear sweet child, every hand you have held, every hug you have embraced, every tear of empathy, of compassion, of Joy, of sincerity, It was Me Divinely Expressing Myself Through You! We Dear Hearts, take many forms, ‘I AM’ All Women! Grandmother, Mother, Daughter, Sister. ‘I AM’ the Flora and Fauna. ‘I AM’ The Elementals, Nature Spirits, Planets and ‘I AM’ the Energy that beats your heart and the air you breathe! And when you feel the Qualities of Me ‘I AM’ sharing the Essence of Who ‘I AM’ through you!

“Likewise, when you hear of Me as Mary Magdalene, ‘I AM’ offering you Purity of Heart, Kuan Yin, Compassion, Mother Gaia, Nurturance, Beloved Meta, Healing and Rest, Sekhmet, Sensuality and Sexuality through Love and Creativity. As Lilith We offer you Power! There are so many more Goddesses, Queens, Princesses, Eloah, Angels and Archangels, and Masters that you know so well! Likewise however, I AM in all men, with the same messages to teach and guide them with the Love Essence of the Divine Mother! For without the Mother’s Love running through their veins, they shall never feel the Love that They Are, nor be able to offer the Love that God Is! We come in many forms, yet I AM, Simply the Wholeness of the One Love and One Light that Beloved Shekinah, My Dear and Beloved Light of the All, That Is Created through Us and of Us as One!

“Peter, We have much to share tonight, but first We wish to offer you My Blessings, for once again you have offered a new vibrant and active ingredient to the recipe for Wholeness and Holy Union. This Principle Component is the Vital completion of the Flower Of Life Human Blueprint which We will speak of shortly! The Mother’s Love has been so denied, particularly by men for a very long time and suppressed within women in fear of their lives and the exposure of Truth of the Power of such Purity within the Fullness of All Prime Creations. Men have feared this rising and so have used all their forcefulness, powers of control to suppress this Divine Quality within the females of the human race. It was not always like this, once the role was reversed. But today ‘I AM’ not concerned with the karma of such things, rather, how this can all come into balance by a new awareness for the eradication of old belief systems that have created so many 3<sup>rd</sup> and 4<sup>th</sup> dimensional archetypal manifestations.

“So when those Dear Souls who understand the processes involved, come forward to dissolve and Etherealize all imbalances within the Human Race, consciously through Higher Vibrational Resonances within themselves, such as the New Christ Councils and Second Coming of the Christs within, it will all unfold and expand very quickly! Once the proverbial snowball begins to roll down the hill, it shall gather in size and momentum, and things will really take on a new Dimensional Shift! We can tell you that many will struggle to keep up with the changes taking place and will be seeking those who can Guide them through such periods with Ease and Grace.

“So Peter, when Lord Sananda asked you to bring balance to the Patriarchal and Matriarchal imbalances upon the planet, and you and Brother Mel, began by asking Archangel Lucifer to rewrite a 200,000-year-old Human Blueprint, that kept these imbalances in place, regardless of what people did to balance them within their lives; you began at the very place that would change the history of Planet Earth forever! That was what you asked for and so it was given unto you! Without the rewriting of the Flower of Life, this potential would never have begun! It would have been virtually an impossibility to achieve.

“Now that your Endeavours, with Mel have succeeded with the rewriting of the Flower of Life back to its Original Single Core, thus eliminating the principles of duality with the human DNA Encodements, can now be implemented throughout humanity. Yet those coming into contact with this information must know this!

“Everyone who was not born after the 1<sup>st</sup> July 2008, still continue to hold the old Duality Core Flower of Life as their Energetic Human Blueprint. But now this is being offered to all Souls who wish this to take place within themselves. Anyone and everyone, through their own free will choices, can now call forth the Fusion of that Double Centred Duality Core back to its Original Love and Light Polarity Single Core Centre.

“Peter, you have never been able to offer this for dissemination around the world up until now, because humanity was not yet ready for this Fusion potential. That is why you have never had any response to your repeated attempts to share your story! Again this is not the only way, but We can assure you, that it shall bring far more simplicity and indeed more accessible opportunities to speed up the raising of One’s Vibrational Resonances that We are so ardently, and passionately calling for, to Create the New Christ Councils and Radiation Centres.

“It has been 8 years, since the first Fusions took place with you Peter and Your Beloved Brother Mel, along with the other 20 Souls. In all that time, as you Know, We have been Monitoring you all with meticulous care and focus, with every type of technology that Cosmic Science can offer from an Advanced Human Society and Race, even that which your scientists upon Earth are still unaware of yet and shall not be for many, many years to come. We have had no adverse effects whatsoever. And so The Elohim are now ready to invite such a transmutation to anyone who may wish this to take place within themselves, and on a mass scale! But know this Dear Soul's, you, who are attracted to this potential, one does not have to be aligned to the Elemental Grace Alliance to ask or have this Fusion take place within themselves.

“Why do We call it a Fusion? Because this is what it is; a synthesis, a Holy Union of re-uniting the Love and Light throughout the entirety of your DNA Encodements thus dissolving the duality of good and evil, presently residing within your genetic profiles. It is not a blending process, for it is not a

transitional change, it is a Dissolution, an Termination and Etherealization of that which no longer serves you, replacing it with That which you were Originally Born to BE, long ago!

“It doesn't mean that one's life will change overnight, for one must also allow the existing consciousness to change also. It can be instantaneous, or it can take as long as it takes each person to change their old belief patterns the way you perceive your lives to be! But the New Potential shall be present, the work shall remain yours just as it has always been, as part of the Free Will Charters you have with God!

“We shall therefore allow you Peter, to set up the opportunities for those whom will come forth, requesting such a change to their Flower of Life Blueprint. And you can answer any question that may be asked regarding such matters! So We will leave this with you.

“Peter, you have offered a Great Service to this world with this opportunity; opening another dimension that has never been truly embraced by human beings to date. Your reuniting Beloved Lilith with Adam, and reuniting Eve with Adam and Lilith, has now opened the floodgates again, to re-establish Me as The Mother's Love, and Lilith, as the Original Human Woman along with All Her Original Genetic Encodements and Direct Connections to Source.

“Like wise with Adam, but Adam has always been the focus of attention! But now that you have dissolved and eliminated the archetype of Adam, Lilith and Eve, and indeed invited Lilith, to once again step forward to take back Her Original Blueprint and Original Purpose, as well as Her Equal Position beside Adam. We cannot begin to tell you of the changes that shall soon be initiated! Lilith has now been given Her Power back so that She can come forth and Use Her Qualities and Virtues to bring about a Greater Equality within the Whole of the Human Race! Particularly through Her Holy Union with Beloved Adam! This Invitation by you, in Holy Union with Adam, will soon expose many changes that will take place through Their combined Forcefield of the Mother's Love and Father's Light; not only within individuals, but more so with Divine Partnerships and Holy Unions where two people shall live and breathe as One Soul!

“Beloved Lilith will show Her Presence to many now and will indeed exhibit the Mighty Power that She Is, I AM! And believe Me when We say, We are not afraid to use Our Power, In The Name Of Love! This has not been possible until now because for Me to Fully Manifest in A Physical World, We, We, have to be invited, called upon and embraced from within the Heart of men and women. This simple act Dear Souls, has given rise from the healing of the Adam, Lilith and Eve reunion and setting them free from all the archetypal tethers, has allowed this potential to come forth in Torrents of Love that will not be discouraged by the dark or any other form of fear-based manifestations, ever again upon Planet Earth.

“The New Presence of Lilith will draw forth the Energies of the Mother's Love through Those Who represent Me; Beloved Sekhmet, Goddess Tara, Goddess Evening Rose, The Beloved Mary's and All the other Mother Forms, will use the Energies of Love, the fullness of Me, all aspects of Me, especially the Sacredness of My position as Protector for those We Love! The breaking down, the healing, the release of the archetypes of the Adam and Lilith and Eve story re- Unites yet another balance with a Creative Force that shall be a Strength, a Power, an Intensity to reckon with.

