

## PART 1 - THE MAPPING OF CONSCIOUSNESS - MICAH THE GREAT COSMIC ANGEL, 16TH JUNE 2019

INVOCATION: From out of the Great Silence, O Thou Luminous Brother MICAH – Our Great Cosmic Angel! We Welcome Thee and Thy Ministry unto America and the World; and as Thou hast put forth Thy Opening Wedge this day, so shall those under this Radiation become aware of Thy Presence, O Thou Great Light of a 1000 Suns that Illumines all earthly minds, making them aware of the One Eternal Presence, the One Unifying Intelligence Governing All the Activity and Authority that 'I AM', Individualized everywhere.

We Give Praise and Thanks that there is but One Intelligence Governing Everywhere, and the Duty of the Student always, no matter what the appearance, is to Accept ONLY this fact; and that He or She Becomes a Radiant Channel to Pour out this Truth like a gushing stream, pouring itself forth into the Great Ocean of Life. We Give Praise and Thanks that out of the Great Silence has come another Presence Who Will Bless, Lift and Enlighten humanity; The unascended Ones Themselves! By the Power which 'I AM' and the Accumulated Wisdom and Energy of the centuries, We as The New World Servers, The New Human Angels, will now Project forth into the minds of humanity from this day forth that Intelligent Activity which will Guide them aright and Assist them to control themselves to act accordingly.

We Give Praise and Thanks for Thy Presence Dear Micah 'I AM' and Welcome You into Our Lives and Hearts as we move closer to the Higher Truth of God's Life for All Sentient Life upon Earth and within the Multiverses that connect with us and One Living Organism. And So It Is!

Beloved Hearts of this New World, I come to you today with Joy in My Heart, for I have been Greatly Inspired by this Elemental Grace Alliance Expanding of Consciousness and as 'I AM' the Archangel of the Consciousness of Unity; of Oneness, which is the same as saying 'I AM' The Christed Focused Attention of the Cosmic Christ Consciousness. Which is the same as saying 'I AM' One with Jesus the Cosmic Christ of Love, Wisdom and Power. 'I AM' was also *'Keeper of The Sacred Scrolls'* for this Galaxy, but that I will speak of a little later!

For reference sake, I wish to say my sharing here with your all is held within the focus of America and its Purification at this time. But you can and will in due course use everything I say here for every other country around the world. I say this because we must continue our focus upon America right NOW, for it is facing a Pinnacle of Magnification and Intensity of The Sacred Cosmic White Fire Light from the Cosmos. This coming Solstice is a Summit for a Projection from the Great Central Sun to aid humanity in the Purification, Illumination and Freedom of All Life, but especially within the Borders of

America during the Solstice Period. So once again Dear Souls, you are exactly where you have given Your Permissions to be, to be in position to Act as Lightning Rods to Ground these New Energies, now beginning to Amplify in your Inner and outer World.

The events of the past weeks, within your questions to St Germain and what His answers have been, all this has now opened a New Path, never been trod by humanity before. Today, We can see a greater focus returning to the Mother Land of America than previously attained in this way, and although Our Work is Endless in the Illumination, Purification and Upliftment of humanity, something has now occurred that We the Spiritual Triad, never expected to come from within the realms of any unascended beings, with such potency. You Dear Souls have stimulated and stirred Me Greatly, and that is why I have made My Presence Known more directly to many of you here now.

The New Dispensation of Divine Clemency is one thing, but to immediately take it to the next Level is quite another. For it was never really considered by Us, as to how humanity would ever interpret just what this removal of two-thirds of all discord and inharmony within humanity would mean to them, or how it would play out. How would humanity determine the difference between what the Hierarchy and Masters would Work upon and what the one-third that was left to humanity and what that would look like to them; that is to you, Dear Hearts?

Now through what took place just two days ago, through a gathering of three Individuals within the physical Presence of each other, is showing Us within the Higher Realms, that you indeed are no longer looking through the eyes of your unascended states of consciousness, but through the Hearts of Oneness of the All That Is! I have been Watching and Listening to all that has taken place within the Elemental Grace Alliance from the beginning, the One thing that was never clear was how such a Divine Plan would unfold, not from within a physical Group in one location but spread out all over the World.

This we can see now, if this Plan is to accelerate and magnify, it must soon begin to find a Greater Unity of Co-Operation, Co-Creation and Co-Participation between its Members from a place of physicality; either Group Gatherings or Radiation Temples. For it is here when face to face, where the Transmissions of Consciousness and Love in Action can find a Path of Least Resistance that can be made manifest. It is one thing for Groups to work with long distances between them, but it is quite another when they come together away from the old paradigms of human beliefs and everyday responsibilities. For within these Embraces, a Heightened Interaction of Synergetic Exchanges can take place. Of course, we make the distinction here of Levels of Resonances also; The Higher the Resonances, the Higher the Transmissions and Achievements.

