

## INTRODUCTION TO THE 14 RULES STUDY MATERIAL FOR THE SUN OF EVEN PRESSURE COUNCIL — DJWHAL KHUL - 28<sup>TH</sup> OCTOBER, 2017

*“Beloved Master Djwhal Khul, I apologize for the delay in this connection with you, but I am here now and open to receive your valued sharing about the subject matter you have been giving me glimpses of over the last week or so. I have now placed the rest of my day before you and your sharing. Bless You Dear One!*

“Dear Soul, I am not asking for you to place your day before me or my sharing, I am asking simply that you give what I am about to share some deeper Reverence, Approbation, Respect and Self Esteem for the purpose of understanding on a much grander scale exactly what you and your Brothers and Sisters are all about. You have been told by Beloved PA, (Pallas Athena) and MR (Master Rakocsy), of the importance of the Elemental Grace Alliance and the Sun of Even Pressure Council Divine Plan, and I come today to expand upon the Practice and Qualification of this Importance to the Work you are being called to do. That is why PA and MR have been very meticulous and direct in Their Addresses to this Group for and on behalf of the Divine Universal EGA Plan. To accomplish this Work with greater outcomes, you are going to need far more information to assimilate within your own consciousness, for a more Focused Projection of your Intended Decrees and Invocations. And this My Dear Disciples shall embrace facing more clearly the disparities of glamour within the spiritual communities that are so ripe today! The EGA cannot become caught up in ANY glamour projection or situation. They will come, for they shall warrant the opportunities to test your attractions, urges, appeals and desires as Disciples with the Cosmic Authorities within you.

“I have been with each of you over the last few weeks and infusing My Consciousness with you to assist in the amalgamation for your Purpose as a Single Group or Entity who requires continual Qualification to adhere to the Powers of Love, Wisdom and Authority from which to Project Your Decrees and Invocations to those of the Higher Realms you submit them to. I will ask Peter to quote from several references due to his inability right now to comprehend the Fullness of what I wish to offer you for expanded awareness, and then I will hopefully simplify it in words that you can understand or at the very least appreciate to be helpful and True.

“I have a lot to cover in a short period of time, so your full concentration and focus is called for! As part of My Guidance and your Pledge to Support Me in My Quests and Higher Work I too Demand your Obedience! This is not an uncommon Demand from the Masters to Their Initiates, Chelas, Students or Disciples and it stirs up the emotions of those who do not truly understand what is being called for here. I shall explain this, for you need to know, without any shadows of doubt! It will assist you in further understanding the Levels of Commitment and Dedication that IS required once you make any Decree, Pledge, Invocation, Command or Demand through your I Am Presence at these Levels.

Many Dear Souls make such Decrees and Pledges calling forth their I Am Presences’, but do not have their Hearts, Minds and Souls Fully Embodied in the Calling. And this Dear Ones is sacrilege and irreverence when it comes to your promises to Stand Forth through Your I Am Presence in your Decrees, Pledges and Invocations. ESPECIALLY NOW that you have been given the Cosmic Grants; *‘by the Cosmic Law of more than Ordinary Release of Instructions into the Combined Force Field, known as the Elemental Grace Alliance, and the official Acceptance of the Cosmic Laws to take possession of the atmosphere of Earth becoming the Authority of what is to act here, through you, The Elemental Grace Alliance Council and The Sun Of Even Pressure Council’.*

“Believe Me when I say to you, you cannot afford, for a single second take these responsibilities as mere phrases within the human language. THEY ARE NOT! They are the Words of the Cosmic

Laws that this Universe is bound by and so They are not only REAL in what They State, but They are the Very Words Sounded Out for Creation ITSELF! So to understand Them more clearly and your Responsibilities toward Them, The Demand upon your Obedience is Absolute and as St Germain spells out in His Discourse within the Elemental Grace Alliance Gatherings, it is validated by Him also”,