“Beloved Lilith, back in the Divine Union with Adam, has given Her, Me, and all recipient human

Souls, a re-energized, invigorated, revitalized, recharged, equality of Love and Light, to now enter the New 7<sup>th</sup> Golden Age of Transformation through Beloved Human Souls and Their Divine Holy Unions with each other. Yes, one cannot pay homage to Woman, by calling an entire Human Race the Adam Kadmon Race and so let it be known As The Adam and Lilith Kadmon Race from this time forward!

Let us call this Part One, otherwise it shall once again be a very long Discourse with a lot to take on board in one sitting!

'I AM' Beloved Shekinah, The Mother's Love of All Creation, Sending you All a rejuvenation of the Power of Love for The Co-Creation and establishment of the New Adam and Lilith Kadmon Human Race and New Erthe! God Bless You! And So It Is!

Supporting Discourse Shekinah Mother's Love Part 5

### **Part 5 Adam/Lilith Kadmon Race - The Christ Councils - The Elemental Grace Alliance Council – Mother Shekinah - 15th, September 2016**

“Beloved Members of the Elemental Grace Alliance Council, it has been brought to my attention, the potentials of confusion, uncertainty and mystification of that which has been shared over the years regarding Twin Flames or Twin Rays. Especially now with the Coming into play, the physical relationships between The Adam Kadmon Man and the, shall We say, the Lilith Kadmon Woman, if We may take the liberty to introduce and bring another Balanced Awareness to the Feminine Attributes to this Divine Equation? So can this be Addressed now for Greater Clarity please?

“Dear Hearts, We the Mother's Love, return unto you this day to continue with the Discourse, that began a few days ago with Peter! Today We wish to Embrace the Full Embodiment of the Elemental Grace Alliance, All Its Divine Members and those Dear Souls who shall listen to, or read My Words herein!

“The Theme of today's Discourse shall be Twin Flames, or what We shall refer to as Twin Fires of the Mother's Love and The Father's Light! We will use the Adam and Lilith Kadmon Man and Woman in both ways, for reference sake, as part of the physical human archetypal union, and the Adam, Lilith New Human Divine Union Essence. This shall be aligned to that which is Known as the Monadic Body of God's Love Substance. Yet you must understand that you are all still in this transitional period, but even though you are still in human biology, you are standing before the door that shall open unto you, The Fullness of Our Love to become One with Us!

“This Monadic Body is the Goal that We wish All of you to Aspire to, and so, even though many of you are aware of such levels of attainment into this unbridled Primal Essence of The Mother's Love and Father's Light; it is the Journey of the physical body, the emotional body, the mental body, the astral body, the Causal Body, the Buddhic Body and the Atmic Body respectfully, that must be traversed each step of the way! You have come so far Dear Hearts, and now the time has arrived, that you have opened to you, new opportunities to step even closer to Your Mighty Victory and Your Divine Magnificence!

“The Monadic Essence of you, is that part of you that embraces the All That Is, in all planes and dimensions of existence, all atoms and electrons, All Beings within All Galaxies, Universes and Cosmoses. This Monadic Body of Yours, Is My Body and the Father’s Body in Divine Unison, Divine Harmony, Divine Beauty and Divine Peace! It is indivisible, inseparable, indissolvable, undividable, impenetrable, untouchable, and is the Divine Holy Union of All Love Substance and The White Fire Light Substance within All of the Mother, Father God Creations!

“Take a deep breath now Dear Hearts for what I AM about to tell you, may undermine everything that you have ever believed about Twin Flames! Those Holy Unions that many of you have longed for, many of you believe you have found, many of you who rest peacefully, thinking the partner beside you is Your Twin Flame of the Love and Light of The Prime Creator.

“Oh Beloveds, in the way you have accepted these truths of the past, We know just how much energy you have spent in trying to find and create such unions, We Know that you have spent many lives in this Holy Search! But Now, because you have come all this way, with all the purity in your Heart and with the Knowledge that you are finally accepting within, as Truth, We can now reveal the Truth of Twin Flames as you believe them to be! Dear Souls, **They are Not Real!**

“They are yet another illusion, another archetype, that, to take the next step toward your Ascension, you must let go of, and release from all your 4 lower bodies! It is not the Twin Flame as another human Soul that you seek, they that have been and may still be, the reflections of yourselves that you desire to know and Desire to Unite with! The Twin Fire, Twin Flame, Holy Union, can only be found within yourself; within you at the very Core of your Being! You have sensed this for so long, but the loneliness and the lack of understanding of your feelings, and even your desires, in sufficient clarity that has kept you tethered to these beliefs, that your Divine Compliment can be found as another!

“We Know that many of you are feeling somewhat confused now and in some ways deflated, yet this is only temporary Dear Ones for what We will do now is to bring to your awareness that which will fill in all the blanks of the past mis-understandings and mis-information. It is not My intention to deflate but Uplift you in the Higher Truths of Who You Are!

“Love, Dear Souls, is Ever Expanding, Ever Increasing, Ever Intensifying, none more than within the Realms of the Human Race upon Planet Earth right Now! The New Adam, Lilith Man and Woman would not be able to be activated now, if this was not Truth! This New Opportunity for the Fusion of The Flower of Life is all part of this Ever Expanding Love! And it shall be responsible for the dissolution of that which no longer serves you, as you continue to awaken from your deep sleep of forgetfulness! You see Dear Ones, it is the exposure to The Love and Light of Life that assists you to open to new potentials, new beliefs, New Truths and in turn, New Experiences. For it is the Light of the Father that supports the linear Growth of One’s Soul in human form, this is the Masculine Principle of Action. While the Universality of the Monad as the Mother’s Love supports the Evolution of the Soul incarnate! Can you see why We can Now come forward and Speak of such things to you? You, who have the Mother’s Love now consciously embedded within your Ever Expanding Consciousness, can finally appreciate The Beauty of the Mother’s Love that assist’s in the Co-Creation of linear evolution through other Dear Souls.

“We want you to know that it is this Love Substance that allows, in Grace, to have all old beliefs and perceptions to dissipate and dissolve while at the same time provides the Foundation for the New Higher Truths to become cognizant for the Ever Increasing God’s Love and Life in You! This allows for a much smoother transition and provides a Loving Foundation that Nurtures and Supports all aspects of doubt, unease, confusion and insecurity. But We must tell you, that what this Love is creating now upon Earth, is a division within humanity, for while the masses continue to partake in the old perceptions of fear, lack and loss, death and victimhood, Our Love and Our Light cannot yet penetrate the minds of these Dear Souls, for them to open to the Greater Potentials that you now have available to you!

“When We speak of Evolution within a human race, specifically here on Earth, we know that instability is the dynamo for change, and change being the transformation from one level of consciousness to the next. From this standpoint then, the masculine and feminine principles of the old archetypes, hold onto these co-creative principles. And these principles hold out between all relationships and unions between both genders and within each Dear Soul. The feminine continually strives for transformation and instability, while the masculine strives for realization and fixation. It is through each individual through their own free will that allows how this will play out as part of the evolving consciousness. This unfolds, depending upon the beliefs and perceptions in the past and future and the dark and light as well as the good and evil.

