

PART 10 - VOL 5 - INCEPTION OF LIGHT – TAKE CHARGE – LORD MELCHIZEDEK, 7TH JULY 2021

INVOCATION: ‘I AM’ Obedience to the Cosmic Law Through Conscious Understanding, the Light Substance, the Pure Electronic Force In This Golden Age. ‘I AM’ One World Nation, the Cosmic Law’s Immortal Action of the Life In the Great Silence, the Life In Its Glorious Cosmic Blessings and Perfection Without Limit Made Manifest Through All Life. ‘I AM’ In Contact, Releasing Its Powers to Fulfil the Divine Plan.

LORD MELCHIZEDEK: Beloved Members of this Universal Council and Circle of Light of the Order of Melchizedek. I come today to speak with you all about **‘Taking Charge’** of your lives in every aspect, every situation and every potentiality that you may Dream of, Imagine or hold a Vision about for the Future of this Human Race! You are unlikely at this time to see what is before you, what is held within the Similitude of God in All Its Grandeur, Magnificence and It’s Simplicity in Design and Function. You make it so hard for yourselves not to see this! It makes the potentials of Becoming the Real You so difficult because you continue to hold onto something that you place value over instead of recognizing that your life is nothing more than an illusion. Everything Dear Masters about your lives is not what it seems; nothing! Not a single thing! St Germain said recently to you, you do not exist! None of this is about you anymore!

That is not to say that it does not have purpose, for while you choose to separate yourselves from God, which deprives you of all Memories of Your True Selves, you needed something to hold onto so that you could claw your way back to the Higher Truths of your True Realities!

You have corralled yourselves into confined existences that allows you to repeat all your old ways, your habitual daily lives, your beliefs in deprivation of your Soul, withdrawal of Divine Love replacing these things with everything that sustains your beliefs that you are less than God.

Our Beloved Sister Sue shared with Peter the other day a story about how the Pacific Islanders caught wild pigs that were present on their islands. They would watch where the pigs would gather to feed and for a time would place food for them in the same area. This would take place for a while and then when they saw that the pigs came every day quite voluntarily they would construct a single boundary fence. They would watch and the pigs would see this single fence, but had no fear of it because they could continue to come and eat and go away as they pleased.

This would happen over a number of weeks, patiently the Islanders would feed them and when they felt the time was right would construct another line of fence with the plan to ultimately contain them within a pen! Finally the day would come when, while the pigs would feed, the Islanders would hook on the gate and bolt it. By now the pigs knew that every day they would be fed and had no need to leave the pen. Everything they thought they needed was automatically supplied. But little did they know, was that all this time the Islanders were planning to use them to provide their own daily needs. Never again would the pigs ever leave their pen, except by virtue of their demise.

I use this analogy today because it is so pertinent to the human 4 lower bodies and the ego mind or personality! Life is provided in all its needs, yet unbeknown to human life there is another deadly force in action, one that directs the biology to die to their known reality, the life they have given so much of their trust and power to. Your Covid 19, viruses and vaccines are a testimony to this ego-plan. For now, after millennia of time, the whole of a human race is almost in that pig pen, and will never be allowed to leave easily, not as easily as they entered this state of consciousness! Think about the ramifications of what is being told to you today Beloved Masters and then, if you dare, tell Me that this is not happening to humanity as we speak? Look at your own life and if you believe you have been Awakened to the New Reality, why are you still in the old human way of being, in thought, mind, spirit and action?

Tell Me Truthfully if you can, are your old human lives, no longer part of your New Reality? Are you the Master of Your Own True Reality of Being and all that you Desire to Be as a God Creator? Do you ONLY walk toward what you See what you wish your World to Be daily, paying no attention to your outer world, offering no opinions about anything? That meaning, that you have no attachment to your outer life while honouring your daily responsibilities of family, work and community living, thus maintaining The Truth of Rightful Action to All God Life while following all the Cosmic Laws to Create Your Higher Visions? I will leave this *'Reality Check'* with you!

Yesterday, Our Beloved Brother St Germain Spoke of the Divine Universality of God Intelligence and so I will Use His Wisdom to Expand upon this a little more for you today. For if you are going to **'Take Charge'** of Your Lives over All that pertains to your experiences of being corralled in your old beliefs that you need others to feed you, you are going to need to Listen and take on board sooner rather than later Your Own God Sovereignty. For if you are going to Break Free from your human fences and corral of your own making, you are going to need more than your ego-mind and personality to achieve that!