Excerpt St Germain

*“Oh, I plead with you, Beloved Children of the Light who have been in this Light for sufficient years and Who have awakened as Way Showers: never allow your human self or anyone else to cause you to question for one second your ability to build your Temples or to make your Ascension, even in this embodiment. I tell you again that age as you know it, has nothing whatever to do with it. The Expansion of the Light within you has everything to do with it, and the human self knows nothing about that.*

“The Pledges you take will be to your own I Am Presence and no one else. Do not, please, I press upon you, go into those Groups out of curiosity, wonder, speculation or even awe, unless you are absolutely willing to fulfil that requirement to which you have and must Declare your Intention by placing your Name in Covenant of the Calling. You may not understand yet what it means, or, the Action of the Law, when unfaithful to your Own Light. So I tell you this in advance Dear Ones. Your Heart has always been willing, and now your intellect may say, ‘Yes, I am willing to abide by this.’ But please, please remember, you will be acting under the Law of Your Great I Am Presence, the ‘All Seeing Eye of God’, Your Mighty Christ Jesus Within, from which no single motive or act is hidden. The Messengers have pleaded with the Beloved Disciples for so long, yet they will still go on doing the things that they know in their Hearts are a tragic mistake, regardless of what they believe is right in their Hearts”.

End of excerpt

“So I tell you, Your Obedience is indeed **ABSOLUTE**. Not to Me or any other Master, the Obedience is to your Own I Am Presence and the Cosmic Laws that Act Out Here! You must be Obedient to The Truth of That which you Decree, Pledge and Invoke with every ounce of your Beingness. The slightest variation or waiver from Your New Path, shall be answerable to the Laws of Your I Am Presence, and the Karmic Wheel of Life will apply. You have taken on a huge Responsibility Dear Ones. I shall say no more on this!

“I now wish to elaborate on your positions Dear Hearts, One’s who have accepted such Roles as have been Granted unto you. I will ask Peter to now copy from the Alice Bailey book The Rays and The Initiations, an excerpt of the Introduction of Rule Eight pages 147 and 148 of the book. (PDF Page 78) After which I will offer some further explanation.

“RULE EIGHT

“Rule VIII now comes up for consideration. The previous Seven Rules have been of a wide and general connotation. They have been largely postulates, emphasizing Group life, Group Planetary relationships, and the fundamental Science of Invocation and Evocation which underlies all world processes, which is the inspiring energy behind all evolutionary unfoldment, and which creates the medium or channel of related communication between the great Centers in our Planet, through which the life of our Logos flows and His purposes are worked out. I would remind you that the creative

process was initiated by Sound, and in that Sound the Logos both invoked and evoked. He issued the call and He engineered and implemented the response and thus the "Army of the Voice" (as The Secret Doctrine calls it) came into being.

“The Head (the idea), the Heart (the ideal) and the Throat (the creative agent of the resulting idol, the temporary and fleeting expression of the ideal, inspired by the idea) came into being; three great Centers emerged in time and space and—at this point in the evolutionary cycle—we call them Shamballa, the Hierarchy and Humanity. With these fundamental factors the first Seven Rules have been occupied, and I have tried to help you to see their significance somewhat, from the angle of the initiate-consciousness. We come now to a close consideration of this Rule VIII, where it might be said that the specific Rules for the training of initiates begin. These remaining Seven Rules must be studied most carefully from that angle. They are not susceptible of casual and superficial analysis. I realise that only those who have taken initiation will be in a position to grasp the esoteric significance of the words I use and of much that I may say, but it is for them I write; their numbers are even today more than are suspected, and their ranks will steadily increase, both through the strenuous effort of Disciples in training to "make the grade," and through the coming into incarnation of initiates of all degrees—some of whom are the children of today”.

