

THE COMING OF THE CHRIST - DJWHAL KHUL, 24TH AUGUST 2019

Dear Brothers and Sisters of the Way, the Masters today are indeed seeking ways to accelerate the Disciple/Initiates within Their various Ashrams of Synthesis and as each of the Ideas and Visions come into a completed State of Constructive and Beneficial potentials of manifestation, they are then sent to Their Members upon the Ground so to speak, to creatively and effectively put into Love in Action. For those who are about to embark upon the completion of the Study of My 14 Rules for Group Initiation, as it is Formulated within this Group Endeavour, I wish to assure you that, as many have now found, it shall provide a new Opportunity for you to speed up your progressive Path to Your God Awakening. Rule I was a preliminary study for the purpose of offering you this Opportunity to Engage as a Group Effort to openly share and experience what it shall be like to be a part of the New Living Organisms within the Environ of an Ashram of Synthesis. And although all New Groups will indeed be working within their own Individualized Ray Qualities, the New Living Groups of Synthesized Ashrams these will come under the 1st, 2nd and 7th Rays. For further details on these references please be sure to reflect on previous Discourses given on these topics.

The Synthesis Ashram stands as a Disciple/Initiate in relation to the Avatar of Synthesis, and is, then, primarily responsible for the effort, as Synthesis, as a New Dynamic within the body of humanity during this particular time and place. The New Dynamic speeds up (and yet these are poor terms for our understanding here) the Process of Evolution in that particular degree which eliminates from the process by working through it, certain karmic factors of long standing which would otherwise hold the consciousness within an experience prison over many incarnations. As all of you have recognized, one of the major characteristics of this Dynamic, as it enters into the Consciousness (and by way of the vehicle, the life and affairs) is the speeding up of experience. A Disciple/Initiate recognizes this as the living of many lifetimes in one.

The change is recognized in the physiological time factor itself. This Dynamic, when applied to the whole of humanity, becomes a direct tool, if I may use this term, in the hands of the Disciples and Initiates. Now, in the development of the Group Life, there has been little of the true Synthesis brought into being. The development has necessarily had to work with the predominant blend of Energies of one particular Ray at a time in order to evolve the Consciousness in a rounded out manner in order to condition the instrumentality to the frequency of each particular Ray and the experiences which they produce. During the past years it has been possible in certain areas of the Group Life to bring in the true Synthesis and in degree at least, work with it to begin to condition and to Qualify the Consciousness, the vehicles, and lives of the Disciples/Initiates within the Group with the Synthesis.

Let us consider very briefly, the Synthesis of First, Second, and Seventh Ray Energy which is the responsibility of this New EGA Ashram, and, as you realize to a greater or lesser degree, is the responsibility of all those Disciples/Initiates who function within the Ashram Itself and who are working with the Wisdom, which is in Truth the vehicle for the Synthesis Itself. The Synthesis itself is more than a blend or combination of First, Second, and Seventh Ray Energy. As a result of the combination or bringing together, the Unification of these three major Energies, a New Energy and a New Force, as well as a New Material plus a New Concept is brought into Being. This New Energy, the New Force, the New Material, the New Concept constitutes within the world of human beings a New Dynamic. Dear Souls, you are not here by happenstance, each of

you have been Divinely Guided to offer you the necessary information to be able to take your next step within this New Dynamic to make a Real Difference within this world in need.

The Consciousness of the Over Lighting Divine Plan is the Consciousness of the Christ. The Plan in its Form Nature, that is, in its Activity Aspect as Form, is of the Highest Order of Deva, available to the Human Kingdom on this Planet. This, then, is the Over Lighting Divine Plan as Held in Focus by the 'I AM' Presence, the Consciousness of Christ within the Mind of Christ, that Mind being the Risen 'I AM' Consciousness within the Mind of Christ, the Form Nature, of the Divine Plan Itself through mankind. It is subjective. It is not in appearance. Now here is an Ashramic Group Life, that is, a Group Consciousness within the Etheric Light Body, actually of a Master, that Etheric Light Body being a part of the Etheric Light Body of the Planetary Logos.

I would have you to think of this Christ Consciousness as the Energy of Identification; the '**Will To Be**'. It Identifies Itself within the Consciousness as Being, the 'I AM' Presence, the Higher Self or the God Within You. In Order to Love, there is a movement of Identification from one Focal Point to another. The Christ, Identified as both the Son and the Father, Identifies down and out and within as humanity. Within the Heart and the Mind of every human being, regardless of his or her evolutionary development, regardless of his or her condition or inner state of being, regardless of his or her outer circumstances, the Christ is Identified as each, individually and collectively; (please ponder on this).

