

INVESTMENTS, DISPENSATIONS AND GRANTS - EL MORYA- 11TH SEPTEMBER 2017

Beloved I Am, I call upon Beloved El Morya to share with me some words of advice that can be shared with others of like mind, and whom are awaiting greater awareness to take the next steps toward their days of Greater Initiations to Serve Humanity, The Earth, The Elementals, Devas and Angelic Host Kingdoms. Bless You Dear Heart!

Beloveds, I Am El Morya, Chohan of the 1st Ray of Empowerment, Will-to-good, individuality, vitality, singleness of purpose and clear vision. This First Ray is primarily concerned with owning your personal power, and aligning your will with the Divine Will of God. This First Ray, along with the second ray of Love/Wisdom and the Third Ray of Divine Intelligence, also called the threefold flame of Power, Love and Wisdom, imbues all the rays with aspects of their Divine qualities, so you are all working with these ray qualities to some degree. Many people still choosing the victim/persecutor consciousness are integrating the qualities to this First Ray, and the vibrant energy associated with this Ray, which requires you to detach yourself from control and domination issues, and become the empowered “warrior” of Divine Will. In so doing, you will truly understand what it is to wield power, rather than submit to it.

The first magical image associated with this Ray is one of a mighty warrior on his chariot, armed and crowned, going forth to war, his strong right arm protecting his people and ensuring that justice shall be served. The warrior knows when it is time to utilize positive anger; ensuring respect and wisdom through the correct use of Will and Power, Love and Wisdom. Although this dynamic right action may occasionally appear as “confrontational”, there are times when “waiting for things to happen”, are inappropriate methods of conflict resolution, and hence many socio-political Souls operate primarily from within the emanations of the First May department. The second magical image associated with the first ray is that of a hermaphrodite. The energy associated with this image is about bringing into balance the Divine masculine and feminine energies, combining power with Love, and bringing a deeper level of integration and equilibrium.

Beloved ones, those who know me will know my philosophy is this—life is not worth living when it is lived, even for a moment, outside of the Will of God. It is this awareness that gave to Mary the Mother the intensity of her concentration to bring forth the Christ, because it was ordained, because it was the will of God. This is reason enough for those who have risen above the mists of self-indulgence to perceive the crystal clarity of a cosmos, a cosmos all aligned with the Will that is the Supreme Love of the Creator in the creation.

From a complete mechanical standpoint, your radio programs are conducted only as far as the beam of the local station can carry the vibrations, dependent upon the force field which is the power behind the beam. The same Natural Law controls the direction of Spiritual Energies, Blessings and the Powers from the Octaves that are above the Earth plane.

If it were possible for Us to Direct and Expand Our Energies in an unlimited degree through the atmosphere of Earth, without the cooperation and assistance of mankind to be benefited, We would long since have transferred the Ascended Masters' Octave to and through the Earth, and have done away with all the tedious business! However, the Natural Law allows Us to Bless the Sphere below Our Own through the Energies of those who are presently a part of that Sphere. The statement that "God needs a body" is a Spiritual Truth; even the coming of the Christed Ones have been affected through a natural body, incarnated, in every Spiritual Cycle.

As I have explained in previous communications with others, We are only allowed a certain amount of Energy in a given Cycle of Time to Invest in the Evolution of the Human Race. Whatever contributory Energies We can receive from among the Race to add to that store, is just that much more Capital with which We May Work. The Great Impersonal Cosmic Law demands a Balance for the Investment of Spiritual Energies in the Soul growth of those throughout mankind whom We are endeavouring to reach through a specific endeavour to Serve. If We show such a balance, almost without question, the Law gives to Us Additional Energies to further Our/Your Causes.

You will see then, as We draw Together a few chosen Life Streams to become a Spiritual Force Field through which the Radiation of the Masters may Bless the Entire Race, so that the Greater the Power Focused through that Force Field, the more far-reaching are the results in the Transmutation of the thought and feeling centres of mankind. Those Energies which you draw forth through Directed Thought, Affirmation or Decree, through songs or contemplations or aspirations, become the Conductors through which the Masters Address reaches into the Consciousness of the people and through which the Masters' Radiation Blesses the Inner Bodies as well. These that have been drawn forth through and into the Elemental Grace Alliance that has now attained certain levels of Master Sponsorship, Investments, Dispensations and now Grants for greater Authoritative Instructions to be engaged and acted upon.

So, I wish to remind you however, that there is a specific moment when the climax or apex of the preparations are completed, the Master Stands Ready, and that is the moment to allow His Presence precedence. You will feel it as you Attune yourself to the Preparatory Work so do not let it pass you by, for it is neither courtesy to Them nor efficacious to the Work Itself. Build to your climax, turning the Energies and Attention toward any coming Presentations, (any reading or Discourse or sharing of the Masters' Addresses) so that the mental and feeling energies of the Disciples are ready in waiting for the moment He is ready to Step into the Created Aura to Energize it with His Love.

We are no longer dealing with the Spiritual amateurs that seek amusement or satisfaction of the cravings of the mental or emotional worlds. We are dealing with Life Streams who are willing to become Bridge Builders through the Investment of Their Own Energies in the preparation of the Auras through which the Masters can influence and affect the greatest number of people. This can and should be explained to each Disciple and they should happily and joyously desire to contribute their Individual Energies in such preparation for His Own coming alongside the Masters as Their Sponsors.

We can linger no longer in the personal self. We have to Now go forth to Build a World in which PERFECTION shall be apportioned to every man, woman and child! The Spiritual Sound of the Fire of My Heart Will Inspire those of you who wish to Join with Me in this Mighty Service. To those who choose to remain I say, "You will cross on the Bridge that shall We Build, one day, in safety, in a great deal more comfort and in a great deal more Peace. I cannot Force you to be among those who are the Builders of the Bridge, whose very bodies are sacrificed to the tasks, whose consciousness is opened to the almost super-human release from Our, The Master Sponsor Octaves.

There is blood and sweat and tears in the Service of those who choose to respond to the "Call" of the Spiritual Cause! For those who choose to wait, there will be a beautiful White Bridge made up of the Electronic White Fire Light of those Life Streams who have lived and died in Service, and it will be soft to your feet, It will be safe to your worries and concerns and the raging torrent beneath will have no danger for you! Someone who had gone before, will have stood to his/her neck in that water, and perhaps been washed away in the raging flow of its turbulence and chaos. These are the men and women who are the Builders of this New Golden Age of Cosmic Consciousness. Those of you who are ready have been

given My Individual and Collective Counsel and Opportunity — benefit yourselves of It, if you choose. Either way, We carry on with or without you!

Beloved Ones, having delivered Myself along with My Message, may I assure you I also have developed, which was an essential ingredient of My Own Release, a sweeter side! I have spoken officially here, and now I speak to you as a Friend — I Love You! I Love You enough to Stand before the Mighty Maha Chohan and implore Him to give Me the Opportunity to Contact a few of you, and to prove that there are incarnate Life Streams who can believe in Intelligences who have no way and means of reaching the Outer Consciousness through the Veil, except through such an instrument as He/She would allow within themselves through Self Appointment, dedication and Commitment with Honour, Hope, Trust and Faith alone! I have pledged My Life, a Great Store of My Personal Individualized Energies harnessed reluctantly for I Am a Free Born Man in My Own Right, and I have written countless words harnessing the Energies of My World to coax you to understand that which is before you!- The Call is given. We await your Answer and Your responses! Thank You!
