

PART 6 VOL 5 – JOY OF THE SOUL – NEW BEGINNINGS – ST GERMAIN, LORD MELCHIZEDEK 6TH DECEMBER 2020

INVOCATION: Radiant 'I AM Presence' Help Us to Fulfil Our Perfect Destinies within Our Christ-Encoded Blueprint as We Utilize Our individualized Sparks of Creativity and Divinely Purposed Talents to Create Divine Balance in Our World and Fulfil the Plan for Planetary Ascension. Mighty 'I AM' Presence, We Diligently Surrender to Your Full Command this Day, Ever Mindful of the Transformative Power We Wield through Thought, Word and Deed. We Ask You to Envelop Us in Your Three-Fold Flame that We May Radiate Peace, Purity, Love, Unconditional Acceptance, Harmony and Higher Consciousness to All.

ST GERMAIN: Greetings Dear Ones, today We continue the expansion of awareness for you to Morphfully Comprehend that which you are presently being given as a more concentrated view of the Bigger Picture. I have told you in the past, that Everything here in the Elemental Grace Alliance, that you shall need has already been given to you through the Discourses. They may have been delivered in an elongated or prolonged way as to narrative presentations in Discourses and Communiqués, but that is because that is what human beings need before they come to Grips with the Truth. But Truly, if all pieces of the puzzle were given to you in any other way from the beginning, how would you have ever coped finding the Truth of Your Divine Heritage and thus become the Mighty 'I AM' Presence Servers of today and the Future, the Now Moment? What was the adhesive that kept you upon this Grand Movement Forward? Love Dear Hearts, Divine All-Powerful, All-Pervading and All-Governing Love of God!

The Great Divine Director has told you, Ascension comes in small steps and so in these New Times, One can now return along the Path Least Travelled to revisit your small steps and the stops that you made to sit beside the Path to Read, Listen and Study, to look again at what you may have missed at that time. The Path that YOU have chosen through Your 'I AM' Presence, and once again you will be able to pick up all the pieces of the puzzles '*Imagined or otherwise*', that you may have overlooked upon the first encounter. Again I say, pay closer attention Dear Souls to what you are about to unearth, as these last couple of Discourses are Awarded you!

However, I remind you, as some of you will be feeling a sense of overwhelm, none of this can finally be fully brought into physicality, until first, The Christ Councils Come closer into Their Perfect Manifestation here upon the Earth. Second, The Mastering of the Divine Alchemical Laws that allow for the Manifestations and Precipitations of God Life from within the Perfection of the Immaculate Conception is able to be put into Perfect Alignment and Rightful Application. And third, not without The Dear God Beings, The Elementals, Devas and Angelic Host in Total Unification and Co-Operation. Bless You All Dear Ones.

LORD MELCHIZEDEK: Mighty St Germain, We Bow to You for your Great Gifts that you Bestow Upon the World. Bless You!

Beloved Family of Light, today, as this Theme continues, I wish to share several aspects of these conversations that must be taken further into consideration regarding the Known

Ascension of Mankind and this Planet. I will touch Lightly upon the Elements of Technology and this, *'Time Contraction'*, that must now be determined as just a possibility or a Definite Transition moving from One Time Cell to Another. This is more Lord Metatron's Domain, and I Know that He is eager to Speak next, but I may broach this a little here, Knowing that All Are Interwoven into this Vast Tapestry of Life.

I Am not going into any excerpts from previous Discourses necessarily, however, I will list the relevant Discourses at the end and would expect that they be included in your reviews and assessments as each have a Grand Piece of this Mighty Tapestry held within it! Simple in explanation within them, but very complex in the execution and all Consciousness patterning within multi-levels of Worlds and Universes. But I tell you not to pay too much attention to any of the complexities, for at another Level of Your Inner and Higher Awareness' you know exactly what you are doing and how to implement each part in a timely and Precise Design of Creative Ingenuity! If you were to read all the list of Discourses first, it will help you to understand more deeply upon the first read of what 'I AM' about to share! If you read this Discourse first and follow up with the Supporting Documents, then you will have to return to gain the deeper Knowledge herein all over again.

