

## THE ELEMENTAL GRACE ALLIANCE - INVITATION TO PARTICIPATE IN AN EXPERIMENTAL STUDY GROUP - RULE 1 OF THE 14 RULES OF GROUP INITIATION WITH DJWHAL KHUL.

Blessings Dear Souls,

For those of you who are now aware of the Elemental Grace Alliance, we would like to share something with you that will hopefully help each person who registers for this Experimental Study Group along their own Path of Initiation.

It has been brought to our attention through a recent Discourse with Beloved El Morya, that there is a need for some creativity on behalf of would be Disciples to engage in new potentialities to develop new educational techniques and procedures, and so as part of the training faculties within the expanding growth of the Elemental Grace Alliance, this particular Study Group is being designed, to see how effective it may be to act as a trigger for opening one's connection to their I Am Presence for further preparations upon their Path of Initiation.

Many of you have heard of the Alice Bailey Books written by the Master Djwhal Khul, also known as the Tibetan. The Elemental Grace Alliance has been Granted a Dispensation that has secured the direct Guidance from Master DK Himself, and therefore is now deeply involved in the studies to arrive and pass through the next set of Disciple/Initiate Initiations as set out in His many books, particularly in The Rays and The Initiations, Discipleship in The New Age Volume 1 and 2, Esoteric Astrology, and Education in the New Age to mention but a few, 'We come to you now, principally on behalf of further introducing the Elemental Grace Alliance to you, but this is by no means the only reason. We here at the EGA are here to assist all Dear Souls upon their Paths and within their Divine Service to Humanity, no matter what that may be. So, if this Trial Study Group helps you and you wish to remain outside of the EGA Membership, you are Divinely Blessed and welcome to participate just the same.

Beloved DK says this about the EGA:

*"This very specific Group, The Sun of Even Pressure Disciple Council, is about to enter a deeper Epoch of Greater Service. But first you shall need some training. That is why you are here, and many will follow in your footsteps. Those who may read this may feel the draw within the Core of their being and I say to you Dear Brothers and Sisters, come forth and follow this lead, for you will not be led astray! But be mindful of this first!*

*"You have thus all been led to follow your own personal ego and mental objectives, goals and targets. With these intentions and foci, you have forced yourselves to service these desires, wants and perceived needs. This New Work of this Disciple Council, is going to call for you, individually at first, and then as a Group, to place your attentions and intentions upon ONLY subjective ones that are aroused, stirred and ignited through, personal, internal, emotional, instinctive, intuitive Impulses. These Subjective Impulses progressively coming from the Impersonality's expressions of you all, shall be so far reaching in their scope and effects when incorporated with this Group, it is impossible to imagine the results and manifestations from where you are sitting right now.*

*"I wish to encourage your creativity to attain your goals, to be mindful of the Vision and hold this Vision firmly within your Hearts and Minds. To create and manifest only those things that come into your immediate view. Those aspects of the Plan, those precious moments that need your instantaneous Love and Light, those matters that call for your attention in the time of your present place and location. Do not misunderstand any circumstances, I repeat, DO NOT, walk around anyone or anything that comes into your awareness that you know within your Heart, that you can make a difference to. This is a Full Time Vocation Dear Brothers and Sisters, and it will take all of your Devotion and Dedication to do this. That is why to be a Member of this Group, any Group, one cannot be one of half-heartedness. It must be a Full Time Life Occupation from now on!*

*"To Help Me Dear Hearts, at the optimum Levels of Attainment, I need you to be glamour free, creatively and as a Group; walking within the madness, speaking within the disarray of confusion, thinking and feeling in the pandemonium of hearts, minds, bodies and spirits, in the turmoil of the loss of Divine Consciousness; standing firm and balanced within your I Am Presence, unaffected in the face of all adversities.*

*"I will help you as individuals to find detachment, dispassion and discrimination which the Buddha taught.*

*"I will help you as a Group to find the complete dissolution and subordination of the personality and to expand the Unity Consciousness for the Group's Significant Pursuits, as a Group, as Christ taught.*

*"I will help you with your Group Endeavours, to rise in consciousness to go forth as a Divine Unity of Oneness, To Love and Serve All Beings while truly Comprehending and Understanding the Truth of Working as a Group within this New Golden Age.*

