

WHO ARE THE MELCHIZEDEK AMBASSADORS OF LIGHT OR MELCHIZEDEK DISCIPLES?

From a Universal Level a Beam of Platinum and Golden Energy descends onto the Earth, the Source of this Energy Blazes brightly into the sky as its Rays touch the Earth like the Sun watching over the Planet. From this Luminous Light the Melchizedek Disciples emerge as many Light Bodies working and existing in Unity, they spread their Light Body Arms wide in a Gesture of Warmth and acceptance of us and our mission on the Earth.

From Their Hearts Purity is formed, from Their Minds a Great Intellect Emanates and from Their Bodies the Will of the Creator is evident. They Stand as Figures of Enlightenment, Love and Devotion to Our Divine Creator. Through Their Ambiance They State that we can become and are One with Them. They send us the Will and Determination to follow Our Spiritual Paths, They Give us the heart of the Creator to Love All with and They give us the Intellect of the Creator so we may discard negative limitations and free our being to understand the Truth while on the Earth. Their Energy is of a High Vibration and They Exist at a Cosmic Level assisting Lord Melchizedek with His Role as Universal Logos. They are the equivalent to the Buddhas who assist Lord Buddha with His Role of Planetary Logos.

The Melchizedek Disciples, allow you to invoke Their Energy and assistance in your life. There are 100's of thousands of them, many are extremely Evolved Ascended Masters that hold the High Vibrational Presence of the Creator within Their Energy Beings. They are simply comprised of Light and it is Their Purpose to share this Abundance of Light with Every Soul who invokes Their Energy as well as amplifying the Energy and Work of Lord Melchizedek. There is only need for you to call on Their Energy and Assistance once or twice (at the most) a day as Their Energy is of a High Frequency that will give you a tremendous lift. Abuse of this Energy can harm the physical body and thus give the illusion that They are responsible for the cause, and so They can become negatively projected upon via this misperception. They Honour and Assist very person on the Earth and will never fail to help us

It is not the purpose of the Melchizedek Disciples to assist us with physical problems, but with the Acceleration and Advancement of our Light Bodies. You can ask the Melchizedek Disciples to place Light Packets or Orbs filled with Cosmic Energy into your aura. The Light of this Orb will slowly melt into your being throughout your day and will continue while you sleep. With these High Vibrational Beings there is only need to ask once.

It is possible to ask the Melchizedek Disciples to Shower Their Light onto and into your being while meditating, you may only be able to accept Their Energy for a few minutes, but it will have a transformational affect on your being on Unseen Levels. You can ask the Melchizedek Disciples to place a small orb of Their Platinum and Golden Energy into your mind to eliminate confusion, enhancing clarity and clear vision of the mind and third eye.

Finally, you can ask the Melchizedek Disciples to Anchor the Platinum and Golden Energy of the Cosmic Level into your Being. This is achieved by asking and then sitting peacefully receptive to Their Energy, again, ten minutes is sufficient to Anchor and Experience the Intensity of Their Powerful Energy.

The Melchizedek Disciples offer us these gifts under the condition that we will respect their Intense Energy and respect our own physical bodies. The Melchizedek Disciples ask that you use one gift a day so that they can focus Their Energy and Work with you on the Spiritual Evolvment Techniques that you have requested. While we are in the habit of constantly invoking the Energy and Light of many Ascended Masters on the Spiritual Planes, the Melchizedek Disciples ask you to use Their Techniques and Gifts as a booster to the Energy that you already receive from the Other Masters and not use it as a Main Source of Your Energy. They also ask you to connect with your Soul to understand whether it is appropriate for you to work with these Divine Beings at your current Spiritual Growth Process and Level.

Although the Melchizedek Disciples have been serious in Their Instructions a Wealth of Love and Devotion towards the people on the Earth flows continuously from Their Souls, which is unmistakable from the Pool of Truth within the Source of the Creator.
