

PART 11 – INTRODUCTION - IAMEGA SOEPC CLASS – RISE UP AND BECOME - ALCHEMY AND THE APPLICATION TO GOD LIFE - ST GERMAIN  
3RD FEBRUARY 2020

**INVOCATION:** Mighty 'I AM' Presence, Out of Your Pure Consciousness, through Divine Faith and Truth Where Love Flows, Bring Us the Light of Mother-Father God. 'I AM' Presence, Envelope Us Within the Synthesis of Your Wisdom for the Creation of the New Laws. Help Us Raise our Consciousness and Build the Bridge Over the Chasms of mis-beliefs and mis-creations of Humanity. Give Us the Courage to detach from the old outworn human programs, to Be Free to Be-Come Who We Are, and to Wear Our Freedom Robes of Love, Truth, Wisdom and Justice for All. Bestow and Imbue Our Group Soul Consciousness with Pure Light Consciousness, the Highest Level of Vibratory Frequency, the Highest Concepts and Principles above the Concepts found in the Abstract Plane of ideas and help Us Realize this is the Plane Where We Will Tune Into such New Laws. Magnify the Law of Attraction Into Our Magnetic Field, Our Potentials, So We May Rise to Any Challenge, Any Task with Ease and Grace, Knowing that through Rightful Love in Action we can Co-create the New Law of Love and the New Laws that Govern the Fifth Kingdom of Nature. Give us the Wisdom to build a Concrete Form on the Concrete Plane of Mind and to Know that we will not be able to look on the Concrete Plane of the Mind for these Laws, for we will not find it there. The Laws lay within the Cave where Their Form Will Present Itself as a Malleable, Pliable, or a Ductile Wave of Consciousness That can be Manipulated to Its Highest Level. Awaken Our Awareness to Follow the Beam of Light Within the Heart of Our Soul Consciousness, our Intuitional Guidance from where we Observe and where the Highest Concepts of Truth Flow.

**St GERMAIN:** Greetings Dear Ones, I hope that you all had a pleasant weekend and are now fresh and alive ready for this week of Lessons and more in depth awareness of the Goal that each of you are presently evaluating if you truly are ready or just going through the motions thinking that you are! This week, starting right now I Am going to push the envelope of your Faith, Truth and Trust! For by next Sunday I shall be in deep reflection of who shall be ready or not to continue.

I say to you Dear Hearts, after years, indeed lifetimes of relying and being dependent upon your 5 senses and only attendant to acceptance of mortal limitations, I Am extremely hopeful that you can see how utterly important it is that your thinking becomes geared to the New Possibilities and Potentials in order to function free of human restrictions and the dampening of a Divine Ardor and Zeal, by those who say, because they do not know, *Impossible!* I therefore want to say to all of you, in Freedoms Name, please try to stretch yourselves beyond where you are today, for what I Am Seeing there still remains a lack of awareness, intent and effort on the part of some, who are simply still in that old paradigm of not Listening, not following Their Higher Guidance and who remain within the deceptions of the ego-personality and where complacency hold dominance.

It is no mistake then that the '**Rotary Spiral Cyclic Gyration**' of this human world theme today is moving through the Influences of Gene Key 13. What then does Richard Rudd say about GK 13.

## **The Challenge to Listen Through Love GK 13 – Discord moving to Discernment, moving to Empathy.**

*"The Great Challenge is to Listen, to Open Our Eyes, Minds, and Hearts, and Read the Secrets that are Written all around Us, Inside Us.*

*"When We Listen from Our Heart, Our Soul, then we begin to See Hope in everything around us. In Listening to a Higher Frequency, we first of all have to Resonate at that Frequency. Our Whole body has to Vibrate at a Higher Frequency, and then we Feel more of the Truth. We Feel Through our body, our organs, particularly through our belly, and we begin to Feel the Higher Purpose within things. The more we Listen in this way, holding someone's Higher Purpose Always Foremost, the more we'll Emanate that through our Listening, and the more others will Feel that Trust Emanating from Us.*

*"True, Deep, Heart Listening brings all human beings eventually into the Higher State of Consciousness to the Siddhi of Empathy." End Excerpt*

For a greater awareness of this Listening Quality, the Interview with Michael Roads given through the Guardian Spirit Website; that was given to most of you a year ago, may be of greater value today than ever before. This is placed here for your own **'Discernment'** to revisit or not as you wish.

Let Us continue to **'Listen'** to Richard Rudd and his Translation of Discernment!