*"I will remind you constantly, to remember exactly what you are doing at all times. This is of major importance. To know why this is important is so that you register consciously and all the time, just exactly what you are doing. I would have you remember that right doing is the result of Being. If your awareness of being is of a personality nature, so will be your activities and creations. If your consciousness is focussed in Spiritual Being, Group Attainments, your spontaneous, creative and active Service will be consequently through this Radiation. Please ponder on this, for it has great value in its simplicity. Not easy to attain, but simple in words."*

What few people understand about their Paths to Ascension can only be attained through adhering to and complying with Cosmic Law. One of those Laws is the Construction of the Antahkarana and the Building of the Rainbow Bridge in widening this Life Force Central Channel that connects one to Our Prime Creator through the Spiritual Triad of Shamballa, Hierarchy and Humanity. This is done through the study and application of the I4 Rules of Group Initiation. Beloved El Morya says this within His recent Discourse:

*"Individual initiation is challenging to understand and describe, because it refers to States of Being you haven't attained yet. Group Initiation is even more abstract, especially to the individual*

*consciousness, which means that any consideration of the group Antahkarana is necessarily difficult to put into words. Still, there are a number of things that can be said about the Antahkarana in group context that can be useful to aspiring disciples who seek to develop their group or develop themselves within a group.”*

NB. These Discourses are Principally Directed toward the EGA and SOEPDC, however, due to the fact that we continue to seek many more Dear Souls to join the Elemental Grace Alliance Divine Plan, We are being asked to share with all, so the Truth of Our Purpose here, is Open and Transparent for all to consider for themselves, to be a part of the EGA or not. This call can be verified through the Discourses themselves for your own discernment.

On the website page “**Book 2 Antahkarana**” there is a channel from Lisa Renee, whom through a totally independent source, confirms specifically to the links that we have and the Truth of Our EGA Divine Plan and Purpose. In the Elemental Grace Alliance Book I “**A God Awakening**”, Beloved Alpha told us:

*“So, the Granting of such New Charters, Fiats and ‘Rings Passeth Not’, cannot be discussed here for two reasons. First, the time is not appropriate to disclose such changes for humanity to become aware of publicly. The main reason for this is that should these be known they may interfere with present free will choice within humanity and could create further imbalances before a firm Establishment of a Radiation Centre is in place with Its Principle Christ Council. Second, I will give this information through other messengers to disseminate, so that it shall be shown without doubt, that what has been founded here in the Elemental Grace Alliance is not the only Outlet for My Divine Flow!*

For the first time in such detail does this Communique through Lisa give the confirmation of what was shared within the Alliance Discourses back on the 6<sup>th</sup> February 2016. We have been given many confirmations now through other Dear Souls and their own Divine Plans, but never to this degree and never in accordance to the Intensity of the Call to Unite in a Combined Forcefield for the benevolence of Humanity, The Elementals, Devas, Angelic Host and Mother Gaia Herself. If you have read the EGA Book I, then you will know our Divine Purposes by now.

## **SO, WHAT IS THIS TRIAL STUDY GROUP?**

It is simple! The EGA will provide the Study Material and schedule for Study on an individual basis. It shall be a 10-day Study period that shall require around one hour per day whereby you simply say a Prayer to Invoke the Energies of the Day, Shamballa, Hierarchy and Humanity. The Prayer and Invocation will be provided is a guideline, and you are free to create your own if you wish. Then you write in a notebook the given daily Lesson/Study Information. It is no more

than a page and half of text from the DK Book, The Rays and Initiations. The text shall be sent to you. You are asked to contemplate the daily Study and make notes or you can share your experiences with the Sun of Even Pressure Disciple Group. We are here to support you within this process.

The Study is free of charge, to comply with the foundations of what the Elemental Grace Alliance stands for. However, if you wish to make a donation as part of the Exchange of Energies, then your kind offerings will be gratefully received. We are always in need of financial support. But there is no obligation here!

## HOW DO I REGISTER?

Simply send us an email to that effect or if you wish to join the EGA on a more permanent basis you can register with the Application form on the Elemental Grace Alliance, Sun of Even Pressure Disciple Council page on the Website.

