

LAW OF THE CIRCLE & LAW OF THE TRIANGLE' Archangel Michael
via Ronna Herman

Beloved masters, you have been living in an unreal world: a world of illusion whereby the truth has been distorted, altered and even deleted in order to take away your God-given powers and keep you captive in a reality of fear, struggle and deprivation.

The Creator's Master Plan for this universe is stored away within your Sacred Mind, and the key to the wisdom of the ages and the ability to once again become a master co creator on the Earth plane is stored within your Sacred Heart. That is why we have emphasized so often the importance of removing the protective shield you placed over your Solar Heart Center eons ago so that you would not feel so much emotional distress. What you were not aware of is that by doing so your radiance was greatly diminished, for the inflow and outflow of Divine Creator Light from your Sacred Heart Center was also greatly decreased. As a result, you could no longer activate the Adamantine Particles of Creator Light with pure loving intent from within your Sacred Heart. Thereafter, you had only the half-spectrum Primal Life Force Substance to work with. Your Three-fold Flame could no longer blaze forth; therefore, your co creative abilities to manifest were also diminished, and thus began the struggle to tap into and use your Divinely bestowed attributes and talents.

You are in an era of great reversal, rectification and expansion, whereby you are being given an opportunity to harmonize all the negativity you have personally created along with the inequities that were forced upon you. We have explained that when you, the STARSEED, began your journey out into the great void and the unmanifested universe, elaborate plans for the pathway back into the refined realms of Light were made and put on hold until the appropriate time and certain conditions were met. That time has arrived, and the plan was activated in the early 1980's of Earth time. As you are aware, every phase of life for humanity and the Earth has radically changed in the last thirty years. Beloveds, be aware that what has occurred in the recent past is only the beginning of even greater changes, and we are endeavoring to give you techniques, advanced information/ teachings and every opportunity to traverse the waves of change with ease and grace.

We have explained briefly, in several ways, how you refracted into smaller facets of your Divine I AM Presence in preparation to assist in the creation of the ever denser, reduced-frequency, lower-dimensional galaxies, solar systems and planets. We have also discussed how each fragment of your Divinity then separated into two Sparks of Light, one with feminine attributes and the other with masculine characteristics. Each one of those profound separations was accomplished within a small pyramid of Light created expressly for that purpose. The master plan was fail-proof; for each time you divided your Essence, you left an etheric replica waiting for the time of reunification within one of the small pyramids of Light. These personal pyramids are scattered throughout the universe in every dimension and many of the sub-dimensions.

Our Father/Mother God, the Elohim /Builders of Form and the Archangels have created living Pyramids of Light within every level of Creation so that you could gain access to the building blocks of life. These life-giving forms give access to the frequencies of Light which are

necessary components of transformation so that you, as human Beings, can return to a state of higher consciousness-your Divine state.

You are in the process of reconnecting with the many facets of yourself which are situated within the multi-levels of the fifth dimension, and some of you have even connected with a fragment or two of your sixth-dimensional Essence. When we speak of a Soul Merge, it is not just a one-time occurrence. It is the beginning of an ongoing wondrous and complicated process whereby each time your Energetic Signature reaches a certain frequency, you are reconnected with a higher facet of your Soul / Higher Self. The Pyramid that contains the Etheric Replica of that facet of Self moves into alignment with your column of Light, which is your connection to your I AM Presence / God Self, and gradually the Essence of that Fragment merges with your Soul-Self within your Sacred Heart center. When you reach a certain level of God Consciousness, the process is greatly accelerated, and the time span between each Soul Merge is dramatically lessened.

The Law of the Circle has been initiated throughout this universe, and the energetic impact of this grand Supreme Creator Seed Thought is now operating in full force. The time of expansion for this phase of Creation has come to a close, and the current phase of the cycle entails the Creator sending forth ITS Essence to incorporate ALL that has been created during this particular cycle of expansion. It is a merge of all the balanced, manifested Essence of Creation so that the Supreme Creator, the Gods and Goddesses throughout the Omniverse, and all the Great Beings of Light can KNOW and EXPERIENCE all that they have created. You have heard the saying many times, "As above, so below," and this is an important truth to remember. Just as you are reclaiming all the facets of your Divinity, the same reunification process is occurring from the Supreme Creator Source outward.