**RICHARD RUDD:** *"Discernment emerges as your emotional nature comes more and more into awareness. Discernment begins at an individual level as you see how deeply your view of others is connected to your feelings. Only when your personal feelings are witnessed and examined can you become more objective. With the arising of Discernment come many gifts. Once you stop viewing life from a subjective emotional level a new landscape of feeling opens up within you. This feeling is the early manifestation of your future ability to transcend your emotional system, and it is experienced as optimism. Those with Discernment Know in their bellies that this phase of our history must and will lead to a transcendent leap in consciousness, regardless of the fear based culture in which we live."*

**St GERMAIN:** So Dear Hearts, while you continue to prepare your minds for the reception of the knowledge of tomorrow, be aware, very aware, of the need to ponder the origin of concepts involving limitation. Remember that you must be sane and balanced in All That you do, especially to understand the Formulas of Approach that you are given to follow along the way! That includes the 28 Conditions (**or Rules**) of Engagement, that have been placed before you as one of the Greatest Formulas you may ever receive.

So now We are going to look at the breaking down of **'Molding Factors'** of the old human limitations, drawbacks, inadequacies, imperfections and precincts of thought that you have taken and accepted as your truth all your life, up until now! I Am not going to define them, nor are We going to consider what was, but rather what Is Right Now before you in your Life, if you are prepared to make certain Sacrifices in changing your mind as to who you think you are!

We are going to place the Seeking of Laws off a little while, for none will have much benefit, until you have given your ENTIRE LIFE a Spring Clean on every level of present human

existence. That is, in this context, the fact or state of living or having in, an objective reality. Following the descent into form and material substance come those formative years when the pressures, both clamorous and silent, make their impression upon the clean white consciousness of the individual. Beginning with the first fond gawking of parents and kin, there is a gradual buildup of environmental forces which serve to create patterns and concepts upon the tender screen of the embryonic mind.

These molding factors continue to exert their multifarious influences upon the plastic personality of man and woman. That selfhood, then, which is first identified wholly with God-Good, is affected and shaped by myriads of experience patterns. Thus does the example, for woe or for wound, sculpt the mind and being of each human being. Experience is not, however the sole way to expand consciousness. For each moment spent with God or One of Those Individualized Expressions of His Cosmic Bands of Light can serve to exalt and broaden individual consciousness, conveying Illumination on the instant, in the twinkling of an eye!

Now, it was never My Intention to have to have to revisit Discourses to this degree, for each One, offers their own Value within the Framework of this Class, but only if the Members here pay Due Diligence to the words, applying the Higher Awareness to them straightaway.

So let Us go back to Saturday from the point of reference of today's Lesson! And it will be wise to review the entire Discourse again for We have now edited that Presentation, Highlighting certain Parts to CALL for your Closer Attention and Focus.

Master DK said this to reinforce the specific need for the New Human to expand their consciousness to a New Application and Proposition of how to look at your present state of consciousness and belief patterning.

**DJWHAL KHUL** Speaking of Rules:

*"They need no enforcement but are voluntarily accepted and are put to trial in the belief that the witness of the past and the testimony of the ages warrant the effort required for the expressed requirements.*

*"This is True of the Fourteen Rules (Now This Class) which we are now going to study. I would remind you that only the initiate consciousness will truly comprehend their significance, but also that your effort so to do will develop in you the beginning of that initiate consciousness, provided you seek to make practical and voluntary application of these Rules in your daily lives. They are susceptible of three forms of application, physical, emotional and mental, and of a fourth application which is best designated by the words **'the response of the integrated personality to Soul Interpretation and understanding'**.*

*"Another point which I would call to your attention, prior to interpreting this rule, is that your Group endeavour must be to seek Group Application, Group Meaning and Group Light. I would emphatically emphasize the words **'GROUP LIGHT'**. We are dealing, therefore, with something basically new in the Field of Occult Teaching, and the difficulty of Intelligent Comprehension is consequently great. The True Significances are not the simple ones which appear upon the surface. The words of these Rules would seem to be almost tritely familiar. If they meant*

exactly what they appear to mean, there would be no need for me to be giving hints as to their underlying significances and ideas. But they are not so simple.

## AND

*“In order to do this, to seek the New Law, he or she must accept, first, the fact that the Law which they are seeking is not yet clearly formulated, that its Vibratory Frequency is not yet of sufficient strength to have built a concrete form on the concrete plane of mind. One of the Service Activities of the Disciple or Initiate is that of Formulating the New Law. They will not be able to look on the concrete plane of the mind, for they will not find it there. It lays within the Cave where its form will present Itself as a Malleable, Pliable, or Ductile Wave of Consciousness that can be Manipulated to Its Highest Level according to the Level of Resonance and Awareness of the Disciples or Initiates.*

*“He or she goes above and beyond the Vibratory Frequency of race mind consciousness, even in its Highest Concept, to the Abstract plane of ideas where they will sense, at first, the feeble Impulse of the New Law as it emanates from the Soul on its own plane of existence. He or she will feel out that Impulse, sense its Vibration, Tune in his or her own Mental Vibration to that of the sensed One, and through the Law of Attraction, bring it into their Magnetic Field of Mind. Upon entry into his or her Magnetic Field of Mind, the New Law, the New Impulse, beats with a steadier, stronger rhythm, and what he or she has only vaguely sensed in the beginning as an Abstract Idea begins to take shape in his or her awareness as an abstraction in concrete form, where-by he or she is enabled to relate the idea to the world of appearances, and to gradually, through meditation and reflection, set it up within his or her own Consciousness as a New Coordinate relating the Soul to Form.” End Excerpts.*

