

## MIGHTY VICTORY'S REQUEST 28<sup>TH</sup> JUNE, 2016

This is not my normal blog experience, but it has touched me so deeply that I have to share my feelings in this way! I have just received an email from a Dear Friend who said *"that we are obliged to heal the earth and we are doing so in our support of the calls for help from Spirit"*! And this was my reply!

I know what you are saying, and I wish it was true! The Truth is, it is not true, not when we really understand how the Universal Laws Work and are applied to this Earth Realm. I believed, just like you, and particularly having written the Elemental Grace Alliance, my eyes and Heart have been shocked, at some of the Truths, that we as humanity, even at the levels of consciousness we *'think'* we are while trusting and believing we are doing the right thing, the best we can as we live our lives in this world of human projections and chaotic thought manifestations.

We all, with the greatest purity in our heart, want to believe we are making a difference as we go about living our lives, and maybe we are making a difference, indeed we must be! However, as we continue to live within the entrenchments of both our own and others' creations, we indeed are not even scratching the surface of our human potentials yet. The Elemental Grace Alliance tells me/us that!

I may be sounding a little pessimistic right now, but it is not pessimism, it is another level of deeper sadness that I am feeling, since I read something yesterday, that has once again, outside of the Elemental Grace Alliance, where we the spearheads of human evolution, truly need to wake up and come to grips with what we do within our everyday lives and especially how we think! Even the most enlightened of us, are somewhat complacent in living our lives, me included! I am not excluded here and so this is a REAL wake up call ONCE AGAIN for me.

Over the last few weeks, Sue and I have had to step more deeply into our earthly responsibilities while having to step away from what we are both Spiritually working on, Sue with her new book and me with the Alliance. I only speak for myself here, but with all that has been happening in our normal lives, I have had to virtually ignore the Alliance work. As a result, emails have piled up, writing has ceased, even the GoFundMe has withered and died midway! In other words, for me, anyway, I have lost the momentum that I had created up until now. My humanness has felt very guilty for it is not about me, but about what we are all working towards to assist in the healing of this Beloved Planet, the Elementals, Devas and Angelic Host! Not to mention as I will explain now, Humanity.

For me, when one makes a commitment, as I have for the Elemental Grace Alliance, for such a task and a Plan Directed by God Intelligence, then nothing can stand in the way! For me it is about absolute self-sacrifice, we are told this in no uncertain terms in the book and the Earth needs Peace now, more than ever before, at ALL costs! This Higher Work is not for everyone, and we are told within the Discourses only a few will rise to the occasion. We are told that even the most dedicated chelas and students around the world, who are presently setting forth decrees and invocations must accept the next levels of Consciousness to move into the Higher Vibrational Frequencies needed to succeed in this Plan! Else nothing much will change! As Kuan Shi Yin has told us, there are 3.6 million Souls making this transition and only 11,200 to date who are at the thresh hold of the Rings Passeth Not! Time is of the utmost importance now and so once again the call is being amplified to create a greater momentum that IS required now for the Salvation of the Planet and All Its Life Streams.

All this has all risen again in me, when yesterday morning I opened a newly downloaded file from a post I read on the net! I was gutted to read what I saw before me, especially when I

have lost the momentum in me and allowed outside influences to quash the Demand and Decrees and Need for what I, through God, have been given to do! This is that message!

It was a channelling by Edna Ballard from Voice of The I AM Magazine, I AM Activity MIGHTY VICTORY'S REQUEST

Subject: Marijuana (Excerpt from Mighty Victory's Discourse at San Francisco Class — February 6, 1938)

(Even though it was referring to the USA, it was a world message! Remember this is exactly what the Elemental Grace Alliance is all about and in this case in 1938, this message was for the Highest Resonant Souls at the time, that had come together within the Presence of the Master's and Great Sacred Fire Light!) Here is that message!

*"The greatest menace to the American people is the nefarious dope being spread among them secretly! Today (1938), We have found the means of freeing them forever. You have no idea the inroad it has made in your America! By it, the sinister activity has wrecked the Nations of Earth for centuries upon centuries. It has spread, as a sinister breath in the most cunning secret way, all over your America. It must be stopped for the Protection of the Young People of America! We need and must have them for the Incoming Golden Age. We also need your Blessed Calls for Their Protection.*

*The Great Powers of Light think We have found a Solution for this problem; and through it, We expect to quickly absorb the whole thing throughout America. It will be done almost as secretly as it came. You have no idea, Precious People of Earth, the danger which has confronted your young people of the entire Americas! Many unfortunate beings, who have been pretending to reveal this nefarious thing to your people, have been but the claws for its dispensing. Beloved Ones, will you do Us the kindness —the Powers of Light—the kindness, to issue a Mighty Decree for the dissolving and consuming of all dope in America and the World? I shall ask the Messengers to put a paragraph in next month's Magazine asking the students all over America, to issue this Mighty Decree, for the dissolving and consuming of all dope—its cause and effect in America; to call directly to the Forces of Nature for its annihilation and to no longer allow to be produced that from which it is made. Then, at your call, We will take up this activity and in all parts of the world where this substance has been grown, it shall wither and disappear.*

