

## 'Cosmic Communion'

### Gene Key 45

Moving from *Dominance* to *Synergy* to *Communion*

**The Shadow (Ego/Human) level of this genetic code is Dominance.** When you look at the core reason for the major problems on this Planet you find that they all centre around a single issue – food. Because humans have to eat to survive, food is symbolic of real power. In today's modern world, food is symbolised by money. As long as you have enough money you can survive. The human need to find a place of security in the hierarchical chain is based upon Dominance. That is to say, you always have to push someone else down in order that you can rise up. We remain victims of the Shadow of Dominance whilst we live for ourselves rather than each other. It is a fear based system focussed upon the oppression and dishonouring of other human beings. We live during an uncomfortable transitional era. As the old family-based tribal system is beginning to crumble around our ears we are left with a profound social instability. This does not mean to say we cannot bring about a revolution and improve the old system. Every single human being is an unconscious participant in the world we see around us.

**Repressive Response: Timid** The repressive side of the 45<sup>th</sup> Shadow is made up of all those individuals who bow their heads to authority. These individuals allow their spirits to be dominated by those higher than themselves within the hierarchy.

**Reactive Response: Pompous** The reactive side of this Shadow enters the fray by becoming obsessed with climbing up the hierarchy pushing others down to reach a high position. Both are caught within the Shadow, one as a victim the other as a victimiser.

**The Gift (Soul) level of this genetic code is Synergy.** Beyond hierarchy lies a far more expansive concept. It is known as heterarchy. Heterarchy is based upon Synergy the 45<sup>th</sup> Gift. Unlike hierarchy, it recognises the need for both individual and group empowerment, so it operates at a far higher frequency than the hierarchical model. This leap out of the old fear based territorial thinking will require that those who hold positions of power and authority have to risk giving their authority away. For someone in a position of true power to give complete authority to another is to perform an act of pure alchemy. This is what the 45<sup>th</sup> Gift is all about. The 45<sup>th</sup> Gene Key and the 16<sup>th</sup> Gene Key (whose Gift is Versatility) from the Ring of Prosperity, a high frequency means of generating vast abundance across gene pools. What these two Gene Keys point to is that the more we diversify our resources and unite them, the more successful and efficient we will become. The 45<sup>th</sup> Gift is also deeply concerned with education. In order for world poverty to come to an end, people must be self-empowered rather than rescued. As the energy of goodwill and sovereignty is released through the 45<sup>th</sup> Gift the whole purpose of money will gradually begin to change.

**The Siddhi (Oneness/Spirit) level of this genetic code is Communion.** The traditional notion of Communion is rooted in the Christian rite of sharing bread and wine in memory of Christ's last supper. When Christ spoke the words 'This is my body' he was speaking from a collective level. Humanity is a collective body that is united through its bloodlines in a common ancestry. At the level of the 45<sup>th</sup> Siddhi we move beyond the need for money. In the 45<sup>th</sup> Siddhi all the various strands of human DNA finally come together. It is the Cosmic gathering point for higher consciousness. In the 22<sup>nd</sup> Gene Key we are given the Nine Portals of Planetary Initiation, of which the Sixth is the Initiation of Communion. *"Communion involves the direct imbibing of Divine consciousness at the altar. In entering into this field of frequency, you are transcending all sense of being separate from others. This is symbolised by the blood of Christ and the final breaking up of the karmic residues held in your DNA. For the Grace of Christ to enter you, you must be willing to make the ultimate sacrifice – to give up your lower bodies and their desires, feelings, memories, dreams and knowledge and to be taken over by a greater being who has all along been waiting within you. To enter through this great Initiation is to die into the second aspect of the sacred Trinity – the Christ"* Synarchy is the overall pattern of humanity operating as one consciousness. It is the mechanics of the mystical state of Communion.

**Side Note:** This Gene Key is one of two (16,45) in the Codon Ring known as the "Ring of Prosperity" There are 21 Codon Rings within the DNA. These rings are chemical chains that relay biological information between each other in fractal manner. The body acts as a bio computer organizing multiple levels of information. 20 amino acids are combined to create the chemistry needed to respond to the environment.