*“For the Purpose of this Discourse I shall say to each of you, this is but a very short introduction and I would Advocate that each of you study more carefully and with Great Due Diligence all Rules associated with this Chapter “The Fourteen Rules of Group Initiation”. You need to study these Rules for these are the foundation for that which you have Decreed and Pledged now, and are now Under Cosmic Law to apply. I am not asking you to understand it all right now, for that will not happen so quickly, but at least read with intended focus and allow the words to permeate through your entire Being. There is no use in Reading the Elemental Grace Alliance, The Christ Letters or any other book of words and then go and make such profound Decrees and Pledges without knowing the Foundations for which you have Decreed and Pledged. It is a step by step incremental opening! It is like Beloved God Mother Vesta, PA, MR or any other Master who makes a Pledge or Decree or Investment of their Energies in You, the Laws must apply and for that to happen consciously one has to know these Laws consciously, and They do!! You do know them already, else you would not have been Granted such Dispensations and as you may decipher yourselves as you study, the EGA is actually applying those Laws without full conscious awareness. Now I wish you to know the intricacies of how you shall do what you have Pledged to do consciously! This is the Cosmic Law of more than Ordinary Release of Instructions into the Combined Force Field, known as the Elemental Grace Alliance. Yes my book is there for study by any person or Group, but I Am here to give you first hand application of instructions as my Pledge to you! Peter Please, now the next excerpt!*

Excerpt begins

“Rule VIII.

*“For Applicants: When the Disciple nears the Portal, the greater Seven must awaken and bring forth response from the lesser Seven upon the double circle. For Disciples and Initiates: Let the Group and within itself respond to the greater Seven Groups which carry out the hierarchical will with love and understanding. The Group contains all Seven, the perfect Group. The lesser Seven, the greater Seven and the Planetary Seven form one great whole, and these the Group must know. When this is realised and the Law of the Supplementary Seven is understood, let the Group understand the Three and then the ONE. This they can do with the united breath and the united rhythm.*

“On the surface, these Rules appear to be one of surprising complexity and immense difficulty. It deals with so many Groups and septenates and this seems to complicate understanding considerably. Yet every person in the world is dealing with the multiplicity of units and combinations of forces which make up his entire daily life and which create his environment and his life circumstances. Life would be simple indeed if the average man had only Seven factors to consider, with which to conform, to work with and to use. Advance into the world of spiritual values and into the realm of triadal existence (in which the initiate moves) is definitely an advance into simplicity. It is an advance from the complications of the multiplication table and its resultant arithmetic into the simplicity of the symbolic formulas as used in the higher mathematics; it is a moving out of the world of kaleidoscopic figures in constant movement, into the world of meaning; it is a process of getting behind the world of effects into the world of causes, realising that one simple cause or directed movement of energy can set in motion a myriad of effects.

“The way of the initiate is not a complicated one, once he has grasped the fact that he must release himself from the world of seeming and of illusion and stand free in the world of Light, where all stand clearly revealed. Then he can begin to face the lessons and take the training which will enable him to handle energy—having released himself from the control of forces—and begin to direct energy in conformity with the great Plan. The complexity lies in the thinking of the neophyte. The initiate knows it not. First let us clearly define the various septenates referred to in this Rule. I will first tabulate them in the order of their appearance and define them, and then I will enlarge upon them in order to point out where the training enters in, where the Rule applies, and how the embodied Rule is in the nature of a Law which the initiate may not evade. I would ask you here to refer to what I earlier said anent Rules, laws and orders when starting with you in this particular study.

#### **“1. The Seven greater Groups...The Seven Groups or Ashrams within the Hierarchy.**

##### **THE HIERARCHY**

- These carry out the hierarchical will, which is love.
- They work through love and understanding.
- Each is presided over by a Chohan and a Group is called an Ashram.
- These major Ashrams have many affiliated Ashrams, presided over by a Master on the same Ray as the Chohan, and are capable at any moment of being absorbed into the primary Ashram.
  - The perfect or complete Group is the Hierarchy itself, containing all the Seven major Ashrams and their affiliates.

