Rising Above human creation’s footstool, with Love’s Everlasting Communion and Connection to the True Applications to God Life and Forever Committed unquestionably and with a Steadfast Resolve in Faith and Trust - We Give Thanks! We Give Sanctity! We Give Obedience and Accept Salvation for All God Life. And So It Is, As Above So Below and As Below, So Above.

ST GERMAIN: Greetings Dear Sisters and Brothers, as I continue to consider the EGA/SOEPC’s present situation, Energetically Speaking, it remains that We still have some disproportions within the Membership. So, I want to bring this to a more candid conclusion of this subject matter regarding the freewill in Obedience to One’s Own ‘I AM’ Presence. Each of you have to date, earned your Rightful place to hold your Seat within this Alliance Council and therefore while the ‘**Laws of Freewill**’ still apply, there is also the Condition that you have been Granted; two major Grants, that We can no longer deny, when it comes to your ‘*freewill*’. Which means, that We have your permission, your ‘I AM’ Permission, to Call for your undivided Attention where your Obligations to Your ‘I AM’ Presence and God, through more than Ordinary Release of Instructions to Follow Through, with is ratified; Else We would not be spending this time to even speak of it! The two Grants are:

- 1. The Cosmic Grant from the Great Divine Director - ‘By The Cosmic Law Of More Than Ordinary Release Of Instructions Into The Combined Force Field, Known As The Elemental Grace Alliance.**
- 2. The Official Grant for the Acceptance of The Cosmic Laws to Take Possession of The Atmosphere of Earth Becoming The Authority of What Is to Act Out Here, Through The Elemental Grace Alliance Council And The Sun Of Even Pressure Council’.**

We cannot wait for you any longer. You must make your choice one way or the other; simulating and being self-satisfied with your outer choices are no longer acceptable to move beyond this plateau of Consciousness. I Am not referring to all Members herein, the ones I Am speaking to, know who they are, so I must now add the Spiritual Leaven for the Consciousness to rise to its natural height under the present circumstance of each Individualized outer life. This must be done within a Group Environment, due to the Covenants and Pledges taken. Once the Leaven has grown, the Living Organism rising to its maximum level for now, We can then be clear as to who will continue in My Class and who

will remain until another time. We the Masters Truly wish to give everyone here an equal opportunity, to represent one's self to their own perceived position under their own endeavour, strengths and weaknesses, resilience and fortitude, within this Group.

I wish to Qualify for you all here, that for anyone outside of the SOEPC, this Series of Discourses only apply at this time of Communication to the Sun of Even Pressure Council, as They are the Only Ones with whom I Am Speaking at this time. In the near future, I hope that these may become reference Discourses, Templates or Formulas of Approach that other Groups/Ashrams may choose to adopt or adapt. Look at it from this perspective, when I Created the I Am Presence St Germain Activities, I was only referring at the time to the Students of the Ballards who were all under My Personal Tuition of the 'I AM' Activity Foundation.

So like the growth and development of the 'I AM' Presence Activities, these IAMEGA Class Discourses will fall under the same focus and attention as the future Cycles, Disciples and Initiates come into the New Cosmic Alignments with the same achievements of Receiving such Grants as the EGA and SOEPC have received to date. It must be this way; else this shall be all in vain for without the correct Levels of Awareness and Resonances the passing through the next Rings of Consciousness will not be possible.

The problem that We all face here is the fact that this Group and potential Ashram, are not in any same physical location gathering together on a regular basis. This is made up of Members all over the world and in many different time zones. So to resolve this problem from an Ashramic Divine Economic standpoint, We must all accept Full Responsibility to find a Solution and bring it into Manifestation. We will speak of this within this New Series of Dialogues.

Now, We the Masters choose Our words very carefully, and in My last Discourse, Part 1, I said.

*"To do this I have decided to enter into a dialogue with you that will become an extension of the Original 'IAMEGA' Class Activities. This means that even though the 'IAMEGA' Class will be a **Requisite** for any major advancement in the future, this extension of that Class, I hope will add to its '**Greater Fulfilment**' through a more Focused Application to God Life through a Greater Awareness of the Art of Precipitation and the Mastery of its use."* End Excerpt.

So having Impressed My Ideas upon Peter, He has agreed to Formulate a Structure that We can All Work toward as another experiment to see if We can increase the Potentials of Raising the Consciousness of those who remain in a state of quandary within their lives herein. We the Masters need You now upon Our side of the Veil as much as We need you on your side of the Veil. Indeed you need this equally, if the Planet is going to Move Forward with Greater Ease and Gentleness. So Please Dear Souls, work as best as you can with Us as We take these New Ideas and play with them, Bridging this gap of physicality using your internet, while preparing for the Full Embrace of My Class, soon to begin!