Each of You Belong to a Family of Light, not only as your Inheritance but as a Current Reality. Here I speak of the Real Reality these Discourses are Speaking of, not your misperceived human reality. As you begin the Work more in alignment with the Christ Consciousness and the Lords of Light, Masters and so on, a Higher Evolutionary Blueprint begins to supersede your current human Tree of Life Blueprint. And in this process your Tree of Life Blueprint along with your physical body and its Domain begins its reintegration back to receive its nourishment from the Existent Tree of Life, especially as the Universal Kingdom in which you are now residing within, begins its own Elevation to a Higher Level of Divine Intelligence Presences within an even Higher Consciousness Forcefield.

For while you are only aware of the Tree of Life that has been presented to humanity as part of their own present Evolutionary Blueprint, there exists both sequential Trees both above and below the Present Tree of Life. This Process will not necessarily be understood by you, for even though you may feel that you are living in one Dimensional Realm, like the analogy of the fish living in its own element, there are multiple layers of Dimensional Realities all now available to you. However, you cannot pass from one to another until you have finally dissolved the consciousness of the previous one. But this is not the place or time to go into these Evolutionary progressions, suffice is to say that this information then allows for those,

who can Understand more about the progression states of consciousness, will be able to now see the next Tree of Life in the Universal Evolution of the Adam, Lilith Kadmon Human Race or Christed Human Man and Woman.

In other words, while the Local sub-Kingdoms are accepted and Known Realities are emanated and expanded from their own Divine Essence, the Universes move, from the 'World of Emanation' to the 'World of Creation'; to the 'World of Formation' to the 'World of Action'. Each Domain then, is like a holo-movement that arises, not in the sense of physical hologram, but in the sense that every part, is part of every part and that each part is a reflection or permutation of that which pre-exists in the Heavenly Kingdom.

Within each of these Realms, The Sons and Daughters of God Integrate into the Kingdom of God by Manifesting the Divine Image and the Divine Will into newly Formed Invisible Worlds and Their Material Universes. Invisible now only to the eyes of those who choose to maintain their present states of human consciousness. It is for this reason that the Master's, Angelic Presences and other God Intelligences take on their Physical Appearances to ensure that you as humanity, can relate with the ability to make these Transitions that offers Similitude your own Conscious Biological Form. In other words, the Tree of Life is not a configuration of a physical nature, but a Consciousness Mapping that details how the Indwelling Powers of the Godhead are at Work within your body, mind and Spirit, also Known as the 12 Mind Powers, that when Embraced and Given Rightful Application Will Establish the Kingdom of God within the Sons and Daughters of Man. These then, when Mastered, as Jesus did, will Emanate the Cohesive Power of Love into all Worlds as the Universal Mind Everywhere Interconnecting with All Consciousness Thoughts that Are the Source of Universal Consciousness, which again St Germain Spoke of yesterday!

I can assure you that all Realms, all Worlds contain the Original Consciousness of Source which begins beyond any physical realities that exist. I want you to Know and Understand this from another perspective that hopefully you too will be able to relate to this concept about the Masters who take on physicality so that humanity can learn to aspire to! This Source Consciousness began in the incarnation of the man you called Jesus! In this way Jesus's manifestation presented Himself literally as a human being with all the tendencies in being human. And before His Ascension He was seen often with a long face, a face that would not normally represent an enlightened Being! This long face then was not due to His sorrow for life, but the look or expression of '*Divine Patience*' knowing that mankind will sooner or later have to make the same decision He made in His Lifetime.

This is the Feminine Principle acting out here while holding onto the Consciousness that exemplars the Beauty of the Divine Understanding, but to you now, as it was for humanity of the day, this look was not aesthetically Beautiful, but that long face does equate to the long countenance, which reveals the Presence of Infinite Patience, as well as Unconditional Love and Inner Beauty! Have you ever wondered why many Masters appear to you to have these long faces, sometimes contemplative, perhaps pensive or brooding, even stern in Nature? Peter said I looked stern to him when I appeared to him when I told him to take Charge! But even though he saw Me in his own outer sight, as with a stern countenance, he also Saw Me with His Inner Vision for My Love and Patience of him, thus proving this Balance of the

Feminine Divine Principle and the Reality of why God Beings show more often than not, Long Faces or Their Divine Patience for Humanity! The face tells a lot about someone if one cares to See who they are looking at. For many faces will generally reveal the life of that person and this is always True for the Higher Messengers, traditionally the Beings of Light or the Angelic Beings. So the face form not only emanates Their Countenance, but also their Energetic Presence. That is why in Ancient Cultures many of the sculptures had their faces destroyed because those in power recognized the Energy that remained in the Similitude of the Original Face and Eyes. In this way you can now begin to Understand how Universal Mind begins its Radiance into the Realms of the old human consciousness and I will say here also, that is how the True Constitution and 'I AM' One World Nation's Flag will Shine Its Radiance to all those who shall cast their eyes upon it! For in this Flag Design in all its parts, including the Symbology of the Melchizedek Energies, and the Universal Original Source Energy of Divine Christ Consciousness Will become an All-Pervading Cohesive Power of Love Divine! As the wind passes through and around this Flag the Breath of Life will be Activated, one electron at a time, one atom at a time, one Human Being at a Time!

