

PART 3 – INTRODUCTION – IAMEGA SOEPC CLASS – SELF MASTERY –
ALCHEMY AND THE APPLICATION TO GOD LIFE – ST GERMAIN 22ND
JANUARY 2020

INVOCATION: Beloved 'I AM' Presence, In Love and Wisdom We Commend and Praise the Original Purposes of Life to the youth of the world so they may have Greater than temporal pleasures in life! We Give Thanks, We Give Gratitude, We Give Our Hearts to this Mighty Service. To the Spirit and Truth of The Laws of Love and Precipitation We Give Joy, We Give Peace, We Give Sacrifice as Our Contributions to raise humanity to Higher Levels of Understanding and practical Applications to God Life. Beloved 'I AM' Presence We Give Gratitude and Heartfelt Dedication to the Elemental Builders of Form, both the Greater and the Lessor Elementals, Devas and Angelic Host, Offering Our Heart Love to them for all They do for Humanity and this world. We Shall Set Them Free from all Their incarcerations, We Give Focus, Detailed Attention We Give Them The Right to be Free to return to their Original God Design. And So It Is, As Above So Below and As Below, So Above.

ST GERMAIN: Greetings Dear Hearts, I know that it may seem to some that I Am a Task Master, that is because 'I AM'! I see something that needs to be done and I do it! We have told you time and time again of the importance of this Divine Plan. We have told you; this is not a human plan, it is a Plan that was Conceived within the Chambers of Shamballa, 80 years ago of your time. So if anyone here feels a little hard done by, then that is okay, it simply means you are not yet ready to move forward. There is no shame or judgement in this, it is human nature, old human thoughts that keep one going round and around in circles, doing the same old things, remaining attached to the illusions of life, as well as material manifestations of physical, mental and emotional, even Spiritual concepts. That is until they have come to a point in their life where it is harder to keep going around in such submissions and obedience to such things, thinking that they are Real, than stepping into a New Life of God Creation.

It only seems difficult to make this transformation because the old is so ingrained within, that a Miracle is required to make that transformation. Remember, Miracles come in many forms and one may have to go through unprecedented difficulties and hardships before they can release the old. Once released the Miracle appears, the pain and suffering can now be seen as a Miracle of life that has set one free of all old limitations, all matter of human reactions and efforts that drain one's energies. Transformation always comes from holes, cracks, cavities and breaches of the old life, disparities, accidents and sickness, divergences, inequalities and Dear Hearts, differences!

One begins a Task, makes a decision to change one's life and sets out doing all the right things with the Purity of Intention. But without conviction, focus, Truth and the correct Application to God Life, such efforts fall short of the original expectation of the Dream. Therefore it is preferable that those upon the Path perceive now, the Presence of God's Hour, rather than folded parchments of past desires. The fading hieroglyphs of yesterday's errors can neither

substantiate, demonstrate or corroborate the present Truth, nor act as a panacea to heal their unfortunate sowings; they serve only as a medium of contrast, to amplify the sense of gratitude that glorifies in such progress as glamour or as is now manifesting in Self-Realization, to dispel the ignorance of former times.

It is therefore My Holy Desire to create a determined dedication to use the Energies of today's Greater Awareness to open the doorway into the Domain of the future through the use of the Science of Divine Alchemy or as some may know it as White Magic! Remember this is the New Age of Aquarius, the Golden Age of Ceremony and Magic. *'Magic'* is becoming a very outdated word as it conjures up misuse of energies. So perhaps we could use the word *'Alchemy'*. **The New Golden Age of Transformation through Ceremony and Divine Alchemy.** Therefore, Beloved 'I AM' Presence, Open the Door to those who are ready to allow through Divine Alchemy to see for themselves that their present expansion through the Service and Science of Alchemy to be sufficient to transform the base qualities of human nature into Their Divine Virtues placed upon Their Heart Altar, upon which, Their Cosmic Flame of Christ Love, of the Divine Reality of the use of this Mighty God Flame that exposes the Grandeur of this New Golden Age, now emerging within the Christ Mind of this New Civilization.