#### **2. The Planetary Seven Groups...the Seven Rays, the central septenate of energy.**

##### **SHAMBALLA**

- These embody the will of Shamballa, which is divine purpose.
- They work as life energy, as quality, and produce appearance.
- Each is presided over by one of the Seven Spirits before the Throne; by one of the Seven Ray Lords.
  - Each of these Rays has its Seven sub-Rays which relate it to all the other Rays.
  - These Seven Rays can, under divine purpose, be re-absorbed into the Three and then into the One.

### 3. The lesser Seven...the Seven types of men and also the Seven Root Races.

#### HUMANITY

- These embody the Intelligence of the Logos as it expresses itself through creativity.
- They are learning to work intelligently with matter in order to develop love in response to divine purpose—which is will or life.
- Each of the Seven types, responsive to one or other of the Seven Rays, is conditioned or Ruled by its prototype, the soul on its own plane.
- These major types or races of men have many sub-races and subsidiary types, developed during the evolutionary process; all will eventually demonstrate the Seven major types.
- The perfect type is the Christ, the Heavenly Man, Who expresses all the major types and Who is the "pattern of things as they are."

### 4. The supplementary Seven...the Seven Centers of Energy in the individual man.

#### HUMANITY (Living in The One)

- These together embody the combined forces of the Planetary life as registered by the perfected individual. They will eventually enable the man to achieve perfection. They enable the individual to respond to material forces, to soul energy and spiritual life, and they constitute a complete response apparatus to the Planetary life, purpose, intent and form.
- Each of the Seven Centers is responsive to one or other of the Seven Rays and their qualities under the conditioning energy of the soul Ray and the forces, emanating from the environment.
- These Centers develop progressively and under the impact of circumstances and the Law of the Supplementary Seven, but all will eventually express in some measure the Seven types of Ray Energy.

The Law of the Supplementary Seven can be worded as follows:

- The Law demands the entrance of that which can effect a change.
- The Law demands that right direction should then guide the entering forces.
- The Law demands that the changes thus effected remove the form bring quality to light and lay the emphasis upon life.
- The Law demands that this is brought about by the One, working through the Three, energising the Seven and creating the straight line from there to here, and ending in a point which ignores the Three.

“When, the Rule goes on, this is understood and applied, then four things happen:

- The Group must understand the nature of the Three.
- The nature of the One must be grasped and comprehended.
- The Group must work through the medium of the united breath.
- The Group must attain a unified rhythm.

“Here you have a relatively simple analysis (on the face of it, though not in reality) of a complex Rule which the initiate has to apply to himself once he has grasped the significance of the Seven basic postulates. The first Seven Rules provide the framework within which his work has to be done. The last Seven Rules concern various significant matters which, step by step, are revealed to the initiate as his consciousness is expanded. They relate to:

- The work which the initiate must accomplish within himself.
- The Group relations of the initiate and his absolute need to work with his Group and as an integrated and conscious part of it.
- The place which invocation and evocation must take as instruments in his pledged intelligent service.
- The blending of the four lessons which the applicant has to master and the four lessons which the initiate has to complete in order that a complete fusion of personality and Monad can be brought about.
- The significance of resurrection and ascension, particularly the latter, because little has been given out to date anent ascension.

“There are certain major frameworks (if I may continue to use this phrase) within which the initiate has to learn consciously to work, recognising them for what they are; once he has learnt to master that which lies within some particular framework, he finds that it is only a part, a small fraction, of a still greater whole, within which he must also learn to function and play his part”.