“While the masculine principle remains the governing force over the feminine principle, then all flows of Abundance are made barren by the impressionable experiences of one’s previous life or even lifetimes. If the feminine principle dictates over the masculine, the energy of Abundance cannot be fixed, and because of its high levels of changeability, it simply evaporates without ever seeing the light of day! It is for this reason, and this reason alone, that the Divine Blending of the Masculine and Feminine Principles MUST be aligned within a Single Impersonalized Soul. It is these two Principles that make up this Twin Fire of the Holy Union of Love and Light within the human biology, interconnected all the way to the Monadic Body! You have read the Works of Joseph Benner, or if you haven’t, We would invite you to do so, and it is very clearly stated within them that each human Soul incarnated, MUST first surrender their entire Beingness to God’s Love, Light and Life, before it can be given the Divine Unity of another Dear Soul, who in their own Right, are the Full Impersonalized Expression of God Themselves! This is all about Divine Sovereignty, Divine Will, Divine Impeccability, Divine Authenticity, Integrity and Honor!

“So My Beloveds, from the standpoint of the old archetypal masculine and feminine relationships, one seeks from another, the fulfillment of the voids, emptiness’s, hollowness’s, and cavities, that have not yet been fully amalgamated, assimilated or integrated with Love and Light! This matters not whether the relationship is male and female, female and female or male and male, for I AM not speaking of the genders, but rather the Masculine and Feminine Principles. The combination of genders, simply assists in the intensity of, or the speeding up or slowing down of such reflective lessons and realizations of that which is missing, to be brought into balance and harmony! So each couple or each relationship offer the other the missing attributes and aspects of themselves, and in so doing only provides a stability for a short time, relatively speaking. Remember the female principle strives for transformation and instability, and the masculine strives for realization and fixation. So, as the gifting unions only provide a short term solution, the inevitable MUST occur.

“Therefore no amount of Love and Light, being Over Lighted in, through and around these Dear One’s, will annul this growth necessity of Universal Law! So although The Monadic Essence of Both are present, each one, continues to function as independent Souls, outside of the Holy Union with the Primal Source Love and Light now amplifying its Presence within. This does not mean however, that the traces of such Monadic Substance held within both partners does not enlighten and fulfill a Greater Love and Light that indeed shall raise the Vibrational Frequencies of each partner and those around them. For this will always be the way it unfolds. It all depends on the Levels of Consciousness and Awareness of the Love and Light and Life of Mother, Father God within them!

“The Higher this understanding, the more resonant one is to these Higher Vibrations, the more work one has done to remove old beliefs and programs the greater the Levels of Light and Love will fill the Life of such couples. We must bring to your awareness now that such couples, partners or unions do not have to be physical, sexual, or intimately interactive, for it can also be through Energy Transference through the inter-connections of either or both persons, through the Mother’s Love and Father’s Light! All this can be very clearly defined by knowing the Assignments each person has Accepted and Initiated in accordance to their Soul Charter with God? But both Unions, physical or nonphysical are extremely important for the overall balances of the Masculine and Feminine Principles to be achieved within both Men and Women upon the Earth. Let’s talk about that for a moment!

“Many men and women come together at various times in the Act of making physical and intimate Love and this is, if consciously being undertaking at the Higher Levels of awareness possible can indeed assist in the recalibration of one or the other or both Souls during this Love In Action. Making Love in this way with another Heart Felt Soul is the highest way one in the physical Body can feel the Essence of the Mother’s Love and The Father’s Light! Just as Beloved Sekhmet explains in Peter’s Discourse within the Elemental Grace Alliance. One has always thought of these Holy Embraces as one shared only with twin flames, but Dear Hearts when the Sacred Heart is ignited with the Holy Union of Love and Light within each Individualized Expression of God, it can be achieved beyond this old paradigm of beliefs in twin partnerships. The most Sacred way to Express oneself with another is in the Sacred Holy Union of intimate Blending and Merging Mother, Father within each of you!

“Dear One’s this Divine Co-Creation of Holy Union is the Bedrock, the Church upon which the New Golden Age shall be built! And it is the rhythm of Divine Flow of One’s Consciousness that allows for the Creative Desires to quickly and miraculously manifest New Life upon Earth. Again it is not only the act of physical Union that achieves this, for close interaction and Energy Transference shall be just as potent a Creational Force! This is the Foundational Principles for the New Christ Councils! Ideally, we would like to see 6 males and 6 females in Holy Union to make up the Councils of 12, and this will be a part of the criteria in later years, but initially the Council can start as Individualized Expressions of God Life! My Beloved Shekinah, The Father’s Light shall speak more of this in Part 3.

“For the moment, We speak of Conceptualizations, until Divine Sovereignty and Holy Unions at these Levels can Unite with the physical domains of the New Narayana Joy Akasha Sanctuaries and Radiation Centres. From within these Safe Havens, those of you, the Male Souls are created or born to Give as part of your Divine Role to humanity and to the Feminine Principles as well as the female embodiments. This Giving is the Foundation for the Creation for physical manifestations. This is how the male gift ‘**any**’ creation. While the Female Souls are created or born to accept the Gift of Creation and allows for the Full

Realization and the nourishment of the two, The Light and The Love within the Integrity of Joint Sovereignty of the Realization which thus Creates, manifests and Gives Life to the Child. This can be the physical Child or indeed a New Creative Consciousness. For in Truth there is no difference in the Eye of the Prime Creator and the Love, Light Substance! So whether by physical Holy Union, as in Love making, or the close interaction of ideas, thoughts, desires and choices, or indeed through Energy Transference while both parties are on other sides of the world, this is possible! But here is the diffuser, so be very aware of this when entering into any such Co-Creational Activities whereby the Holy Union or two independent beings are Uniting! If any of the interaction or sharing and the Expression of such Energies are for self-satisfaction or self-gratification, or indeed anything with a personal agenda, the creative Forces of Mother, Father God immediately withdraw, thus removing the Element of Spirit and in most cases will only result in some sort of destructive force being the result! Not bad or evil, just no longer constructive or creative! Do you understand this?

“So WE Admonish anyone coming forth to Unite in these Creative and Sacred Unions, be very mindful of the reasons why you are Merging, Blending and Unifying as One Heart, One Mind, One Love and One Light! Worlds within Worlds Dear Souls, there is no difference between creating Universes or Creating Children of New Life Giving Consciousness. It is simply the reflections of the Macrocosm to the Microcosm! As Above, So Below! This is the way that the Elemental Grace Alliance was Created, The Love and Light of a human Soul, Merging and Blending with the Love and Light of Mother, Father God! Now it is a Living Entity, and Living Consciousness, A New Child of the Divine Compliment of Living Joy and Radiant Bliss and Ecstasy! You have felt it have you not? This shall be your Self-Realization for what We bring to your New Awareness!

“As We begin to close this Address, We wish to share this also! As you know, there are still great differences in the Vibrational Frequencies of those now coming into alignment of the Elemental Grace Alliance Project, not just those who are desirous of helping to Creatively Expand this Divine Plan, but those who wish to become the Guardians and Mentors and Custodians of the many Temples of Light that are now in the planning stages. These variations of Levels of Resonance shall be proportionate to the abilities to create at these New Levels of Holy Union, Mergence and Integration. So the quicker one can Unite with their Own ‘I AM’ Presence the quicker these Holy Unions with others will begin to manifest! Remember like attracts like, and so like resonant fields will attract the same. This is a Universal Law that is designed for the purpose of raising the Vibrational Frequencies of each Soul within these Proposed Unions.

“The Path of Evolution caters for everything Dear Hearts, and so the more you Know the more you are able to adopt and integrate into your lives! Again, find clarity in what your Desires are and this will help you beyond all measure! It shall be the New Adam Lilith Kadmon Couples that will without doubt be the Next Levels of Creative Force to bring about Divine Peace and Harmony upon the Earth! The New Adam, Lilith Kadmon Race are the Love, Light Principles of the Masculine and Feminine Attributes Of Love in Action!

“In closing We would like to share an excerpt from the Elemental Grace Alliance Book, by Beloved Omega, Me! We Bless You All My Dear Children of The Love and Light of the Divine Creator. We bid you good night!