And it is via, from, and through this Focused Identification that Love is Known on this planet. The Teacher is a Disciple/Initiate within that great Ashram of the Christ. The Christ not only is Identified within the Heart and Mind of the Teacher, but the Teacher has accepted this Identification and in turn is Identified him/herself within the Heart and Mind of the Christ. He or she is (according to and in the degree of his or her awareness of that Identification), an outpost of the Consciousness of the Christ, the moving Life Force, Energy, and Deva Substance of the Christ Identification with the Father, the Son, and humanity.

The Disciple/Initiate, in Essence, is a part of the Gift of the Christ to humanity. He or she is the Love of the Christ moving within the body of humanity to lift, to give Strength, to bring Light. This is the Soul's focal point, the center, and in other terms '*the Holy Place*' from within which the Teacher relates with the Disciple/Initiate, the whole of humanity, and with that which Over Lights. This is his or her Central Point, in a sense, analogous to the Spiritual Central Sun, and from this focus, the accepting Disciple/Initiate in any field of endeavour appropriates the Initiatory Energy, the Energy of decision Itself, setting into motion that aspect of the Plan which he or she both are, and which is their relationship within the One Life.

And finally, it can be explained very simply that that State of Consciousness referred to as the Christ is in continuous Meditation. Having made the necessary sacrifices on personality levels, the Disciple/Initiate can enter into that Meditation, thereby bringing into the Disciple's/Initiate's Consciousness, whatsoever of the Higher Meditation or Wisdom is applicable in his or her Service Activity. A Master is a Focal Point of concentrated Mediation. The Consciousness of humanity is not a stationary Consciousness which is imprisoned within the form which seems to imprison it. It is the Consciousness which is taken cyclically into the very Heart of the Planetary Logos, the Hierarchy. Here it is claimed as the Son/Daughter of God, and this is not only the Hope but the Assurance of humanity. This is the meaning behind

the Identification of the Christ with humanity. There is a difference between Identification and Consciousness.

There are many paths, it has been said. It is possible by taking one door, to move through so many cycles of experience, to eventually arrive at what you call Mastery. You can call it that; you don't know it yet. You may take another door and apparently, (only seemingly so), it takes less time to arrive at this Mastery. There is One Path into which all emerge sooner or later. That One Path is the Conscious Identification with **The All That Is**. What is the Christ doing indwelling all of humanity? What is He doing? Consider this now, for here is a very profound Truth. Also here is one of the most significant occult hints that can be given. What is the Christ doing indwelling all of humanity? When I speak of the Christ I speak not of the Christian Christ. I speak of the Lord Maitreya. I refer to the Lord Maitreya as the Christ, because this is how you approach the Lord Maitreya.

What is He doing indwelling every single human being incarnate upon this planet? And when I say "*incarnate*" I do not mean just in physical form, but I mean incarnate here, in this Planetary Life and being on whatever plane of manifestation this single Being may be dwelling. Do you know what He is doing? He is, by such indwelling, Manifesting the Evolutionary Process for humanity. He is experiencing it in all of its many stages. Think of this. He is experiencing it from the most primitive animal-man or woman of which you can conceive to the Highest Spiritual Being on this planet. It is all here at one and the same time. It will be until the end. Evolution will not leave behind its many phases; they will always exist somewhere. It is part of the secret of "*the last shall be first and the first shall be last*".

When the individual Consciousness has become so integrated in its many parts, its physical, astral, mental, Soul, on up above, to the Spirit Itself, to Identify, as to become an Identified Focus, it shares then, with the Lord Maitreya, His Identification, Realization, Experience, Evolution upon this Planet is complete. Even the Master has to do this. Your degree of Identification, at any particular time, is your degree of Initiation. You are Initiate if you are a primitive man in one way. You are a man, a woman. It is your degree of experience, of evolution, of realization. As you proceed, then, in that Identification, you eventually become Identified in such a way that you have mastered the form nature which imprisons humanity. This is the Evolutionary Process up to that particular point, the Mastery. But still, you make Higher Degrees of Identification, of Initiation, all by way of that Great Heart, the Lord Maitreya. He holds It for you.

The Teaching is based upon the teaching of the Christ. A definition first of what is meant when 'The Wisdom' refers to the Christ, it is referring to the Living Son of God, residing within each man, woman, and child upon the Presence is reflected within the form of every human, and who has made him/herself known as the Teacher, the Educator, the Guide, and the Savior of the race in His manifestation as the Great Leaders down through the ages. This Great Being, this Inner Son of God Present within every man and woman, has been called by many Names, by many Titles and Salutations, and, My Brothers and Sisters, they have all been right. All of them have been, in Truth, Manifestations of the One Whom We Call Christ.