*“What you read above is an outline of the Structure and Foundational Rules that now apply to you on EVERY Level, and which are calling for your conscious wakefulness. Until you have responded to these, bringing this knowledge to the forefront of your mind, you shall remain at the Threshold of the Portal, where the greater Seven must be awakened and brought forth the responses from the lesser Seven upon the double circle; the greater Seven being that of the Hierarchy, the lesser Seven that of Humanity. Through the diagrams I will ask Peter to include here, you will see that eventually we shall have a free circulation of a veritable vortex Force Field set up between the three Centers; The Hierarchy, Shamballa and Humanity. This increase of Energy flow will become very potent within its increasing Radiatory activities that move in both directions (the double circle) that it will eventually contact the Radiations emanating from the other four Centers of the Planetary Life. This shall complete the interplay and interrelations between all Seven Centers. You cannot pass through this Portal until you have absorbed this in Truth and Understanding.*

*The lower four Centers include the three lower Kingdoms of Nature and a certain basic Center at the base of the spine in man about which nothing much is known yet. These Kingdoms are for your information, The Mineral Kingdom, The Plant Kingdom and The Animal Kingdom. These, My Brothers and Sisters are Now your link to the Perfected States for the Foundational Interplay for all your future activities. I make reference here to what is transpiring within your lives as you presently become aware of these three lower Kingdoms making their ways to you, making themselves known to you. You are going to be required, not just to connect, but to communicate with them ALL. As the communiqués validate this, that which has been presented to you of late, it is your responsibilities also now, within the framework of the greater Seven Groups from within this EGA Divine Plan to fully embrace.*

*N.B. The purpose of which shall be to align each specie within each Kingdom to the Combined Force Field of the Higher Seven Centers, The lesser Seven Centers, the Planetary Seven Centers and the*

*Supplementary Seven Centers. First the 3 and then the One. Understand this and you are opening a new chapter of Evolutionary Life here upon the Planet Earth for the Planetary Logi, from the lowest forms of life to the Highest! I urge you to take this in as deeply as you can. IT IS VITALLY IMPORTANT for the progress of this EGA Divine Plan.*

*This may seem complicated and it all takes much time to grasp, however, when a certain measure of success has been achieved, when the Initiate's understanding is somewhat enlightened and the use of his energy and his powers of projected direction with Decrees and Invocations, being intelligently applied, the work within the framework of the greater Seven Groups can be expanded with greater results. I tell you this Dear Ones, for already you are working within the Etheric Radiance Activities of the Hierarchy, you are using intelligent application of your Intentions and the results, although not seen directly by you, are manifesting as sure as you send them forth! The Power that will exponentially increase will come from the United Breath in Rhythm. You see Dear Hearts, it is happening indeed and all is in Divine Order. So now we come to the Law itself, The Law of the Supplementary Seven. The excerpt please Peter!*

*Excerpt*

“This Law of the Supplementary Seven is concerned with the inflow of energy from the Seven Planetary Centers to the Seven Groups or types of men, via the Seven Groups within the Hierarchy. In this work of transmission the Seven Centers of the initiate are used as agencies; their work, therefore, is not the interrelated work of right transmission of energy within the septenary constitution of the etheric body of the individual initiate, implementing his life expression, but is the task of being responsive to the Seven types of Planetary energy which are received in a pure state. It is then channeled through the Seven Centers in the initiate's etheric vehicle and out into the world of men as regenerative and constructive forces. These living spiritual energies—transmitted by the individual initiate from the Planetary Centers—are handled by him under a great uniform plan and are the means whereby salvation (to use an old familiar word) can come to the aid of humanity. This is the “*saving force*” in its various aspects, of which the Great Invocation speaks: “*The hour of service of the Saving Force has now arrived*”. (The Externalisation of the Hierarchy, page 249.) The high Initiates (Those above the rank of Master) work with the energies coming from the Seven Planets of the solar system at this time active; these feed or implement the Seven Planetary Centers. But the Law of the Supplementary Seven is applied by initiates below the rank of Master, and they are therefore working solely with the Seven Centers within the Form of the One “*in Whom we live and move and have our being*”.

End Excerpt.