Beloved Omega says:- “Make your Demands, and Commands with much more conviction, with much more confidence and assurance. Do not allow any doubt to enter your Decrees or Invocations, for these

shall only diminish the results and slow down the Precipitation of Your 'I AM' Presence Desires through you. Send forth Your Instructions and All That Is God, Divine Will shall Respond with All His/Her Power, Love and Wisdom and Know without Doubt, that Only the Will of God will Triumph! Do not enter any fear-based paradigms of what is right or wrong, or am I making any mistakes, or do I have the right to do this? If you Act Like God's then You Are God Expressing God's Desire for your own Individualized Expression of God through you! If you Know that you are Created in His/Her Image, then Think, Speak, Feel and Act like It!

"Do you think that We would give you all such Missions within Our Design for this Our Plan and not allow you to Express the Highest That You Are! Of Course not! Just remember the Laws Dear Ones, for your Creations will only be in Alignment and of that Perfection with that of your own Levels of Resonance and Vibrational Frequencies within your own Knowingness and Understanding of the Laws that Govern All Prime Creations. That is the only thing We would Admonish as this stage." 'I AM' Mother Omega!

## Description of The Image

It is my intention that not only with this Attunement and Fusion of the Flower of Life Single Core Centre but also with the Activation of the Elemental Grace Alliance Group Merkabah and for each Narayana Joy Akasha Temples of Light, To Create a Visual representation for focus and intention by all Dear Souls whom wish to partake in this project. This is all part of Universal Law for the Creation of the New Higher Vibrational Manifestations through the Individualized Expressions of the 'I AM' Presence from within each Human Soul Incarnate!

In the Elemental Grace Alliance Discourses this is outlined by Beloved Maha Chohan. He Says:-

"A 'Forcefield' then, by definition, herein the understanding for Earth Purposes, is a consciously magnetized focus of Energy Created by a person or a group of persons or Beings, for the objective of Benevolent Service to a particular Principle, Facet, Function, Condition, or Area of Life and ultimately to the entire Earth itself. In the case of the group activity, the Director/s, Ascended Master/s, Archangel/s or Elohim/Eloah who have been elected to Over Light the Group in co-operation with the Group, first designs within the minds of its Disciples and Members, the particular activity, to which the group service is to be consecrated. 'Therefore, the actual design of the 'Forcefield' should be brought into a visual activity, as in an image or picture, so that all may be sure to direct their energies into the same activity. It is essential that this picture remain the same at all meetings once it has been drawn forth so that it will grow and expand its Blessings through the group into the entire declared parameters of the particular Principle, Facet, Function, Condition, or Area of Life'.

By continual contemplation and by constant directing of the Qualities and Radiance of Over Lighting Energies desired within the 'Forcefield', this can be made to grow in and with intensity to a point where it is a Potent Force for good in the particular Principle, Facet, Function, Condition, or Area of Life. Once a person or group can become more Masterful in use of such 'Forcefields', then it can be employed throughout the atmosphere of the whole of the Earth itself. A 'Forcefield' is in constant motion, and through it will pour the limitless Gifts of the Divine Beings to whom it is dedicated to, as it is strengthened and expanded upon at each group meeting.

"We call it a 'Forcefield', due to its Pressure of Radiance that cannot be disturbed, dissolved, diminished or changed by any dark or lower vibrational thought forms, depending upon the levels of Radiance of those Who Create It! So let Us continue with this identification so as to Create from it and to remain within the Natural Protection of Love Substance that it is Created from. Remember, do not misunderstand the word 'Force', for it can be likened to the word 'Power'. The Power of God

is not destructive and only enhances the Qualities of Love and never allows for any dissolution of anything that Is Divine Love or Divine Truth. It will, however, move aside, to whatever degree necessary, anything that is not of Love and Truth and therefore always remaining within the Laws of the Life as to God's Creations. The word 'Force' comes into the same Radiant Substance as the word 'Power'. Human definitions of both 'power' and 'force', are not created in Love and so in Truth have no reference or validity here, indeed no Reality in Christ Consciousness.

"A 'Forcefield', a controlled, constructive, harmonious, positive 'Sphere of Influence' does exactly what its name implies; influences the generation of similar Qualities of Faith, Hope, Charity, Harmony, Spiritual Aspiration in those it connects to and is in contact with. The power of contagion, so aptly demonstrated in the transference of fear and panic through mass hysteria, is equally applicable in the transference of God's Qualities and Nature. There really is no difference between a 'sphere of influence' and a conscious thought form and a 'Forcefield' apart from the truth or Truth that it is founded within. We use herewith the word 'Forcefield' to convey the picture of a battery of constructively and positively charged energy made up of the combined Auras of Groups of Conscious Disciples, gathered together in Cooperative Service to mankind in one place.

"The 'Forcefield' is made up of the Fusion and Amalgamation of Energies gathered together by all in attendance; the unascended humans, the Elementals, Angel Devas, Angelic Host and Builders of Form. These combined with the Decrees, Visualizations, Invocations, Songs and general application of the Group of Disciples who wish to form a Radiating Centre for God's Blessings in their particular Principle, Facet, Function, Condition, or Area of Life amplify the Essences available for dissemination. In exactly the same manner that the individual 'sphere of influence' is a combination of the energies released through the contributing Centres of thought, feeling and action, so is the corporate 'Forcefield' of the Group composed of the consciousness and application of every member of that Group.

"A 'Forcefield' renders several services. First it is a Magnetic Centre which draws the Presence of the Ascended Masters, Angelic Beings, and all Divine Intelligences Who Desire Always to find an Open Door through which to pour Their Radiation and Blessings to mankind. As the pollen in flowers draws the bees, so does such a consciously created 'Forcefield' draw and Magnetize the Presence the Beings to Whom it is dedicated and for Whom it has been formed. Secondly, it forms a concentrate of consciously Qualified God Energy which is funneled down from the Octaves of Light, and which provides a Spiritual nourishment to all those who enter that 'Forcefield' beyond the Natural Radiation ordinarily present in the sphere in which the individuals dwell. Thirdly, it forms a Radiating Centre of these same God Qualities into the atmosphere and locality, just as Beloved Archangel Zadkiel explained about His Temple of Light over Cuba, in which it has been built. Each Centre, physical or Ethereal, acts as a physical Sun Itself, sending forth Light, warmth, nourishment, and God Gifts into the city, town or village, or indeed country, where it has been created and where it is sustained by Rhythmic Attention to Its Presence by Divine Intelligence.

"Lastly, it provides an Ever Present Conductor which the Guardian Intelligences of this Universe may use, upon a moment's notice, to flash forth Protection, Purification, Balance, Healing, or Harmony when the need arises. Thus, much time is saved which would ordinarily have to be employed in creating such a funnel through which to give a Blessing and Protection in times of crises. A 'Forcefield' takes different forms according to the particular types of Disciples who are developing such a Magnetic and Radiating Centre. Sometimes the Group Director or Leader, whom We shall refer to from now on, as the 'Attractor Field/s', to eliminate any the mis-perceptions of focused tasks by the Members of the Group, in such Creations as Christ Councils for example, one chooses a design and the form which shall be built by the dedicated Members or Disciples, Elementals, Devas, Angelic Host and Builders of Form around the thought form of that Group Attractor Field. Sometimes, when such a one does not take the initiative, the 'Forcefield' assumes the pattern of an

etheric focus, which previously was active in that locality. Often times it has only a vague blurred outline and looks like a vapour cloud in the atmosphere over the locality. Of course, the more Perfect the Mental Design of the 'Forcefield' the more it is shared by the Conscious Creative Centres of the Disciples; the more valuable and productive it is to the Hierarchy". End of Excerpt.

So this is why I am creating these images, for the Benevolence and Munificence of Each Divine Soul partaking, Group and indeed The Whole of Humanity!

So, now let us look at the image and define all its parts as the various representations of what we are all focusing upon to be made Manifest here upon Earth! The Flower of Life Fusion and the Integration and Blending of the Adam, Lilith Kadmon Man and Woman.