This event I shall speak of again shortly, but first I wish to broach the subject of how these 'New Eyes' of Yours can begin to Project your New Visions with Greater Capacity and with a more expanded Level of Resonance and Light Quotient.

Our Beloved St Germain is a Very Wise and Loving Brother and His Answers to your latest questions, using the GESARA as an example, Presented to you all, a New Foundational Platform that has led to My 'I AM' Presence now coming forth, in My Capacity as the Great Cosmic Angel of Oneness to speak with you. And so as not to have to revisit the Words of St Germain or of Master Pujari, for those who have read them, I will paste them once again here in your mind, as the references from which I will continue now.

In My Discourse II, Volume I8, December I9, I956 I said this;

*"I want to explain something tonight concerning the Ascended Masters' Commands to Life. We have already sent forth the Cosmic Commands for America's Purification, Illumination, and Freedom. That is Our Part of the fulfilment of the Great Divine Plan.*

*"But you, who are atoms in the body of the American people, are the will of the people to express that which is the fulfilment of the Divine Plan. And therefore, it is imperative that a certain number of the American people, by intense feeling and use of their own Authority of Life, use Our Words of Our Command and Command with Us for America's Purification, Illumination, and Freedom in the Victory of the Ascension. We told you long ago that Our Words are Cups of Light. We have given the Cups, and now the people must use Them.*

*"And so when you send forth your Decrees for the Purification and Protection of the Nation, will you remind yourselves that those Decrees are Our Words of Cosmic Command and Cosmic Release of the Cosmic Light Substance and Sacred Fire that go forth to Life to fulfil the Great Divine Plan. Therefore, when your Command releases a certain proportion of the Light of your own Life Streams, which is the energy of the outer self, and releases a certain amount of the Sacred Fire from your Life Stream, then as that intensifies and expands, in agreement with Our Command for the Purification and Freedom of the Nation, the Manifestation and fulfilment of your Calls must come into outer physical action.*

*"And so, when you understand that the Cosmic Law requires a Command of Life, now you're not Commanding individuals. You are Commanding the Life Energy in the atmosphere over the Nation; and you are commanding your own Life to go forth and release the Sacred Fire that purifies, illumines, and raises the Nation and the people within the Nation." End Excerpt*

As 'I AM' the Cosmic Guard of Unity Consciousness, 'I AM' also The Cosmic Guard over all 50 States of America as well as the Destiny of the United States of America! So within this, My Presence, I hold within Me the Heritage of humanity and the Lineages of Humanity that have found their ways to this Heart of the World. You will remember that St Germain said All Life began upon this Land and so it must unfold that the New Land of America, that of the New Erthe, shall also begin here. So I tell you, this is now going to be asking each of you to spend some further time within your own wildernesses of both your Inner and outer appearances, just as I told Moses near Mt Sinai, to make the preparations you shall need for when the New JerUSAlem begins to Manifest here in America.

You are wholly dependent upon the Invincible Power of God that beats your heart. Hence, your heart ought to throb with the Hearts of Angels in the Cosmic Beat of Unity. You *must*, therefore, now begin to stand with Your Guard every moment at your own doorstep to keep your own House Sweet with the Energy of The White Fire Sacred Cosmic Light and with Your Heart as The Internal Gateway for your Focus and Purity of Intentions, where Only the Unity of Oneness is accepted and allowed to enter. This must be achieved within yourself First, and then allow yourselves to expand into your Greater Communities thereafter. For if you are not Walking from this Place within you, your outer creations and appearances will only begin to intensify and magnify, for you have been told, in no uncertain terms, the Rings Passeth Not will forbid you entering the Christ Councils of Light!

I tell you this Dear Souls, for every one of you continue to hold onto old beliefs and consciousness patterning, at different amounts, that continue to play out in your lives. These cannot continue and must be put through the '*wringers of consciousness*' of the Activities of Purification and Higher Choices for yourselves, if I may use this analogy.

Ascension is about moving Higher in your Conscious Awareness, moving Higher out of the human dross, the ego, and Ascending into God Reality. This means mind, body and Spirit. Purity is Reality. Light is Pure. God is Pure. You then need to bring that God Presence Within you forward into your outer expressions of Life! If you think you can continue with your old habits of thoughts, words and activities, especially those uses of many types of food and drink that you place within your bodies, those other things that you ingest and breathe, such a drugs, cigarettes and pollutions that you can avoid. The outer activities that hold your attentions to hypnotic states of consciousness, such as TV, internet, radio and all types of other devices, these will all keep you from Your Christed Selves!

