LORD MELCHIZEDEK: Greetings Beloved Sons and Daughters of Mother, Father God, The Brotherhoods and Sisterhoods Who Are Gathering 'NOW' to Deliver the Gifts of Shekinah. I Am Lord Melchizedek Who will Speak to you today as part of the Introduction to what you are calling The Christ True Virgin, a title that Implies the Truth of the Final Phase to help complete the Evolutionary Reform of Humanity Upon Earth and within this Solar System to be Transformed, into a Perfectly Balanced Expression of the Adam, Lilith Kadmon Man and Woman, Fully Aligning to both the Feminine and Masculine Qualities and Virtues of Equality, Harmony and Peace in the Likeness, Image and Similitude of Mother, Father God. This Transitional period will not be limited to humanity here on Earth alone, but the Education and Instruction for Multiverses of Lifestreams who have Invested millions of years and countless physical lives within, not only this Earth but many other Worlds, Realms and Dimensions, that no human beings yet have any 'Real' Awareness.

I Am going to speak to you about how this Next Phase of Human Evolution, through Bio-Regeneration, seen and unseen, known and unknown, will help You, there upon Ground Zero, so to speak, to Transmute, Transfigure, and Transform a Human Race to Ascend from a consciousness that remains unconscious of their Origins, to a Consciousness that both Remembers their Origins and can Consciously make the decisions within their life to leave the unconscious human beliefs to fade away from any form of false reality.

So let Us begin this journey by Relating this Bio-Regeneration to your humanness, where your Soul incarnational mind may understand the concept, before moving into the areas where the lower ego mind will lose itself completely. But do not let that set you back into your fears and unwillingness to stay upon the 'Train' this time, else you may not get another chance

within this lifetime. We keep telling you this, but so many are just not LISTENING! Know that you have the Power to not only Listen, but Hear the Truth that *'MUST'* Now become the Light and Love by which you shall Adhere Yourselves to this Divine Plan and Path or not! Where We are going in this **Resetting of Christ Time Upon Earth** and **The Christ True Virgin**, is a place where very few at this stage will truly grasp the complexities of this *'Moment'* in your physical Artificial Holographic Timeline, let alone the Comprehension and the Full Understanding of these very Advanced Applications and Functions of how Cosmic Evolution of Physical Worlds Evolve, let alone Those of Other Dimensional Fields of God Intelligence and Existence. Indeed Why this Whole Program for the Evolution of a Human Race, is held within the Offices and the Echelons of the Orders of Melchizedek.

In My Discourse to you, *'04 – ENACA – Time Binding/Time Contraction - Lord Melchizedek, 19th July 2019'*, I shared with you information that was meant to inform and prepare you for what was to come. And here You Are Beloved Brothers and Sisters of Light! I told you,

"The 'elect' of the Order of Melchizedek are Sons and Daughters of Light who have chosen to come into the world of form and manifest the Sovereignty of God in Transmuting the earth." They work in implementing the Truths of God and, occasionally, even show themselves as a 'visible Order' Administering to man through the 'Merkabah', so that the Architectonic models in the Heavens can be built on the Earth as signposts to the many Levels of Universal Creation. The Melchizedek Order is after the Order of the Son and Daughter of God. It Governs the quadrants of the Planetary Worlds where the Adamic Seed has been Transplanted, Administering Spiritual things to these worlds. It Holds the Keys to the opening of the Heavens with respect to the contact areas on the Earth and has the ability to commune with the Celestial Communities of the Brotherhoods of Light throughout the Father Universes, coordinating the work of the Christ in the Heavens and on the earth. The Order is Eternal (Hebrews. 7:3) and has foreordained its 'Priests and Priestesses and Programs' before the world was. In the history of this planet, the Order of Melchizedek has existed in small family communities of Priests/Priestesses, Order-scientists, and poet-scholars who have faithfully Attended to the Word of God." End Excerpt.

Keep this in Heart and Mind, Oh Sons and Daughters of The Light, for without this Acceptance within your Higher *'Hearts'* and *'Minds'*, you will be looking for the next train platform to physically jump onto again, as this now *'Unstoppable Train'* will not be stopping any more for that. It is now passing through all old human stations that offer respite or other fervent valleys to waste more time in. Be advised then, that what will be shared with you in the coming Discourses, may be very disturbing and somewhat overwhelming to the human ego personality, both in detail and volume of mien, as to the Truth of the Greater Picture, that is way beyond what you can see as the outer reflection of the world around you. For what you see now in this world is but a *'grain of sand upon a beach'* of Worlds within Worlds, Star Systems within Star Clusters and Universes and Galaxies within Multiple Cosmoses. There IS an immensity to Who and What YOU Represent here on Earth, which opposes any sort of appearances in your supposedly puny, corruptible and vulnerable physical powerless bodies and outer world, that appear not to be of any service to yourselves or others, let alone the Truth of Your Origins and God Powers that can Create and Sustain Systems of Worlds.