What I Am attempting to do today is to offer you, indeed Invite you to look at things from a different perspective, whether it be a life choice, a thought, word or action, that when one begins to find the Depth of Divine Understanding, one can see how the Love of God, The Mother's Love and Father's Light, Commissions all thoughts, words and actions, all things into All Realms and Dimensions, both seen and Unseen. And no example could be more relevant here than the True Constitutional 'I AM' One World Nation Flag, Designed with Pure Intent, Imbued with the 12 Mind Powers of the Truth of Christ Consciousness, Impregnated with Love in Action and in Adoration to the Elementals, Devas, and Angelic Host, the Animals, Plants and Mineral Kingdoms and All Other God Intelligences, how one world can be Transmuted and Transformed from One World into the next!

So when I said '**Take Charge**' it simply means when you view life from the Rightful Place, that is from the Original Source of your Own Creation, it is with Ease and Grace that One can take Charge to make the correct choices in Life to share God Life in every aspect with your Brothers and Sisters, and all other sentient life you share this experience with! Most of you, who shall read or listen to this, will be a Member of the Orders of Melchizedek, Ambassadors of the Light but you cannot execute your Divine Dominion to take Charge of the World around you until you are already Living as a Christed Being as best you can. You cannot fake this, the ego mind and personality has no control of your Divine Purpose or Path, but it can delay these Fixed Designs of your True Reality, if you allow it to do so!

I tell you this in no uncertain terms before I go. This human world needs all the help you can give it right now! It is time you '**Took Charge**' of this World, for you are the One's We have been waiting for! You have the Dispensations, the Grants and Permissions for how things shall Act Out Here! Are you in Charge of your own life? If not then how can you be Charged with the Authority of Evolving a Whole Multitude of Human Races? Time to put on a Happy Face and the Knowing Countenance that all illusions and falsehoods are declining exponentially with every Dear Soul who Claims and Lives within their Own Divine Sovereignty and Authentic Self!

Beloved Masters, You are the Extensions between Life in the Living Universe and the Light in the Multidimensional Realms, for You Are A Living Extension of the Father's Light and the Mother's Love! The human body is a tabernacle for the physical side of life, but it is truly a replica of the Light Body, which allows for the continual anointing to take place as you realize you are Multidimensional, non-Local Beings carrying the Image of a Divine Mathematical Blueprint within you! Know your Higher Identity and you can avoid the surrender of your Genetic Coding to anything less than your True Nature to those in opposition to the Sacredness of the Image and Similitude that Lives Within you. I tell you this for a reason, so please remain mindful of it as you go about your daily affairs and continue your Evolutionary Work within this Divine Plan! **'Take Charge'** Dear One's of EVERYTHING in your life!

Just as a reminder also I will leave this with you to contemplate in the changes of your mind!

In summary, the Melchizedek Communities of Light in special coordinate power points: of which from your perspectives are being called the New Narayana Joy Pyramidal Light Temple Communities.

"The 'elect' of the Order of Melchizedek are Sons and Daughters of Light who have chosen to come into the world of form and manifest the Sovereignty of God in transmuting the earth." They work in implementing the Truths of God and, occasionally, even show themselves as a 'visible Order' administering to man through the Merkabah, so that the architectonic models in the Heavens can be built on the Earth as signposts to the many Levels of Universal Creation. The Melchizedek Order is after the Order of the Son and Daughter of God. It governs the quadrants of the planetary worlds where the Adamic seed has been transplanted, administering Spiritual things to these worlds. It Holds the Keys to the opening of the Heavens with respect to the contact areas on the Earth and has the ability to commune with the Celestial Communities of the Brother and Sisterhoods of Light throughout the Father universes, coordinating the work of the Christ in the Heavens and on the earth. The Order is Eternal (Hebrews. 7:3) and has foreordained its 'Priests and Priestesses and Programs' before the world was. In the history of the planet, the Order of Melchizedek has existed in small family communities of Priests/Priestesses, Order-scientists, and poet-scholars who have faithfully Attended to the Word of God."

I Am Lord Melchizedek.

BENEDICTION: 'I AM' the Open Door In Full Acknowledgement of my Beloved Presence, In Protection, Love, Gratitude and Adoration.
