

Part 1 – Externalization of the Christos Energy

The Heart of Freedom – Declaration For The Freedom Of Humanity - St Germain, 28th July 2022

INVOCATION: Beloved Sun Presence of the Sacred Fire of the Ascended Masters', We Are One In Your Living Flames of Command, God's Freedom to Our Nation and the World. With Every Fibre of Our Being, We Ask You to Guard All That Is Constructive for the Fulfilment of the Freedom of Humanity's Destiny. Joyously We Enter Into the Violet Consuming Flame to Release Ourselves from All human creation.

In God's Grace, Beloved Peace, and Aloha, Seal this Invocation Until It Is Wholly Complete.

St. Germain: Greetings Dear One's before I begin today in an attempt to bring Home to you a Truth in Love, that is still not permeating the Understanding of the Realms of your Divine Service to Humanity, through whatever means you may have deemed your accepted authority in these incredible times of need! I have tried to get across the Message of Service that asks those who are at the Point of the Spear of change, having left the 'Bow of the Piscean Age' and now heading for the Heart of The Christos Energy of Humanity. I have tried to give you a 'Rocket', in my Heart of the 'I AM' One World Nation Discourse, to raise you above the present platforms from which you think, speak and act, yet that 'Rocket', seems to have had insufficient fuel, the thrust needed to change your old preverbal ways of remaining locked and tethered to the things in your lives that no longer serve you. So today We are going to build another 'Rocket' with greater 'Thrust' to get you off your platforms of old human consciousness or simply step aside a leave you to your own authorities and devices.

You can carry on with your old ways, attitudes and ego personality creations floundering in the lower resonances of own your ego making, or you will Truly grasp why there is ONLY one way now, that will change the World by Using the Christos Energies to find solutions and resolutions to a Human Race up to its neck in the tar pit, unable to move forward without struggle and resistance. You will either take the Path of Least Resistance, Raising yourselves above the tar pit, or, you will continue to flounder in your continued miscreations and lose the resonances you have worked so hard to attain. In the words of Paul, the Venetian,

"Do you not understand that all of the problems of the planet on a planetary scale can be transmuted in the Flame of Love? This will take place more and more as you bring your consciousness into congruity with your Christ Self. In some of you that

Christ Self is hovering perhaps an eighth of an inch or a hundredth of an inch from 'full congruency' with all of your chakras and your mind and heart.

"Call, then, for the Transmutation of the blockages to the meshing of your consciousness with the Consciousness of the Christ. Call for that Christ Flame to press in and through you. Call for that Christ Consciousness to take over your life, to purge you of all darkness.

"I want your hands to be the Hands of your Christ Self. I want your very skin to pulsate with the Frequencies of the Fire of that Transparent One, that Image of Life. I want you to be, through and through, the Frequency of the Christ. For by that Love, the planet will be Transformed, and mankind will Know that Love has returned. For your own Logos, your own self-awareness in the Christ Consciousness is the fulfilling of Law as 'Above, So Below'. It is Healing. It is Science. It is Victory. Love is the All-in-all."

While I direct this *'Dissertation'* to a wider audience today, there are many who will Know who I Am Speaking with more directly, whether now or in the future times to come. This has been the problem with new World Servers since the 1930's and will remain so for decades to come. So do not see any of what I Am going to say today as personal. Only the personality will see this facet of their own erroneous attitudes, understanding and glammers!

I want to begin with the *'Law of Analogy'* today! *'Law of Analogy'*, although this is a definition, a condition of a third dimensional existence, no analogy is ever exact in detail but only in certain broad basic correspondences. There will be found unchangeable points of resemblance, but in using analogy viewing creation, no two details are ever exact. Using analogy in trying to mentally explain the unexplainable, while one attempts to convey understanding, in a broad sense because in a Higher Understanding perspective the recipient remains held in the world of 3rd dimensional constructs. So analogies are required to lower the level of consciousness, for the purpose of the use of words in Appropriation to Resonance in ability to grasp the Higher Truths and Divine Understanding!

For example: How is the Universe like a hurricane? The energy infusing the Universe manifests itself at every level in a multitude of different but analogous ways and these analogies can be used to further understanding, at all levels. The sweeping arc of the Universe pictured from afar is *'the same'* as the sweeping arc of a hurricane bearing down on land. An emotional storm in life is a whirlwind of violent emotion often called a *'perfect storm'* or a *'hurricane'*. As I said, no analogy is ever exact, as energy adapts itself to the moment, yet analogies enable us to explain the unexplainable by means of comparisons and this enables one to convey understanding in a broad sense.

