LORD METATRON: Blessings Everyone, I Am Lord Metatron of Crystalline Service, Angelic of Light, returning to you again today to Inform All here in the EGA, or anyone else who wishes to Listen, of the Responsibilities that are fast approaching for your deeper contemplation and further Qualifications throughout the Melchizedek Brothers and Sisters, Who are presently helping to Direct and Administer the '*Logos*', the '*Word Of God*', in preparations for the EGA's Next Phase of Love In Action that *shall be Called for by You to Me, Lord Metatron!*

In the "*Sephirah of Righteousness Extended through the Tree of Life Teaching*" Treatise through J. J. Hurtak, which, if one is familiar to the Hebrew Language can garner much more of that Treatise in greater detail, however, for the purpose of this Discourse I Am going to '*cut through*' much of the information to bypass the human tendency which thinks if they do not immediately understand it, they do not know it! Whereas the Truth that you '*DO*' Know it and when you step aside of the ego personality of the lower mind consciousness where your '*I AM*' Presence or Higher Mind Consciousness can and will provide all the Rightful Applications to Activate that which is ready to be Activated and the '*Word*', '*WILL*' Flow without need of having to remember anything and without Effort to Resonate the Word and Sound Outwardly and Inwardly at the same time, Going and Coming Forth between Dimensions and Worlds and into the Multiverses Above and Below. Thus, Magnetizing the Flame of Universal Intelligence, to Initiate and Implement a Field of Glory of God Light; an Energy Field of Glory, where there will be a people within a '*people with Energies of Great Rushing*', upraising themselves to the '*Sons and Daughters of Light*' and the Great Council of Light. And more than this, I Holy Desire for you to start Knowing, Feeling and Self-Realizing outside of the '**Box**' of human projections.

Question: What do I mean by the '**Box**'?

Answer: The word **'Box'**, I Am using in this context the time that sits within a grandfather clock case! The **'Box'**, then is a play on words indicating that when one looks at time the numbers and hands of the clock are held within a mechanism or creation of your own making, in other words, a projection of your own thinking! But what happens when you try to place a clock tower of a building into a grandfather clock, or the grandfather clock into a wristwatch? You can't, while it remains in the forms of its projected structures of how one looks at time. This is the same, but the allocation of function and purpose is quite different. So when all of the information We have presented to you in form and function and through the many who deliver such information, all of it reduces down to a common denominator. Resonance!

Yes, Resonance! While the lower mind consciousness can only relate to the information that is accessible to that level of Resonance, the Higher Levels of Vibrational Frequency can pierce through those levels of information and See and Accept things from a totally different Perspective and Knowing! The Bigger Picture if you like! So while the mechanisms and projections of time, that is linear time, was relevant for a period and level of consciousness, now, One can look at time from a Whole New Dynamic, a Dynamism, that is not linear at all, but all happening within this Now Moment. And so the Resetting of Time or the folding of linear timelines and Time Matrices has Evolved for those in the Higher Bands of God Intelligence, for them to See, *'Time'*, as nothing more than a ***'Level of Consciousness'***. And it is this that wish to now elaborate upon for you.

Before I continue, let Me say this! Every detail of information that has now been presented to humanity for the benefit of growing awareness has been based upon historical events and accounts that help humanity to gain the perspectives from which mankind has Evolved over time. Today Dear Brothers and Sisters history has no real relevance for you are here now to Create a New Element of History. One that many Humans will read about through the Multiverses for millions of years to come. History then is nothing more than a Tool for Spiritual Growth and as St Germain has told you, here in the Elemental Grace Alliance, everything you need to Gain your Ascension is already contained within the Discourses that have been Elevated to you, many beyond any need to consider any historical events anymore.

The Christ Jesus will have much more to say upon this. So now after this Book in the process, no more books will be required that are based upon old information. From now on, only your Experiences with move you from learning to Unlearning! I will say no more here, for we need to conclude this Treatise to set you all upon a New Path of Unknown Experiences, not just for the physical human beings upon the Ground so to speak, but for the whole of God's Creations, for nothing like what is happening upon Planet Terra in the Here and Now has even been attempted in the History of God's Creations. Understand this, and you will Understand the Concept of Immaculate Conception in a Whole New White Fire Light and Womb of Creation Black Light!

Therefore, the Keys to future history are given in These Energies which were Revealed the 'Divine Word' at the Beginning of Time, and, in These Energies which Will Reveal the 'Hidden Divine Word' at the end of the consciousness of linear time. These Energies Will Radiate the Brilliance and Shine with the Revelation of the Firmament and Reveal the Stars for They are the Same, the Many and the One. In other words, the First Adam Kadmon before the laggard consciousness arrived upon the Earth, in the Same Image of the Elohim, will be the Last Adam/Lilith Kadmon Man and Woman herein.

Let Me explain further.