These Discourses will hopefully Re-Mind You of the Truth of Your Mission Here, Your Divine God Work, so think Ye not, that you do not Know a single word that We will share with you. You are the Masters here to Ground the Light within the Fields of Rejuvenation, Reformation and Regenesi of Worlds and here you are on Earth, ready now to Fulfil Your Pledges and Covenants as Part of Your God Given Powers to Resurrect Life upon planets that have fallen into lifelessness! Your Light Shines before You Dear One's, All You have to do now is to Fully Embrace All That You Represent. Some may still continue to trip up on the old consciousness that has fallen down around their ankles, and to you I Say, look up to Those Brothers and Sisters Who continue to Maintain the Melchizedek Lighthouses, Administering to, Over Lighting and Loving Your, *'God Beach'*, for you to also Remember Your Innate Willingness to be of Divine Service To All Life and God!

I would encourage, you who are Reading or Listening to this, go back and review My Discourse above, in fact, make that Discourse a Prerequisite herein for without this Review many will indeed find what is coming extremely fanciful, far outside of your own beliefs of possibilities to make any sort of effort realistic or plausible to save this Planet and its people.

While we are speaking to the ego personality in most cases here, let Us keep this simple in terms of believability and thus more open to acceptability of the Truth.

Your bodies, minds and Spirits are a series of interwoven bio-genetic systems, each with an inherent and implicit order, that function within, and as part of, the Wholeness of God, as One Living Organism. Taking this understanding further, the body, mind and Spirit are themselves part of a larger series of interdependent axatonal systems which can be used for the purpose of Healing and realignment of out of balance bodily parts and functions. Each human being then is both the Unified Whole of its Own Systems, yet at the same time, an Integral part of its particular Human Origin Species, Planet, Galaxy, Universe, and the Cosmos, and all of the Multi-Systems that make up These of which, They are Composed, and Interdependent upon. Already here in this paragraph I Am showing you that a Human Physical Body is not limited to its biological appearance, but simply a Microcosm of the Macrocosm and the Macrocosm of the Cosmocsm. Here I wish to bring your awareness to *'The Law of One'*, where nothing in any part of God's Creations is separate, All Are Divinely and Meticulously Interconnected.

The reason this understanding is important, is because it is within these Cosmic Structural Awareness's, that your present biological form in this existence can and does take place. Because you Are Energetically Interconnected in this way, your Health and Wellbeing is also both related to and affected by, the Functioning of These All-Encompassing, All-Embracing and All-Inclusive Heterogeneous Systems of God Life. Thus, in developing an understanding of the Nature of these Panoptic Systems, you can learn how to Interact with the Energies with which they are Composed, in a manner that can bring about True Rejuvenation, Reformation and Regenesi in Healing the human body, human outer world of affairs and thus Transmute, Transform and Transfigure physical worlds by Raising human consciousness beyond its limited visions and beliefs. It is through these Processes of Healing Consciousness First, Correcting Consciousness First that will bring about the Christ True Virgin whereby everything, no matter of what it consists, mind body or Spirit, where the Masculine and Feminine Divine Attributes,

Qualities and Virtues can be Re-Established back to Their Original Nature; The Perfection of the Immaculate Concept.

You, We, the Planet, the Cosmos and All Living things upon and within it, are Composed of Sentient, Structured Units of Consciousness that mankind has not yet Truly recognized or aware of how to Attain the Heights of their full Expressions within the State of Christ Consciousness. Of course, Jesus came to show you how to attain these States of Being and many Masters who have walked before you have achieved such Transitions, but the major body of humanity today have forgotten their Origins and so have accepted that their lives are only based upon what they see in the reflection of their outer world. Your corona viruses and now the war in Ukraine are just a couple of examples of this madness!

These Units of Consciousness then, from the smallest pentaquark to the largest, aggregated structures of consciousness, as organs within your body are aggregations of individual cells, are Highly Intelligent, far more than the human ego personality mind. EVERY Cell within your body contains All the Knowledge of God's Creations. It is just that the human mind has been cut off from that part of their own Innate Perfection Within a God Expression of Life, As a God Expression of Life with the same Powers of Creation, whether a physical thing or a whole World or Solar System. You are, therefore, primarily Expressions of Divine Primal Source Energy, Ordered and Expressed in Accordance with Cosmic Law and within Specific Mathematical Relationships. These Energetic Building Blocks of God Consciousness 'Are' the Primal Cosmic Christ Sacred White Fire Light Substance from which All Cosmoses, and Everything in It, are Created. The only difference between human creations, positive or negative and All God Creations based upon Immaculate Conception is that mankind creates from within the limitation of misbeliefs it holds as true and not the Truth of God Life.