It is an occult truism that as a man or woman arrives at a knowledge of him or herself, under the great *'Law of Analogy'*, they will eventually arrive at the *'Knowledge of God'*. You can see how significant is the coming *'Science of Comparison'*. Not yet has this science of comparative analysis been turned into a definite recognition line of Approach to Truth. The *'Law of Analogy'* is the key, which unlocks the Higher Truth of the Virtue of Divine Understanding. Through the *'Law of Analogy'* the microcosm can arrive at a glimmer of understanding of the more obvious aspects of the Macrocosm. The *'Law of Analogy'* and the *'Law of Correspondences'* breaks down at a certain point upon the path of understanding and something new and utterly different enters in. The *'Law of Analogy'* holds good when considering the Microcosm within the life of the Macrocosm, but if you ventured outside that limited and manifested Life (*if that were possible, which it is not*) you would contact other Laws and other Approaches to Truth, existent on Cosmic Levels. One of the main means whereby man or woman arrives at an understanding of that great sum total, We, call the Macrocosm, God, Universal Consciousness, functioning through a Solar System, is by an understanding of him herself, and the Delphic injunction *'Man, Know Thyself'*, was an inspired utterance, intended to give man and woman the clue to the Mystery of Deity.

Through the *'Law of Analogy'*, or Correspondences, the Cosmic Processes, and the nature of the Cosmic Principles are indicated in the functions, structure, and characteristics of a Human Being. They are indicated but not explained or elaborated upon. They serve simply as signposts, directing man and woman along the path whereon future sign posts may be found and more definite indications noted. Let Me here make a few more statements which you have perforce to accept hypothetically, but which can nevertheless be substantiated by you if you arrive at a Higher Understanding of the *'Law of Analogy'* or, of *'Correspondences'*, and if you will also accept the truism that the Microcosm reflects the Macrocosm and, therefore, each Human Being is related to Deity through essential similarity.

We now touch briefly upon an obscure and difficult subject and one that will appeal primarily to those types who work with the *'Law of Correspondence'*, also called *'The Law of Reflection'*. Esotericists, must remember that every Kingdom in Nature constitutes a totality of lives. Every Atom in every form in nature is a life and these lives form the cells of a being's body or vehicle of manifestation. There is a Being embodied in every Kingdom in Nature. Just as the myriads of atomic lives in the human body constitute a man's or woman's body of expression and form his or her appearance, so it is with the Greater Life informing the Fourth Kingdom in Nature. This Appearance, as are all appearances, is Qualified by some particular Ray Type and is determined also by the Vital Principle or *'Spirit'* Aspect. Thus, every form is composed of innumerable lives, which have in them a predominance of some Ray Quality.

On the other hand, the Esotericists see only the individuality of the make-up of the Living Organism and cater predominantly for separate or singularity whether personally or

groups who gather in separation consciousness. If one thinks about this more deeply both can be seen an occult platitude or that which station themselves in commonplace or imitative consciousness. This only occurs in a 3rd dimensional state of being for neither Esoteric nor Exoteric Principles are divisible in God, so why are they so in the life of a human being? They are so the lower consciousness can use Concepts and Abstractions in Analogous ways to raise the consciousness of mankind, to those Levels of Christos Consciousness where things that are Esoteric and Exoteric are indistinguishable and are not separate in the Power to Govern.

This leads you to the need to understand more clearly the '*Law of Abstraction*' which is the Law wielded consciously by a person from within an Ashramic Group of Synthesis where it will be discovered that it has (*as it might have been expected*) various meanings and policies which will function on the different planes of consciousness, such as:

1. Death or the effect of the 'Law of Abstraction' upon the physical plane. This can refer to the abstraction of the Life Principle from the physical body in response to Soul Command; it can refer to the death of an old physical plane relationship; it can also refer to a cycle of physical plane conditioning or circumstance, to the termination of a relation to a physical plane group, or to the abstraction of an interest regarded hitherto as basic.

2. The Termination of an outgoing affection towards a person or a group of persons upon the astral plane. This can precipitate an emotional crisis that brings about a withdrawal of the devotion for people or causes. This statement covers the intensity of the emotion expressed in many and varied directions. Emotional Abstraction is the hardest lesson which a Disciple has to Master.

