

YELLOW BRICK ROAD - RULE 1 STUDY GROUP – DJWHAL KHUL - 06<sup>TH</sup>  
NOVEMBER 2018

“Welcome Brothers and Sisters of the Way. Today I come to you to share My Discourse to this New Group for the Study of Rule I of the I4 Rules For Group Initiation. I do this as part of creating a Theme of Purpose and at the same time to offer some aspects of the overall Divine Laws, set out in a way that not necessarily follows the Templates of Approach that were in place at the time My Teachings were given to Humanity back in the 1940’s. We have told you all, numerous times now that the Laws and Rules and Divine Templates shall never change, but due to the expansion of human consciousness the techniques and applications for the implementation of such Laws and Rules have changed and will continue to unfold as the New Group of World Servers advance along this New Highway toward a New Era of Group Awareness and Evolution.

“Within the previous Rule I Study Groups, We have covered many facets and indeed degrees of tapping into Higher Consciousness and none more relevant than that of Revelation. Make no mistake Dear Brothers and Sisters, if you have found your way to this Formula of Approach, created and implemented through My Guidance and Direction, you are meant to be here! You have been Divinely Guided by your I Am Presence through your Soul Connection to this Elemental Grace Alliance Group. Use this information carefully and wisely for within it holds ‘Revelations’ that may not come quite as directly as the potential here that are in the offering here. I have told My Disciples and Initiates all over the world and within My Ashram, now I am telling you:

*“The revelation, given to the Initiate, is not a vision of possibilities, but a factual experience, leading to:*

*a. The evocation of New Powers.*

*b. The recognition of New Modes and Fields of Service.*

*c. Freedom of movement within the bounds of the Hierarchy.*

*d. New Hierarchical contacts and New Responsibilities which face the Initiate. He, therefore, realises what St. Paul meant when — talking in Hierarchical terms — He said, "All things are Become New." It is not simply a question of vision and contacts, but of vital interrelation and of recognition which brings with them Insight into the Mind of God.”*

“This is the Journey here in this Rule I Study Experience. The *‘Insight of Revelation!’* This Study began as a Trial Study, for We the Masters had no idea, how what was being Created by the Elemental Grace Alliance, but because of past achievements We were open to see if this Formula Of Approach held any merits to speed up the Evolutionary Raising of Consciousness, and advanced tracking of the Vibrational Resonance and Light Quotients for humanity. We are please to say it is no longer a Trial Study Approach, but an in Depth, Fortification of Higher Purpose that carries with it, a Direct Alignment to All Original Hierarchical Aspirations for the Upliftment of Humanity! It has now been tried and tested, with such positive results, that We the Masters, have been both Elevated in Spirit and Encouraged by the Creativity of The New Groups of World Servers. I tell you this to offer you a more expanded Vision, that you may use for your own Upliftment and Fortified Rejuvenation for even Grander Inspirations and Creative Endeavours. But here is the Foundational aspect before you move forward from here!

Your optimism, enthusiasm, and pure intentions to take the next steps in your own Evolution, must be tempered is Sound Adherence to your Inner Guidance and the Revelations that are presented to you via your own experiences and Heart Knowing!

“The Lord Buddha has said that we must not believe in a thing said merely because it is said; nor traditions because they have been handed down from antiquity; nor rumours, as such; nor writings by sages, because sages wrote them: nor fancies that we may suspect to have been inspired in us by a Deva (that is, in presumed spiritual inspiration); nor from inferences drawn from some haphazard assumption We may have made; nor because of what seems an analogical necessity; nor on the mere authority of our Teachers or Masters. But We are to believe when the writing, doctrine, or saying is corroborated by Our own reason and consciousness. *"For this,"* He says in concluding, *"I taught you not to believe merely because you have heard, but when you believe of your consciousness, then to act accordingly and abundantly."*

“So, this formation of the New Seed Group is another opportunity to be of Hierarchical assistance in inaugurating the New Age methods and techniques and to train Groups (for it is a Group Age), which can express the New Age types of work. In previous attempts in Teaching the 14 Rules for Group Initiation, prior to these that began by the Elemental Grace Alliance, certain group limitations-initiated difficulty and led to the closing of several individual groups. I assigned the major failure to such inactivity of the Heart Centre in the majority of the past members; this leads necessarily to inadequate integration. This has not been part of any of the Trial Study Groups here to date, We are very pleased to say.

“I mention this now because I would urge those members who have been selected to Work in this New Group to bear in mind that they may quite easily carry such manner of tendencies into this New Group. Please be sure within yourself why you have come, you are here because you are meant to be here. But while any conflict of personality interest is present, your full and undivided attention has the potential not to come forward!

“Only a fresh dedication and a renewed *aspiration towards inspiration* can prevent the recurrence of a certain static tendencies; only a Clear Vision of the nature of glamour and of its effects in the individual and Group Life can eliminate the danger of infection from that old tendency; only a Humble Spirit which is not occupied with the faults and failures of others can prevent the injection of an attitude of criticism and judging; and only an attentive watchfulness on the part of a certain few of the Members can protect this New Vehicle from a collapse based on inexperienced self-confidence.

