

THE SEVEN STEPS OF PRECIPITATION – PURITY (CLAIRE) AND ASTREA – STEP FOUR - PART I

BELOVED PURITY and BELOVED ASTREA

- Elohim of the Fourth Ray (White Ray)
- Divine Qualities: Purity, Harmony, Poise

- Retreat: Near the Gulf of Archangel, southeast arm of White Sea, Russia.

It is time now to enter the fourth Step of Beloved Purity and Astrea - *Beloved Elohim of the Fourth Ray*, to delve more deeply into the understanding of how Creation is manifested upon the Earth and how within an individualized or group intention, we can achieve the goals we have set to Divinely manifest and thus bring about balance once again within ourselves as well as humanity and our Planet Earth.

Purity or Claire is the Elohim of Purity, while Holding the Immaculate Concept. Purity and Astrea also Emanate the Divine Qualities of Hope, Wholeness and Perfection and the colour of Their Ray is White.

The Beloved Elohim of Purity Speaks from the Book Seven Mighty Elohim Speak.

"I Am the Elohim of PURITY! Because of your great light, love and interest in "The Light of God that never fails," all through the years, I have been invited into Earth's atmosphere, again, today. I Am the Guardian of the Immaculate Concept for this planet, Earth as well as for this Entire Universe. I Am also the Guardian of the Immaculate Concept of your own

Individualized Divinity, which is fashioned from White Fire Substance and lives in the God-Free Realms. This is Your Pattern of Perfection, Originally Created by the Godhead, and that Being, in All Its Perfection, you must one day become! I Am more than this, too. I Am the Flame of Cosmic Christ PURITY, the Natural Activity of your own Life, which is not something that must be wooed, and not something that must be drawn from without.

“I Am the Living, Breathing PURITY of the Electron which lives in the Centre of the Atom of which your physical bodies are composed. This Electron vibrates so rapidly that no discord can enter into or contaminate it. As the Substance of My Flame is One with the Substance of that Electron, then I Am alive in every cell of your body, moving around the Central Core of every Atom of your flesh, even this moment, as I speak to you. Truly can I say with Jesus, “I Am with you, always!” I Am Your Life.

“I Am the Living, Breathing Electronic Light of PURITY within your mental bodies, closed in, yes, by the shadows of atomic consciousness, waiting now to be released, in order to manifest the Perfection of Your Divine Conception. I Am the Living, Breathing Flame of Pure Light, invoked by each one of you into the great sea of your emotional world, awaiting release, to again manifest Perfection by the Purification of the Energies of the Atomic Consciousness.

“I Am the Pure, Electronic Light within every cell of your etheric garment, upon which you have impressed those records of impurity and I Am now expanding My PURITY from within every cell and atom of all your four lower vehicles (emotional, mental, etheric and physical), Expanding, Expanding, Expanding My True Nature, which is the Purification of this Earth, All That Is in the Earth, on it, or in its atmosphere.

“Beloved Ones, let Us consider Electronic Light for a moment. If you could stop one electron as it passes through the Universe, or stop it, for a moment, as it passes from the Heart of Your Presence into your physical heart, you would see that that Electron contained, within Itself, All of the Nature of the Godhead, all of Its Powers, All of Its Majesty and All of the Divinity which is within the God Parent! The Electron, Itself, can never be contaminated, for My Flame of Cosmic Christ PURITY lives within Everyone of Them. In the course of a single second, millions and millions and millions of these tiny electrons are literally bombarded from the Heart of the Universal First Cause, through Your God Presence into your physical heart, then out into your world.

“If this be so, from whence come the shadows, limitations, illnesses, appearances of age and depressions? These discordant appearances are but the “clothing” of those Electrons by shadows created from the habit of placing the attention, thoughts and feelings of the outer self upon imperfect appearances in its environment and in the atmosphere of Earth. With your conscious acceptance of My Service now, I shall endeavour to remove, as much as possible, of this shadowed substance around your Electrons, by the Mercy of God, and by Expanding the Power of My Flame of PURITY, which is already within you.

“I speak directly, now, to the Electrons which have come from the Universal First Cause, having answered the call and obeyed the Magnetic Pull of the Immortal Threefold Flame within your heart. In and by the Power of God Almighty, I now Decree that there be continuous and permanent expansion of that flame of PURITY in every cell of your bodies. I Command this to remove the effluvia (shadows) there and to transmute, into Light, every rate of vibration which is an impurity, and causes human limitation. I Command this done now,

by the most Powerful Cosmic Action of the Blue Lightning of Cosmic Christ PURITY from My Heart which has ever been known to Manifest on Earth!

