

PART 7 - THE ATC CLOSING ANALYSIS OF THE ST GERMAIN ALCHEMICAL TRANSFORMATION CLASS 17TH JUNE 2020

ST GERMAIN EXERCISE

In Part 6 - ATC - Inception of Light - IAMEGA Alchemy and The Application to God Life - St Germain 13th June 2020

Blessings of Love and Light My Fellow Brothers and Sisters, having compiled all the responses to the last exercise that St Germain presented to this Class, I Am placed in that position of making the necessary announcements that will close the ATC Class to make way for the next.

From a personal perspective, I am dreading this Responsibility and have been brewing over the decisions all night. There is no Joy in this for me while I sit in this place and Role I Am playing right now! I want to be absolutely honest with you all, wearing my heart upon my sleeve, and that includes my own inner weaknesses of this emotional distress. For this Calling to be in this position is testing me to depths of my personality to rise to the challenge. I hope that I have done enough over the years we have been together, that you will all understand that what I am about to share is not about the personality, but the 'I AM' Presence Impersonality, and following the Laws of the Cosmos, no matter the outcome. I cannot tell you anything less, than I Am in Service to Myself first, then to God, and for me, each of you cannot be separated with either. We can be seen as separate, but the Truth is We can NEVER be separate. Therefore, I Trust in God to Guide Us through this situation as '*One United Forcefield*'.

Dear Friends, I stand before you now, and have Surrendered to the outcome, no matter how it plays out! But here is the Power of this situation that continues to plague not only me, but I am sure all of us here. Unbeknown to my conscious mind, the Path for this day was laid for these announcements, within the Discourse, *Part 2 - ATC (Official Alchemical Transformation Class) - In The Spirit of Truth - IAMEGA Alchemy and The Application to God Life - St Germain 31st May 2020*. It was about the '*In the Spirit of Truth*' that Jesus spoke to us about!

The very next day I received an email from Our Dear Sister Joyce, who told me this:

"Sometime in my Sunday Morning...I realized the Christian world was celebrating The Day of Pentecost...Having read of this Day a million years ago or so it seems in The Urantia Papers ...that on this day 'The Spirit of Truth' was poured out on the Disciples...The Paper...'Bestowal of the Spirit of Truth'...'Peter stood up and declared that this must be the coming of the Spirit of the Truth which the Master had promised them and proposed that they go to the temple and begin the proclamation of the good news committed to their hands. And they did just what Peter suggested'..."

The email contained other experiences and information, but it also included this

"Every year on the Day of Pentecost...I think maybe this year the Spirit of Truth will be poured out...on those receptive...and there was your message dearest...Peter...'In the Spirit of Truth'...Through the Blessing of it All...'The way to restore the Divine Pattern is by dwelling on the Divine Pattern, by knowing in your heart and feeling most earnestly that the Divine pattern is your natural heritage."

Bless You Dear Sister!

This information has played over in my mind these last couple of weeks, and two days ago, I had to find it and read it again, but it had been misplaced, lost, or whatever, so I asked Dear Joyce if she still had a copy! It was sent by return. What I did not see or take any notice of within this email sharing at the first read, was the answer to my present dilemma herein. And now I know that I am being Tested, to Stand in My Own Honesty, My Own Integrity and My Own Responsibilities that I have Earned to be Granted over my lifetimes to be here with you all. And Now because the **'Strength'** I needed to do this and say what is needed to be heard was within me all the time! It is here Now, seen and felt to be within me Always, just like the **'I AM' Presence** is with us ALWAYS, EVEN WHEN WE ARE NOT PRESENT! I just did not see this Guiding Light right away!!! Isn't this True for most of us??

The MESSAGE I needed to hear from Joyce was this:

"On October 21, 1971, Lord Zadkiel, Archangel of the Sixth Ray of Transmutation, channelled the attitude we should cultivate about transmutation.

"Many choices will be given in these end days and during this purification time. It should not be looked upon as an unpleasant task and a difficult one. It really should be looked upon with great pleasure. You should strive within to make it one of the most enjoyable and exciting moments of your entire spiritual experience because it is that moment when you utilize every power, every intellectual, knowledgeable point and say, this will serve me in my ongoing stages and can be productive for the good of man and for my own spiritual mission and role upon the Earth and in the times to come after this mission and this life experience; or, it will not serve. If it will not serve, then it should be without difficulty, and it should be expedient to eliminate it.