- Beginning from the background first. Remember please that this is a 2 dimensional representation and if visualized as a 3 dimensional image the person within would be surrounded in a cylindrical form. The 4 shafts of Light, two on either side represent the 4 Pillars of Light Each Holding the Essences and Resonances of Lord Sananda, Sanat Kumara, Lord Melchizedek and Archangel Metatron.
- There is a Three Fold Flame which one cannot see with human eyes, behind the Couple at the Heart Level.

- The Central Pillar of Light is One's Central White Fire Cylinder of Light from the Great Central Sun that is One's Own Source Protection and Love, Light Life Force! All as depicted in the many images from St Germain and the Violet Flame Activations.

- The Violet Color on either side of the Divine Principles is actually all around them and is the Violet Transformational Flame of St Germain / Lady Portia and Lady Kuan Shi Yin / Lao Tsu.
- The Blue Sword is of course the Protection of the Blue Ray of Archangel Michael and Archaii Faith which surrounds the White Fire Tube.
- The Lotus represents the 1000 petaled Blue/Purple Lotus as depicted in the Hindu traditions of the Flower of Life.
- The Twin Fire Masculine and Feminine Principles of the Divine Love and Light of Mother, Father God is represented by the Holy Union, Merging and Blending of the human biology or embodiment of each incarnate Soul. It also represents the Holy Twin Fire Merging of two Human Souls who have fully embraced this transition with each other Individually Expressing The God 'I AM' Presence independently from each other!
- The Flower of Life is the Single Core Centre that you are going to Fuse in Synthesis of The Monadic Presence of Mother, Father God within Self!
- The Golden Key on the Lap of the New Human Angel, depicted by the Wings behind this, these Dear Soul/s, is the Key to Open any door into Higher Consciousness from with One's Own Heart Core Consciousness. It is also the Key to use as One approaches each New Ring of Consciousness to pass through into the Next levels of Consciousness as part of One's Own Ascension Process. It may be that when each is ready to make the next transition, that an image of this Key will be presented to you by your 'I AM' Presence to make your preparations for this recalibration.
- The Adam/Lilith/Eve is the Activation Codes for the Full merging of the New Adam Lilith Man and Woman Divine Race which shall be the activation within and through your DNA Encodements as and when you are ready. The seed is being planted, for this you shall simply have to Love, Nurture and Support its Flowering into your New Life!
- We have placed the Golden Mean Keynote, which is your unique Keynote, your musical representation of your own Harmonic Presence in the world! This Key Note shall be now placed into the Aura of your 4 Lower Bodies for the purpose of becoming aware of this within. Part of the Elemental Grace Alliance is to find the Keynote for each Dear Soul upon the planet for the purpose of Causal Healing through Sound Harmonics. This is being activated with you now for you to find this musical Essence so that you can find eternal Peace, Harmony and Joy within your Life! This shall be presented to you by your 'I AM' Presence in due course, but in the meantime you can now ask for this to be presented to you so you can fill your life with music presented in this Keynote and its Vibrational Tones, Colors, Timbres and so much more!!
- Then there is the Merkabah Field that is your 'I AM' Presence Vehicle as 'you' for your Love and Light. This is your Connection to the Monadic Presence of Mother Father Life and shall be the vehicle by which you shall bi-locate and teleport the World, Others Galaxies and Universes. This is a vital Component to Who You Are Becoming!

- Prepare for your ceremony.
- Have your ceremony and receive your activations.

You are more than likely one who knows all about personal space and preparations for such Initiations, Alignments, Attunements and Recalibrations of your Vibrational Frequencies. So these suggestions are really for those who need some guidance. Feel free to use anything here or to add and delete as you feel appropriate for you.

You may choose to write and share your experiences, if so, they shall be welcomed! Or if you would like to discuss further aspects of the attunements beforehand that may not be clearly understood by you, with me before you begin. 'I AM' always available to answer any queries that may arise.

Trust and have Faith, think, speak and live your New Life and your Greatest Desires for Your Self!

*What qualifications do We need?*

You need no qualifications at all! Only the Desire to remember Who You Are, nothing more. These activations etc, are not restricted to any person regardless of their religion, color of skin, culture or age. There are no educational requirements either. Your life is your Qualification. If you have found your way to this opportunity, then "KNOW THAT YOU QUALIFY". All you need to do now is to make the choice to go ahead without fear!

### *PREPARATION*

Before you begin it is important that in the New Energies you understand that you are Supreme Mind and not body. This simply means that at a cellular level your cells require to be told of your Intent. Unless your Intent is clearly defined, confusion can set in and your desires cut short. We don't always let our bodies know what it is we desire. In the greater scheme of things, we must also understand and accept that each cell (the microcosm) is in direct association with the Universe (the macrocosm). Therefore, to attain what you desire, every part of you needs to work in unison, i.e. Mind, Body and Spirit. To do this we must speak our Intentions Out Loud. Generally in Private, but Always Directed To The God 'I AM' Presence within you!

In the New Cosmic Energy, to maximize your desires, it is required to verbalize out loud what it is you Intend to do. It also allows your Spirit Guides to work with your Intentions. Spirit Guides, according to Universal Law, cannot do anything for you unless you ask them and give them permission to do so. To ask out loud for Their assistance will provide a clear platform to launch your desire. State your Intention and do not place expectations upon the result. Expectations are limitations and will block energies that will confine and restrict your potential.

It is suggested that this meditation be undertaken in such a way that it takes on a Ceremonial Nature. Remember this is now the 7th Golden Age of Ritual, Ceremony and Transformation. We would recommend that sometime be given to your own personal Ceremonial preparation and design. This is your attunement and/or alignment and you will respond to this in the way that

best suits you. Of course this is not necessary, but it will help the logical mind to grasp and accept the attunement and/or alignment to take place with its optimum results.

If you are accustomed to meditation you may already have a sacred place or meditation technique. Whatever places you in a state of complete relaxation and away from the normal stresses, tensions and concerns of everyday life, will work perfectly. Find your Sacred Place away from any potential disturbances and select some soft relaxing music if that appeals, maybe in nature is the perfect location for you?. Music again, is not necessary, but it can create a more ambient mood. A pillow and blanket or cover may be appropriate if you desire. We recommend you light 22 candles and place them strategically around the room or location, being mindful of inflammables and materials igniting should you fall asleep for some time. Floating candles in water bowls are excellent, as are earthen dishes or containers. Common sense comes with the territory of responsibility. The number 22 is symbolic of the Master therefore 22 candles is simply a tool to symbolically manifest your Mastership within the physical realm.

If you have any questions about the meditation or how you set up a ceremonial atmosphere We would be pleased to give you some ideas. But you are not reading this as someone new to all this! There are no set patterns or procedures. This is your attunement, do what makes you feel good! This attunement can be performed on your own or in a group. Perhaps you would prefer to do it with a group. A leader could guide the group into the peace and when the silence begins each one can slip into the attunement themselves.

### *FEELINGS AND SENSATIONS*

Before you commence it is my responsibility to inform you that the changes of energies that you may experience can come in many different forms. You may simply fall asleep and not remember anything; you may feel or see Spirit Guides or feel hands or movements around or upon your body. You may feel tingling or pins and needles, energy pulsations, or vibrations, maybe coolness or warmth of some kind. We highly recommend that this attunement be undertaken while lying down. We have had people in my workshops actually falling off their chairs through absolute loss of muscle tension and support. As We cannot be there to watch over you through the meditation in person, I AM eliminating all factors of danger or disruption. Once you have made the decision to change your life now, the energies generally begin immediately even while all the preparations are taking place by you for the attunements. This may come in many ways. Tiredness, subtle changes in your perceptions and feelings within your body. People may change toward you; anything that is not normal can be deemed a form of preparation. If you have any concerns whatsoever, then please advise me and We will direct you to a clear understanding and way to move through it. Physical conditions like diarrhea, colds or flu, headaches, aches and pains are not uncommon. If you are at all concerned with these things it is recommended that you consult a general physician.