I therefore shall include within these Teachings and Discourses elements designed to challenge those of this Level of Awareness to study, to show themselves the Approvals of God's Flame within Their Hearts. Thus individual alchemical advances will be achieved by all, who Faithfully apply My Teachings. It ought to become increasingly clear to all here that I Am determined to bring to your minds and feelings a new sense of Freedom. The wholesome concepts presented herein must indicate to your *'Totality of Being'* that the Key to Alchemy that must precede the Acquisition of all other Keys is the self-mastery of yourself, either to a greater or lesser degree. The greater the better, however, ever little step is a step toward the Greater Realization! I Desire for each of you to Wear your Freedom Robes, but until you have cleared all in your life that drains your energies you will never be free to this extent. Remember this?

“Until you have Ascended Fully into Your 'I AM' Presence as a Master of your Own World and Reality, the use of Decrees and Invocations, the Application of Gratefulness and Adoration for Self and Others is a Law; for while you remain within the limitations of the human consciousness, feet on the ground and walking in the quagmire of human creations, you will be prone to absorb the lower resonances of such things. Even at the Higher Resonances this can happen, as Jesus has told you, when He was affected by the emotions and actions of others, after He came out of the desert. You are not Free until you have Found your Freedom! NEVER FORGET THIS!! You can attain your Freedom today, or tomorrow or in a lifetime or two away, time is irrelevant in that Event, but where you are, it shall be what you give to your 'I AM' Presence that will determine the parameters upon Earth as to how quickly you shall attain your Freedom. What do I mean by what you give your 'I AM' Presence? One Word Dear Ones':

‘SERVICE’! Being in Divine Service will be the quickest way you shall achieve this Mighty Vision!”

The Key must, therefore, be recognized for what it is, for Self-Mastery is the Key to Self-Knowledge. It must be then understood and then used daily, as much as possible. And you must acknowledge without question that you yourself are the Alchemist who shall determine the design of your own Creation. Furthermore, you must Know your own self as your Real Self, Your I Am Presence, and that you are the Creations you Manifest as coming forth as that Higher Self!

I may surprise some to learn that seething vortices of human discordant thoughts and feelings daily imposes a hypnotic effect upon almost every person upon earth. These tend to nullify the great concentrations of Intelligent, Creative Power that is the birthright of every man, woman and child on this planet, though it is consciously employed by far too few! So now you may understand a little better, why I wish to extend My Heart and Hands to take advantage of the ‘I AM’ Presence within this Elemental Grace Alliance Council and Sun of Even Pressure Council.

The Intention For the New Alchemy IAMEGA Class:

- 1. It is time to Create a New SOEPC Circle of Light that We shall call,**

‘The Self-Mastery Circle of Light’!

This is open to every Member of the present SOEPC and no other person shall be able to enter this Circle once We close it.

As of the time that this Discourse being sent out to the SOEPC, all Members have 48 hours to respond to Peter, submitting your Intention to accept the Challenges that shall be placed before you. There will be no excuses, no exception to this Rule. If you do not respond within 48 hours, you shall not Qualify be able to join this Circle. Your ‘I AM’ Presence is Guiding all SOEPC Members, so if your present life situation or circumstance is such that you do not receive or read this notice in time, or you are unable to commit for whatever reason, then this is no coincidence. It is Divinely Orchestrated, and anyone unable to attend, it is telling you that you are not ready, and Our Aim here in these Introductory Discourses and Dialogues, is to remove anyone who is not ready to take the next steps toward Self-Mastery. ***‘Qualify with your ‘I AM’ Presence first’!***

- 2. This Circle shall be an Open Group Endeavour and so EVERYONE will be expected to participate. No participation will automatically disqualify you from the Circle.**

As an open dialogue exchange, I shall continue with My Introduction Discourses, and anyone can ask questions, make comments or present new ideas or concepts. This is where the experiment may take several turns, so while your questions, comments or ideas may be a day after the Inspirations from the Discourse We shall add each exchange at the end of the next

