

The Seven Steps of Precipitation – Arcturus and Diana – Step Six - Part 1 and 2

Part 1

If you have read the sequence of the Steps to Precipitation in previous postings you will remember that the 6th and 7th Steps are inverted, for Peace and Aloha of the 6th Ray are the Ones Who Seal the Creation after it has been completed. In our case here that will not be done until the late evening of the 9th November.

So welcome to Steps Six.

The Seventh Ray is God's Freedom, Love, Transformation, Compassion, Mercy and Forgiveness and it is the Violet and Purple Ray in all Their many hues that Beloved Elohim Arcturus and Eloah Diana Represent. It is also Represented by Our Beloved Brother Archangel Zadkiel and Sister Amethyst, and the Chohan Master Saint Germain and Lady Portia.

Beloved Elohim Arcturus Speaks as recorded in the book by Thomas Printz The Seven Mighty Elohim Speak

I Am the Elohim of INVOCATION and RHYTHM, who brings to you and all life – through the use of the Violet Fire – infinite FREEDOM, when you desire it enough!

From interstellar space, through all the Planets belonging to this System, I Am constantly looking for those life streams who desire FREEDOM – FREEDOM from illness, limitation and distress of every kind! Where will you find that FREEDOM? Right within your own life!

In the beginning of Your Individualization, God Created Your Divine Self Conscious Intelligence – Your Own Individualized “I AM” – a White Fire Being from the Universal First Cause, with the capacity to draw forth, from Life, every God Gift you might ever require, to be able to manifest Perfection.

In the Great Eternal Scheme of things, I Am He Who answers the call of the heartbeat of any individual when that heart, deeply and sincerely, from within itself, desires to release Life which has become bound, giving it FREEDOM from disease, from lack, from fear and limitation of every kind and description. Within that life itself, is the Fullness – the Fullness of Almighty God!

I Want to bring you into your feeling worlds, the realization that, within your own life, is every Quality and Power you could ever possibly require, to bring about God Mastery for yourself and for your fellowman.

How I Love you, Sons and Daughters of FREEDOM! You are those who have chosen to give of your own Life Energy, in Commanding and Demanding, from the Universal Law, Gifts, Powers and Blessings for this recalcitrant race, for this Earth which We Originally Created in such Perfection, which We Designed in such Love, which We Fed with such Constancy and which has fallen into such shadows, that it actually groans as it turns upon its axis.

Life (which is Light Essence) quiescent, contains, within Itself, All the Power of the Universal First Cause, which Created the System, the Galaxy and the entire Universe to which you belong. This same Life (Light) flows from the Heart of the Great Central Sun, through Your Own White Fire Being, then through Your I AM Presence, into and through your physical heart, animating your world. Within that Light, Beloved Ones, is anything and everything that you require! From that same Primal Life and Light We Created the Planet on which you presently abide, as well as All the Planets of this System. From that Light do Helios and Vesta give, to you, the Radiation of the Sun in the Heavens. From that same Life has the Beloved Jesus given you the Miracles, Marvels and Mastery, which mankind recognizes with more than ordinary feeling of gratitude, especially at the Christmas Season.

Today, I urge you, with all the Intensity and Pressure of My Being, to develop your life, develop the Qualities of Perfection which are within it. Call forth what you wish, from the Heart of that Life which flows from God, and Call to Me, if you wish to release into outer manifestation, from within your own life, whatever Powers, Qualities, Gifts and Activities are required to Perfect your own individual world and that of your fellowman. Wherever there is One life stream who sincerely desires FREEDOM and, in constant RHYTHM, Invokes and Commands it, there shall I Be to give that One assistance, until that FREEDOM is physically manifest.

In the drawing forth and developing of Our Solar System, the Seven Elohim (Who Are the Builders of Creation) are well qualified to bring to you an understanding of the conscious Power of Precipitation. Today, through this magnificent “Force Field,” We are writing upon your life consciousness with the Energy of Our Feelings; giving you an explanation of the very

activities in which We Engaged, while drawing forth this Universe from Primal Light. You, in turn, may give this Gift to Mankind.

The Radiation, Power and Powers of the Seven Elohim and Eloah and the constant application of the Seven Steps to Precipitation (if Rhythmically and conscientiously called forth) will bring the life streams on this planet to Mastery, in the Power of Precipitation. We cannot urge you, too strongly, to follow through with the concentration upon the Pattern you desire to manifest, to contemplate that Pattern in its completeness and then to practice, practice, practice, until that precipitation, following along through the “steps” We have given you, is made physically manifest, out pictured as the Perfection of the Design which you have been holding in your mind.