*I identify for you then the responsibilities through the Grants that you have now accepted and the Knowledge that indeed this is not about the Hierarchy or Shamballa to complete the Double Circle. It is you Humanity, as the Supplementary Seven and the Seven Chakras of mankind. You Dear Ones are Representatives of Humanity that have through your knowingness or unknowingness have now taken on board to complete along with all those whom will join you or follow suit within their own Divine Plans within the Form of One, in Whom we live and move and have our being! When this is realised and the Law of the Supplementary Seven is understood, let the Group understand the Three and then the ONE.*

*What is the One within this reference? This has reference to the fact that our Planetary Life is Itself a Center within a still greater Life, and is today one of the three Planetary Centers (even if not yet one of the Seven sacred Planets) which are the custodians of the Force, in process of transmission, which will be to the greater Life what Shamballa, the Hierarchy and Humanity are to Our Planetary Logos.*

Let us look at the diagram now Peter for greater clarity. Thank you.

As you can see here the Double Circle rotating in both directions.

There is so much more that relates to this triadal existence and I will once again advocate your due diligence to follow all this through in the fullness of the entire I4 Rules.

Before I close this day I wish to share with you now the criteria for this Discourse. That part which shall be your Grace and Joy once Mastered.

Within the Elemental Grace Alliance Discourses this subject has been highlighted by several Esteemed Members, Peter can give you the Discourse references later, but as you now are aware, the Seven Centers, regarding the physical manifestations upon earth include the 3 lower Nature Kingdoms; the Mineral, Plant and Animal Kingdoms. But to do this you are going to have to Work extremely closely with the Elemental, Devics/Devas and Angelic Host Kingdoms. You have been told that there exists a Holy Trinity that once existed in its perfection but since has fallen into mis-creative activities that have now been reunited as part of the Work of this Elemental Grace Alliance Divine Plan. This is only partly True for the Completion of the Bridge Of Consciousness between the Elementals, Devas, Angelic and Nature Kingdoms and that of Humanity. We are now on the way to take this to the next levels of re-Unification; that of the Holy Trinity of Humanity (the Supplementary Seven Humanity within the One), The Elementals and the Devas/Angelic Host. In the Manifestations of Perfection this Holy Trinity MUST be reunited within the consciousness of mankind before Perfection of Precipitation can come into form. You were told mankind holds and projects the desire to create, the Elementals create that desire with the formation of a matrix and that matrix is filled in by the

*Devas/Angelic Host with Love Substance. But there is more you need to become aware at this juncture of your Decrees and Invocations.*

*We now move to Rule 10 for a better understanding of the Devas. It is important to realize here also that the Devas are part of the Angelic Host. A very vital part indeed! Excerpt please Peter!*

## RULE TEN

“We now come to one of the most abstruse and difficult of all the Rules for initiates; yet at the same time it is one of the most practical in application and of the greatest usefulness. It concerns the etheric levels of activity. I would have you note that I did not say the etheric levels of consciousness, for there is no such thing as consciousness upon the etheric planes.

“The four planes which constitute the etheric levels of the physical plane are the lowest correspondence to the four planes whereon the Monad and the Spiritual Triad are active, and—as I have oft told you—upon those levels there is no such thing as consciousness as we understand it. There is only a state of being and of activity for which we have no adequate or illustrative words. The four higher planes of our solar system are the four cosmic etheric planes, and one of the lines of development (confronting the initiate) is to function adequately in response to the life of the Planetary Logos upon those planes. That, in the last analysis, constitutes the main field of unfoldment and of acquired wisdom for all initiates above the third degree.

“In the above paragraph I have presented you with a new concept re initiation—one that has always been implicit in the teaching but one entirely and completely untouched as yet in any discussions on initiate-training. In the Rule as given to applicants, the Disciple is cautioned to work within those levels according to the methods of the deva or angel evolution. The Rule runs as follows: The Army of the Voice, the devas in their serried ranks, work ceaselessly.

“Let the Disciple apply himself to a consideration of their methods; let him learn the Rules whereby the Army works within the veils of maya. These particular devas in "their serried ranks" are the directive agents of the divine energy which implements the purposes of Deity upon the physical plane. They work only on etheric levels—either upon our physical plane or on the cosmic etheric levels. They are therefore active in the realm of maya, which is the etheric plane as we usually understand it, or upon the planes of the Spiritual Triad.