“I am endeavouring to remove out of this Group even the slightest elements, which might perchance handicap not the Group per se, but a Disciple or Initiate. *Group Unity is not dependent upon personal sympathy, personal liking and understanding,* as it may exist between the group members, *but upon capacity to absorb and assimilate, to uplift, to change and to transmute those units which seem at first to be uncongenial or even unsuitable — from the limited point of view of the Group Member or Membership.* In the past decades this has been is often overlooked, but upon the capacity to of those here today, Group success is a Vision We shall Hold with you!

“Any Group of Disciples or Initiates must be distinguished, as I already told you, by Pure Reason, which will steadily supersede motive, merging eventually into the Will aspect of the Monad, its major aspect. It is, technically speaking, Shamballa in direct relation with Humanity.

“What, therefore, is the Group Will in any Ashram or Master's Group? Is it present in any form vital enough to condition the Group relations and to Unite all into a Band of Brothers and Sisters — moving forward into the Light? Is the Spiritual Will of the individual personalities of such Strength that it negates the personality relation and leads to Spiritual Recognition, Spiritual Interplay and Spiritual Relation? It is only in consideration of these fundamental effects of standing, ‘AS A GROUP’, in the **"head's clear light"** that it is permissible for a Disciple or Initiate to bring into the picture personal sensitivities of thought, and this only because of a Group temporary limitation.

“Now that I have given you a small silhouette, as to what to watch out for, now I wish to offer you some *Points of Tension*’ to place within your focus of Pure Intent! What is a Point of Tension? You have been given a series of informational documents and Discourses that will all help you gain a greater comprehension as to the Bigger Picture playing out here, so as to move through this 10 Day Study Period with Greater Ease, Grace and Motivated Application. Indeed, this is a small preliminary opportunity to Unite in Group Activity, that has the potential to slingshot you forward though all the following Rules and beyond, should this be your choice. Do not underestimate the value of these Studies before you have received your own, I Am Presence Inner Guidance to follow through or not!

“I do not usually do what I am about to do, but I am so Greatly Moved by this Work as part of the Theme of this Group’s Initiating Energetic Astrological Profile, that I am going to say to you all as part of this Address to you, please read, no, **STUDY** this Astrological Profile for this November Group. (**New Moon 7th November 2018 The Light of Regeneration**). I tell you it has more valuable than you may perceive with one reading! Use your own discretion as to how you apply this information upon your Yellow Brick Road. The road upon which one takes a course of action that they believe will lead the to many wonderful things.

“Remember however, that what Dorothy discovered upon her Spiritual Journey, that which she went looking for, she found it all within herself in the end. She proclaimed that if she knew the search for self was within before she set foot upon the Yellow Brick Road, she would have looked in her own backyard first!

“So, Beloved Brothers and Sisters, do not compromise yourselves by continuing your journey along the shadows of your past, step into the Confidence and Competence of the Gifts you have within and through these Virtues you will discover as Dorothy did, the Bounteousness of the I Am Presence and All That That Encompasses, as it is magnetized into your world and Life for your own use. Jesus calls it, a **‘Life More Abundant’**!

“Before I close for today, I wish to say one more thing, humanity upon the ground, represents the Fourth Ray, so it is wise to be open to the influences of the Fourth Ray. One of the greatest contributions of the Fourth Ray, is the Service of Harmonizing and Beautifying the lives of others — helping them reconcile their conflicts, resolve their crises constructively, and bring peace

and/or aesthetic loveliness into their daily experience. The Elemental Grace Alliance uses the terms for this as a “*Quality of Life and Freedom of Spirit*”.

“As selflessness pours from the Ray Four, it is much based upon the ego-annihilating effects of beauty. The love of beauty is another of those pure forms of interest which so absorb the consciousness as to render a cramped identification with the little self and its limitations impossible. Pure beauty begets pure love, and under the impress of the beautiful, the intuitive, Buddhic faculty (intimately related to the energy pouring from the “*Heart of the Sun*”) is awakened. There is reason to argue that the illusion of separation is based upon dissonance; those

things that do not blend in harmony are perceived as more separate and distinct than those which do. When beauty and harmony prevail, the apparently distinct boundaries between things seem to dissolve, and things once seen as separate are perceived as “*merging into one.*” For this reason, also, the harmonizing and beautifying energy of the fourth ray soul eventually dispels the illusion of selfhood (a condition of separation and, hence, of dissonance within consciousness). When selfhood is seen as illusion, selfishness disappears.

“The Fourth Ray finds most meaningful attainments in whatever will contribute to the harmonious consummation of any circumstance, relationship or project in which it may be involved. It is clear that the Fourth Ray, Beauty is Sacred. The more the Beauty Reveals Divinity, The Greater the Revelation of Beauty, the Greater is Its Radiance of Sacredness. From another point of view, Peace, as a condition of Perfect Accord, and it too is sensed as Sacred by the Fourth Ray Virtue. There is a State of such Perfect Equilibrium between All Energies, that consummation is achieved and nothing more need be done. This State of Harmonious Perfection is reflected in the Quality of certain Great Works of Art, and in moments of Perfected human relationships. See this Sacredness with this Group if you can, what better Gift to Humanity than Peace, Beauty and Bounteousness.

“Seek then, the Mighty Powers of Peace, Dear Brothers and Sisters, and turn that Divine Peace into the Beauteous and Bounteous Joy that it Beholds as a Beacon of Light! Ignite that Light within you and Shine it forth at every opportunity. Travel no further along the Yellow Brick Road than you must! Return HOME at the first opportunity!

“I Am Your Beloved Brother Djwhal Khul in your Service.”