3. The severing of connection with specific lines of thought. This may refer to the preconceived need which may dawn increasingly upon the disciple as he or she draws closer to the Ashram to which he or she is assigned; it may and will lead him or her to sever connection with schools of thought and with people, social, political, religious, and circumstantial thoughtforms (using the word 'circumstantial' to mean the mental conditioning brought about by circumstance), prior to being immersed in any Ashramic Group thoughtform.

These specific abstractions are being rapidly learned by those who align themselves to an Ashramic Group of Service to Humanity; those therefore should enter their next life or indeed which we are speaking of herein, their next Levels of Higher Consciousness or having passed through the next Ring of Consciousness, will become infinitely more liberated than they were before the new Self-Realization of a Higher Awareness in Universal Consciousness or God came in. With such a Lifting up from the old platforms from which they once thought, spoke, and acted, will find Intention, Purpose and Function for the Freedom of themselves and in turn, for Humanity in which they Serve. The present life condition is very favourable right now to the progress of those who can

Adopt and Accept Higher Truth along these lines and this I Truly believe you know, even if it may displease you to recognise this, Truth.

The entire process is one of abstraction, involving pain. There is a close relation between pain and the Law, with which I Am dealing with herein. It is the '*Law of Abstraction*' which does lift the astute person out of the three worlds of human endeavour; it is this same Law which brings about the upward drive which all units of life express and the search of all of them for identification within the ONE; it is with this Law that each of you, along with all your Ashramic Group Brothers and Sisters must learn to work.

One of the things, '*no-one*' is taking into consideration of, except the Elemental Grace Alliance, at this time, as Humanity now enters this New Phases of Dissolution; is that which predominantly began and grown exponentially beginning in World War 1 and World War 2. Particularly World War 2 and since then with all the activations of Atomic Weaponry. These uses of Nuclear Detonations has done so much damage to the veils that have kept the plane of humanity and the planes of the psychic and astral realms separated. These veils were torn, rent asunder, that gave way to many discarnate energies to enter the planes of human third dimension. And thus, providing unlimited energy from which the laggard consciousness were overjoyed to see and ultimately employed more widely under their control and manipulative activities.

This has led to the overwhelming obstructions to people lives in general but more so the New World Servers who try to stay focused upon their Spiritual Tasks and Endeavours and none so more who are actually trying to make Great Strides in removing the laggard consciousness and all their miscreations. And they are particularly active in such distracting measures of those who work with technology holding them on patterns of creativity that no longer serve humanity to help bring about Christ Consciousness and thus continue to encourage development in those areas of pornography and in their worst portrayals, but in areas of that creation additions in all types of distractions that deny one you connect with their True God Domain. They overshadow programmers and developers to focus on that which continues to create distractions and resistances, while all the time are very at home probing the human mind with all postulations of ego projection of self-aggrandizement, self-importance, telling their minds that they are in full qualification which also is in Truth only puffing up the spiritual glammers!

In the Discourse '*Part 10 - Earth Nuclear And Chemical Affairs 'ENACA' Petition Guest Speaker – Digital Libraries Of Consciousness - Jesus The Christ, 3rd August 2019, Jesus told You.*

“So once again Dear One’s the Qualification by the ‘I AM’ Presence is most important! But here is a VERY firm admonishment! Qualification cannot be received through channelling other entities, for who knows the difference between entities attached to psychic stratum or who are offering Their Services from within the Electronic Belt? So-

called Galactic Beings are not coming from the Electronic Belt. They may be very Loving and helpful, but these Dear Ones are mostly humanoid and thus work from within spacecraft and through technological mechanisms. And who can say who is who when it is so easy to be led as a disempowered human being, who may just want to believe the highest without Qualifying the Source?" End Excerpt.

Also, in 'Part 11 - True Constitution Why The Flag? Shift In Consciousness - Christ Jesus, 18th May 2021', Jesus made it very clear how the lower mind is strikingly influenced by the ego personality which basically remains attached and tethered to the astral and psychic planes of miscreation.

'So, when one speaks of their feelings, they are speaking from a place of human emotions, emotions that are the result of the lack of Divine Love. There are no other reasons for the feelings that one experiences. All feelings are generated by the heart and have nothing to do with the body. The Heart of the Body is the Altar at which all offerings to God are made, all offerings are of Divine Love or lack of Love are given forth. While lack of Love comes from the experiences that remain held within the illusions of the lower consciousness, thus, all offerings made from a place other than Love shall have no Electronic Substance; meaning will not be Bound by the Cohesive Power of Love and shall only be destined to self-destruct.

