And So, It Is.

MAHA CHOCHAN: Greeting Dear Brothers and Sisters, I Come this day with My Legions of Elementals, Devas and Angelic Host as Part of yet another Celebration where Great Progress is finally Opening Doors that have been shut, bolted and buried under mountains, valleys and seas. It is with Great Joy that We Acknowledge the Work that has gone into this Divine Plan Known as the Elemental Grace Alliance and the Patience and Consistency to Amalgamate, Merge, Conjoin and Integrate so much concise and abridged Information, Knowledge and Experiences of so many Who have gone before you as part of the History of mankind and the Elementals, Devas and Angelic Host within this Human Evolutionary Divine Plan.

As you are well aware this journey of the human has not been an easy one. But few can see back far enough to Understand the Complexities of how humanity has Evolved through each of the Root Races. We have given but little information about the first four Races attempting to concentrate on where humanity is today! All this so that you could first determine for yourselves where you are going from here, rather than where you have been in your past!

Your Innate Qualities and Virtues and your Consistency, Patience and Perseverance to your Paths and Purposes have now begun to dig deeper into your past, find those bolted doors in earth and under seas to open and release all those that are trapped within the 4th Root Race that Beloved God Himalaya spoke to you about in your God Awakening Book. These Root Races the 4th, 5th, 6th and 7th awaiting to come forth soon through The Great Divine Director, can all now be Elevated in Completion and New Preparations through the Release of the Elemental Kingdoms who are interred and physically embodied through conscious entrapments through your 5th Proposal on a Mass Scale; **‘To Remove All Mis-Aligned Consciousness Imposed, Charged, Impressed or Inflicted Upon the Elementals By Miscreation Through Ignorance And Arrogance Of The Human Collective Consciousness’.**

As you may not be able to appreciate the complexities of this Release in all its facets, in Truth you do not need to understand everything, rather simply making the Call in KNOWING that what you are Calling For is already Known to the Cosmic Beings Who have been waiting for this moment for eons of time! This Proposal then does not require a Petition as such, for the Elemental Grace Alliance Divine Plan as set out in the God Awakening Book, is in Itself, the Petition that has already been Granted. It is simply not the timing that was agreed upon by the Karmic Board for it to take place and Activated with Love In Action.

So for the benefit of this Petition Activation Request We the Masters come to Acknowledge that We Are Here to Stand Beside You Ready to Call into Action Through Ourselves in Accordance to God’s Will and Cosmic Law, the Billions upon Billions of Body Elementals, The Elements, Devas and Angelic Host on All Levels and Dimensions when the Permission is Granted by the Directors of the Karmic Board.

To help you then, as the *‘Feet Upon the Ground’*, if We may use this very loose analogy, for You are far more than this Dear Masters. I want to share a little more of your past History with the Body Elementals that your Consciousness has been a part of, both before and after the beginning of the 4th Root Race. I wish to share a Body of Communication that was shared within the Earth Gatherings of Masters and Students at the time, outlined within the book *‘The Gnosis and The Law’*, that Speaks of the history of the Body Elementals and Their Relationships with you, the men and women upon the Earth.

“When man and woman descended into Earth, after passing through the Seven Spheres, he and she were given by his and her Creator not only a Guardian Angel but also, a physical Mentor - a Body Elemental. The Function of this Body was to first build the form, through the process of conception and gestation, help it grow and mature, and then stay with it until the life expectancy of the individual terminates. Besides this overall Service, it was going to pay attention to details - keep the blood circulating in the veins and continually repair the conditions of disintegration of incidents to the excesses of the personality. From this you will see that this Interesting and Faithful Overseer, Whose Name would be more appropriately Identified as the ‘Spirit of Flesh’, is not an ordinary, matter of course, attached to the physical

personality, but a Highly Competent and Intelligent Entity, far Superior to man or woman and Fully Qualified to give the Service He or She was Called to Give.

“As it can be surmised, The ‘Spirit of Flesh’, Belongs to the Elemental Kingdom, and at the time of its Acceptance of the Duties Involved in this Service, along with the other Elementals Under Its Command, that Accepted Service to man and woman, It Gave a most Solemn Promise of Blind Obedience to the will of man and woman. In the eyes of an onlooker, It is entirely invisible and Its Work with the physical body, if comparisons are permissible, resembles the electric current that supplies the power to the bulb that lights the room, the latter giving the brightness and visibility, while the ‘Real Source Energy Feeder’ remains invisible. Between embodiments, the individual and the Body Elemental and Their Legions of Elementals are separated.