“In the Name and by the Power of the Great Central Sun of this System which was Vested in Me when I was made Guardian of the Immaculate Concept of the Sons and Daughters of Earth, I Decree that the PURITY within the Heart of every one of your Electrons shall now EXPAND! Until that which appears as limitation can no longer imprison your life in discord and, thus, the shadows cease to be!”

The Real ‘Atomic Accelerator’

“Do you know that the greatest “Atomic Accelerator” in the Universe is really that immortal Threefold Flame within your own heart? The acceleration of the Speed of the Electrons around the Central Core of the Atom, within your four lower bodies, is accomplished by the conscious directing of that Flame of Life within your own heart!

“THE MOMENTUMS OF CONSTRUCTIVELY QUALIFIED ENERGY, RELEASED BY THIS GROUP, SHALL SET INTO MOTION THE IMPULSE FOR THE FIRST ACTIVE “ATOMIC ACCELERATOR” ON EARTH, ACTUALLY ACCELERATING THE VIBRATORY ACTION OF THE FOUR LOWER BODIES OF ALL MANKIND. Now, this acceleration, released by your calls, can be far more powerful than that which would have been released by any mechanical instrument. That instrument, however, shall come forth later, here, for the use of the masses, the pattern having been set by the “Heart of Freedom.”

“When We enter into the Living, Breathing “Force Field,” which has been drawn and established here, all through the years, by the release, into it, of your vibrant, vital energies, what happens? The Mighty God Beings, Angels, Devas and Ascended Masters, who have Focused Their Energies and Vital Rays of Light into the open Hearts of each Aspirant, all this becomes a part of Your Service to Life and adds to the Size and Radiance of Your “Force Field.”

“The Radiation of the Pure Light Substance from these Great Beings, as it comes into your space, accelerated the Vibratory Action of the Electrons of your flesh and inner bodies, just by their attention, focused upon you. As these Electrons are quickened in their Speed of Vibration, there is thrown off, the substance of darkness and shadow (created by discordant thoughts, feelings, spoken words and acts of the past), and these shadows are then transmuted into light, by the Powerful Action of the Cosmic Violet Transmuting Flame, which fills your room.

“You, who have longed, so earnestly, to sit within the “Atomic Accelerator” (about which Saint Germain has spoken to you), remember that these will be provided for the mankind who have not yet learned the Mastery of Expanding the Flame within their Own Hearts. However, every time you gather together with other like minded Soul, every time you come within the compass of this “Atomic Accelerator” of Freedom, there is thrown off, from your physical and lower bodies, into the Violet Flame, so much discordant accumulation, that My Heart rejoices. This Purification also takes place for you, even when you just direct your attention to this activity, “Where your attention is – there you are!”

“The Groups which are willing to abide in the disciplines that We have given, releasing Their Energies joyously and willingly, in decrees, songs and visualizations, thus quickening the vibrations of their four lower bodies, such Groups become the Acceleration for all in their

localities! In the orthodox world, you have heard much mention of “the quick and the dead.” This merely refers to the difference in the rate of vibration of the four lower bodies of mankind (physical, etheric, mental and emotional). The main difference between your unascended bodies and the perfection of Our Own, is merely the difference in the rate of vibration of the electrons spinning around Their Central Core, in the Atom. You see, Our Electrons move in an extremely rapid Rate of Vibration, due to the Complete Purification of the Energies of Our Vehicles of Expression.

“You, too, are gradually achieving this more rapid Rate of Vibration in your own four lower bodies by the Purification you receive from your individual applications of the Law, in the use of the Violet Transmuting Flame and other activities of the Sacred Fire, as well as by your participation in this evolving work discipline.”

Purity Continues His Address:

PURIFICATION NECESSARY

“Do you know how much purification is necessary within your mental bodies, before you can even accept Our Reality and Our capacity to speak to you? It would be a source of very great personal gratification, if you could see how Pure Your Vehicles had to be before We could even attempt the experiment of coming “through the veil” to Speak Our Words to you!

“You see, the vibratory action of the feeling worlds of the masses of the people is so slow (their worlds being filled with all sorts of disbelief and doubt), that even were they to hear Our Words, those Words would not be accepted by them as Truth, nor would they believe that those Words were actually coming from Us, as Real God Beings. The Vibratory Action which has been established, in your vehicles, through all these years of application (individual and in groups), has made possible this spiritual association and partnership, to-day.