Beloved Priests and Priestesses of the Order of Melchizedek, just as the Lords of Light were here during the Formation of the Space-Time Grids for the Astrophysical Pyramids of Light, so also the Masters, Who Work with Metatron, in the Fullness of Time, have and will continue to come to place consecutive Capstones of Light upon the Light Temples of Higher Evolutionary Consciousness and the New Light Technologies within these Pyramidal Grids through The EGA to complete this Program of Organic Evolution.

The Astrophysical Pyramids Act as Focal Points to Energize Ideas which enable the specie to Evolve to the next stage of Light Technology where it can begin to Receive Their Unique Capstone of Light. The Hierarchy of Leo, the Lords of Flame, are those Divine Angelic Beings Who Are Acting as *'midway'* Stations of Light for these Aspects of the One God, the Universal Heart Or the Cosmic Diamond Heart! They in turn Project this Consciousness Patterning into the Worlds of trapped Light, such as Earth, so that you/mankind may access this Consciousness and Integrate Its Codes into Your DNA through Acts of Spiritual Compassion and Unconditional Love, thus Setting the Light of the Christic Consciousness free within Your Cellular Selves, Your Hearts, Your Minds and Your Souls. The Great Pyramid of Giza contains Specific Geometric and Numeric Encoding via Its Design Measurements, which show the Meta-Scientific Relationships between the Twelve Tribes of Israel and the Mazzaroth. The Measurement Proportions also Represent the Higher Light Mathematics involved in the Unification of the Twelve Signs of the Zodiac and Their Subsequent Linkage to the Greater Cosmology of the Higher Worlds of the Mazaloth.

The Light Capstone of Giza, also Called the Capstone of Jericho, has already been placed upon it through Peter and a Team of Melchizedek Ambassadors in November of 2007, that I Will elaborate upon a little later, but for now, Know that this Event is already taking Mankind through their technological creations, beyond this world and making way to open new potentials within Worlds of Light, beginning with the New Erthe. In the Name of Metatron, the New World Servers, thus Becoming Active Co-Participants in the Higher Heavens of

Creation as these Events aforementioned Will Testify. They also begin to see how the New Ashramic Groups of Consciousness Begin to Work with each other as United Brothers and Sisters and not as separated individuals or groups, organizations or foundations that continue following their own private and personality agendas and desires.

To Teach Mankind, the Masters of Light only need to Project Their Face through Your Solar Evolution, since They Have Evolved into Whole Light Bodies capable of Using a Thought-Form Technology to Interpenetrate Your Solar Spectrum with Their Powers of Light. This allows Them to Teach physical world creations how to Evolve as They have done, beyond the Evolutionary Face of Their Suns to Become Sons and Daughters of God.

Dear Brothers and Sisters of the Light, your Thought Projections about the Use of the New Technology is opening to a New Awareness now, although you have received many hints to date that you have not yet grasped. Bio-Computers are not new, they have existed since the Beginning of Time, and now in this Phase of Your Evolutionary Path you are going to begin learning and remembering how they Work with these already Existing Bio-Computers there within you! Yes Dear Hearts, you already have them working in you, some more than others, but They are there! And as I continue with this Discourse and you pursue your assessments and self-appraisals, you will begin to Understand, hopefully, for the last time having to be Pounded to Follow Through.

You CANNOT take another step into the Next Phase of Your Evolution Dear Hearts, until you have Perfected your Communication Skills with Your 'I AM' Presence. For those not yet even trying, not giving this ONLY Truth and Reality a single moment of your time, Due Diligence and Commitment, you will remain within this present Phase of Consciousness unable to come and go, and move between Worlds and Universal Systems as the Masters and All Higher Intelligences Do. Think Ye Not Dear Ones, that this is not happening Now. Think Ye Not that as you look around you into the outer worlds of chaos, that there is not a Whole New World staring you in the face, Calling you to step through the Veils of Time and Space right where you are! Think Ye Not that those who have United here and stayed to this point of This Now Moment that you are not capable of such a transition if you give the Correct and Rightful Applications to YOUR GOD LIFE! For if you think 'Not', you WONT!