The time has come Dear Ones that we are going to begin the Activations and Work Across the Cosmoses starting with humanity here upon Earth to Initiate the changes required to Lift human consciousness out of the old paradigms of such mis-beliefs and untruths of their existences here upon Mother Gaia! It will not happen overnight, but you 'WILL' begin to see some massive changes taking place unconsciously at first and then consciously where the People of Earth will Rise Up in the Name of God, against all tyrannous regimes and controlling programs that were designed, other upon earth but in the outer world of the Cosmos who they themselves have remained in denial of their own God Origins!

These Morphogenetic Fields of Consciousness are the "**Blueprints**" upon which Christ Consciousness shall NOW Enter the Experience of Dimensionalization from those Systems of Worlds that are more closely Aligned to Source. Your present Holographic World will begin to change and Alter and thus arise to reflect back to this world, a more stable Reality that will be based upon Cosmic Law and no longer the laws of man! Again I say, it will get worse in the short term for most of humanity, but many of you will see a vast positive difference and it shall be You walking this Earth as the New Christed Ones, within the Bodies of the New Adam, Lilith Kadmon Human Race.

By Entering the new Dimensionalizations and it Being Expressed through a physical form, You, as Sentient, Joyous, Radiant and Eternal Beings Will, over the Generations to come either through the Ascension as Jesus completed or by Purification By the Radiance of The Mother's

Love and The Father's Light through being Transformed Genetically through the continuation of being born upon the planet in the future. You All are facing a choice now where you have the Opportunity before you, as a 'free will' choice, to Embark upon Brand New Journey, starting Immediately, if you so choose through the Rightful Application of God Life, which All can be Open to Know that they 'Are' Already Within, the True Nature of God Life as Your Inherent Right To Be! And while that journey WILL Test you while the old consciousness persists, and though you may continue to make choices that lead to experiences you may regret or might have done differently if done again, you still have within you that Undistorted, Healed and Shining, '**Divine Christed Blueprint**' the Truth of Your Divine Origin With God Him, Herself waiting to Blossom from Within.

And even if you do not fully understand the unbearable parameters of why your lives and the lives you see in the outer world are lived in ways that seem incomprehensible, All, still have within themselves the Potential for Healing and Changing their minds about who they think they are!

Dear Ones, today I will close now with an excerpt with a reference to the Gene Keys shared by Richard Rudd. For right now, on your timeline you are being shown by the President of Ukraine, Volodymyr Zelenskyy and his colleagues, standing in front of the aversity of Control, Authority and what is the Highest Definition of Valour. The 21st Gene Key is presently being expressed on all levels of consciousness around the world, moving from Control to Authority to Valour.

"The Shadow (Human/Ego) level of this genetic code is Control. *One of the major issues to plague human beings and the cause of enormous conflict and violation of basic human rights is Control. All Control is rooted entirely in a single theme, territory. Whether this territory is the single human auric field, or the territory which comprises the family, nation or Earth herself, this desire to Control territory creates division and separateness. Wherever you find the 21st Shadow you will find someone either too weak to control anything at all, or someone with a deep-seated need to control everything in their environment. In the past, Control was about resources and food for territory, was needed in order to produce food. Now in the modern world the battleground for power and Control is over money. The urge to Control has simply shifted venues. The ultimate root of territorial divisions across our planet is distrust in Life itself. This is the real human disease. Territory and Control through power and money are simply the manifestations of this disease.*

"Repressive Response: Submissive. *All repressive natures are based upon the denial of personal power and for this 21st Shadow it creates submission. These individuals let others remain in control without asserting their own authority. They may appear laid back but in reality they have relinquished their true responsibility.*

"Reactive Response: Controlling. *Here there is an acute need for Control. As the repressed nature is loose, so the reactive nature is tight. These people cannot handle change unless they have instigated it. If others transgress the confines of their deeply controlled lives their pent-up tension is likely to detonate.*

“The Gift (Soul) level of this genetic code is Authority. *The Gift of Authority is a gift that is innate. If you have the 21st Gift in your hologenetic profile and you speak and act from your heart, you will inspire loyalty in others wherever you go. Authority is the true vibration of this 21st Gene Key when it has found that delicate balance between allowing things to go their own way and assuming control of the way things are going. Authority is a frequency that is determined by intent. True loyalty can only be maintained when the frequency of love outweighs the frequency of fear. Such people are given authority by others and this is the real meaning of Authority. Authority cannot be asserted through will. It can only be afforded/given through trust. True Authority unites rather than controls. The Gift balances submission and control within relationships into a higher frequency where there can be no need for power or resentment from either side. The Male/Female polarity balanced so that the Yin/Yang flow is finely and exquisitely tuned into service.*