"The message is clear. When we uphold the Lord with the Laws of God, in our Temple, that is, in our hearts, minds, bodies and souls, it is a holy time and we should be filled with joy. Because we willingly have eliminated our fear and resistance, the Lord, the Cosmic Laws, will be our strength."

.....

The first announcement then, is that Our Dear Sister Cheryl, has removed her Seat voluntarily along with Our Beloved Brother Dejan. Both have shared their Self-Realizations that they are not ready to continue in the next St Germain Class which is totally designed for the fast tracking for the entries into the New Christ Council Circles here upon the planet. So please, remove Cheryl and Dejan from any further email correspondence that has anything to do with these Class activities or events. Bless You!

Regarding the rest of the Class, there has been a mixed response of clear, precise, and determined fortitude to remain within the Class, and the ego responses that shine a light of hope and personal desire to stay.

The question about **'what are you a fisher of?** Was the very last entry within the Discourse that came after its completion. I wondered why it was added, I had no choice, it virtually wrote itself! And the question was not meant to be responded to as a Group exercise, it was a personal reflective inner question that St Germain wanted there, to have each one look at all that had been shared in all the Series of Discourses to date in the Class. It was to show where one's Faith was, to what one was giving their attentions to and so what was using their energies. For if one is fishing, then surely the acknowledgement or the acceptance of that

desire is not already seen to be present within them! Therefore, looking outside of themselves.

I was fishing yesterday for my **'Strength'** to come before you, and so my energies yesterday were totally wasted, I did not need to spend any time at all in the trying to find what I already had. I still fall into this trap, when I am not CENTRED as I Am when I Am in Communication with my 'I AM' and God!

It was not until after I read all the responses that I saw how many remain fishing outside of themselves, like I was, and this is Truly a grave error that within this Class Environment, cannot remain. Plain and Simple. St Germain has Impressed all this upon all of us from the Introduction to His Classes.

I have also Realized that this Class is not coming from a place of those who are in St Germain's Classes in the Ethers. This means that when St Germain stringently adheres to His Conditions of Engagement, they are not dealing with the human condition here upon the ground, and that in many ways cannot be, in my eyes at least, and I could be wrong, the same unrelenting Conditions of Engagement or consequences. However, the Laws Still Apply as Above and So Below, and there are indeed reflections to be made here.

So if St Germain was Present in His Physical Body running this Class with us all in one location, the Reality would be quite different. He would be running the Class and He, with His TOTAL All Seeing Eye and Unlimited Knowledge could say you are in or you are out! No-one could question this at all, certainly not me!

In this situation where I am facilitating these Classes, so to speak, without any All Seeing Eye or conscious Knowledge of the Universe in All Its Glory, I am only interpreting in accordance to what I am/Am Impressed to share or through my own experiences. That in simple terms, means any decision by me has the potential to create Karma, either good or bad positive or negative, and for me, I cannot do that when it comes to other people's lives! That is why I have strived so much to have every decision made by every single Member here to make their own choices, any mistakes or errors then come down to themselves to play out upon their own Karmic Wheel. If those choices, affect others or the Group in any adverse way, as we have been told many times every decision affects others within the manifestations desired, then, yes others will be effected but that is part of the Test also, is it not? Being here, so Self-Empowered in the Spirit and Truth and Standing in the Light that NOTHING can infiltrate that LIGHT!

So if the Class were to be Divinely Judged and its accounts audited then I would not be surprized that this Class would be cancelled with none to follow! Plain and Simple, we are just not following the very Strict Guidelines in both personality and personal and spiritual glamour in present, in ways each shall have to consider for themselves.

If within my own capacity were to look at the Class attendance and participation, and indeed the Resonances, then no matter what way I look at it, I cannot in all Honesty make any decision for any individual here. If, I were to do that one group would go through and in another criteria another group would go through! For me splitting the Group in either way, participation, Conditions of Engagement, Resonances, Guardianship/Ambassadorship, or indeed glamour, then in one way or another, I could be making grave errors, which I am NOT PREPARED to enter into.

So, I am going to step back and hand all this back to each one of you personally to say that you are moving forward or stepping aside to support those who are continuing with the Class, with St Germain's Over Lighting Guidance. This then is Honouring the Cosmic Laws, but most of all one's *'free will'*! To date no-one who began these Classes has been removed other than by their own *'free will'*. And I, in all Good Consciousness cannot intervene in such Laws, no matter the consequences, positive or negative.