If you are still not Listening and continue to follow your own personality desires and denying the Trust of the Conditions of Engaging your 'I AM' Connection to All of God's Creations, then this may be the last chance you have to be at the Forefront of Human Evolution, who shall Open the Gates and Portals to Enter the New Erthe. Don't ever say you were not told or given the first Opportunities to do this! If you do, then accept that that who is telling you, will be your ego-personality. *'Law of Free Will' Dear Ones, 'free will'.*

Everything has been prepared for you to make these Transitions in Comfort, Ease and Grace. This is the Work of the Order of Melchizedek and so I Tell you the following to Validate this Statement. In 2006 the New Christ Consciousness was Anchored upon the Earth. In 2007 the first of many yet to come, the First New Capstone of Light was placed over the Pyramid of Giza to prepare for the Alignment of consciousness of mankind to the Consciousness of the Higher Evolutionary Planes of Existence. In 2009 a New Human Consciousness Grid was

Created as the Foundational Platform for the Purpose of Reversing the Human Consciousness of the Planet. In 2011 a New Divine Plan (The EGA) was Conceived that would Established to sequentially Infiltrate, Penetrate, Permeate and Activate human consciousness in a whole New Way around the planet, whereby all that has been in preparations for many millions of years, could now begin the Opening of such Gateways into Intergalactic Realms that are the Origins of hundreds of thousands of Human Races who live here upon the Earth. You have past the Thresholds of the 2012 that allowed for New Information to penetrate the minds of those who were Open to Receive. The Grids and Ley Lines have been explained in detail, not known before and today, Plans are in place to Act upon such Information and Knowledge.

I tell you all this so you can become more Mindful of what and why the Radiation Centres, The Narayana Joy Pyramidal Light Temples were introduced to you through the Elemental Grace Alliance Book *'The God Awakening'*. How and why such Temples will Facilitate the myriads of changes that await The New Human Race, shall be determined by and within the unfoldment of making the correct decisions within each Dear Soul, to take the next turn toward the Path of Christ Consciousness and not a world of technological impasses that can lock an entire human race into many incarnational loops that will last another 11,500 plus years. Once upon that Cycle then there is no getting off unless the mind can be released from the entrapment of such mis-aligned, mis-designed and mis-directional programs for further advancement in human Consciousness Evolution. But that will be VERY difficult to do!

Many Civilizations past, as you have been told about in previous Discourses, have failed with such technologies and human genetic programs, thinking that even moving into crystalline technology that they had the answers. But no, they did not have the answers, because the intentions and the consciousness embedded within the technology developments and the practitioners who created, programmed, used and maintained them, were not of Sound Mind or Light Mind, they were of a mind-set that told them they were above Cosmic and Universal Law and that they could create by forcing their will upon that which will not be forced. That was the Civilization of Atlantis and Dear One's you were there! So, what parts did you play within the end of times for the Atlantean Human Race? How long ago did Atlantis sink beneath the oceans? Is there a link going on here Dear Ones? Think Cycles!

The Point 'I AM' making here is the Technology that you are seeking through Bio-Computers, already Exists within you. You are the Living Organisms of God's Bio-Computers and to use them with Precision, Perfection and the Manifestation of God's Will, you will only need to Train your Mind to do so. We will go further into this as time will allow, but first let us continue, I want to finish this Discourse within the allotted Time and Space.

The Vehicles of the Pyramid-Sphinxes, Primarily the Pyramid of Giza sits upon the Threshold between Your Zero-Point Evolution and Higher Light Technology, as the Bridge Transmitter/Receiver to other Consciousness Sun Systems beyond the Limitation of Your Solar Light Zone. For those of you who have completed the Light Programs of the EGA, and especially the Capstone of Light through Me, Melchizedek, you have already been Activated with such Codes to enter such Gateways and Dimensions. Your DNA has been Initiated, only awaiting now for successive Time Codes that will Fully Activate your DNA to make the Shifts through and into the next Phase of Human Consciousness. But none will be activated further

until you yourselves, through your own 'I AM' Presence are deemed ready! So, let Me say here, that even though you may partake in a Group Activation in the future, it does not mean that you will be activated along with others who may. This is not how it Works. Everyone must Prove Themselves before these Next Rings of Consciousness can be passed through.