This is the first basic concept upon which the Teaching is based, One God, the Father and Creator of All There Is, One Son, the Christ, manifesting within the many forms of the human family. Did not Jesus the Christ say, '*And even as ye have done it unto the least one of these, ye*

have done it unto Me'. The Universal Truth yet to be accepted by the human family is Brother and Sisterhood. The concept is bandied about by various ideologies, and yet denied by the characteristic exclusiveness of practically all of them. This is a contradiction of human nature, the tendency of the Group or the individual to claim exclusive right to Universality. All of the religions, all of the philosophical schools of thought, contain Truth. Truth is where you look for it, wherever there are people to give it some form of expression.

The only true sin, if it can be called that, is the claim of separateness of each one; and this is not sin in the commonly accepted interpretation of the term. It is the result of an error in understanding. The Group grasps a concept of Truth, one aspect of the related Whole, and then fails to relate it to all that is left. It is seen as being all there is, and so the mind of the Group is closed to all but its one feeble grasp of relative Truth. Thus, man sees God in His Image rather than seeing him/herself in God's Image.

When it is stated that the teaching is based upon the teaching of the Christ, it is not referring alone to Jesus the Christ, but to all who have been inspired by the inner reality of the human family, the true Son/Daughter of God. This Teaching attempts to Synthesize the Truth contained within the many forms into One great manifestation of reality, so that mankind can lay aside the barriers of his or her own making and join hands with his Brothers and Sisters wherever they might be found. By comparing the many schools of thought, both great and small, 'The Wisdom' shows the relationship of each to the other, shows the same Golden Thread which runs through each and holds them linked together like beads on a string. The Teaching shows how the old forms of separateness can be superseded, and that a common meeting ground can be attained where Universal understanding is the language spoken by the masses. In doing this, 'The Wisdom' never claims exclusive right to God, nor does it ever deny God by refusing to recognize His Son or Daughter. It never attempts to tear down another's faith in his or her God, nor to take from him or her his accepted form of religion.

'The Wisdom' tries to teach mankind the relationship of all to one another, to give him or her an understanding which results in Peace. It tries to show him or her the Truth both in his accepted form of religion, and within all others, and one day it is hoped that he or she too will share this Knowledge with his Brothers or Sisters. Thus in thought, word, and deed, Brother and Sisterhood will become more than just a concept, it will become a living structure of Truth for all to see. This Teaching has come forth as a result of world need. At no other time in the history of man or woman has the need been so great, need for a common understanding which will alleviate the suffering of the masses engaged in war, fear of war, hunger, hatred, sickness and misery of every kind.

Mankind stands today on the brink of self-alienation, self-annihilation and why? Because in their ignorance they have separated themselves from God and others. They stand alone, afraid, and hating because they have cut themselves off from everyone and everything which could be their Salvation. They fight everything they cannot understand, little knowing that much of what they fight is their own destiny, their own growth into the Consciousness of The Christ.

Without realizing it, humanity has called forth this Teaching. In one sense, it has been demanded as mankind has aspired to something beyond the appearances seen all about him or her. A reality has been sensed and, if attained, would eliminate these undesirable appearances. In calling to that Reality, humanity has brought the New Form forth. There are those in the world who have

sensed the need and intuited its fulfilment. They have been aligned with the Groups called the New World Servers who are Becoming a New World Christ Reality. Those who have transferred their calls for help to the Source, and in doing so have given form to that which they seek. The one's who have become aware of their True Christed Consciousness work behind the lines, so to speak, asking no reward, seeking no recognition. They work because they Know Who They Are as the New Living Christs who shall walk upon this Planet, because they Love Life, and because their Greatest Desire is Service to God Through Humanity. Those Who Serve in this way are giving this Teaching its written form and in turn its Creative Manifestation in Form Life. Names of these Dear One's are not important, for they do not see themselves as personalities, no Christed Being sees themselves as a personality. They are in fact not Teachers at all, they are Educators. They have learned one of the basic Concepts of Truth, that no one individual, or Group of individuals can lay claim to Universal Truth. They have only helped to give it Form in response to the silent plea from the masses.

These New World Servers are as much inspired as were any of the Inspired writers or manifesters of the past. It is hoped that you Dear One's will recognize such inspirations and Prove the Truth of the Teaching of the Words presented. Only you as a human being Becoming a Living Christ can do that! Only you can Prove or disprove the Authenticity of any Teaching, and therefore its Source, as you receive it and apply it to your daily life and affairs. What specifically does this Teaching attempt to do?