*I say This to you that you may know the far-reaching power of Your Call. Saint Germain has touched upon it but very little. Perhaps, you think war is your great danger today. So it is! but this poisonous breath and substance, which has been spread among the people, would unfit them to protect themselves if war came into your country.*

*Then, the sinister thing would seize upon the FEELING of mankind; and by the use of dope make them unfit to cope with their adversaries. This is why tonight, "I AM" asking all sincere students of America, individually and in your Groups, to make That One Decree.*

*EVEN IF YOU GIVE NO OTHER DECREES, AT LEAST GIVE THESE THREE:  
THE ONE FOR SEIZING AND BINDING OF THE ENTITIES; ONE FOR KEEPING WAR OUT OF AMERICA; AND THIS ONE FOR ANNIHILATING ALL DOPE.*

*It is incredible that the cunning of the sinister force can spread a condition of this kind, with such rapidity over the entire Americas. It is largely because in the large cities, things go on unnoticed which in the smaller localities would be quickly discerned".*

So Dear Souls, here we are, 80 years on, nearly 4 generations of “Young People” have now arrived upon Earth and I do not have to tell you of the malice, destruction, sickness and death through the manipulation, control, dissemination of not only marijuana but the many other drugs and substances that such dark forces have created, to keep humanity as slaves to their own bidding! Nor do I have to say anything about the wars that have and still are taking place both within America between the people of that country and by America, and many others around the world.

The Decrees and Invocations made in 1938 by these Dedicated and Loving Souls, that gave of their lives to this God Request, failed and failed to such a degree, that has allowed the malevolence to continue and gain even more strength against humanity and against all humane rights!

Can you imagine what the Earth would be like today, if We as humanity, for this is all about Us – Humanity, if these requests from those who represent God Intelligence and Divine Consciousness were fully embraced back then? It sadly wasn't, okay what about now? I believe we can, but it shall require the dedication and commitment at Higher Levels of Consciousness than ever before known upon Earth!

Yes it saddens me greatly, for I never knew until this day, that this sort of activity to clean up the Planet, as human beings we were being given the Power to actually not only remove such threats from this planet, such things as marijuana, but those whose life streams were and continue to be responsible for its production and dissemination! Now I KNOW why the Elemental Grace Alliance has been created. I mean I know why? But I mean Really Know Why! The importance of the use of Our time left upon Earth! It had to be this, for the truth is people are just not listening! Or if they are they do not know what to do that will secure these desired changes?

People, just like me, are simply doing what we can to the best of our abilities, yet, the Truth is, the belief of what our abilities are, is only a false perception on our parts, and while we maintain these illusions, billions of people around the world continue to suffer at the hands of a minority!

Now I know why, Spirit is getting a little uptight with us and why Mother Earth and the Elementals are beginning to say “*enough is enough*”. Why the Elementals nearly left us to our own destruction not so long ago! They have asked for our help, but how can we help Them, when we cannot help ourselves! And so, there is another option on the table, one that I believe can be avoided if we begin to rally just as we are now being Guided by God Divine Consciousness. Do we desire more earth destruction and loss of human life and other Life Streams? The Elementals do not have emotions, They see everything as “It Is, or It Is Not! The EGA Discourses explain all this and are very, very explicit in these details!

We do not have much time to turn all this around, and while people who are in the most advantageous positions to help, continue to go about their everyday lives, ignoring the Deeper Callings, things will only get worse for humanity. It must do, for that is the Law! Spirit (*Divine Consciousness*) can't help us, without us doing the work to clear our own 4 lower bodies, of us requesting the assistance from Them. They just can't, it is written into Their Divine Charters. It is written into Ours!

So, we have the information now to truly sort out, not only the problems of drugs and malevolent substances and diseases upon the planet but every imbalance, every illness, every lack, every fear, every being with malicious intent, that holds humanity and the Earth in contempt. We have 20 -50 years to do this. It won't be easy and it is not for everyone! As Beloved Goddess Mother Tara, Feminine Principle of the First Ray of the Element of Ether for the Akasha Life Force of the Elementals and Nature says,

*For the Evolution of a Human Race, God depends upon those 'few', whose Energies Draw and Magnetize the Sacred Fire Light to themselves and with correct Loving Tuition from Us the Masters, it can be sent out for the sustenance of the billions and to all the various activities within their societies. This has to be this way, else the Race would ultimately destroy itself, perish through lack of spiritual growth or have to be relocated to continue their Evolution within another earth Realm. These 'few' are the Ones who We offer the most Guidance and Support to, through the various Rays and Qualities.*

The Elemental Grace Alliance Discourses have been Divinely Created with the Plan, one of many, I Am sure, so all I can say to those reading this, "where to from here"? Is this for you?

Bless You All for listening to my gripe! I know it is my humanness that has presented this in this way. But I wanted it to stop you in your tracks. Not to say this is for you, but rather simply to take the moment to ask yourself once again, having already been led here by Your Higher Self!

Life, our old ways of living, based upon the foundations of old beliefs and programs that continue to dictate to us, rather than following The I Am Presence Design of the New Christ Consciousness for us upon Earth! It continues to remain our free will choice!