Do you See yourselves as Pure? Do you see your Beloved Freedom's Star as Pure? Who is being absolutely True to Their Inner Knowing about these things?

To Raise every atom, cell and electron in your Universe until it has fully Ascended into the Light, and you are Free, you must make your Higher Connections to the Elementals and Nature! We ask that you pay more attention to such things and amplify your activities to turn away from all such things that no longer serve you!

To connect with Purity of Your 'I AM' Presence is to connect with the True Reality Itself, that of God Life! To connect with Reality is to connect with the Unconditional Love that God has for All of Creation, to the Power of never-ending Spheres of Creation, to the Wisdom of the Divine Blueprint, the Mind and Heart of Christ. In Purity you will find the Rock of Christ, the Rock unto which We will All build this Golden Age. A Golden Age which does not die and cannot be destroyed, but instead continues to expand and grow in the Light until this Planet has fully Ascended into the Spiritual Realms and Life is Free to Be.

I tell you, you can in your Inner States of Consciousness Travel the Inner and Outer Spheres of God Life, but you will never take those bodies of yours until these are Purified to their Inner and Outer Perfections as well. Remember what you think, you create, so if your outer worlds and appearances remain in imperfected states of being, then there is still work to do! The sooner the better Dear Ones.

We want you to realise that you are the Light Bearers who have carried God's Illumination through the many Ages, that it will be impossible for you not to release that momentum of Assurance, Health, Supply and Confidence, in Full Mastery when your outer surrenders to the Guidance of Your Indwelling Christ.

Your bodies are only temples, place them then, each one into their proper orbit as an instrument of not more importance than the pen in which you write. Your Creative Centres of Thought and Feeling are either contributing to the atmosphere of the Inner Realms, which We wish to become the Atmosphere of Earth, or to the death shroud of the Planet, which St Germain hopes will become a Brilliant Star of Freedom, within the next few years! If this human veil, which is invisible to the physical sight, can be recovered through the use of the Sacred Fire, wielded, mind you, by unascended beings, you will be able to move forward quicker in your individual lives and the Lives of the New Living Organisms that Groups shall soon move toward.

Here My Sweet Children of the Sacred Fire is where I wish to tell you what happened just two days ago, for it changes the whole fabric of potentialities from this time forth.

As you will all know that the use of Buddhic Columns have been introduced by the Elemental Grace Alliance to assist and help overcome that which I spoke of above, that of the difficulty of Transmitting Energy at a distance, wherein the Members of this Group are located all over the world. This in its own right has now offered both humanity upon the ground and the Spiritual Triad to work in a much more effective way. This has never been seen before upon Earth and is another first in the evolution of a Human Race anywhere in God's Creation. This concept, for the Purpose of Unifying all 50 States of America was also considered to be set up and over every major town within the Borders of America. The Buddhic Columns were closely evaluated to serve as extractions of all negativity, disorder and inharmonious consciousness, but it was found to be inconclusive, leaving many areas and smaller townships still subjected to that which is less than God's Love.

The only conclusion was to place a single Buddhic Column over the entire Country of America. Remember, that a Buddhic Column can be as small or as large as it is desired to be and for the purpose at hand these three unascended beings chose to build it, while the three of them were together; one being an American! What was Unique in every sense, was at the end of the Activation of which you are all aware of here, a spontaneous choice was made due to the Synergetic Energies passing through these Dear Souls, all stood over a map of America after the activation was complete, and with any information Decree or Invocation Travelled in Their Light Bodies to the Great Central Sun, and Stood before the Throne of God, All three absorbed the Radiance of 1000 Suns, which I, Micah held on Their behalves, as their bodies would not hold such Radiance, and they then returned to Earth via the Solar Sun, collecting further Investments from Beloved Helios and Vesta.

They returned and stood beside Me upon the top of this New Buddhic Column now over America, where they continue to stand radiating the 1000 Suns each, of Radiance over America.

More than this, there was a further Activation that provided every single person within the Borders of America with a clear channel to their Own 'I AM' Presence, in Accordance to God's Will; it was an Activation Calling forth the Law of Forgiveness for All, by the Projection of Light which is Eternal Life, Light which is of the Great Principle of Life, the Father, the Emanations of All Life; and I Declare unto you 'I AM.'