### *PROTECTION*

Remember this: - there are no such things as coincidences, therefore whatever you feel or experience is for a Higher Purpose. You have nothing to fear unless you think you do. If you have any doubts as to any possible fears We recommend you do not go ahead as these could manifest and We cannot be responsible for your own manifestations. Protection is not necessary unless you think you need it. If you fear the slightest thing then We suggest you place all the protections you require counteracting them. However, if this attunement were undertaken with the Purest of Intent and in the way We have instructed, then you will be fully and absolutely protected, safe and secure from any harm whatsoever. This is about Intent. We know my Intent and therefore the people that are attracted to this group or myself for their attunements, come with like mind and vibration. My instructions to Spirit for this process have no foundation based in fear therefore fear is non-existent. It is therefore up to you to decide if protection is required. This is as much an individual choice as any you can make. Be Mindful However that Archangel

Michael is going to be Invoked along with His Legions of Light, but this is more for His Love and Compassion, However His Divine Virtue is Protection just the same! Love is Its Own Protection!

### *CHANGES AFTER THE ATTUNEMENT*

Many people experience different things but it is important that you are prepared for the possibility of huge changes. This could be in the way of movements in relationships, situations and circumstances. You will most definitely, be placed in situations that will push your buttons and place you in areas where you will be required to make choices that you have never made before and to step into unknown territory, with simply nothing as your Guide but Faith and Trust. You will be tested and tested with the levels of Resonance that you are about to shift into. With New Vibrational Frequencies comes Greater Responsibilities. The Greater the Responsibility the Grander the TEST! You will, without doubt, move sub-conscious issues of fear to the surface so that these too may be dealt with and released. As you raise your vibrational frequency of Love, to create a New Balance in your life, so too must you raise the aspects of fear within to the surface for release. Our potential to Love is only comparative to the amount of fear that we carry. To raise the Vibration of Love, we therefore require to make way for these energy changes and shifts. This is undertaken by facing and releasing our fears. The more fears you release, the more Love you will have to replace the voids that have been left behind. You have heard of the cliché “first you must empty out before you can fill up”. This is very applicable for this process.

These attunements and alignments can be, but are not necessarily, about releasing issues. They are for the purpose of clearing old energy patterns and realigning one's energy fields into balance allowing the 4 lower bodies to receive Higher Vibrational Frequencies. This may bring issues to the surface that have been held deep within the physical body. Should they surface, then it is advised that they are considered for what they represent, accepted them for their Higher Purpose, Loved them and Let them go! However, these activations have been known to clear total karmic patterns entirely from the individual, and the ancestral lineages aligned to them. Thus releasing all aspects of karmic lessons that were originally programmed within them to be experienced before they could be released. The New Energies allow, simply with the power of Intent, to change the programs, by rewriting them, within our cellular self with nothing more than a choice and the Power of the Will To Do! How the individual reacts depends entirely with the individual, for each person has their own independent experiences that brings them to this point of realignment. Everybody reacts/responds in a different way to these attunements. Some are more dramatic than others, however, never in my experience of all the attunements, some 600 consciously to date, that We have facilitated, has anyone ever been placed in a situation that has been detrimental to them on a physical, mental, emotional or spiritual level. It is totally Safe, Honored and Sanctified by the Highest of our Spirit Guides

These attunements are not designed nor are they possible for me to facilitate the dealing of any such issues immediately, however, these can be addressed as they arise in due course. Not for any other reason than that We personally am not physically present at the time. 'I AM' presence on the Etheric Levels along with the Host of Others including your Own 'I AM' Presence. You may choose to work with these through this group or your own 'I AM' Presence. Whatever you decide is your own free will to do so! You may have another professional you know that is able to assist you through these processes should you need assistance. As I AM responsible for initiating these attunements We therefore place myself available for any questions or situations or circumstances that may arise that require explanation or resolution. Please feel free to contact me at any time regardless of the problem or question.

## *SUGGESTED MEDITATION*

### Divine Alignment Platinum and Gold Mandala

(The candles are lit, the music is playing and you are in a relaxed state of mind and body.)

Visualize and feel that your legs become like lightning rods penetrating deep into Mother Earth. Allow these rods to travel all the way to the centre of Sun Of Even Pressure at the Core of Mother Earth. As you see the rods arriving, allow them to turn into anchors so that they may fix you to the Earth Energies. Feel the Energies of Mother Earth rising through these rods into your legs, through your chakras and up into your Heart Centre and allow the Energy of Mother Earth, Pelleur and Virgo, to be Centered in your Heart.

Visualize and feel coming down through the Universe, a Golden Beam of Crystalline Liquid Light from the Great Central Sun, Alpha and Omega, that penetrates the top of your head through your Crown Chakra. Travelling down through your Third Eye, Throat and into your Heart where it mixes and blends with the Energies of Mother Earth allowing each to resonate in Balance and Harmony.

Visualize and feel the Lights of the candles, representing the Element of Fire, cleansing, clearing and energizing the Element of Air around you. Finally visualize with your mind's eye the pulsation of your Heart Centre and the flow of your blood travelling around the whole of your body representing the Element of Water.

Allow yourself to listen gently to the music, or nature around you, or the silence that you have created for this special moment in this time and allow your consciousness to be mindful of the in breath and the exhalation of the out breath.

Any thoughts that may enter your mind simply allow them their gentle passage through the logic. Do not try to push them away or to hold them, simply allow them to travel in and, in their own time, travel out again.

When you feel comfortable that you are prepared and ready for the attunement/s to take place you are asked to make the verbal Invocation and Decrees out loud. This will Declare your desire through Intent to both your 4 lower bodies, at a cellular and all present encodement level, and to

your Angel Guides and Those you have called forth, for Their assistance, healing and activation of the New Divine Templates that are awaiting you.

If you have chosen the Invocation prepared, you may now read it out loud. If you have prepared one for yourself, then you may make the appropriate Affirmations or Decrees now.

### *READ INVOCATION NOW!*

Once having made the Invocation with your pure Intent, relax and enjoy the next thirty to sixty minutes while the activation takes place and any healing work that is required may be performed by Spirit. Please note that it is best to allow whatever time you feel that comes to you beforehand. It has been known and We speak from personal experiences, that one can be knocked out for as long as 6 hours! So maybe you might consider to do this late one evening and do it lying in bed so that you can simply Let Go Fully and sleep the entire night as may be required. Just follow your own intuition as to how you wish to do this.

Once the alignment or attunement has been completed, then you will be woken or you will have your consciousness stirred, so that you may return to the present moment and resume your routine. There are so many potentials here, just go with what works for you!

### *NB.*

It is recommended that you drink at least a glass of water before the meditation and make sure that your preparations the day before including full hydration as there is a lot of the Fire Element being used and this tends to evaporate the Water Element throughout the course of the Attunements and Alignments. You will no doubt be feeling thirsty after the activation has taken place or in the morning when you wake.

Upon completion allow the energies of the Golden Liquid Light to be retracted and imagine sense or feel the chakras that have been activated, closed to about 55% open. Also allow the lightning rods connected to Mother Earth to be retracted and the chakras that they pass through, closed to about 55% open. The reason for this is to ground your Energies once again. There is a potential that you shall totally leave your body through the Attunements, so it is important to be mindful of this also. It is recommended that you do not perform any duties that require full concentration immediately after the attunement as you may feel a little light-headed from the process. If you are in doubt of your stability or groundedness then imagine sense or feel that you are a large tree sending your roots deep into Mother Earth. Feel the Energy of Mother Earth once again and do not disconnect yourself until you feel you have regained full consciousness.