Discourse or if there are many we shall Create a separate Dialogue Document in lieu of any Discourse. Just to be clear, these responses to Discourses are not mandatory, these are *'freewill'* at your own discretion! ***'Qualify with your 'I AM' Presence first'!***

- 3. What is compulsory is that every day for 14 days beginning on Saturday, 25th 2020 every Member here shall enter a Communication with their 'I AM' Presence, for 30 minutes a day, submitting to the Group the communication without fail!**

Failure to do this shall disqualify you from the Circle. There will be no excuses unless in dire strait circumstances. By now, everyone of you should be able to create through your 'I AM' Presence a minimum of 30 minute daily. If your situations or circumstances prevent this, then you are simply not ready for what is coming! Your submissions will be expected within 24 hours of the previous day! I will be giving you further Instruction on this before We begin. There is a very specific outline to these exercises, so do not be concerned with these right now! If you are concerned about this condition, then don't be! The 14 Rules for Group Initiation warranted at least an hour of your time daily! So I Am being very lenient asking for 30 minutes. We are going to be asking in the New Class for 24 hours, so if 30 minutes is not possible, then you can appreciate an hour, 3 hours, 6, 12 or 24 shall be of no concern for you because you will no longer be in the Alchemy Class.

By the end of the 14 days beginning on 25th January, We should have a stable and consecrated Group, that will take the next step and pass into the New Class. There, the expectations shall increase, the Tests more expansive and your commitment will reach new heights as the Teachings begin! ***'Qualify with your 'I AM' Presence first'!***

Remember, that the continuation of the cleansing, clearing and re-establishing your New Lifestyles are paramount. This may be harder for some than others, but still there is no escape, no excuse anymore, if you are going to advance! You simply cannot move forward now until you are fully in alignment to the Higher Levels of Consciousness and more importantly the consistent Application of It in your daily activities and routines. Also, it is not necessarily that your daily responsibilities need to change, that is you required daily responsibilities, such as family, work, etc., but it is your attitude, your thoughtforms and your emotional control that shall need your devote and apportioned attention and daily practice if you are going to change your life and the life of those around you!

Dear One's, I wish to share something else with you. You all know through the experiences that you have had with other Masters sharing within the EGA Discourses that many of the older Teachings, although the Root of them shall always remain Truth, many are outdated for True Service in this New Golden Age. Therefore, I too desire to see the Original Concepts about Alchemy to be given New Meaning in this New Age. I desire to see the meaning it acquired in the old Mystery Schools brought more to the surface to move beyond the old consciousness paradigms of use. This then needs the help of humanity upon the ground, you! Therefore the uses to which this Science was used in the past must be translated somehow to a Higher Dimension if mankind are going to reap the benefits of it.

Unless this Spiritual Science is applied to the freeing of Individuals and society itself from the drudgery, confusion and the compromises within the densities of human thought and life, as is Our Wish, the Purposes to which God is Ordained, it will remain unfulfilled. We Who pursue Higher Calling of the True Alchemist aspire to see it attain a place where they can both reach and Commend and Praise the basic Purposes of life to the youth of the world as having far greater than mere temporal pleasures, which really serve a lessor purpose to a Divine Alchemist, than does a pacifier to a suckling child!

Also I wish to say, I conceive nothing wrong in the idea contained in using Alchemy, nor do I look with disfavour upon you having a Divine Source of Supply to meet all your needs. I do feel it is needful for you to keep a constant humility and gratefulness as God places within your hands the Keys to the control of all Natural Forces. I hope that I have neither frightened nor discouraged any of you here from pursuing this marvelous Divine Study Opportunity. I Am, however, now free to proceed with more enjoyment and appreciation, for I have Magnified the Eternally Manifest Principle of Immortal Intelligence of God which some call Inspiration, while others call it simply the Mind of God!

I Am Your Holy Brother St Germain.

BENEDICTION: Thou Mighty Presence whom We in great joy have welcomed, We thank Thee for Thy Great Wondrous Radiance and Light, Thy Great Radiance and Conquering Power; and We Trust that Thou mayest decree Justice now and for all time to mankind.