'Only that which is Created from Pure Love is Eternally Bound and Constructive, coming from a Fixed Design Foundational Formation, and Birthed within the Love and Joy of an Immaculate Conception. Likewise, all creations made from a place of fear, guilt, lack of understanding, outer projections, or feelings of being less than anything or anyone else, have no Substance, other than for the purpose of continuing one's personal desire for the experiences of being held within the outer world of lower consciousness.

'Love is the True Condition of One's Entire Reality, yet in the human form the Heart must beat for the life of themselves to take place. This is the Nature of one's Being. Pure Love is as Essential to the being as the heart is to the life of the body. It is there even if one is unaware of it being there, just as the heart is beating, while the conscious mind continues to sleep within the unawareness of his or her daily life. A baby is no less alive because it does not realize its heart is beating. One is no less the 'I AM' Presence or Higher Self, even though one does not realize, that without Pure Love and God's Reality one would not exist at all.

'The 'I AM' Presence's only Thought or Feeling comes from a place of Divine Unconditional Love. These Thoughts of Truth Envelop everything, constantly, while one sleeps or is awake and are without limitation to man or woman, of whatsoever state of consciousness they deem themselves to be in. This All-Pervading Consciousness is Eternally Creating everything around each person, both from the Inner Truth and the outer illusions because of the Cohesive Nature and Power of God's Love. I the Christ, Am, with all Sons and Daughters of God, Consciously, at all times, for God is One Consciousness and does not

think in terms of separation as mankind does. This is not understood, only because man and woman do not understand their Own Nature of Being or the illusionary states of their bodies, thoughtforms or emotional feelings. Through their own 'free will' they have placed these things inside their bodies, while conceptualizing them in a form that makes no sense of the Truth, the Pure Love that Is Their True Nature, Their True Reality or Relationship to God Life Within The Consciousness of The All That Is! One Heart, One Mind, One Life!

'Before the New Communities can begin to Form, that will Reflect Christ Consciousness and thus Form within the Circles of Light as Christ Councils, these are some of the things that continue to create obstacles that will diminish the Resonances and Light Quotients needed for the Radiations Centres to Operate at Their optimal Levels. So, while the New Groups of the New World Servers are Gathering or have already Gathered, much more Focus upon the Inner Work must continue to be at the forefront of their Minds and Hearts, so they will be able to move forward more quickly and with Greater Group Efficacy, Group Unity, and Co-Participation in Devotion and Wholeheartedness Together.

'There must come a complete 'Shift in Consciousness', else all the mind is doing is to rearrange what it has done in the past. We have been very clear in Our Instructions Dear Brothers and Sisters, that if the New "I AM' One World Nation', the Radiation Centres, Communities, etcetera, are to become Divine and Immaculately Conceived Realities, then all of the structures of the old consciousness 'MUST' give way to the New. You cannot continue with the old ways based upon old structures, old formulas, old human thoughts, laws, rules, and orders. All present foundations, organizations and businesses must be Transformed, Recalibrated, Rejuvenated, or 'dissolved' in their present forms; all governments MUST EVOLVE or self-destruct, else the "I AM' One World Nation' will have no Substance and it too would be destined to self-destruct. Just as the present world is showing you, right there before your very eyes today! Just look at the old consciousness playing out around the world and particularly in Europe and America as We speak. The destruction of life and property, of human rights and most of all, the Heart where Peace should Reside.

'The mind will tell you that 'yes there are new potentials for a new world', and it will seek to agree and set out the new laws and rules and orders, and it will tell you to resist all different ways of feeling of how to be and how to act, that will support the new directives, as if it knows what is happening. The mind will speak of Love yet behold, that mind, still living from within the lower consciousness will place the Heart a prisoner of its own devised truths, its own interpretations of the truth, based upon its own rearrangement of the old paradigms of feeling safe and being in control. The mind will make all manner of qualifications that will sound to the unwary, perfectly acceptable for they too are coming from the same levels of awareness.

'The lower mind will use its intellect and tell you what it wants you to hear, thinking it is right and correct, that it knows what Love is, yet I tell you, it will not see its own intolerance or judgements that it holds onto from an unrecognized place within its past experiences. It will speak of Love to be helpful and with all sincerity, and yet the very logic that it uses, though possibly sounding new, can wound the Heart of the most tender, of those most called to the Purity of Love and its Harmony.