The information we have given to assist you in reclaiming your co creative abilities is a microcosmic duplication of the creative process throughout the Omniverse. First, you must gain the ability to draw forth the Full Spectrum Metatronic Light / Life Force of this universe called Adamantine Particles, which is radiated forth into the River of Life from the Heart Core of our Father/Mother God. It becomes accessible when your Energetic Signature is attuned to the mid-fourth-dimensional level and higher. In order to take advantage of this Divine gift, you must understand and apply the Universal Laws of Manifestation; and you must activate the Adamantine Particles of Light with your pure intention before this Essence of Light can be activated and flow forth out into the world. To speed up the process, it is important that you have created your own personal Creator Wheel / Flower of Life circle around you, and you have filled it with your carefully thought out grand design for the future. Thereafter, via the Infinity Breath, your focused intention and deliberate actions, the process of manifestation in the material world is greatly accelerated.

The ebb and flow of Creation is never-ending. There is a Still Point pause while the Seed Thoughts are being formed and coalesced, and the Essence of Life is activated within the mind and heart of the Creator and at every level of Creation, down to you, a human co creator on planet Earth. This is accomplished by infusing /activating the Seed Thoughts with love. The Seed Thoughts are then breathed out into the void to be manifested in the world of form. This process continues through each great cycle until it is time for the return/reunion process to begin. All Creation is in the process of being incorporated into the grand Creator Circle of

Divine Light in anticipation of the next great Still Point pause and the next momentous cycle of expansion. This process is repeated over and over again at every level of Creation within this universe.

You are in the midst of a cosmic reunion process, my brave friends, and you will evolve in due time, in one way or another. You must be aware that this transformation process is a long and complex cycle; however, it can be a grand journey if you will take advantage of the wisdom teachings and the tools we are offering to you. The LAW OF THE CIRCLE states that every new creative endeavor must begin from within the Still Point of Will/Power, the Core Essence of the Creator/cocreator.

The LAW OF THE TRIANGLE is another important component of Creation. You are familiar with the Trinity concept from your Bible: Father, Son and Holy Spirit, which in actuality is the Masculine facet of God, the First Ray of Divine Will/ Power, and the Holy Spirit is the Mother Facet of God, which has been infused with the Seed Thoughts-Adamantine Particles- from the mind of the Father God. The Seed Thoughts are then activated with the Second Ray of Love/ Wisdom within the Heart Core of the Mother God and then sent forth out into the universe via the River of Life, to be used by the Suns (sons and daughters) through the qualities, attributes and aspects of the Third Ray to create worlds and wondrous things without end.

The Power of the Trinity has been a driving force throughout this universe. AA Metatron, Lord Melchizedek and I, AA Michael, form a Trinity of Consciousness at the universal level. We bear and RAY-DIATE the Divine Light / Divine Wisdom / Divine Will aspects and qualities of our Father/Mother God out into this universe. The Trinity of Consciousness is an important component of the creative process, for you must use the attributes, qualities and aspects of the three powerful God Rays if you wish to become a successful, proficient co reator of form at any level of Creation.

You, the STARSEED, have joined with many groups, large and small, throughout the universe, and you have accepted special assignments which were to be carried out as a group in various locations and at specific times. We have mentioned before that you have been encoded with time or event triggers within your Diamond Core God Cell, which have been or will be activated at the designated time or when a specific part of the Grand Plan was to be initiated. You have been a part of many Trinity Cells, which consisted of special assignments of the highest order. These triads are usually composed of close Soul companions, or Souls who have had many special assignments together in the past and will also come together in the future. Groups of three, nine and twelve are joining together more and more often during these times of reunion, and this will occur even more often in the future.

Are you ready to expand your vision beyond your private little world or microcosmic reality? Are you ready and willing to accept the truth that you affect everyone and everything in this universe, to one degree or another, and that everyone on Earth and in every other realm also affects you? We ask each of you, are you ready to use the wondrous gifts that are your Divine Birthright? What will be your legacy to humanity and the world? Reach for the stars, beloveds, for there is no limit to what you can manifest when your visions are in harmony with the Divine Plan for the greatest good of all. Call on us and we will assist you in bolstering your

resolve. Know that we are ever near to inspire, guide and protect you, and to radiate to you the love of our Father/Mother God. I AM Archangel Michael.