Seven Steps to Precipitation

Let Me review, again, the activities of the Elohim, so that I may show you where My Part in the Cosmic Building fits in.

First: The Mighty Hercules’ WILL TO DO (DECISION). Nothing ever can be accomplished here or anywhere else, until the life stream (Ascended or unascended) wills, within, itself to do, to act, to cooperate with some portion of the God Intelligence.

Second: Then comes the Quality of Cassiopea, with His Power of PERCEPTION (ILLUMINATION), showing One the Perfect thing to do, getting the clear picture of the pattern or design to be Precipitated.

Third: Next comes the LOVE of the Mighty Orion, holding constantly to the original pattern and Vision of Perfection and feeding the feelings of Divine LOVE and Light into it, until the complete manifestation appears.

Fourth: The PURITY of Beloved Claire (Elohim of Purity), holds the Perfect Pattern steady and unchanged, holding to the Purity and Symmetry of the Original Design.

Fifth: Then comes the Quality of Vista, CONCENTRATION (and CONSECRATION), the Power to stay with one pattern and one idea until it is lowered into form, instead of letting the mind flit from one design to another, for, in such procedure, nothing at all is made manifest. You see, it is in following through with the mathematical Science of Precipitation, that you gain Mastery and results.

Sixth: As our Beloved Brother, the Elohim of Peace, Serves Life upon the Sixth Ray, ordinarily His Activities would come next. However, in the Activities of Precipitation, although I work upon the Seventh Ray, My Quality of INVOCATION IN RHYTHM comes next, and takes Sixth place here.

Seventh: This last step is the Sealing of the entire manifestation in the feelings of GOD PEACE, from the Elohim of Peace, Himself. So far as the Power of Precipitation is concerned, the activities of Our Two Rays are inverted.

End of Part 1

The Seven Steps of Precipitation – Arcturus and Diana – Step Six - Part 2

Arcturus Continues with Part 2

Rhythm of Application

As I stated above, My specific contribution to the Building of Form is the Activity of INVOCATION IN RHYTHM, of the constant feeding of the desired form, to be out pictured, with Life Energy, until it is not only a manifest thing, but Symmetrically Perfect, as well. You see, the constancy of RHYTHM gives symmetry to the form to be manifest. RHYTHM and constancy of application are absolutely essential in bringing about the manifestation of your desired design.

If you will observe nature, you will easily recognize the absolute RHYTHM by which all creation takes place, the rising and setting of the sun, the incoming and outgoing of the tides, the recurrent seasons – all in an absolute and Perfect RHYTHM. Those of you who have any practical knowledge of the value of rhythmic, deep breathing, will understand that, in the balanced RHYTHM produced in the four lower bodies, by the use of the deep and majestic breath, there could be no disharmony that would remain in your feeling world for any length of time. For those who are subject to the expression of violent emotions, I can but recommend the practice of deep and rhythmic breathing, for YOU WILL FIND IT AN IMPOSSIBILITY TO STAY IN A STATE OF DISCORDANT AGITATION, IF YOU WILL USE THE DEEP AND RHYTHMIC BREATH – FEELING THAT YOU BREATHE THE BREATH OF THE ALMIGHTY CREATOR, HIMSELF. THIS SLOWS DOWN THOSE AGITATED VIBRATIONS OF THE SURGING SEA OF EMOTION.

In the early Golden Ages, Beloved Ones, when the Archangels and the Ascended Masters just naturally walked and talked with unascended mankind, the Magnificent Perfection which was drawn forth, by the Power of INVOCATION, was brought about as a result of the understanding of the necessity for RHYTHM OF INVOCATION and application. This was necessary in order to have a constancy of outflow of the energy from above. This constancy of the release of perfection, called forth from the Godhead, made it possible for the atmosphere of Earth to be kept completely free of disease, disintegration and all manner of human shadow.

In the World of Form, mankind pays fairly regular attention to the RHYTHM of feeding the body, to the RHYTHM of doing that which affects the comfort of the outer self, but, in the most important of all – his spiritual activities – RHYTHM is pretty thoroughly forgotten! The Science of Constancy of Prayer and application is seldom seen. However, to draw forth a sustained, visible flame, into the physical appearance world, from the Inner Realms, would require a sanctified, consciously dedicated and consecrated group of life streams who, rhythmically, at a certain given hour, repeated day after day, would draw forth, by Decree and Invocation, that Mighty Concentrate from whence the Flame would burst forth into visibility.

