

## WALKING IN THE MELCHIZEDEK ENERGIES

Briefly explained The Order of Melchizedek is a Group of Universal Intelligences, under the Directives of Our Divine Creator, Who Administers the “Gifts of Shekinah,” (the gifts of God which sanctify the molecular form of the Inner Universe by the Holy Spirit), affecting the physical, mental, and spiritual states of existence.

The Order, are not Priests as you would normally understand them to be. Our doctrine is simply to live life in all its aspects, of happiness and sadness, trials and tribulations, with no judgements and no criticisms. Truth, Integrity and Unconditional Love for humanity, the planet Earth and the Universe are the supporting foundations from which we structure and develop our lives here on Earth.

There is no doctrine they must follow, other than to follow the “Golden Rule” of treating everyone with love and respect. If there is anything upon which we all agree is that there is only one God. We all come from the same Source and that Source is His “Unconditional Love”. We do not say that our way is the only way. There are many paths to God, but the basis of all true spiritual work is “LOVE”. We encourage each Priest/Priestess to wait until he is asked before he begins to teach anyone. Respect for individual free will, must be recognised at all times and *never* compromised. Without “Freedom” we die; therefore we **MUST** choose LIFE. And no one is ready to learn until he or she seeks to find the answers themselves.

Our Church lays within our own hearts and here is where we pray and fulfil the needs of our own I Am Self. Our congregation are those who come to us in conscious silence, for the purpose of learning and understanding themselves. It is our job and objective to guide and teach those individuals, not to lead and overpower them. Those that are drawn to us, come via their own free will, with or without their conscious knowledge. Our Souls uniting for the teachings on both sides. Once we have exchanged our teachings, both parties move on, in accordance to what they may have learnt or as per their free will of choice.

Most, if not all, won't even be aware that we are Priests at all, for we do not wear any special apparel, we have no sign posts pinned to our backs, no neon flashing lights *saying* “*If you desire, I can help you*”. But your Soul, your I Am consciousness is fully aware of who we are and how we can help you. We come together only with God's blessing. We all communicate together at a higher level of awareness and in other dimensions. In the unseen worlds, we communicate much more freely and in Love Unconditional, where no judgements or criticisms are made of each other, where things are done for Loves Own Sake alone and nothing more. For in those dimensions we are Love. Standing in the Light of God and in his image encompassing the All That Is.

The Order of Melchizedek works individually and not in groups, although Our aim is to Unify Our Efforts to bring humanity into its own understanding of its God Given Right to be God within themselves, the I AM SELF.

We are answerable to no-one but our own Integrity and ultimately in turn to Melchizedek, Jesus The Christ and GOD. But none of Them interfere in any way whatsoever, for we must take full

responsibility for whatever we think, do and say. We pay for our own mistakes just like everyone else. After all we are human just like everyone else. As our responsibilities are greater in many ways, our knowledge is at a higher understanding, our pay backs are amplified accordingly. Our only real differences come from our previous Life experiences before this Life incarnation. That is, we have had many more life incarnations than most. We are neither greater nor smaller, not more or less important than the next person. Our experiences are only more atoned with our knowledge and wisdom. Note the word “atone” --- AT ONE.

Our Service is directly in association with those whom supervise and support the beings on this planet, human and otherwise and who ultimately oversee our Universe. Our Service is to work with humanity, to raise their consciousness to that which is imminent, that of ascension. For each and every person. We are only a few of ten million Beings from all over the Galaxies who have come here at this time of incredible importance. The truth is that you too are some of those beings, but to date you have not awakened to that fact.

Let me explain to you Who Melchizedek Is.

The Order of Melchizedek is a Priesthood Ordained before our Universal GOD and our Divine Source. EVERYTHING THAT IS - IS GOD! He is the same GOD that all religious factions speak of, but religions have rearranged the true facts of evolution and history with regards to Jesus and God, for purposes of their own greed, power and material gains. There is only ONE GOD.