“The Siddhi (Source/Oneness) level of this genetic code is Valour. *In the 21st Gift we see that true Authority based on service inspires loyalty. At the highest level this coupling of love and power gives way to the ideal of Valour. Valour is the highest frequency of the 21st Gene Key, it is an energetic field released into the world through a chemical signature within your genetics that underpins Nobility. Valour is Nobility in action. It contains virtue, wisdom, love, courage and above all sacrifice. As an archetype Valour signifies the ending of all karma, even though the states preceding it often carry a great deal of karma. Valour is forged on the anvil of life. No matter how muddy the waters are, you have to realise your pure nature can never be soiled. To be a Master, that is a being who has attained realisation through this Siddhi, you must lead by example. Valour is an act of absolute self-surrender in which you lay your entire being on the line for a Higher Ideal. The power of Valour could be summarised as the courage and love that must be found within the lower self who dies into the unknown world of the Higher Self”.* End Excerpt.

Beloved St Germain has been pressing this idea of Valour with you for a long time now and the act of Valour today against all the adversity that is against humanity is calling for those who Know the Truth about Valour.

Richard Rudd continues to say;

“You have to know the absolute horrors of living within the most tightly controlled hierarchical situations. You have to understand the human need for control and the depths of your own fear of losing control. You have to be tested by the forces that will not relinquish control, and you have to continually be subjected to external controls. Once you see that no external form of control can rob you of your true nobility, this Siddhi of Valour will finally dawn deep inside your DNA. The being that has attained realization through this Siddhi never feels like an authority figure even though they may be. These rare people will commune with you as a friend, despite the exquisite fragrance of their state of consciousness. It is this very humbling quality within the Siddhi of Valour that creates such deep levels of human communion.

“Even though the 21st Siddhi may be incredibly humble and friendly, it also packs a serious punch when threatened by the forces of fear. This is the energy field of true knighthood, symbolized by the courageous and chivalrous acts of all great heroes and heroines. These forces will fight for the highest of Ideals and hold that Ideal for all those who follow them.

Those with this Siddhi will gladly die for, and as an example of, the highest ideal, the ideal of communion between all beings. The lives of such people become myths, often because of the sacrificial nature of their deaths. Even so, awakening through this Siddhi does not obviously foreshadow such a death, it is simply symbolic of the highest expression of this 21st Gene Key. With the advent of the 55th Gene Key and its reawakening of the spirit of romance within humanity, this 21st Siddhi is actually ushering in a new myth and a new age of chivalry.

“The Essence of Valour is to be found in the symbol of the male pole surrendering to the female pole. The programming partner of the 21st Siddhi is the 48th Siddhi of Wisdom, which is one of the great archetypes of the Divine Feminine. Valour therefore represents the surrender of control (symbolized by man) to trust (symbolized by woman). This surrender results in the absolute annihilation of the male force by the female force, an ancient mythic enactment contained in many ancient creation myths. This surrender of the male into the female creates a reversal of roles and poles and thus the communion is fulfilled. Ironically, it is through this divine coupling that the male force is truly empowered through its opposite. In other words, the male force is knighted and empowered only through its surrender to the female. It is important to understand that this imagery is an internal truth rather than a literal representation of man and woman. The Power of Valour could thus be summarized as the courage and love that must be found within the lower self to die into the unknown world of the Higher Self.” End Excerpt.

So while people around the world now, who are in readiness to stand against control and authoritative figures, you will begin to see this ‘Power of Valour’ beginning to play out where people will give their lives for Truth, Love, Wisdom, Joy, Balance and Harmony for the next generations to come. And so these activations, which we are now speaking of is not so much for this immediate time, but rather for the Generations to come. But to do that ALL control and authoritative people, beliefs, programs, structures and systems must first be broken down to make way for the Truth, Love and Light of any Eternal God Life where everyone is free of all old consciousness programs of tranny, and all that is against Human Rights!

Dear Ones, that is why We are here, why You are hear today reading this!! For none of this will be successful while the imbalances between the Masculine and Feminine Qualities and Virtues are not the Foundation from which to Create in the Name of God! Nothing else, as you will soon see, is sustainable or can exist longer than the mass consciousness will allow!

Next I wish to speak about the Melchizedek Emerald Cloister Order.

I Am Lord Melchizedek.