The Adamic Society which fell from Light due to the interbreeding and overshadowing of the laggard consciousness, must therefore be measured in terms of the worlds that preceded this world and the new World that will be Restored so that the Adamic Light Force of the Second Coming of the First Adamic Race can Shine as the Brightness of the many Heavens and Participate in the many Star Evolutions, the Star Wisdom which was Originally Intended for Mankind here upon Earth. And when Mankind can return to the Image and Similitude of the Original Adam Kadmon before Their fall, that the Elohim Created, Known in the Zohar as the Adam Kadmon, then, Mankind can once again go from this Earth Star Body of material form, located in this Solar System, a Central Control of this 'Galactic River of Life'. Perhaps, those of who have not fully understood why the Planet Earth has so much Interest and Focus of Inter-Galactic significance, has now been Revealed to You, by the Sounding of the Silent 'Logos' from within the Electro-Magnetic Pulse of the Emerald Crystal at the Core of Beloved Mother Earth Herself.

We have spoken of this before, and how such 'Word' Given Forth can Initiate a New Creation that is Birthed within the Womb of Creation or the Black Hole Holding within It the Perfected State of Divine Balance of the Feminine Consciousness of the Black Light, awaiting the Seeding of the Divine Balance of the Masculine Consciousness of the White Light.

"Time and Space are aspects of the same mechanism. Space, in a manner of speaking is congealed time held in a matrixial kinetic format within duality that allows for the separation and program of the purposed programmed illusion of sequential time metrics. Accordingly, time is the inverse of space, in dynamic free flow. Both occur through the harmonic flash of consciousness units, through the mechanisms of the inward and outward pulse of matter to antimatter via black holes and white holes.

"The Inward-outward Harmonic Flash is not only the point in which Space and Time merge into a homogenous foam, it is also the rate of consciousness unit perception that strobes attention of awareness into each simultaneous lifetime. This occurs at a magical rate called the Planck Number. At this point Time and Space merge and become nonlinear and the Torus aspect comes into play. Space is inversed, turned back upon

itself, and Time units float in a nonlinear discontinuous quantized pool of what you term past, present and future". End Excerpt.

So with the Intentions to Sound the 'LOGOS', or 'WORD OF LIVING LIGHT', The Great Womb of the Mother's Love, begins to move Within, Ready to Receive the Father's Light so that a '**New Virgin Body**' may be Created. In this case a New Earth Body of Christos Consciousness awaiting for the '**New Virgin Bodies**' of the New Christos Adam, Lilith Man and Woman to Live there in Their Ful Garments of Shaddai.

So when the EGA Created Your Invocation for, '**The True Virgin Principle Of The Immaculate Conception of the Masculine and Feminine MerKiVa Unification Activation**', on the 21st of December, 2021 at short notice, Dear Souls, you were already Working With the Energies of the Living Light Preparing the Womb of the Mother's Love for the Father's Light to be Received as these Councils Of The Christ have now been Revealed to You! And this serves 4 purposes.

- 1. That as long as the human personality mind does not try to direct the proceedings of God's Divine 'Word' it Flows with Precision and Efficacy.*
- 2. It also shows you the Power of One's Decrees when the Cosmic Laws are Followed and Adhered to.*
- 3. That your lower mind needs no understanding of the Processes involved to complete the Tasks needed to Divinely Engage through the Soul Persona from a Monadic Level. All you need do is to show up at the Designated Time and Follow the 'I Am' Guidance.*
- 4. Proof and Trust Must Be Earned before Higher Responsibilities are Given!*

Read your own Words Dear Brothers and Sisters for these are not Words from Ones who have not been Highly Trained in the Fields of Creation from within a Christ True Virgin Body, of Heart and Mind!

A short excerpt of the whole Invocation!

"We Ask That You Physically Begin the Multi-Levelled Unfoldment of the Actual Conscious Creation, Implementation and Integration of these Tasks. Dissolve the division within human consciousness and thus human physicality. For All Those Dear Souls Who Connected to the Christ Magdalene and Jesus Ancestral Lineages, Re-Align Their Consciousness In Accordance to Cosmic Law, to help Affiliate and Re-Calibrate Their Beingness to the New Crystalline Grids presently in focus to be Upgraded and Attuned and Re-Calibrated to the Next Levels of Amplification and Magnification Around the Planet in All Key Locations, Sacred Sites, Mountain Ranges and Seas of the World, All Nodes and Nulls and All Places Where the Cities of Lights shall be Lowered or Raised or Revealed, where the NarayanaJoy Radiation Pyramidal Light Temples Will be Placed, All Pyramids and Sphinxes of Light and Other Etheric Temples; not forgetting all the Connecting Transmission and Receiving Stations throughout Alternate Worlds, Dimensions, Universes and Galaxies, that shall assist in this Mighty Planetary Universal Shift in God's Holy Divine Order.

“We Request the Balance of the 'Divine Feminine' with the 'Divine Masculine', Deep Within the Human Being, so as to help achieve Internal Integral 'Soul-Arc' Balance. Bring a Full Resolution back to the Re-Unification And Equality between the Masculine and Feminine, Patriarchal and Matriarchal Energies with regards to the Dissolution of the old archetypal energies that mankind has created with their projections of human thoughts into the astral planes.

*“Father-Mother Life, We Call Upon the Creative Energy to be Baptized in Accordance with John The Baptist, Who was the **'Living True Virgin Body of this 'Creative Energy' that Lives in Innocence, Compassion, Harmlessness and Balance, uncontaminated by the lower forces of consciousness, the material games of the flesh'**. Deliver Us to Exemplify the 'Soul-Spirit Purity' that can Ascend to the Higher Worlds, that will not rob Us of Our Light Garments. We Wish to Be-Come the Individualized Perfection and Expression of the Immaculate Conception.*

“Beloved Heart, Mother-Father God of the Void, Power of Divine Feminine, Divine Masculine, Our Name Is Yours. Infinite Black Light, Mother of Life's Creation, You Who Initiate and Conceive All Physical Manifestation. Mother Gaia! We Love You! You Are the Physical Expression of The Divine Feminine Principle Within All Life. Beloved Father, White Light of Life's Impregnation to God Life. You Who Command the Divine Laws of Creation to Be Upheld Within Human Beings, the Life Force of Creation and Strength of Divine Authority Itself. We Love You!

“I AM' Commanding Through the Power of God to Maintain the Stability Within All Life Forms Birthed, to Be Nurtured and Supported. 'I AM' One With God's Higher Vision, the Full Physical Expression of Divine Principle Within All Life. We Stand In Divine Service for the Evolution of Humanity as all these Mighty Transmutations, Transformations and Transfigurations all take Place!” End Excerpt.

So the Ultimate Balancing of the Divine Masculine and Feminine Energies begins in every man and woman upon an Individualized Journey of Self Realization. And when each of you Open your Own Divine Feminine Mother's Love within Your Own Womb of Creation and Prepare it for the Reception of the Father's Light, the 'Logos' or 'Word', Sounded Within the Great Silence, Your Body, Your Christed and Sacred Body becomes a Way-Shower, a Teacher, a Messenger on the Path to the Worlds of Living Light.

And now We say quietly as we Glorify the Mother and Father within All of Humanity regardless of gender, for gender is not a Condition here, It is instead a State Of Consciousness, through the Teaching in this case of Myself, El Shaddai to Bring the First Adamic Race and the Second Adam and Lilith now coming into Divine Balance Together as One, Heart and One Mind, through the Same Womb Of Creation, in either, inside or outside of Space and Time, through the Sacred Womb, the Black Hole or Black Light of Your **'Christed Sacred True Virgin**

Temple Body' where the Chakras will Transmute, Transform and Transfigure into Pyramidal Light Temples, when the personality mind has Finally Surrender to the Divine Within You!

The Last Adam, Lilith Kadmon Man and Woman Will Become the Unified Body of the Christ in the Image of Its Creator for this Father, Mother Universe. This Treatise is Telling You, that the First Adam, the First Man and First Woman (Lilith, not Eve), are now being Re-Capitulated into the Last Man, the Second Adam; and the Last Woman, The Second Lilith, will Become the New Adam and Lilith Kadmon Race of Human Beings upon the Seventh Dimensional Plane of Mother Earth, Called Mother Gaia, which Is of the Great Firmament as An Office of the Christ.

And through Christ Jesus, Christ David, Christ Michael the present Sephiroth, or the garment of the fallen creation, is now within its Re-Synthetization for a New Divine Consciousness through God's Revelation To Become One with the Messianic Seed as the Royal Priesthood.

Therefore, to Govern with Metatron and The Christ (the Left and Right Hand of God) working with the Office of the Godhead through the Power of Divine Love and Light this will require the Ability of this New Humanity to maintain a Harmony between the two Offices on All Levels.

By Maintaining this Harmony, One Will be able to Ascend through the Ray 1 Divine Will of Uncontained Actions of the of Love, Light of God and into the Higher Worlds of Splendour. The Ability to Rightfully Use the Left Hand, will be the Ability to Evoke My Name '*Metatron*' so that the Hierarchy Closest to the Throne is able to Export more Wisdom and Knowledge, Leading to the Broadening of the Spaces of Salvation into and through the lower worlds.

I Will Bring the new Elements of Fusion for the Outer Worlds of Light which will be necessary for the Ascension of the Substratum as it is prepared, not only to Ascend with Christ but also to continue in a Myriad of Ways in the Father's and Mother's House of Many Mansions. Just as the Power and Glory of Christ is important for the Ascension of the World and a Whole Human Race together, the Power and Glory of The Essence of Metatron, also known as El Shaddai, is important for the Extension of the Ascension to the most Rarefied Levels of Eternal Life.

My Work with the Office of the Shekinah is also in the Exporting or Descension of Light so that Ascension is Connected with the Divine Origin and Divine Identity. In the Initiation of the Divine Programs, the Living Hierarchy Itself now taking up Their Positions Upon Earth in Every Nation: will Externalize or '*descend*' through the Power of Metatron, so that the Programs of Creation already Fashioned with Divine Grace can be Re-Generated with New Living Light.

The fallen hierarchy cannot find its way back to the Father or Mother because it lacks the Purifying Power of Light and is therefore temporalized in the regions of the lower universe where the lower laggard consciousness will continue its power reign. For this reason, You MUST Seek Energy Beyond the lower consciousness still playing out upon Earth, and to

Uphold the Image and Similitude of the Adam, Lilith Kadmon Man and Woman. You must First then Be-Come One with the *'Word of God'*; in Order to See the **Victory** of the *'Logos'* as your Vision for this New 'I AM' One World Nation.

Therefore, You Will Intone The Sound with Great Love and Joy of the Holy Vibrations, as You Proclaim the ***'Word of Your Lordship and Ladyship'***. And when you become the Word, then you will Understand why You, as having the Trinitized Potential of the *'Love the Lord Thy God'* with all Your Heart and Mind and Soul, through which You shall Become One, as a Messenger, One with the Shekinah Body of Pure Balance between the Feminine and Masculine Qualities and Virtues Intact and in Full Control and Procedure therein.

Although this Treatise may seem simple in its presentation, but it will be the most difficult to Master, since it requires the *'Unification'* within the Divine, on simultaneous Levels of Dimensions. And that begins with the Groups that you Gather within. So if you cannot do these things within yourself first and then not in any Ashramic Group of Synthesised Tasks and Activities, how could you ever expect to Synthesize yourselves between Worlds and Dimensions, not to mention the Multiverses!

When You Experience the *'Logos'* of the Offices of the Christ, just as the EGA has now Proven is possible, albeit in smaller Individualized Groups, the Collective Messianic Work of the Christ, cannot be achieved within the Greater Ashramic Group Body of Living Light. And until you can, you will not understand what is written about Christ Jesus in the Gospel of John, Chapter 1

1:1 In the beginning was the Word (= Logos), and the Word was with God, and the Word was God. *(or also accepted as the Substance of God. Think about this Dear One's For this throws a Whole New Light Upon the Elementals, Devas and Angelic Host)*

1:2 This same was in the beginning with God.

1:3 All things came into existence through Him, *(that is, the Logos, the Manifestation of the Adam Kadmon and apart from Him not even one thing came into existence. What has come into existence?)*

1:4 By means of Him *(who was the Light)* was Life, and the Life was the Light of men.

1:5 And the Light was Shining in the darkness, but the darkness has not overpowered it.

In the Vision, You are told how the *'Alpha and Omega'* was, and is, Implanted as a Seed of Light with the Power of Conquering the darkened image-space which prevents the growth of the Divine Program. The Picture is one of the Images then, that you are being asked to Uphold

being Empowered by God's Word so that It Expands through the 'Logos' to Awaken the Adamic Seed of God into a Glorious Family, into a Glorious Brotherhood and Sisterhood, into a Merkabah Vehicle that Gathers the Sparks of Truth and Light. Here, the Image becomes the 'Image of the Logos' or the Substance as the Light Force, which takes on the Form of the Creative Force and the Power Force given over to the Redemptive Seed, which has Attained Wisdom and Glory. This is the Redemptive Promise made unto the Sons and Daughters of God, Who could Once Again Ascend and See the Light from which They Came.

This, then, is part of the Teaching of Lifting Up the Whole Sephiroth, the Whole Family of God. And it is in this Treatise, that I have 'cut free' that which in Truth no Longer Serves those Who are Ready to Step Forward and Claim Their Right to Be the Second Coming of the Adam, Lilith Kadmon Man and Woman. The Work is now down to you to Externalize from that which lies within you!

I have taken this Discourse somewhat away from My Original Intentions to discuss Megiddo but all is very much part of the other so, let Us return again to complete My Round of Intentions for these Discourses.

I Am Lord Metatron, in Your Service.

And So, It Is!

BENEDICTION: 'I AM' Gratefully and Humbly Walk In Your Light, the Great Love of Purity and Its Mighty Flame In Outer Action. I Give The Love 'I AM' In the Intensity and Constant Radiation of Your Light Keeping Our Thoughts, Feelings and Your Visions as Pure as the Great Central Sun! Not my Will Shall Be Done But Your Divine Will Shall Be Done! And So, It Is Done.