These Series of Discourses are intended to be, as were the first 10 Part Series given to clarify My IAMEGA Class just over a year ago, Guiding Lights to achieve Our Unified Goal to Complete the Living Circles of Light in both Dimensional Worlds. The last Series of Discourses, if I may remind you, did not achieve Our Intended Purpose or Objective! We shall therefore try again with a slightly different Attitude, Methodology and Tact.

I used the word *'Dialogue'* in Part 1.

Question: Why?

Answer: Because I want you all to participate in an open discussion, conversation and indeed an exchange of further Ideas that We can look at and Qualify Together. Does that sound fair?

You see Dear Souls, you are all Masters on this side of the Veil, yet you continue to pretend that you are not on your side!

I recently used the words *'work hard'*.

Question: Why?

Answer: Because human beings think that working hard is the answer! It is not! Working hard is an old paradigm that keeps one stuck in the old energies of human consciousness. Would you ever consider a Master working hard? Of course not! So when I said work hard I was referencing that aspect of why Students/Disciples/Initiates alike, all continue to push the envelope of seeking outside of themselves, trying to convince the brain that this or that needs to be done to achieve anything!

Like the 'I AM' Presence, which is effortless God Creation, the use of the 'I AM' Presence through the human Higher Mind must be equally effortless. *'Working hard'* implies hard physical, mental behaviour. So, of course if this is the approach, it is indeed hard work, labour intensive and consumes your energies at an incredible rate! Far more than you may realize.

I brought all this to your awareness in the Discourse *'Conserving Your Energies'*, yet how many of you paid attention to that Discourse? So, We try again to bring this aspect of your human nature into your awareness, this time hopefully to hold the most definite focus upon it as possible, by as many as possible. So I asked you in Part 1:

"Remain Peaceful in your endeavours, keep an open mind and begin to look into your lives that you deem for yourselves as incomplete matters in your life. In other words, anything in your life that remains incomplete, must be closed and dissolved now, or be given the Energetic Transference of Energies to bring it to a completion. For if you keep these old projects, plans or activities going without constant forward movement, they will only continue or make themselves more of an obstacle than a productive or creative activity. If you do not understand what I mean here, discuss it amongst yourselves, for

this is the very first step you must make before we can continue here within this New Class environment!” End Excerpt.

This Point 5 of the Conditions of Engagement reflect every aspect of your life that zaps your energies, that waste your energies. Do We need to review the areas of your lives once again to identify all aspects that you may have not yet begun to put into their Divine Alignment, their Divine Order? No! It will not be necessary. If you do not get it now, you are not ready to continue! It will all come down to the same Number 5 Condition again, that if not Accepted and Engaged immediately, will prove to be your ‘Achilles Heel’, if I may use this term! What I Am referring to here is that if you do not place everything in Divine Order within your physical, mental, emotional and Spiritual Lives now without further delay, this weakness or vulnerability shall be a ‘*stumbling block*’ for why you will not be able to move forward from here.

The reason this must be done, and please ponder on this with all your Mighty God Light,

“communing with Energy Consciousness that is far Superior and far more powerful in its construct and magnitude that mankind is aware of” it can “at these levels of communication and interaction, any imbalances in those who shall implement such changes have the potentials to create, let Me say, some quite devastating results.” End Excerpt.

The aim then, in My Next IAMEGA Class, will be to bring as many of you as possible to a Self-Realization for the Alchemical Processes for Working, Creating, Controlling and Precipitating at Will with the Elementals, Devas and Angelic Host! If your Energy Fields are not Pristine in every aspect, if your mental conditions are not functioning outside of the mass of humanity, if you are not walking within your Christed Light as Human Angels, then this is where the door closes for you in My Class until you can! Plain and Simple Dear Ones! You are going to have to change your thinking, change your habits, change the way you are doing things going about your daily affairs. I will speak of this more in depth later, but today I wish to really set the slate clean, so that none of you have any illusion of what is now expected of you!

To clear and cleanse all energetic patterns that drain your energies, will allow you more time for communication with your ‘I AM’ Presence, more time to be in that State of the Great Silence, more awareness as the Observer of your life not the participator of any human based belief or program. I Am going to go into all this in more detail and We are going to set some exercises that will help in these matters!

Before I continue, I want to clarify the word ‘*Respite*’ as this is obviously not plainly understood by many of you! There was a definite need for the EGA to take a step back and review all aspects of what was, as I have said in Part 1;

“I have decided to step forward again after a time of re-evaluation of the EGA’s progress, and allowing a period of transformation to occur that gave you the opportunities to once

again clear that which was not working for you, or for Us, while making Claim to that which will elevate you into yet another Illumined State of Consciousness.” End Excerpt.