Now, The Pyramid-Sphinx symbolizes how the Mind of the Higher Intelligence **MUST** Centre Itself within Your Solar Evolution in Order to Educate Mankind; how to Use the Magnetic and Electrical Lines, Leys and Grids of Force and to Build Your New Consciousness Light Pyramidal Temples which are the Keys to Opening Up the Threshold Controls necessary to leave Your Existing Consciousness Time Zone. When the New Christed Beings, as the New Adam Lilith Kadmon Man and Woman, is able to Open the Pyramid-Sphinx with The Higher Consciousness' of Light and Connect the Energetic Entrances of the Pyramid and the Sphinx in Egypt with each other, They Will Understand that They have Completed this Phase of Life and is Prepared then, for the Energy Vehicles of the Brother and Sisterhoods to Return and assist Them Into the next Evolutionary Phase.

The Keys Dear Brothers and Sisters of Melchizedek, first and foremost is Divine Love! The Love that is Unconditional that does not stop in any Action in Creation, but continues In Divine Balance of Perfection within the State of the Immaculate Concept throughout All Realities, for All of Time! Light, Life and Love Initiates Creation, through the Divine Consciousness as it Emanates New Life From within Itself. In Addition to the Divine Qualities and Virtues, The Garments of Shaddai, that is, of the Father's Light and the Mother's Love Equally, will also bear what some call the '*Fruits of Spirit*'. These '*Fruits of Spirit*' are Love, Joy, Patience, Kindness, Goodness, Faithfulness, Harmlessness, Gentleness and Self Control, all of which are answerable to no law.

And as We are Speaking of the Act of Creation I would remind you all to consider more deeply the Discourses of Beloved Sekhmet within the God Awakening Book where the Blacklight is spoken of and the Truth of the Black Hole and how it is where the Point of Creation Begins and where the Divine Shekinah is the Magnetic Attractor Field for ALL of God's Creation. Beloved Daughters of Gods are You Listening? For there is much within the Blacklight of the Womb of the Mother that would Open You to Pathways of Light to Enter and within the Immaculate Conception of the Father's Light and Mother's Love may expedite your Holy Desires of Self and God. And Beloved Sons, for you, I say Seek the same Understanding of the Holy Union of the Black and White Light!

I wish to bring this to your awareness as part of why 'I AM' bringing back the communiqués about the Black Light of Sekhmet or Shekinah the Mother's Love and White Light, The Spirit, of the Father's Light, so bear with Me please!

The Congregations of the World that will Gather Will Behold the Coming of Metatron, Michael and Melchizedek in the Activation of the Divine Word Upon New Realms of Discovery. Equally, when That Word Comes down, the Shekinah Will Unfold Her Magnetism about their bodies. And Within the Beams of Light there will be Spirals of the Superhelix, and They Will Manifest to You, Dear Ones. Through these Spirals Your Life Encodements Will be Invigorated

and Immeasurably Expanded as a *'Shoot of an enduring Current of Anthropomorphic Creation'*. In other words, A Creation containing human Characteristics.

It is through the Christed Merkabah that human Creativity will be taken through a Morphogenetic Time of Transition into *'Co-Living'* and *'Co-Governing'* with the Christed ones.

The present traditional Tree of Life for humanity can no longer support the New Patterns and Design for the New Humanity and a different Comprehensive Framework must begin to be Constructed that will Expand to Accept the Unifying Powers of the Offices of the Christ, i.e. Melchizedek, Metatron and Michael and which will be Over Lighted by the Christ Jesus. This must take place that will allow not only the Omnipotentiality for Living and Governing in Other Realms as well as here upon Earth, through which the most fundamental biological process, that of Human Evolutionary Growth is given a Permanency in the Higher Cosmic Domains, and that means the Full Knowledge of the Return of the Magnetism of the Shekinah Life Force.