Therefore, the Responsibilities are returned to each of you reading this, to make your final decision to continue with the next Class or remove your own Seat! And any errors in your own self-awareness shall also come down to you personally! That is the Law from which no-one is exempt. I Am reminded that no Seat upon ANY Christ Council is appointed to anyone, They Are ALL Self-Appointed. That being said, no Seat is Self-Appointed by any Being who is not in absolute Compliance to Cosmic Law and working directly with Christ Consciousness of the 'I AM' Presence Divine Will.

So, please now if you would all be so kind as to make your final choice and declare your Intentions. Let us give a time frame being before the end of the weekend. That offers 5 days or so to reflect or whatever one needs to do to come to their conclusion. Please respond to me privately for now as usual. God Bless You!

If I may now return to *'In The Spirit of Truth'* that Jesus Speaks of and to share from with my own Body Temple.

"The message is clear. When we uphold the Lord with the Laws of God, in our Temple; that is, in our hearts, minds, bodies and souls; it is a holy time and we should be filled with joy. Because we willingly have eliminated our fear and resistance, the Lord, the Cosmic Laws, will be our strength.."

In Truth, I Am Now in Absolute Joy, beyond all ego-personality errors and thus wish to *'proclaim the good news committed to my hands'* with glad tidings, so you each too, may Rejoice in the same **'Joy and Strength' of the Master Within** and go the Your Temple of your own 'I AM' Presence as best Supports you, and not to be discouraged by any decision one must make now when it comes to One's Own Responsibilities First!!!!

To remain as Transparent as possible, and to keep everything upon the Table for all to see, The EGA Light Circle for the True Constitution of the EGA who has anticipated the need to finalize the Triune Grace Commission Natural Law Trust in preparation of receiving some larger funds has been working diligently to complete this Goal before any funding arrived. This has to be done to legally set up the EGA's Financial Structure to provide us with the Highest Resonance and most appropriate format to be of Service within this Divine Plan. We continue with this endeavour as we speak, however it remains still incomplete. We are not yet ready! Which in a strange sort of way reflects the St Germain Class!

I have not yet informed the Members of this TCE Light Circle yet and as this is an EGA Matter for those within the Core Part of the EGA, it should be a Group Announcement.

As of yesterday, the EGA has been bequeathed 50,000 Euros, ready for depositing into the EGA Guardianship immediately, and use for the further development and growth of this Divine Plan! I have placed this offer on hold for the moment until the Financial Structure is in place and officially inaugurated and legally in operation. The money for the financial costs and needs to procure such things has already arrive in my bank account for immediate use for the EGA as required.

Please understand! This is more than important, this is not shared here to offer any encouragement, but it could be seen as an even greater test, knowing that the Elemental Grace Alliance has now moved into a Whole New Level of Operation! This does however also place everything in a different Light for the basis of your decisions to come!

Also, there are 2 other Circles of Light in operation at this time, that will both change the direction of the EGA once again. These will be calling from the Membership much Greater Co-Operation, Co-Participation and Co-Creativity within the Whole of the EGA, that is All Groups, so even if one chooses to remove their Seat from this Class for now, it means all their *'talents, gifts and abilities'* will be called for, in wider capacities, other fields of assignments and actions along with Higher Visions and Potentials that anyone may be able to imagine right now. The final touches to all this still have to be refined and when complete will be shared!

I Trust that this all corresponds to the closing now of the **Alchemical Transformation Class** herewith, having the Transformations St Germain desired having been achieved, either in full or partially? This, so that the **New Inception Alchemical Class** may begin.

A New Beginning Dear Ones? Coincidence??? I shall leave it to each to decide. You are the Captain of your Own Ship.

The Elemental Grace Alliance Amada is in Its final preparations, before Setting Sail!

God Bless You All For Your Parts in Divine Service to Humanity, The Elementals, Devas and Angelic Host. We Give Praise of Gratitude for Your Patience, Persistence and Choosing the Elemental Grace Alliance as 'YOUR' Divine Plan and Path Together.

In Love, Light and Joy 'I AM' That 'I AM'.

For the Greater Glory Of God!

I look forward to your responses soonest.

To Know God First Know Yourself!

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen,

Rather Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.

'I AM' Your Divine Brother of the Light