[SOEPDC Application Form](#)

Upon the receipt of your email or Application Form, found on the Website page “**SOEPDC Council**”, we will send you the documents and Scheduled Plan that you can best apply your study period to. The plan provides 12 Courses that begin on each New Moon of the Month. The reason we are doing this, this way, is that on the day of the New Moon each month, there shall hopefully be a group of Dear Souls who will actually be doing this together as one group. It shall be an individual assignment, but the group element will also be present in this “**Format of Approach**”! You will understand this more deeply when you read all the relevant supporting information on the pages of the Website;

## WE WISH TO BE VERY CLEAR HERE!

Through the Discourses of the Elemental Grace Alliance we have been told by High Councils, that the EGA is but one of millions of Divine Plans now in operation around the world. However, it has also been said, that there are no coincidences in life and having been Divinely Directed or Guided here, and it matters not how you came, there lies within this Divine Plan, something for you! That is Law! The Law of Attraction, Synchronicity, Divine Order, Resonance and most of all The Law of the Circle! So, having arrived, it is now your own responsibility and yours alone to discover the reason why you have this information now in your grasp.

The Elemental Grace Alliance Book 1 has been called many things, but one of the most profound is it has been called a “**Map To Divine Purpose and Divine Will**”.

So, Book 2, is also this “Map or Guide of Directions”, and in being, now opens a smaller Map, **Rule 1 Study Guide**, magnified to view and review the Key Points of Interest along the Path for Initiation to the Higher Planes, without “leaping out of the window of the train”, as Jesus puts it in the Christ Letters. He says;

*“Therefore, when deliberately setting out on a spiritual journey, you should visualize yourself as being like a traveller boarding a train bound for the destination of your choice. If, when travelling, you leap out of the window on glimpsing verdant valleys or exciting cities offering pleasures of some sort and go wandering into highways and byways far removed from the journey you had originally undertaken, you will find it very difficult to resume that original journey”.*

You will find this Discourse in detail in the **“Understanding the Law of Resonance”** on the Website, **Book 2 Antahkarana** page.

This is therefore your Train Journey and it is between you and your I Am Presence, as to what you are led to and how deep to dive into the information for Higher Understanding. We must tell you that to read these ‘Points of Interest’ may not reveal the Whole of the Information in the first read, as the case has been proven now countless times. The Disciple/Initiate will only take on board what they attract to themselves in accordance to their own personal Vibrational Resonance. The Higher the Resonance and Light Quotient, and the Level of Initiation they have done to date and the one they are standing before are indeed the expressive factors of this Truth.

What is placed within the pages mentioned above is vast both within its scope and levels of Vibrational Frequencies. And much contemplation will be required to fully grasp the importance of this Rule 1 Study and its sequential other Rules in due course. This initial period of contemplation shall be a study on its own, all of which shall be the preparatory work needed to achieve the goal of aspiring to this New Level of Awareness through the Rays and Initiations and the Construction of the Antahkarana or Rainbow Bridge.

One may be ready immediately to do the Rule 1 Study, others may be weeks or months away from being prepared, others still a year or two! But make no mistake, this is your choice and one made through discernment and direct Guidance from your own I Am Presence. This could be said to be a Major Step along the Path of Initiation, but that will be determined by your own level of consciousness and your own desires to make manifest before you!

Further to all this information on these pages, the Alice Bailey Books by Master Djwhal Khul shall be another Guiding Light for you. They are deep and have their own language to decipher, but all within the scope of dedication, commitment to the journey now and the vision to see the Light at the end of the tunnel. All DK Books are available online through the normal channels, or as PDF files as free downloads. If anyone has any trouble finding them we can assist in that area also.

The Map is in your hands and the Treasure within it is yours to find! God Bless You and know we are here to answer any questions at any time to help where we can.

The only thing we would ask of those participating in this study program, is that it must be completed in 10 days from the beginning on the New Moon, without any loss of days in between. Please remember this is a 10-day commitment to yourself and your I Am Presence, not to the EGA.

After the 10 days of Study, whether you complete it or not you are asked to kindly share your experiences, if you have any. If not, we would like to know why from your own perspective, if that would be acceptable to you? It is our intention through this Study Plan to gain some further insight and knowledge so that we can review and adjust our programs to suit a wider field of acceptance, so your help in this would be appreciated.

From there you can decide whether you wish to continue with the Light Programs of the EGA as set out on the Web site page “SOEPDC Council”, which will culminate in actually completing the Construction of the Group Antahkarana as part of the Elemental Grace Alliance Combined Forcefield. But more on this once you have reviewed the information sent to you after your request to do the Rule I Trial Study Program is received.

We hope that we have presented this opportunity to you in a way that makes sense. If you have any questions at all, please feel free to contact us and we will do our best to provide further clarity for you if needed.

Thank you for taking the time in reviewing this presentation, we truly appreciate it!