We tell you, this has created a whole new dynamic, whereby this action from an unascended being is taking the Responsibility of Activating the remainder of the one-third of Responsibility within this Combined Forcefield of the Spiritual Triad and the Supplementary Seven of unascended human beings upon the ground.

Think about this for a moment, remember what I have spoken of above!

*“Therefore, when your Command releases a certain proportion of the Light of your own Life Streams, which is the energy of the outer self, and releases a certain amount of the Sacred Fire from your Life Stream, then as that intensifies and expands, in agreement with Our Command for the Purification and Freedom of the Nation, the Manifestation and fulfilment of your Calls must come into outer physical action.”*

Remember what St Germain and Master Pujari spoke of about within every human being; The Christ Light is Burning!

*“..... I come from the Great Cosmos of Light to watch you, O Earth. Draw your Particles to you. Into every Particle, Project Light which is Eternal Life, Light which is of the Great Principle of Life, the Father, the Emanations of All Life; and I Declare unto you I AM.”*

This Love in Action was and is, one of transcending the old human condition, for in this Activity, it can be seen that humanity can move forward in ways that they KNOW they no longer deem themselves to be human! THIS IS A REVELATION OF THE GREATEST MAGNIFICATION YOU CAN IMAGINE AT THIS TIME!

You, Dear Souls have an incredible opportunity before you now, in your continued work in clearing and cleansing the world as set out in the Elemental Grace Alliance Proposals and more!! This willingness to step beyond the human condition is what We have been Guiding you toward and now that you are doing this, you are also Guiding Us Home. For what you are bringing forth as unascended human beings, is teaching all levels of Consciousness, and that WE can say in many ways is offering every Being, new potentials in relationship to the Evolution of Worlds.

I can share, that it is not the individuals necessarily that are responsible here, but every single participant of this EGA New Living Organism, for here lays the Key for the Mighty Success of removing all forms of fear and malevolence from the Planet, and Creating a Whole New Evolutionary Path for the Quality of Life and Freedom of Spirit for all of God's Creations.

So the more you can Love the Mighty 'I AM' Presence and the Sacred Fire of the Universe and call It in Its Strength and Power into yourselves, the more you expand Its Mastery in you, the more you pour that Mastery into the life around you, and the more the Sacred Fire takes Its Dominion in the world of manifestation where limitation and distress and discord have been.

So as you keep your attention upon the Powers of the Sacred Fire, you will draw Them into yourselves. And the more you use Them, the more you will enjoy Them.

Let Me close here by summarizing what has been shared.

We are the Spiritual Triad Through the Cosmic Law Dispensation of Removing two-thirds of all human miscreation and discord, and who have been given Permission from Unascended Human Beings to do so through the Granting of The Divine Clemency Dispensation, We can now go ahead and Fulfil this Divine Plan.

You as unascended humanity, through Cosmic Law, must now follow our Decrees and Invocations to honour your Part, one-third Part, by not only being Granted the Dispensation that relates to your Responsibilities, That of the Divine Amnesty Dispensation and then Step into your Divine Heritage as A Christ Being, to fulfil your obligations.

It is not about the separation of what the Work entails, but who comes to join Us in the Higher Realms. Two-Thirds Masters and Higher Intelligences and One-third Humanity in their Mastery!

This Discourse the Mapping of Consciousness is the Conscious Patterning of no longer looking at yourselves as unascended human beings, but Ascended Masters. And that has begun through the Actions of a minority to expand exponentially now.

Dear Souls, You are Masters just like us, but you have stood behind the veil thinking you were human. Now the veils have been removed, you can operate in both Realms with the Full 'I AM' Authority and thus fulfil the Divine Amnesty Dispensation. Our work will be completed very quickly but yours will take a little longer for if yours happened in the same way as Ours, free will of humanity would not be honoured. And that We must honour at all times. So while you remain within the lower registers of Vibrational Frequencies then the amount of discord and miscreation will be in proportion to your Resonances.

Do you see?? Think about this and 'I AM' sure it will become clearer as you go!

Let us close here tonight and We can continue again tomorrow for I would like to share with you that aspect of Responsibility in Being a '*Keeper of Scrolls*', for the understanding of this Work will offer you yet another dynamic for you to become aware of in your Ever-Evolving Consciousness.

Archangel Micah 'I AM', 'I AM', 'I AM'!

**BENEDICTION:** Thou Mighty Presence whom We in Great Joy have welcomed, We Thank Thee for Thy Great Wondrous Radiance and Light, Thy Great Radiance and Conquering Power; and We Trust that Thou mayest Decree Justice now and for all time to mankind.