You must begin to grasp this Dear Ones, that however you may feel you are limited to this Kingdom of Earth the Father's Universe is too vast and multidimensionally complex for you to understand or define as it is forever changing in its Formation and Structure. However, another Principal Requirement across these Multiverses and Interdimensionalities, there must also be this Focus of the Father to be Unified once again with the Equality and Balance of the Shekinah's Nurturing Love! You are hearing this for the first time Dear Hearts at the Levels of Requirement, in such an expansive way and in such a far-reaching Level of Awareness. It is not that Shekinah's Love is not known or Understood as part of Creation Itself, just that Her Presence is not held in Conscious Expression within Relativity that Acknowledges and Adorns Her With Her Rightful Place Beside The Father in All Creation.

For without the Magnetic Embrace of the Mother's Love of the Electrical Impulse of the Father's Light, would remain unable to Immaculately Conceive anything! This last paragraph Dear One's is going to receive some brow beating, from those who do not understand the New Faith of Love or the Real Work of the Christ and I tell you Dear Peter, You have now become aware of why Beloved Jesus placed the balancing of the Archetypal Energies of the Patriarchal and Matriarchal Energies with you to bring back into the Light! I will invite you to go back and review your Communiqué with Jesus in May of 2008. This is the culmination of what you began back then. I tell you this from a Higher Consciousness Level, is the Connection upon that which the Similitude of Thought and the Similitude of God's Gracious Image is held within the Spatializing of the Mind!

Here Dear Ones We shall come back to the Light Pyramidal Temples, for while the Entrance to the Kingdom of God is through the *'Eye of the Needle'* or the point of the conic section which is in actuality a Pyramidal Vista into Other Universes. And each Vista is dependent upon the Consciousness from which the Light is Projected, through mechanical or electronic devices or Simply through Higher Consciousness, in the same way that your human projectors have evolved over time displaying your images on walls and screens. Simply Know, as you do not need to Understand just yet, that whether you are looking at fragments of yourself or Super Clusters of Galaxies, it is all Uniquely Designed from Above and through other Dimensional Realities.

Therefore, the Principle/Principal Work of Mother Father God is to Initiate Through the Sons and Daughters of Them, as a Unified Force Field and each of the Trinity Lords of Light from the Offices of the Christ. Here is where the Power of Oneness Links Directly with The Mother Shekinah Power (*The Mothering Nurturing Energy*) seen through the Trinity Triple Powers of Michael, Metatron and Melchizedek Who can then Engage Themselves as the Quadrinities, (*Christ Trinity plus Mother Shekinah*) with You and well as Any Other Beings Who have Consciously Awakened As Living Organic Life Forms where by any degenerate cycles anywhere within any planetary realm to ensure the Thoughtform of Transformation remains Intact, Indestructible, Irreputable and Immutable.

It is here that I shall stop for today and offer you all some time to Integrate and Assimilate all that has been shared. Lord Metatron shall be equally as Expansive, I Am sure, so He will Respond as and when He feel the Energies of the Group can sustain further facets that shall deal with the Actuality of the '*Time Contraction*' and the Demand to Fulfil the Calling before You! So, you are Facing a choice Dear Ones. A '*Time Binding*', that will place humanity within a new 11,500-year Earth-bound reality cycle, or a '*Time Contraction*' whereby humanity will Release itself from not only the Earth-bound incarnations and being able to Live One's New Life Being able to Travel through Time as well as Multiple Worlds, Universes, Galaxies and Dimensional Realities, finally Being Released from the Wheels of Karma.

Dear One's, It is now up to you all to Discern for yourselves everything that has been shared here today! All this comes down to each of you Dear Soul to make your decisions and then walk the Path/s that will secure the Right Decisions for you! Your Choice shall be Your Own Responsibility the Qualify and Yours Alone!

'I AM' Lord Melchizedek, Your Brother in Service to the Living Christs. Until next We Speak!