To relate mankind both collectively and individually to That Inner Being, the Christ. Every person is a potential Christ. The Wisdom Teaches that the reappearance of the Christ will not be in one person alone, or in a Group of Members, but within the human family. It is the contention that the next Evolutionary Step of Humanity is the Birth of the Christ, the Self-Realization within mankind that he or she is a Living Christ, the Son or Daughter of God, and his or her gradual growth into that Conscious Awareness of Their True Self; The 'I AM' Presence!

The Wisdom, in one sense, is playing the part of John The Baptist, serving to prepare the way for that Reappearance, that coming of the Christed Selves. The Wisdom's part in that preparation is the Formulation of Truth in terms understandable to all, and the relating of that which has been Formulated to all aspects of Truth present within the world today. How does 'The Wisdom' relate the Soul to the Christ, and so come back to the general theme of the Teaching? The Christ Consciousness Over Lighting the human family is that aspect of Consciousness which has kept itself free of the conflict resulting from the coming together of Spirit and Matter. The Christ is found at the very Centre of the Soul and is that State of Original Perfection latent within every person. Mankind becomes in awareness, a Living Soul, a Son or Daughter of God; the Soul becomes in awareness a Living Christ, a Grown Son/Daughter of God. There are, then, Three States of Evolutionary Awareness, mankind the infant, Soul the child, and Christ the adult. The destiny of the human family is AWARENESS, The Christ Manifesting Perfection in Form.

'The Word' then, now goes forth from the Hierarchy to all Disciples and Initiates to speak regarding the Reappearance of the Christ. It is for this event that each one who is dedicated to serve the Plan now works. The Consciousness of humanity can be more easily prepared for this happening if its impact is brought to bear upon the incarnating entity within the brain. Disciples/Initiates are being asked to speak of this, to give witness to their Faith, to their

Knowledge that the Reappearance of the Christ approaches, that the mature Son of God is to once again walk among mankind. Aid then, in the approach of the Christ toward humanity by letting it be known that you await the Reappearance. That Reappearance has come about: First, on mental levels, as the Presence of the Christ is being made known within the affairs of world relationships, within the governments of the world. Second, as it comes into manifestation in the astral sphere, through the automatic response of mankind toward one another with Love, as Brother and Sisterhood becomes a fact in Nature.

And finally, in a flesh body, as the Master of mankind and Angels alike. While the appearance will not come in a physical sense, as it is coming on mental levels now, you can aid in that by bringing it to the attention of those with whom you come in contact, by turning their attention mentally toward the Christ, so that all on a mental level can partake of His Presence, can be receptive to Divine Guidance. This is something that you can do both subjectively and objectively. Do not be afraid to speak in terms of the Christ. Do not be afraid to speak in terms of the Reappearance. Do not try to hide this event behind veiling terminology. Do not fear how you will be considered by those who know you. If you would be Disciples/Initiates, then prove yourselves as such, for this is THE WORD which goes forth to all Disciples/Initiates in the field today.

In closing Dear Ones I invite you all within this Divine Opportunity of working within the Consciousness of the Christ as part of the Remaining I4 Rules for Group Initiation, to prepare yourselves to enter this Study with the Points of Focus that you as the One Becoming to Identify Your Self as a Living Christ! Spend the next I44 days with a Devote and Disciplined Intention to Grow in the **Wisdom of the Christ Consciousness**. That part of you that is just beginning to Remember the Truth of Who You Are. I told the Elemental Grace Alliance that;

"I will help you as individuals to find detachment, dispassion and discrimination which the Buddha taught.

"I will help you as a Group to find the complete dissolution and subordination of the personality and to expand the Unity Consciousness for the Group's Significant Pursuits, as a Group, as Christ taught.

"I will help you with your Group Endeavours, to rise in Consciousness to go forth as a Divine Unity of Oneness, To Love and Serve All Beings while truly Comprehending and Understanding the Truth of Working as a Group within this New Golden Age."

So here today We speak of the Christ Energy, not necessarily about Jesus as a personality, but Christ as an Identification that Encompasses All Christed Ones! Make the most of this Opportunity Dear Ones and Know if you need help in any way as the Study opens you up to New Concepts, New Love, New Force and New Experiences, ask you 'I AM' Presence to come and explain it to you. This may happen in many different ways. If all else fails the EGA Team will help, simply come forward and ask. Share you time here as this is all part of the Experience of these New Ways of Expression.

I Am Your Brother Djwhal Khul in Your Service.