So the Action was taken. Remember the Masters choose Their words carefully, and so ‘*respite*’ was chosen to serve the Purpose of seeing who was focused upon the continued Divine Intentions of the EGA and who saw this as a break away from the EGA Activities ‘*or*’ Need for deeper reflection. The word ‘*respite*’, does indeed mean interval, breather, hiatus, delay or relief, all relating to the pressures that the EGA Members were feeling weathered by. But it also means ‘*reprieve*’! Reprieve means amnesty, pardon, absolution, liberate, and excuse! So these 3 months was intended to offer you a pardon of your feelings of overwhelm, and release of pressure in all the perceived activities and Discourses. It was Granted to offer each of you the thought of liberation for any Obligations that you have Given your Oaths to, so that from your human mind you would find that ‘*respite*’ that you place yourselves under because you choose to ‘*work harder*’ and not easier with Greater Simplicity!

This was never meant to stop work, put your Responsibilities aside and step away to leave it to others to do the work! The world does not stop turning, the chaos of human consciousness does not say let’s take a break this is too hard; no, people continue to die, fires continue to burn, volcanoes and pressures in the earth continue to erupt, children continue to be used in inhumane ways. Do you see Dear Ones, this is not about you! This is about your Selfless Sacrifices to Serve Humanity, with Humility, Integrity, Honour and Innocence. I Am not speaking to the general human or Lightworker here! I Am speaking to Dear Hearts who have given an Eternal Pledge to be of Service! So, if any of you thought that this Respite meant you could take time out, your thoughtform would have been mistaken. Full Time does not mean part time!

It was entered into to take account of where you have gone wrong, to discover the errors of your thinking and to provide an impetus to get back on track! And that is why this Respite/Reprieve was Designed/Created, to see where the Group is in Relationship to each individual Divine Purpose, the Covenants and Pledges that you have taken. It was a ‘*Test*’ Dear Hearts! A Test that I told you in Part 1, Tests that you have been given every day since you Pledged yourselves to this Work and that will continue until We can Categorically say We Trust You, We can Rely On You, Knowing that you will show up when you are called! This is the Proof We need before We can give you the Control of any Supreme Consciousness that would devour you in an instant the moment you cast your eye upon it, if you were not Capable!

“You are going to be tested Dear Ones and make no mistake, if you cannot Prove, that you alone, through your own Individualization and Controlled mindset, then you will travel no further down this Path until you can!” End Excerpt.

Dear One’s while you hold onto your old mindsets of being human you will be tested, and that is why We keep asking that you review, review, review, because the last Discourse, or the one before that, or the one before that, contains Truth within it that you have missed! The point

here is for each of you to now define within your own Beingness where you stand. Are you ready or not?

If you say you are in then this New Series of Discourses will test you even more! It will call upon your Commitment, your Resolve to keep on keeping on and to see just who is ready to take the next steps within this United Forcefield Called the Elemental Grace Alliance. We need you, as many as We can help to arrive in the Core of the EGA Ashram. Today you are as a Group United in One Cause, One Purpose. From this Group you are then going to be selected by Us, the Masters, to move into the Core of the EGA Ashram. These are very different Levels of Awareness and Function. Master Djwhal Khul and the Great Divine Director have begun the explanations of all this. I will also elaborate upon these differentiations as part of this Ashramic Group Life of Divine Synthesis in due course.

I want to leave you all with an Excerpt from The Christ Jesus 'I AM' Discourse; that brings a Simplicity to all that We wish to achieve here in the SOEPC. Understand this and your Journey will cease to be work, will remove any hardness, confusion, delay, or misappropriations from here on in!

“Sometime, somewhere, every individualization of God the Father, must find his way back to the Father through his 'I AM' Presence, fulfilling his or her cycle or cycles of individualizations in the use of the activity of the outer self. The earth is the only sphere in which there is the density of the atomic structure that you experience. The conscious recognition and use of the 'I AM' Presence, which you are, steadily raises the vibratory action of your atomic structure, unclenching and liberating the Electronic Activity, which is hidden within the atom, enabling you to become Self-luminous Beings. I wish it here distinctly understood by all who may receive this or ever contact it, that I am not and never was a Special Being, created of God different from the rest of humanity! It is true that I had made previous conscious effort and had Attained much previous to the embodiment in which I won the Eternal Victory. My choice of experience two thousand years ago was to set the example which every individualization of God would and must sooner or later follow.

*“How I urge you, Beloved Children of God, to look upon Me as your Elder Brother, one with you. When I said or left the Word that: **“I AM' with you always'**, the 'I AM' Presence, which 'I AM' and which you are is One. Therefore, do you not see how 'I AM' with you always? Think deeply on this and try to feel its Reality. At the time and after My Ascension, I saw the immensity of the Radiation I would be able to pour forth to My Beloved Brothers and Sisters upon the earth from the Sphere in which I had become fitted to dwell.”* End Excerpt.

Dear Ones, your conscious effort has allowed you to arrive 'In The Tailor's Presence' to be Measured by The Tailor for your New Garments of Shaddai! The Measurements of:
