

PART 2 - THE MAPPING OF CONSCIOUSNESS - MICAH THE GREAT COSMIC ANGEL – 17TH JUNE 2019

INVOCATION: Thou Infinite, Abiding Presence! Thy All-Pervading Light, Thy Opulence of Substance is Omnipresent and All-Pervading. We open the activity of the outer consciousness into the conscious direction and moulding into form of every good thing we desire. We Give Praise and Thanks for Thy Intelligent Action in these minds; with Thy Love, Thy Wisdom and Thy Power to Guide them, to Raise them into All Perfection.

God Blessings to each of you this Day! Micah 'I AM' and I return to continue My Discourse to offer you better understanding of your present lives, so you may look at everything around and within you to gain Greater Awareness for your next choices.

I tell you; no-one is going to be lifted in the Full Illumination of Themselves in a single flash of Self-Realization, Vision or any Divine Revelation. It is not a one-step Divine Anointing. The Sacred Pathway to what you may term 'Enlightenment' is achieved in conscious and deliberate steps toward this Goal. There are many from the Piscean Age and now in this Golden Age that want to open the Book of Knowledge and skip over to the final chapter. But they forget the Book of Life, which details far more clarity in the Processes of Evolution.

Ascension does not work that way. It begins by self-exploration and carefully auditing what works and what does not work for you. In this method you allow fresh and expansive ideas to enter the brain from the Divine Mind as Higher Frequency thought. Then you process and contemplate the concept. One then, must place that thought, that concept in their own reality to experience it. The new concept must be embraced for it to become the Qualification that will allow you to accept or reject it; in other words to ACT it out, by LIVING it! You must evolve it and drive it with emotion and Live the New Information into Knowledge and thus turning it into Wisdom.

So what has been explained and detailed in yesterday's Discourse is this very Process Acting Itself Out to see how it feels both within the Inner Place of Knowing and then the outer appearance of seeing its reflection made manifest! So what took place a few days ago is a perfect example of where this will lead to; the completion of another 'Step Forward' toward Ascension.

It was Archangel Metatron through James Tyberonne who shared this;

"The Mind is the builder, and Focused Will-Power is the Activator. The more Responsibility you appropriately take on, the more your frequency will increase."

“Learning to program the brain is essential. The brain is a biological computer with 3d filters and 3d programs that are ingrained from birth. Unless you were born in a Tibetan Monastery, your programming has come from what we will term socio-cultural indoctrinations. Most social programming teaches you to accept a very limited view of human existence, and human ability.

“You are taught to believe only what you can sensually detect through sight, hearing, taste, smell or touch.

“Dear Ones, know that the physical world of matter you see around you is imagery that you sensually interpret and project. It is received in the eye, transferred via the optic nerve to the brain. What is received stimulates neurons, and a response occurs through a bio-chemical reaction that is thermal in nature.

“Because you generally believe what you see, smell, taste or hear you accept it, you believe it as real. You then decide if it is pleasing or not. The brain then releases neurons based on like or dislike. This is how your reality and attraction works. You are initially attracted to people who are attractive, have a melodious voice and smell good! Your physical sensual body says yes or no.

“In kind, the brain takes ideas and either accepts them or deflects them, according to program parameters. In Truth the brain is unable to differentiate between an actual event and an imagined one. In Multi-dimensional Mind the two are the same.” End Excerpt

And so as you continue your studies of the ‘I AM’ Discourses, you shall hopefully set the intention to the re-programming your mind to be able to differentiate what sort of creation you desire. It makes no difference as to its origin, good or bad, positive or negative, True or false, for what gets your attention get your energy and what gets your energy you create!

So try to become very clear as to what you wish to create and before you project those thoughts be sure to Qualify them First with your ‘I AM’ Presence. This is why I spoke of the belief patterns that are continually being engaged, that will continue to create and re-create the very things you think, speak and do! So if one truly desires to ‘Move Forward’ every thought, word and action must be evaluated and decided upon as to whether this is a way one wishes to advance, stay the same or indeed regress!

Archangel Metatron goes on to say;

“There is no physical object about you, nor any experience in your life that you have not created. This includes your attitudes and physical form. Masters, there is nothing about your own physical image that you have not made. In fact if you were to view your physical image in other life sojourns, you would be surprised at how many similar physical

characteristics you create in what would be termed past or future lifetimes. When you have Divine Wisdom, you can create Kingdoms unlimited. When you have Knowledge, there is nothing to fear, for then there is no thing, no element, no principality, no understanding that can ever threaten or enslave or intimidate you. When fear is given Knowledge, it is called Enlightenment. You have a natural rhythm of existing in the physical and non-physical. It is your waking and sleep state. Dreams are one of your greatest natural therapies and assets as connectors between the Interior and exterior Realities and Universes.