“They are not active on the three gross physical levels or upon the astral or mental planes, nor are they active upon the highest or logoc plane. There they are implicit or latent but not active. They are the great "impulsive factors" in manifestation, organising substance, directing the multiplicity of lives and beings who constitute the forms through which God expresses divinity. In a peculiar sense, they are the embodiment of the divine purpose upon the planes of the Monad and of the Triad, just as the aggregate of energies in man's etheric body is the result of his inner direction and the cause of his outer manifestation. To understand more fully the function of the deva forces, a man must arrive at some understanding of the forces in his etheric body which, in their turn, are the consequence of his point of attainment—an attainment demonstrated by his astral (emotional) and mental natures and activities.

“These indicate his point of development. The devas are the agents of the divine will because they are a consequence of the point of attainment of our Planetary Logos as He exists outside the Seven planes of our sphere of existence, the cosmic physical plane. They are conditioned by His cosmic astral and mental vehicles. In a definite sense, they are the Agents of the Universal Mind, even though they are not mental as we understand that term.

“They are sometimes regarded as blind forces, but that is only because they get their inspiration from levels of divine awareness outside the range of the human consciousness, no matter how high, or when used in its widest connotation. Their controlling Agent in manifestation is the Triangle of Energy to which we give the name the "Three Buddhas of Activity." They are therefore closely connected with the third aspect of divinity.

“They are essentially the "eye within the Triangle"—a most familiar symbol to many today. They are the expression, in activity, of the All-See-ing Eye"; through their agency God sees, and through them and the energy directed through them, He directs the creative process. They are under the complete control of the three Buddha's of Activity, Who are the cosmic Prototypes of the Lords of the three major Rays, but not in the sense usually understood when the Rays are considered in their relation to man. They are the correspondence of these three Rays and are responsible for the entire manifested Universe, but only within the orbit of the third aspect, the expression of the Universal Mind.

“They come from the cosmic mental plane, just as the energy—distinctive of the second aspect—comes from the cosmic astral plane. God is mind. God is intelligent functioning. God is creative activity. These are the qualities of the deva evolution. God is love. God is relationship. God is consciousness. These are the three qualities of the Christ evolution. This latter evolution is carried on within the created sphere of influence of the third aspect. God is life. God is fire. God is pure being. These are the qualities of the spirit aspect, the omnipotent aspect of Deity. All these three aspects focus themselves and find an outlet for expression upon the levels of the cosmic etheric planes and upon the levels of the etheric planes known to humanity in the three worlds. The Law of Correspondences is infallible, if rightly approached and applied.

“This broad and general presentation must be rightly grasped if the Rule, as given to Disciples and initiates, is to be correctly understood. You have been taught that illusion is the characteristic which must be mastered by the initiate as he "escapes" occultly from the three worlds via the mental plane. (Glamour: A World Problem.) Glamour, you are told, is the characteristic of the astral plane, and must be dissipated by the Disciple as he "escapes" mystically on to the Path of Initiation, just as the initiate finds himself (after mastering illusion) on the Path of the Higher Evolution. Maya is the conditioning factor on etheric levels, and must be evaded and overcome by the probationary Disciple as he "escapes" from the thralldom of the physical plane. Thus he learns to tread the Path of Discipleship. These characteristics are, however, only the reaction of humanity to the activities of the deva evolution, rightly and divinely proceeding with their task of implementing the divine will. When the sphere of their activity comes into contact with the human intelligence, the effect upon humanity (before mastery is gained) is to compel men "to wander in the fields of maya, to drown in the sea of glamour, and to respond to the pull of illusion.