Here We are then, Brothers and Sisters, about to embark of using Rules to Create a New Law whereby ‘The Laws of the Universe are simply the modes of expression, the life impulses and the way of existence or activity of the One in Whom We Live and Move and have Our Being’. Now consider this: ‘One of the Service Activities of the Disciple or Initiate is that of Formulating the New Law. They will not be able to look on the concrete plane of the mind, for they will not find it there. It lays within the Cave where its form will present Itself as a Malleable, Pliable, or Ductile Wave of Consciousness that can be Manipulated to Its Highest Level according to the Level of Resonance and Awareness of the Disciple or Initiate’.

**QUESTION:** Would it be fair to consider then, that to Create such a New Law, that one could remain living within the old paradigms of human consciousness on a day to day basis and old ways of doing things?

**ANSWER:** To arrive at a Sound Answer to this question one might like to return now to the Discourse Series 1 Part 12 - Divine Economy – Two Groups - Two Activities – Two Functions - Master Djwhal Khul, 11th December 2019.

These New Groups must, for this to manifest, remove themselves from as much outside influence of what we could term, normal human life. This will need some explanation for those with close family, but I can assure you, no human direct family responsibility need to be removed, as I have told you once before, but the conscious viewing and application to such

things will need some more contemplative consideration which at the end of the day will either place one, in one, both or either New Group in the shorter term or being unable to remain in either. Let it be Known, however, again I say, no-one here at present is seen as unable to make such transitions, if the Rightful Applications, Rightful choices can be made and implemented in time.

**QUESTION:** So where to from here?

**ANSWER:** Wherever you wish to be! But I Am Inviting those who wish to follow this Path, to think very seriously about how they are going to begin, and I hasten to add, begin, for this, to find its full expression may take some time, to begin the process of completely Spring Cleaning their lives of everything that no longer serves them. That means, physical, mental and emotional states of being; perceived practical and non-practical applications to life. It is about aligning oneself to ONLY that which allow for the New Consciousness the room to make itself fully Known and then begin its New Manifested Form. No-one is going to tell you what these things will be, you will KNOW what they are, and if you do not ask your 'I AM' Presence and be sure before a single thing is removed or dissolve, Qualify with your Higher Self before taking any action, for NO-ONE will be able to come back and to say to anyone, St Germain made me do this, this person said this or that! I Tell you this will be All down to you and you alone through your own perceived Discernment nor KNOWING that such needs doing!

Everything within the Discourses are powerless, are neutral, are valueless until such time one gives it their Faith and Trust, in Truth, manmade or Divine.

We will be speaking of Divine Order tomorrow.

**Your exercise today is to review all that is suggested above based upon your own Inner Discernment. And then to begin making Definite Plans on how you are going to go about and Spring Clean your life! Dear One's, this is a New Opportunity for a New Law to offer to humanity!** *"When he or she has successfully, via the means of becoming the Observer, detached him/herself from manifesting conditions, he or she is Enabled to See this New Law of Love in relation to the world of appearances. It begins to take on form. He or she puts it into words, into picture form (Visual), and finally into action. Their First Application, then, will be in relation to his or her relationships with people as he or she applies the newly Formulated Law of Love to every relationship of which he or she is aware in the world of the personality."*

**Grab a diary or notebook and begin to lay out your thoughts. We will return to this before the end of the week, to see who is Listening, thus giving this their Faith and Trust!**

**This is not a Group Activity Response to share yet, but use your prudence, wisdom and vision for Self and The Groups by remembering this:**

*"Another point which would call to your attention, prior to interpreting the Rules, is that your Group Endeavour must be to seek Group Application, Group Meaning and Group Light. I, St Germain, would emphatically emphasize the words 'GROUP LIGHT'."*

**Read the chapter called 'Molding Factors' over the next 2 days to get a clearer comprehension on how this and the next Discourse blend and merge into this Chapter text and Light Language.**

Dear One's if you can get your Lives in Order for the Purpose of Service at these Levels and upon this Divine Path, your Precipitation out of the Ethers can begin as little as a week! And certainly does not have to take 2 years! It shall come down to how much you want this, and how much you are prepared to do to achieve it!

I say to you in All Honesty, how ill-equipped is the concept of a destiny which can be shaped by human misconception. How noble are they who acknowledge an Intellect, a Mind, A Spiritual Overseer, and a Creator whose forethought, greater even than that of His Emissaries is revealed as a mountain of Universal Purpose to be scaled by the brave who do not hesitate or fear to Trust the Wisdom of Those earlier climbers of the rugged Summit Peaks.

I Am St Germain – Mountain Guide and Life Rope of Hope!