“The lifestream going in one direction, to be given instruction directly concerned with his or her evolution, while the Body Elemental (being the victim of the personal self) is Given Great Assistance, in Purifying the natures of antagonism and hate, and in the Company of the Angelic Builders of Form, is Re-Infused with Strength and Courage, else It would have perished long since in its arduous task on its Earth journey. Often it happens that the personality, with which the Body Elemental is concerned, is of a Higher and Nobler Nature and in his or her peregrination in the world of form, knows his or her Purpose for Being and he or she tries, consciously, to fulfil it. In such cases, the ‘Spirit of Flesh’ or Body Elemental is Fully Cooperative and as a result, you will see individuals with fine physical bodies, clear minds and perfect health, even in advanced age. Unfortunately, in most cases, these individuals attribute these qualities to other causes than to the Real Source to which they Owe it.

“Having said that much in general, now let Us See, in greater detail, how the Body Elemental's Beneficent Work is Accomplished. As We Know, the ‘I AM’ Presence never completely incarnates and only a Spark of It is allotted to personality in its embodiment. This, ‘Spark’, is the ‘Christ Self’ - ‘the Christ in you, the Hope of Glory’ of the Apostle. However, in the preliminaries for the forming and eventual building of the physical vehicle, through which this ‘Spark’ will dwell and function, are always taking place under the Direct Supervision of the ‘I AM’ Presence, who Overshadows the parents during the gestation. Immediately after conception, and as gestation progresses, the Body Elemental starts Its Work, to bring the tiny form to a definite stage of maturity, so that the personality itself, in time, will assume complete control of it. It is on that particular ‘stage of maturity’, that We can perceive the reason of the mystery, why the Soul that incarnates often does not assume full control of the physical form, but until the person reaches the age of 14, 18, and sometimes 21.

“On the other hand, We See cases where the Soul assumes control immediately after the powers of reasoning and judgment have developed to such an extent as to be used for constructive purposes. The Selection of the Body Elemental for an individual was not done, by the First Lords of Karma flippantly and without serious consideration. First, the Candidate, so Applied, had to belong to the same Ray with the individual whom He or She Intended to Serve;

also, to have such previous Training and Experience so that it would be Fully Qualified to Fulfil what He or She was Called for. His or Her Training was not of short duration, neither had it begun in your present Solar System. It had started long, long ago and in other, perhaps, Universes, where, Under the Tutelage and Guidance of Wise and Highly Evolved Devas, He or She had to Learn to Draw Substance from the Cosmic Light and Convert it into form.

“How long it takes for an Elemental to reach that Stage, you can get an idea from an address the Elohim of the Sixth Ray, Tranquillity, gave to the Students in Philadelphia on the 2nd of January 1955. For the benefit of the reader here and the inherent interest of this address, We present it at the end of this chapter. (Chapter 21). The important thing, however, for one to remember, is that for an Elemental to be Trusted to Create the Temple – the physical human form - into which the ‘I AM’ Presence is to Abide, Its Training and Ability had to be Superior. How important that was considered We can judge it from its final Acceptance where in the Ceremony that went along with it, there were Present not only the Full Body of the Karmic Board, but the Elohim, the Archangels and the Higher Beings of the Builders of Form.

“With the Projection of the ‘Immortal Three-fold Flame’, into the Heart of the individual, by the ‘I AM’ Presence, the Body Elemental’s work started in earnest. It drew the necessary Elements from the Universal and, taking as a model the Etheric Body or Light Body of the individual, Designed and Formed the eventual physical form. It was done so, for the Etheric Body reflected like a Mirror the Perfection and Magnificence of the ‘Christ Self’ upon which the physical body had to be formed. Of course, here We are talking of the first 3 Root Races, where there was Perfection. This is not applicable to the subsequent Root Races and the Etheric Body of present-day man and woman does not reflect anymore, the Divine Magnificence of the ‘Christ Self’. In fact, with rare exceptions, it is quite the reverse.

“The beginning of the Alliance of the Body Elemental with its Charge was Perfect in every respect. The Cooperation of Both, was unrivalled and the Body Elemental, having completed the first phase of Its Service, went ahead and, like a good Host, provided all the needed Equipment, Material and Sustenance for the Physical Body Temple - Physical Form into which Both Host and Tenant had to dwell. That was then the Golden Age, and the man and woman of that period was in daily contact with God, the Angelic Kingdom and the Cosmic Beings.

“This, as previously stated, was the first, second, and third Root Races and lasted about one million years. With the Ascension of Those Early Root Races, the Body Elementals Assigned to Them Returned to the Cosmos, Happy for the Completion of Their Tasks and Grateful for the Opportunity that was Given Them to Serve. This Expanded Their Consciousness. But, when the Fourth Root Race came into embodiment and the ‘Iggards’ already had full sway on the thoughts and emotions of the incarnated souls, the situation altered.