It is the same with your individual application. If you were to observe a certain RHYTHM and make your application (your individual calls) at the same hour every day, you could draw a much greater Concentrate of Power, and quicker accomplishment, than you do when you make your application fit into the free hours, which each day may choose to give you. It is the RHYTHM of the “mass” of the Catholic Church and the RHYTHM of the various Christian religious services, all through the centuries, which has held the power of the Christian Dispensation, thus far.

When you observe that same RHYTHM in your working hours, your time for sleep, your time for relaxation – holding to that symmetry which nature has given you (eight hours for service, eight hours for sleep, eight hours for relaxation), you will have greater harmony in your feelings, better health in your bodies, and you will be able to draw forth, from within your own life, much greater perfection than you can, in spasmodic endeavours at either work or play.

In the Creation of this Planet, Earth, it was the joyous, willing desire of All of the Elohim to come together, rhythmically, at a given time – for the time being forgetting, mind you, all of the activities in which their consciousnesses were engaged in the Creation of other Planets, in other Systems or Galaxies. They poured their Life into the Design given them by Beloved Helios and Vesta, until the Planet was completed. It was that unbroken RHYTHM of application, on THEIR part, which made the Earth so Perfect in its Symmetry and Design, so beautiful and shining in Its Essence, and so magnificent a place for mankind to be able to take embodiment.

Keep On Keeping On

You see, nothing but your own “giving up”, abandoning your project before it is completed, can possibly prevent your eventual precipitation. When once the RHYTHM has been established, stay with your pattern, until the energy required flows into it, in rhythmic release!

Throughout the ages, mankind (even spiritually inclined souls with Great Light), for some reason or other, refuse to accept the Truth that – if you follow through with Precision the Seven “steps” (Powers) of the Elohim in Creation – you must have manifestation. That is, of course, unless you stop your RHYTHM before manifestation appears! If We had ceased our activities even one hour before the Earth was completed, All of Our Work, of such a long time, would

have in vain (and I shall not tell you just how long we gave Our Service to the Creation of this Planet).

Also, had We discontinued our RHYTHM before the Earth's completion, the Planet would have begun to disintegrate and return to the unformed. We continued and continued, RHYTHM after RHYTHM, making no mental note at all of just how long it would take. We just came back again and again, rhythmically pouring Our Light, Love and Visualizations of Perfection, even if it were to take the rest of Eternity! We just Loved that which We were doing. Then, one day, I remember it so clearly, IT WAS COMPLETED! The Earth began to revolve on Her Axis and We Heard the Words, "It is finished!"

So it is the same in every application, from the smallest personal thing with which you may desire to experiment in precipitation in your home life, to the Greatest Cosmic Endeavour, which may take in the Evolution of an Entire Galaxy. If you will "KEEP ON KEEPING ON," observing the Laws from the Spiritual Octaves, as they have been given to Us, and as We now give them to you, you must have manifestation! We will help you if you wish Us to do so. Make Your Call to Us and We Will Answer you!

Then, when your precipitation lies visible and tangible within your hands, or stands completed before you, will you Know that it did not come to you by happenstance, and that it is not just a Gift of Faith. You will know that it is a Precipitation direct from the Universal. Let us here, again, consider those "Seven Steps:"

First: There must come your WILL (DECISION) to have your manifestation.

Second: There must come your PERCEPTION (ILLUMINATION) of what you wish to precipitate.

Third: You must LOVE to create it.

Fourth: You must have PURITY of consciousness to hold your pattern, untouched by any imperfection or the changing of its design.

Fifth: There must be CONCENTRATION upon your original design.

Seventh: There must be RHYTHM of application in Decree and Silent Mental Thought Force.

Sixth: Your feeling of God PEACE must case it around, to hold its Perfection Protected and Sustained. Call to the Elohim of Peace, to so Seal your manifestation in his Flame of Cosmic Christ Peace, that disintegration never touches it until such time as it has completed the service for which it was created.

When any form has completed its blessing to this world and thereby served its purpose, the process of etherealization is the dignified way for it to be disintegrated and its component parts return to the Universal from whence they came, not through the processes of decay and fermentation. That Substance should be released as We do it in Our Octave, through the direction, into it, of the Freedom Flame (Violet Transmuting Flame), in Gratitude for its Service. As the Violet Fire is projected into the Heart of the Manifestation to be released, the Magnetic Pull Upon the Electrons, which have been held there, releases, and the Electrons

return to the Sun for Repolarization. So should all things of this world be sent back to the Universal First Cause when they have completed the Service for which they were originally brought into being.

End of Part 2