“Your normal consciousness benefits by excursions and rest in those other fields of nonphysical actuality that are entered when you sleep, and the so-called sleeping consciousness will also benefit by frequent excursions into the physical matter waking state. But let us tell you that the imagery you see in both, is at its base, mental interpretations of digital frequential fields of core consciousness units. The frequency that your brain receives is actually a digital code, a crystalline pattern of symbols (akin to what you may term as X’s and O’s), that you interpret and translate into images and feelings. It is not so difficult for you to accept that you create your dreams, as it is to accept that you also create your physical reality, but you do both. You humans, however, determine through your system of belief, if both or either are objective or subjective, reality or fantasy. When you believe, truly believe, in your inherent creatorship, you will make a quantum leap.” End Excerpt

I introduced to you yesterday My Assignment when I was the Keeper of Scrolls, so that you would have a better understanding of what ‘I AM’ offering you in these Discourses, because I wish to know that it matters not the size of your thoughts, words or actions, your visions or ideas. The process is the same and what is now being presented to each of you is the Knowledge that you are Masters of your own creations, no matter whether that is discord, imbalance, imperfect appearances or mindsets that misdirect or those that relate to Love and Light, Joy, Happiness and the Freedom of an entire Human World.

To offer some clarity for the Role of Keeper of the Scrolls, let us simply repeat here what I said in an Address regarding this Honoured Position of Being a Keeper of the Scrolls. This will help you see how, at Higher Levels both Ascended Masters and unascended human beings alike, Move Forward in Their Activities toward Their Mighty Victory for Their Freedom, through Their Service to God’s Creations.

“An awesome responsibility is Mine, the responsibility of recognizing the Perfection of God and knowing nought else but the perfection of God, and then observing the action of imperfection in mankind which I must immediately forget. My position might be considered unique and then observing the action of imperfection, and yet it is not. It is a

necessary function which comes under the auspices of the Cosmic Christ of this Planet. For, of Cosmic necessity, under the Laws of Karma by the direction of the Karmic Board, each man and woman must be weighed in the balance to be determined in each lifestream what God-Direction, what Virtue, what precious Power, what Energy, and what returning karma shall fall upon each lifestream in any given year of hour of the day or night. All of this must be tempered by the Great Law of Mercy!

“And, as the Keeper of the Scrolls, I want to tell you that I have an awesome Responsibility! Fortunately, the Eternal Father has given Me many able Assistants. ‘I AM’ here to tell you that there is not one jot, not one tilt of Energy that passes through any one of your lifestreams which is not recorded on the Eternal Scrolls. Fortunately, by the Power of the Sacred Fire and the Love of Beloved St Germain, there has been established a special Qualification of the Cosmic Law, whereby those who use the Violet Fire faithfully have an erasing action which takes place on the Scrolls; and through the action of the Flame, their Karma is removed almost as soon as it is created.

“Each time there is a removal and transmutation of Karma, a temporary record is made of it. If the individuals will continually persist in repeating the same offenses against the Great Cosmic Law over and over again, there comes a time where actions are called to the attention of the Lords of Karma. Then a specific activity of the Law is brought to bear upon the lifestream whereby all their Karma becomes accountable for balance. For it is absolutely necessary that mankind shall face their own human miscreations! This action is brought about in order to insure all lifestreams that they will not continually turn toward the left-hand path. It is a curbing action, designed to bring them back to the Right-Hand of God and the Right Hand of fellowship. It is wholly an action of Divine Love.

“When Beloved St Germain brought the gift of the Violet Flame to mankind, it was not intended to be used in order to escape Karma. But men and women call upon it to forgive their errors of their ways, to transmute them and then they repeat the same errors and offences over and over again. The Violet Fire is intended to be an assistance to each lifestream, to bring each one to his own Christ Victory. Yet We have noted in many cases of students who have once studied the Light and then considered themselves free from the Law of Responsibility and Accountability, through a mere change in the outer affiliation, and We have seen frightening consequences as a result, not for the world, but for the individual.