“Dearly Beloved Ones, when you are “caught up in the spirit,” so to speak, when you are gathered together, here, as you are now, the vibration of your bodies is raised, each one, to its present ultimate point of comprehension. Then there is anchored, into your worlds, as much of the Substance, Energy and Vital Fire of Our Beings, as We Know you can individually absorb. What happens next? After the meeting is over and your attention is again upon the things of this world, you go back into the accustomed vibratory action of your own aura, by giving it your attention, again, and thus connecting with the effluvia of the individuals with whom you live, with whom you work and the appearances of less than perfection by which you may be surrounded.

“That which has seemed so simple, so easy of accomplishment while you are in class or connection with Spirit and your attention is upon Us, (for that is Our Feeling of Mastery, which We have given you through Radiation) then recedes from your outer consciousness,

because, by your change of attention, you allow the feelings of depression, doubt, fear and general effluvia of discord (which represents the general consciousness of mankind), to enter, again, into the subtle essence of your mental body, into the sensitive consciousness of your feeling world, into your etheric body and then, into your flesh.

“It is My Hope and Sincere Decree, that those whose worlds have been accelerated to the point where they can grasp and comprehend this Law, may learn that constant vigilance is so necessary to enable them to hold the vibrations of their inner and flesh bodies above connection with that of the mass mind. I Now Decree that this shall be so Powerfully Charged into your outer consciousness, that you never again forget it and thus sink back into the inertia which has made you “sleep for centuries,” accepting the minimum life has to offer, just to keep your bodies alive and your souls nourished to a certain point.

“Again, if you will consciously accept it, I Now Create, around you and your worlds, a great oval of Pure, Blazing White Light from My Own Heart, which is the Vibratory Action of My Consciousness. This will act, for you, as a Deflector to those currents of discordant energy in which you move in the outer world, which slow down the vibrations of your inner and flesh bodies and again connect you with the mass distresses of mankind.

“Beloved Friends, as the Great Ones have told you many times the Action of this Law is Mechanical. It is absolutely and positively a Science of Vibration. The Speed with which the Electrons revolve around the Central Core of each Atom in your mind (mental body) is determined by the thoughts you entertain. When those thoughts are of perfection and on the Expansion of God’s Good to His Universe, the Vibratory Action of the Electrons in your mental body is rapid and they deflect the mass thought forms of destruction, which float in the atmosphere of Earth.

“These are deflected just as a rapidly, whirling propeller deflects dust, which would otherwise rest upon it. When you allow your mental body to connect with discord, whether it be recorded in newspapers, over the radio, television or in passing conversation, you immediately slow down the vibrations of your electrons. As they slow down, they are more “open,” let us say, to the mass accumulations of depression, fear and other negative conditions, which then anchor into your mental body and draw it from the upward course of your aspirations.

“The same is true of your emotional bodies. You come into these magnificent classes, sending your Love and Adoration to the Ascended Masters and Other Great Beings, in Songs and Decrees. In this way, you raise your emotional bodies into a more rapid pulsation. The Electrons move more rapidly around their Central Core, in the Atom, and your emotional body is then magnetizing only that which is good. As soon as you allow your feelings (emotions) to tie into disapproval, fear, anger or discord of any kind (and the name thereof is “legion”), you slow down the vibrations of those feelings and lower them into the strata where those mass feelings of imperfection abide.

*“When you endeavour to satisfy the appetites of the four lower bodies **BY TAKING INTO THE PHYSICAL FORM INTOXICATING LIQUORS, FLESH FOODS, CHEMICAL COMBINATIONS** which do not agree with your particular wellbeing, or taking into the body more substance than it needs to keep it in a healthy condition, fermentation, general disintegration and, finally, “death” ensues. As the electrons move more slowly in their orbit around the Central Core of the Atom, you thus open your flesh bodies to disease. It is just the*

mechanics of living. The holding of your attention, one pointedly, upon the ever Presence of God, together with the assistance of this Oval of Blazing Light which I have established about you today, will enable you to keep your four lower bodies vibrating above the discord in which you move. Then, truly, it can be said that there is nothing in you to which evil and discord can tie!

“How is it possible for the Great Archangel Michael to live twenty two hours out of every twenty four, within that substance of the Psychic and Astral Realm, and not be touched by it? It is because He keeps the Vibratory Action of His Vehicles whirling at such a tremendous Speed that it repels the discord and keeps His World disconnected from the hate creations around those He contacts and desires to set free.