'The mind knows the language that can imitate the Higher Consciousness, using all the right words, yet at the same time rejects the Truth within itself, because it so hates to be confused, to be open and vulnerable, to remain open while casting down the protective barriers and old structures that have supported it for so long. Yet it knows not of its own erroneous thoughts or ways of projecting them into the outer world. It, therefore, desires anchors that have been designed without the knowledge of what these designs or structures are, that can rivet the mind in one spot, and is held there while it suffers the pounding of the sea of change, resists the currents, fortifies itself against the storms. The mind will return always to where it feels safe and sure of itself and so it goes nowhere and sees not transformation, or creation, or the new horizon that would defy its own known reality.

*'So, it is required in the coming times, for Groups to come together in a much more Unified way, but the mind must be shown by the Heart that what it thinks it knows in its reality, is nothing of what True Reality will bring. The Heart must open the doors whereby the Cosmic Laws are shown to the mind and allow it to see for itself by experience alone, that the old laws of mankind have no Substance within the New **"I AM" One World Nation**'. The Heart must show the mind that the Laws of Love are not facts or even rightful answers. The Laws of Love Allow the True Nature of God within Mankind to find their own Spiritual Freedom, the Freedom that lies beyond belief, beyond thought, beyond adherence to any authority of whatsoever nature, other than One's Own Heart!*

'The Heart then is needed to Guide the mind in a way 'that it does not desire to be guided', a way 'that is one of joining', a way 'that does not allow the mind's separate stance, its rules, or its right answers'. The Heart is needed because It Is Who and Where One Is and Responds in Love to what is One With It. We are One Heart, One Mind, One Life.

*'The mind is its own reality, and one cannot escape the mind's reality with the mind. One cannot learn how to escape the reality of the mind with the mind's pattern of learning or of its own logic. One cannot live in a **'New World'** and retain the mind's old reality. To think this would be a travesty. To Know this, will allow the Heart to be the Saviour of the mind, without the mind ever knowing it was incorrect in its believed reality. It is the Heart that will be required to rearrange the mind's reality for it. Not the other way around.*

*'The New World that is coming is not that which has always existed. It is not that which can be predicted. It is not that which can be formed and held inviolate. The New **"I AM" One World Nation**' is the Introduction for the Creation of Divine and Pure Love to become*

more widespread around the World. The New World Will, in other words, be the New Expression of Divine Love in terms of Form, thus the replacing of the false, the illusion's demise, with the Rebirth of Christ Consciousness amongst that which was sorrowful. Symbolically, one could say that the New 'I AM' One World Nation Flag' will become just One of 'those' Forms, that will Initiate the Mind to join with the Heart in a way that offers no Words to the lower mind but Shines Its Light no matter what the wind and rain (human consciousness and emotions) may bring. In this analogy, the 'Flagpole' is the Heart, holding The Higher Mind, the 'Flag', True to All Its Divine Rays and Colours, while remaining Fixed to the Heart through the Cohesive Power of Divine Love, in all manners, Transcending the old ways of being! The lower mind of humanity will see the 'Flag', and Respond, even unknowingly to it, or without knowing why, while never actually Truly Seeing the Heart, the 'Flagpole' that is Supporting, Embracing, Strengthening and Remaining as One Together with it! You are going to see people just standing looking at this Flag, like they are staring into space, not knowing what they are looking at and then going about their way. But they will not be the same as they were before, for the Heart and Higher Mind or 'I AM' Presence has just made a connection, that cannot be revoked, withdrawn, or invalidated ever again! Lives through Divine Will 'Will' Change!

'The New however, is yet to be Created, One Heart to One Heart, One Heart to One Mind, and One Heart/Mind to One God Life! But you are so close Dear Ones! Where 2 or more are Gathered, There 'I AM'!' End of Excerpt.

Dear One's, let us stop here for now and allow these Laws and situations and TRUTH to sink in. Hopefully, the thoughts, words, feelings of actions and activities around the imbalances of any Group, be it an Ashramic Group of Synthesis or any other Group Formation WHO ARE WORKING FOR THE FREEDOM OF HUMANITY, MUST find clarity, congruency, and Divine Understanding to find True Unity, whether within the natures of Esoteric or Exoteric Thought projections for manifestations.

I Am St. Germain Your Brother in Love In The Heart of Freedom, awaiting your ARRIVAL Beside Me!