“Now I know I may not be popular in declaring to you that you cannot cheat the Great Law, but do remember, the Scales of Justice are Accurate, and the Truth is: ‘The Eyes of the Father are too Pure to behold inequity.’

“As the Keeper of the Scrolls, I should like to explain, that I have a dual parchment for each lifestream. One is magnetized by the Sacred Fire Itself and carries the complete Life Pattern for the individual upon it. It is unalterable and irrevocable; it is the Law of Life for you. There is a smaller parchment which is placed on top of the permanent one. It is much thinner and somewhat plastic looking in substance. It contains the complete engrammatic record of your life from the time you first came forth into individualized consciousness. Every mark of your being. Every thought that you have entertained, is recorded there.

“I do not gaze upon these Scrolls unless ‘I AM’ specifically requested to do so by the Great Karmic Board. This occurs when an assessment of a lifestream is desired in order to ascertain their opportunities of need for temporary lowering of the Karmic Hammer upon them. When it, therefore, becomes necessary to make an evaluation, I assure you that I immediately turn My eyes to the Violet Fire of Transmutation in order to erase from My Consciousness at once, all that is written upon the Scroll by the infamy of human consciousness.

“Blessed Ones, when the time comes for an individual’s Karma to become altered by the Great Law of Love and he or she is Granted his Ascension, the Law is set in motion whereby the top parchment or layer is rolled up into a scroll and is handed to Me. Then I place it as a taper into the Violet Fire of Divine Mercy and Forgiveness. This top layer can never exist again; there remains only the permanent Scroll upon which is written the Law of Life for each Lifestream. And therefore, in the Eternal Records of God, there will remain only the Record of Eternal Perfection.” End Excerpt

This is a rather unusual subject here, but I have brought it into Our Communication because I desire you to become more conscious than you may already be of the Use of the Violet Transmuting Flames of the Violet Fire! I have read each of your Scrolls Dear Hearts because where God Mother Vesta is called to Invest Her Energies, these Scrolls must be read. So as St Germain Himself has said everything is within your Aura and We must Read them if We are going to help you! Please Ponder on this more deeply if you will!

So, I Commend you to the realization of your At-One-ment with Us; and may It pour without limit in, through and around you all the Cosmic Power of Sacred Fire Control in all you desire for the Nation and the Freedom of the World. Let your Commands go forth and burst upon the world the fulfilment of the Great, Eternal Perfection of Freedom to life; and let the Sacred Fire, along with the Violet Transmuting Flames, now have Eternal Possession of all. I Commend you to your Victory and Freedom in your Oneness

with Us in that Sacred Fire Command whose Authority must be Obeyed Forever. Thank you with all My Heart.

Micah 'I AM', 'I AM', 'I AM'.

Let us close today with another Divine Inspiration from Our Beloved Brother, Archangel Metatron;

“You are ever the Master of each experience. Even in your most abandoned states of seeming helplessness, you are the scripter of each iota of that experience. Yet if you will utilize determination and wisdom by owning the responsibility to reflect upon your situation, and to search diligently for the Law upon which being is established, you then become the wise Master, directing your energies with intelligence, and fashioning thoughts to worthy focus and realization. One thought attracts another.

“Positive energy attracts more positive energy. One intelligent thought attracts another. Likewise when you dwell in self-pity, depression and issues of poor self-esteem, you draw more of these to you. That is the Law of Attraction. Such is the conscious human, the Master, and you can only thus evolve by discovering within Self, the Laws of Conscious Creatorship. And indeed with the discovery of Creatorship, one learns that Creatorship is a Science of certain Laws. And this discovery awaits all of you, it is a matter of application, self-analysis, and experience. Masters, as has been said, you are Powerful Spiritual Beings having a human experience. You are truly magnificent Beings of Power, Intelligence, and Love.

“When you discover that, you become the manager of your own thoughts and you thus have the Key to every situation. In this you are optimizing the Law of Attraction, Law of Belief and Law of Creation, which are the abilities of the Divine, within each of YOU, the transforming and regenerative agencies by which you may make what you will.

“You can indeed intentionally manifest your world, and in doing so experience what is termed the Kingdom of Heaven. Conscious Creation is your destiny, and you can all make your lives the Golden Experience you Responsibly Desire.”

BENEDICTION: Into the Fullness of Thy Mighty Silence, O Great Presence, we come to rest, to feel Thy Peace, to Love Thy Harmony Pervading All.