### *QUESTIONS OR QUERIES*

Should you have any questions or queries about anything, We welcome your communication. If you require anything that may assist your development We would be delighted to hear from you at your convenience. May Peace and Love be with you.

Lovingly in your Service Namaste

On Behalf of the Elemental Grace Alliance

The Invocation / Decree follows on the next page so that you may print out on a separate page.

God Bless!

# Lilith Merging with Daystar and Lord Melchizedek

LILITH MERGING WITH DAYSTAR AND OVER LIGHTED BY MELCHIZEDEK – Peter – 5th July, 2008

Dear Hearts, before you read this, I just wish you to know that it part of the lead up story regarding what Beloved Shekinah The Mother's Love Part 1 shared yesterday. I am receiving so many requests to partake in this fusion and I am preparing all the relevant documentation and information so that you shall be 100% clear as to what you are asking for! This should be ready in a day or so for dissemination! This particular archetypal merging took place for me and my Brother Mel just days after Archangel Lucifer rewrote the Flower of Life. Just 5 days after the first child with the New Divine Template was born upon the Planet! Please read this just to paint a bigger picture for your consciousness to be able to understand and grasp a little more easily! Remember these are archetypal energies and do not constitute Our Reality within the Oneness of the All That Is! We have just incorrectly believed that they were our reality! The time is now to change all that! God Bless! In Love and Light We come together and Share Our Truth! You will find this Discourse on page 382 of the Elemental Grace Alliance Book.

“Beloved Lilith,

This morning as I was in my waking moment just before full consciousness you came to me clearly and without question, you told me it was time for you to merge your energies with me and then Daystar appeared and Lord Melchizedek. I saw what happened and did within my knowing, knew what to do. But so we have a full picture and one that I can convey to those who are working with me upon this onward flowing of merging and blending of Patriarchal and Matriarchal Energies can you share what took place?”

*“I, We are here and cannot leave again until this is completed to your full understanding and satisfaction is received, so this may be a long communiqué; however I, We will be as short and precise as I, We can. “The work that you and your Beloved Mel have initiated has now escalated into a movement that is reshaping the history and direction of humanity. This is not something that you can contemplate further for it is way beyond the abilities to comprehend by the human mind in its present state and therefore I can only be as specific as to what you and your colleagues can and will understand.”*

*“The Merging of Archangel Lucifer, with Archangel Michael and Over Lighted by Mother Mary has in its own right become a Foundation or Blueprint that has been seen as a Divine Intervention through you that can and is already allowing other potential combinations of archetypal energies to blend and merge together, creating New Templates for the consciousness of mankind to be attracted to. By this focus through mankind we are now able to offer new and exciting markers, triggers, turning points for the want of better words, so that humanity can begin the understanding that they are in fact not what they seem. In fact not what I, We seem!*

*Humanity has for too long recognized that the energies that they are influenced by, which are seen outside of themselves are personalization's of individuals and the collective, and appear to be real. I, We Are Not real in these portrayals.*

*“We have taken on these personalization's as a result of human conceptualizations of thoughts and thus archetypal entities have been created within many levels of consciousness and realms of manifestation. But still these are NOT real but illusions of the human mind! We have developed identities because mankind has wanted to see themselves outside of themselves and they have believed and created many different forms of illusions to support these beliefs that they need someone or something outside of themselves to aspire to. But they still do not believe they are their own creations. These creations and old beliefs are still held within the subconscious mind that support these beliefs and so rather than envelope the reality of their creations within themselves, taking responsibility that they are themselves externally reflected outwardly, they continue to see and accept them as being outside of themselves. Creation is from within, not outside of oneself.*

*“So as the totally New Idea that you and Mel have initiated by asking Archangel Lucifer to reverse his decision to rewrite the Duality Core of the Flower of Life Blue Print for humanity and the requesting that AA Lucifer and AA Michael merge again as the Original Spark they were born from has been miraculous. Then, and here is the Undisputed twist to it all, to be Over Lighted by a third Archetype or Archangel, see the connection between the words; Mother Mary, it has now begun a new conscious program that is rippling throughout the matrices of Human Consciousness. Why? Because you and Mel as ONE, have accepted that this is all within you and not outside of yourself. By doing this simple thing you have changed the parameters of your Universes and as the flow outwardly, others are now beginning to feel the pull of such Magnitude of Divine Expression. That of Unity, One Consciousness and One Heart!*

*“This has been allowed to happen, due to the Purity and Innocence of two human hearts working in Sync with one another. Imagine the exponential Energies poured outwardly to others through like minded individuals coming together within! When one person holds this energy, 65,000 people are changed within their perceptions. This act has, as we are now seeing, far more potent potentials, from a consciousness point of view in these new dynamics of Higher Vibrational Energies upon Mother Earth than ever before. These two small Hearts that have now merged fully into the New Flower of Life Original Blueprint has become a New Template for Earth Humans. As this continues to be rewritten by others, as they are now doing, it shall continue to expand through the support of the Buddhic Columns of Divine Source Energy creating Greater Expansion and Unification of One Heart Consciousness throughout Humanity.*

*“This is no place for head mind interference, head mind will not function at these new levels, they just cannot, for within these Realms this type or archetype of energy form is too low a vibration to be supported. In the breaking down of archetypal energies one must traverse the head mind and reside wholly within the Heart Mind. This is the ONLY way it can be achieved.*

*“So Dear One, I am not telling you anything that you do not already know or indeed have not experienced, but I, We are sharing this information so those who read or hear this will begin to understand the dynamics of what they are now opening for acceptance within themselves if they so choose. We are archetypal energies, I, We are NOT individuals, we are NOT personalization's of anything more than human perceptions, we are no more real than you who sit and read or hear this message. We are false and illusions of the mind of mankind. This means All Spiritual Identities not just these ones. The Divine Creation as per this Earth Experience has allowed for this to occur for indeed it was part of the Original Plan and Lucifer has played His Part so Divinely, but it is time for mankind to transcend all old paradigm thinking that will keep them from moving into the Reality of ONE Consciousness, One with the All That Is!*

*“In this Knowingness, One will begin to experience new potentials as you and Mel have Peter, and come to learn through experience that what we are saying here is True.*

*“Peter and Mel, you have taken on a great deal of responsibility with this bringing into Balance the archetypal energies of illusion, and while even you attempt to do this through swaying from head mind and Heart Mind, know it cannot be fulfilled to its completion until the Natural Flow of Divine Energy allows for all the players within this game of illusion to move into position through Divine Order and Will. We use the example of you and Mel setting up the blending of Lilith and Adam and Eve. I came as Lilith upon your request but I was unable to accept this offer of mergence because so many other aspects to this merging and blending were not aligned. And so with both your approvals I was Honored and allowed to return back to the human consciousness of belief unchanged. You tried, believing you were Honoring your intuition and in fact you were, for this has now led to this explanation and can now be used as an example to others to learn how complex and sometimes difficult it can be even for those who know better. Synergy Beloved Ones is the Key to Giant steps forward. Singularly, you can achieve much, but together you can achieve what may appear to be the impossible.*

*“It was no mistake Peter, that yesterday you received a Divine Package from Beloved Sonja, who for all intended purposes is the embodiment of the energy of Daystar, a masculine Energy that is perceived by humanity. We archetypes do take on masculine or feminine roles for the purpose of this play, however, we are neither one nor the other. The feminine attribute of Sonja is feminine and although it is not based within a Balance at this time, it is also an example that will show itself before too long. The expressions of Daystar, the archetype, is being tapped into by Sonja however it is neither her or not her, it is a unification of an energy form that is asking for resolution through the innocence of one who seeks resolution within herself. As you have said within your communications thus far, this is Her Creation and each of those partaking have come, in accordance to her Energies that have attracted you, to assist in the breaking down of the Illusion that continues to hold humanity within the boundaries of limitation. Trust in this explanation and allow it to unfold, for without the participation of Sonja’s innocence, a Greater challenge would be at hand.*