“Man and woman was no longer what God meant Him or Her to be, and having absorbed and imitated all that the ‘Iggards’ had, a serious situation arose between him and her and his and his and her ‘Spirit of Flesh’. The picture the Body Elemental had for Its man and woman was His or Her ‘Christ Self’ but what He or She was given to Work with now, was anything but the

Original. He and She became disturbed and confused, but Faithful to Its Solemn Vow to Serve and Obey and so continued Their Respective Services, creating and appeasing all of man's and woman's lower nature appetites. He and She Hoped and expected improvement and after centuries of disappointment to regain and reproduce the 'Christ Self', as a Model for the man's and woman's physical form, finally He and She gave up and the once Divine Alliance between the two turned into; first, antipathy, then hatred and finally open warfare.

"Thus, the Body Elemental, instead of being the Friend, the Mentor, and the Co-Worker with Man and Woman, reluctantly had become Their avowed enemy, never missing an opportunity since to show it by constantly thwarting man's schemes. As if this were not bad enough, the rest of the Elemental Kingdoms - Fire, Water, Air and Earth declared war against man; and They became so inimical that if it were not for the restraining hand of Higher Powers and in particular Archangel Michael, these Elementals, in Unison, would have wiped mankind completely off the Planet. When man and woman reaches a point of Spiritual Evolvment, where Sincerely they will try to improve themselves by expanding their consciousness, then the Body Elemental, along with the rest of the Elemental Kingdom, will not only be not inimical, or ill-disposed to him or her, but as of yonder, They Will Cooperate to Bring once again the Golden Age for mankind the Become the Christed Self as was it always Designed To Be."

End Excerpt.

For those who will partake in this Invocational Activation, know that this has been in the Planning and Developmental Stage for around 85 years and like the concepts that the EGA is trying to Understand more deeply, with the differences between the incarnational soul and the Soul Consciousness in Communication to become the Divine Word of God Being Spoken and Communicated, Great Due Diligence and Interactive Engagements MUST be Played Out from a physical perspective that have passed through the Integration Process of Communication between all levels of Consciousness. I Am offering you who are here reading this as an opportunity to see how important your Efforts are to Put into Love In Action by Full Participation on All Levels if you are going to Reinststate Your Relationship with your personally Designated Spirit of the Flesh, Body Elemental.

So, if you are not Shining your Physical Beauty, not in Perfect Health and your physical life is in any sort of lack in *'Equipment, Material and Sustenance for the Physical Body Temple - Physical Form into which Both Host and Tenant had to dwell'*, then you have some more work to do in re-establishing Your Connection and Love with your Body Elemental. Without this Understanding, it may not affect you moving forward as slowly as some may see, but it will make all the Heavenly Difference if you were to take Advantage of the *'Resetting of Christ Time Upon Earth'* Application within the Petition detailed Information.

I wish to also bring your awareness to the K-17 Proposals to help you in your Elemental Baptisms, which are absolutely in Alignment to this New Potential now before you! I would like to close with sharing something else with you that may help to increase your motivation to step away from old patterns of your incarnational consciousness.

You Know that the Etheric Body is a Mirror, this is its nature. It Mirrors all experience; It takes on the form and shape of the thoughts and feelings. When a man or woman dies, his or her Etheric Body looks just like his or her prostrate form. If the physical body is shrivelled up and worn out, the Etheric looks like that. When they pass over to the *'other side (I refer now to the awakened man or woman)*, the Etheric Body Mirrors its surroundings and it begins to throw off the appearance of age. Everyone in the Inner Realms is returned to about thirty-five years of age. In a few years, the Etheric Body of the newly-passed again assumes an appearance of youth. The Etheric Bodies come to the Temple from which they Originate from, but their physical substance which will make up the next Earth Body will cause the Body Elemental and the Etheric Body to be misshapen once again, if such is the type of garment which the Soul has earned, karmically speaking!

So while your Resonances may Reflect that of your Consciousness that affords you the Right and Permissions of the Karmic Board, this is not enough yet, to Afford you the Christed Garment of Shaddai. St Germain gave you a *'Hint'* about finding out Who your Master Soul Parent is. I Am Giving you another *'Hint'*, to find out Who Your Guardian Angel Is and Who Your *'Spirit of Flesh'* is, so you can Openly Communicate Directly with all three of these Beautiful and Perfectly Obedient God Beings, Who Are In Your Individual and Group Divine Care and Service. Think About this single fact and see how it will change your Life, with Friends in Heaven like these Dear Hearts! All have such a Mighty God Power, that you are waiting to Use in your Rightful Application to God Life.

Thank you for this Opportunity to share with you again and We look forward to the Verdict that the Directors of the Karmic Board will Deliver.

I AM the Maha Chohan at your Service!