Melchizedek “Eternal Lord of Light” is responsible for the total organisation of Heavenly Worlds, including Earth, for the transit into new creation. He is Co-Equal to Metatron and Archangel Michael in the “rescue, regenesis and re-Education of worlds” going through the purification of the Living Light. He is in charge of all Heavenly Order. His references can be seen in the Bible ( Genesis 14:18, Hebrew 5:7-10; 7:1-3,15,24; 5:9-12; 7:3, Psalms 110:4-7; and Judges 5:19-21) , and He is responsible, along with many other Highly evolved Beings including the Son of GOD, Jesus, in rescuing our Planet and all living creatures great and small from the coming event that has been prophesied by countless prophets over the centuries. The coming of The End of The World. The End of the World, is not The End of the *World*, but The End of the Old Consciousness we have lived by for so long!

We are all raising from a third level dimensional framework of existence to a fourth level dimension. Priests ordained into the Catholic, Episcopalian (a branch of the Anglican Church) and the Lutheran religions are ordained, through their vows, into the Order of Melchizedek. He is Second in charge of the Earth, next to Jesus Christ who is referred to in their dimensional existence as Our Lord, Son of GOD, Sananda. They are our Brothers and Sisters.

I see my Ordination in this lifetime as a *wake up call* to that which I already was. Before I incarnated I was already a Priest in the Brotherhood of Light; working at their level of existence. At a subconscious level I still work at their level. It was my choice to come to Earth as a Human Being, limited and without memory, within the physical body, with the opportunity to raise my vibrational frequency from within the physical body to the higher vibrational energies. It is the ONLY way you can become an

Ascended Master and become that which Jesus Christ demonstrated to us 2000 years ago. The potential that we all have within us. That was His whole purpose, to show us our potential and to inform us that we already have those capabilities. All we have to do is the break through our fears and tap into the ALL THAT IS, the UNCONDITIONAL LOVE, The GOD SELF WITHIN.

So the act of being Ordained, again in this physical world only took place for me as a reminder of who I Am, should I care to accept it. So having recognised it, and chosen it, it has now drawn that aspect within me to the surface to activate and align me for the Work yet to come; my/our Real test for this lifetime; to discover, while in the limitations of the physical body, Who I/We Really Are. That Who in Reality We Were Already! You can see the pressures we place upon ourselves through this dichotomy? We are all in the same boat.

What I am saying here, is that we all Know Who We Are within, but we need to find these aspects of ourselves again naturally and on our own through our new earth experiences. We have done it before, so how hard can it be? Apparently, very hard it seems! It is the way it is! In other words, consciously, penetrating and permeating all our fears, because this is the only way we can go home. There is no other direction. Yet it is the most difficult. On the other hand, somehow after diffusing these fears one by one, we could kick ourselves because we realise just how easily, they can be abolished.

If we ask for Guidance, it will be provided by Spirit, but we must be open to receive the help and be aware of the many ways which it can manifest or take form. For example, a song on the radio, a person we meet who says something to us, a colour presented at a specific moment, particularly accidents and coincidences (these are our principle learning tools) and many, many more. They can be as subtle as a summer breeze or as life threatening as a heart attack. If you know how to read these contacts, then you will grow accordingly. *Invite them into your life*, you will be amazed at the simplicity of life and how everything around us expresses that reflection of ourselves in one way or another.

I feel The Elemental Grace Alliance is the culmination of events that will indeed Fulfil all the Opportunities for Self Realization I Who We Are and Why We Are Here! Everything spoken of within the Discourses is going to happen whether we participate or not. So it matters not, whether we go with the flow or against it., the only difference shall be the outer appearances of our everyday lives. But be it very clear that we as Holy Universal MAN (Human Beings), have a great opportunity here to progress to some great heights (excuse the pun) which we have incarnated *originally* to do. In fact, we have very little time left to achieve it here on this Planet.

We are all equal in God's Eyes. It is only ourselves who judge and segregate or separate ourselves from others and life's treasures.. We are all ONE, ALL THAT IS. We are all GOD, created in His Image, and of His Essence from the Divine Source.