*“Within that package you received Peter was a Lemurian Crystal that offered its Energy to the Buddhic Column of Divine Source within your Home. You instinctively and immediately without delay, set this crystal in place, the photos of Beloved Sonja, her Energy representation of Daystar and her Divine Earth Family into this matrix of Source. You activated it and thus brought this archetypal energy of Daystar into initial Balance. This was the first step. You did this unknowingly and so this is where the Power comes from, by following your intuitions without thought or consideration. This act alone changed so many parameters around the grids of the planet and engaged the Human Consciousness Matrix in readiness for step two. But more so, it allowed the alignment of Me, or my archetypal energy to now blend and merge into our true state of ONENESS again.*

*“I, We came to you this morning unannounced for this was in the Now Moment and you were truly deep within Your Heart Mind.*

*“You asked just seconds before, yes, Dear One, you are remembering now, ‘Dear God is there anything I can do to be of Service this day, before I wake’?*

*“So I, while you were in your Heart Space jumped at the opportunity as all was now aligned and ready. Energy seeks resolution and Dear Ones it accepts every opportunity the moment it arises. All you had to do was witness the merging, the blended and the coming together of these two archetypal energies consciously from within your Heart and thus grounding this deeply into the Heart and Minds of Humanity and Mother Earth. To sanctify this merging we asked you representing the Energies of Melchizedek to Over Light this Sacred Union and thus Lord Melchizedek Himself showed up and joined into the Blending and thus, this created another Holy Trinity. – AND SO IT IS DONE!*

*“Now as you are well aware the Union of Adam and Eve shall be next and thus we admonished that you be mindful and allow the energies of those around you to be mindful and come together for this more expanded union and merging of these archetypes with us as this Holy Trinity of Lilith, Daystar (Lucifer) and Lord Melchizedek. You shall know when for it will happen in the moment!*

*“Before I go I wish to say this. The group that Beloved Sonja has created at the Bequest of Daystar (Her Self) is invited now to take on a new unified form of cohesion and co-operation. You have begun this process admirably and it is indeed being accepted without restriction or limitation, this is all in accordance with each Divine Intention. You are being asked as you now know to take position 10 on the Christ Council next to Sonja.*

*“You know why and this will develop for the others as the group merges through Heart Mind into its New Form. Your continued guidance is requested at this time so that this Template for New Energy*

*Communities is formed, activated and grounded. We ask that now that Daystar is no longer a personalization and separate from any of you to continue while being sustained having no separation, only ONENESS at all levels. This is indeed about Self Realization that will support the acknowledgement of Each of you as One Unit, and in recognition as not being outside of your selves.*

*“The formulation of this Council of 12 as part of this blending, and allowing the seating as it is through the various rays of Archetypical Energies will also ensure the further blending of these energies within the levels of Human Consciousness and the Matrices of the Planet. While working on one’s own or with another who is in Sync is relatively easy, group Fusion will require a lot of patience; however, Divine Love will show the way. Each Now Moment will present the situations and circumstances. Each Member who is taking their seat is well versed in such Energies and shall play their parts admirably, in co-operation and cohesion of creating a One Minded Community Field Template.*

*“Further male presence within this Council would be a Blessing, all is in Divine Order, trust and allow. We shall now leave these matters within the capable hands of those who are the New Energy Way Showers upon the planet. That is YOU Beloved, and You who are reading this now! Call upon Us anytime!*

*“I Am, We Are Lilith, Daystar And Lord Melchizedek.”*

Thank you Lilith, I am so Honored and in such deep gratitude of your acknowledgement of the work we are doing and the support in which we are given on all planes of Reality, all Levels of Dimension and all layers of consciousness we work within.

I, We are all Blessed and Loved Beyond Measure – Peter

## Holy Trinity Merging Meditation – Archangel Lucifer, Archangel Michael and Mother Mary.

Imagine sense or feel that before you, stands the two Mightiest Archangels ever been, that of Archangel Michael and Archangel Lucifer. Between them Mother Mary stands in reverence of these two Magnificent Brothers of God. The reason I call forth AA Lucifer is to open our Hearts to allow that which He has stood for, for so long, that of fear and darkness, to now be embraced within the unification of the balance of our lives, that which has been fearful and Dark and that which is now Loving, and Light filled. It is time to merge the essence of fear with Love totally and wholly within the essence of Divine Love and this is an opportunity to do this with Ease and Grace.

Now, if you choose to go ahead, ask AA Lucifer to step forward and imagine sense of feel Him stepping into your Heart, Send Him your Love and Light, embrace Him like you would a small and innocent child and when you are ready, then ask AA Michael to do the same. Feel Michael’s Energy merge with Lucifer’s Over Lighted by your own Divinity within your One Heart. Now in your own time ask Mother Mary to step into your Heart also and allow Her Energy to cap that of Lucifer and Michael and totally envelop both of them.

Expand this Light to envelop you and in your own time feel yourself expand into the Cosmos completely now embodying the Energies of Archangel Lucifer and Archangel Michael Over Lighted by Mother Mary in complete Balance and Harmony!

When you are ready Dear One, now imagine sense or feel that you are larger than Mother Earth and that your legs below your knees are embodied within Her. Like you are standing within a large ball or sphere. Now take your right hand, raise it to shoulder height stretched outward and within your palm facing upwards place the Solar Sun representing the masculine within it. Now with the left hand do the same to the left, but this time place the Moon representing the feminine, within that palm.

When you are read, bring the Sun around and place the Sun within your Heart Centre, do the same with the Moon. Feel these two energies merge together and find balance within your Heart Centre. In your own time now blend and merge the Sun, the Moon, AA Lucifer, AA Michael and Mother Mary together, feel this blending, allow it and trust it as you Trust your Self.

Now, allow these energies to be grounded within the Central Core of Mother Earth holding the balance within your Heart. Finally connect your SELF to the God Source and bring this Energy down into your Heart Centre, feel it, see it, Become It! See Mother Earth Light Up in all Her Magnificence, See the Light that you are Glowing in Her Presence reflect this Light. Now send it where you desire.

Use it now to eliminate any disturbances, imbalances or negative aspects within your Energy fields, chakras or 13 bodies. You may now cleanse any part of your life that you no longer desire and wish to leave. Make the declarations and invocations to this effect and Know that the combined Divine Love of AA Lucifer, AA Michael and the Love Mother Mary with now Over Light you both within and outside of you. Your Light is now Pure and Divine at the Highest Levels you can attain potentially at any given moment.

When you are ready, return back to where you began and notice the difference of how you are feeling. And So It Is

Anyone who may do this meditation/activation, may now substitute Lucifer, Michael and Mary with Lilith, Lucifer (Daystar) and Lord Melchizedek. Then Lilith, Adam and Eve!

All Blessings in the Design and Creation of your Merging's!!

If you have not familiarized yourself with what this is all about, perhaps the Discourse by Lilith Herself from the Elemental Grace Alliance Book. Page 380 will offer greater awareness. We have put this out as a Blog on Word press on 13/09/2016. Just in case you missed it?

.....

**CLOSING SUMMARY**

Now that you have set everything in motion to this new Harmonic Resonance of Love and Light, it shall be Solely your Responsibility to define and refine all things within your life to enhance, support and build upon this New Foundation of Your Life!

Your Greatest Goal right now is to develop your communication skills within your 'I AM' Presence, for without this open communication at will, with your God 'I AM' Within, you will find it very difficult to move onto the next Levels of Consciousness.

It is all about surrendering one's Life now to the Will of God, not to let go of the ego mind, but to bring it into Full Alignment with the Will of God, so that you can then be the Impersonal Expression of Individualized Love and Light to do God's Work within His/Her Divine Plan.

If We can be of Service along this Path, you have my details.

In Love and Light