“In this teaching, you have presented to you, though in a somewhat different form, the ancient problem of duality, involving as it does the immense potency of the deva evolution. It definitely affects humanity; this is due to the fact that it is an expression of the will aspect of Shamballa. As man develops the will aspect, he learns to break loose from the aura of the deva evolution, and the major task of the Hierarchy (as far as basic essentials are concerned) is to "*provide sanctuary*" to those who have liberated themselves from the ocean of deva energies in which their vehicles must perforce move and live and have their being, but with which they have otherwise no point of contact, once liberated by their own effort and will "*from the angels.*" Let us now study Rule Ten.

Rule X.

*"The Rules for work within the veils of maya are known and have been used. Let the Group widen all the rents within those veils and thus let in the light. Let the Army of the Voice be no more heard, and let the brothers onward move within the Sound. Then let them know the meaning of the O.M. and let them hear that O.M. as it is sounded forth by Him Who stands and waits at the very Center of the Council Chamber of the Lord.*

"I would here remind you that we are considering work that the initiate must accomplish, and are not considering the usual effort of struggling aspirants to deal with and handle those forces which have worked through into physical expression. These, from the levels of the forty-eight sub-planes are waiting to precipitate themselves into the dense physical manifested world. The aspirant must ever work from the outside to the within and must endeavour to direct his life from above downwards, if these forces are to be dominated by him and are not to control him. The initiate, however, works "*from within the circle,*" that is the circle or field of maya. His activity must therefore be carried forward from the very heart of the mystery of these forces; this he can do because he is in a position to know the type of energy with which he has to contend, to understand the nature of the forces with which he can and must manipulate the "*mayavic energies,*" and thus to dominate the etheric planes he is also aware where one veil ends and another begins, and from what level he can successfully bring the swirling and living energies into conformity with the divine pattern.

"It should also be noted here that the energies projected by the initiate into the world of maya are directed by him from the various Centers in his own body and from the central point of energy in each particular Center employed. It is the central "*Jewel in the Lotus*" from which the initiate works, and these Seven Central Focal Points, these Seven Jewels, so-called, are the correspondence of the Jewel in the egoic Lotus. This means, therefore, that successful work "*within the veils of maya*" involves ever the use of the will aspect and the conscious employment of that quota of the Shamballa Force which the initiate is able to appropriate and to use because he has begun to work as a Focusing Agent of the Spiritual Triad and is no longer working as a soul or as a personality under soul control. This is an important point to remember".

End Excerpt

*"I bring all this to your awareness now for within your ranks there remains misunderstandings as to the activities of the Devas. They are complex Beings and although you do well to treat them with the Respect and Love They Deserve, this projection on your part is going to Demand from each of you a deeper focus from within your physical body through your Chakra Centers, as you have now been informed through Rule 8. I shall now close and allow all this to filter through and leave you with my Guidance to now open to these I4 Rules.*

*Peter has suggested to me that this Discourse be broken down into 2 parts for easier Transmission. I declined his suggestion as this Discourse, if divided into two parts would diminish its Transmission.*

*I suggest that you read this Discourse over many times with this applied codicil. Begin when you know you shall have time and space without interruption. Read the words until you lose concentration and focus for this is not an ordinary release of instruction and requires you to absorb the information with your entire being. Normal reading will not do that! I recommend that as you read, if you lose concentration, STOP reading! Go back to the beginning and start again. Do you understand?? I ask that you get to a point where you can read with full concentration the whole Discourse without distraction or loss of focus and concentration. This will help the Light Consciousness that Over Lights the words to infiltrate any barriers or closed beliefs that may present at this time.*

*This information and presentation is greater in content than you have received to date in the content of a Discourse, and it shall become a foundation for many more Discourses as time unfolds for you in association with your opening more widely to All the Realms of the Six Centers. We have discussed Six of the Seven Centers. The Seventh Center, at the base of the human spine we shall address another time for closer review and implementation.*

*I shall assist where I can and look forward to how you shall interpret and appropriate this Discourse and teaching not having the Teacher standing beside you within a physical classroom. Yours is a most courageous way Dear Ones, take it one step at a time and ask any question you may like.*

*Until next We speak I Am DK at your Service.”*
