

PART 2 – BOOK OF GENESIS – RESETTING CHRIST TIME UPON EARTH –
EGA PETITION – DIVINE ELEMENTAL FREEDOM DISPENSATION –
PROPOSALS 2, 3 & 5 – GOD AWAKENING BOOK – GREAT DIVINE
DIRECTOR, 16TH JANUARY 2022

INVOCATION: Beloved All-Provider, Who Art Humanity's Inexhaustible Supply, Sufficiency in all things: Help Us Covenant with Our Blessed Body Elemental, the Elementals, Devas and Angelic Host and More than this the 'I AM' Presence Who Is the Spark of the Mother, Father God Within Us as Our Three-Fold Flame Expands in Divine Love. Guide and Inform Us to More Deeply Understand the Cosmic Laws that will Allow Us to Commit and Devote Our Human Soul Experience beyond half-heartedness so that We May Receive the Garment of Shaddai by Our Own Volition through Divine and Loving Service. This human life in all its form, Its Soul, and Everything that Mother, Father God Has Given to Us, Body Elemental, Mind, Body and Joy To Be in Your Eternal Service to All God Life; To Work in Unison, Harmony, Balance and from a Place of Immaculate Conception in All We Think, Say and Do. Give Us the Meanings when You Speak To Us Directly in Strength and Courage, Never to doubt Your Unfailing and Eternal Supply and Support.

In the Name of The Father, Son and The Holy Spirit; In the Presence of the Christ Jesus in Us, I Am That I Am, I Accept That This Is Eternally and Inexorably Complete. We Beseech the Attendant Heavenly Forces to Bless and Assist Us so That All Whom Come into Our Contact May Achieve the Necessary Awareness of his or her State of Consciousness and Once More can Repose in His or Her True Self. We Give Thanks Because We Know it Will Be So Now!

THE GREAT DIVINE DIRECTOR: Beloved and Esteemed Members of this Alliance Council, Dear Human Brothers and Sisters, Jewels of the Crown, I Come today, earlier than expected to once again, with Aspiration, to Share with you My Divine Direction and God-Power for Encouragement, Strength and the Divine Presence of The Power of Truth. This, to help Electrify and Magnetize you all into a more Complete Sensitivity of Feeling of the Immensity of the Work of this Shamballa Divine Plan. You are now beginning to Step into a New Time Cell that will offer you more Responsibilities and Privileges, that will help to move Humanity into its next Stage of Evolutionary Progress. You still have a little way to go as to your Overall Group Unity in Association with the Ashramic Group Life, but some of you are now Standing upon a Threshold as an Individualized Sphere of Influence, while getting ready to step through the Rings of Consciousness that you have been Promised!

I Am here today as both Representative for the Directors of the Karmic Board, and, in My Capacity within all Ashramic Synthesised Groups of the Masters. But more than this, I Am here today as the Manu of the 7th Root Race which I shared with you once before in 2016, *'Elemental Grace Alliance – The Great Divine Director – The New Gatherings and the New Narayana Joy Akasha Sanctuaries and Temples (Pyramids) of Light 19th July 2016'*.

“As the Manu of the 7th Root Race this is also within My Authority to Activate in the Divine Plan to set up All Actions that will bring about the Redemption and Complete Purification of the Earth, setting all of mankind free, thereby providing a place for My Root Race to Embody and Complete Their Evolution.

“‘I AM’ The Manu of the Seventh Root Race awaiting soon to enter the Earth within the Area you call South America. May I say here that the work of the Elemental Grace Alliance is imperative for Me to be a success, for without the Work Planned Here, I will have to postpone the Entry of the 7th Root Race. So Dear Soul, I Am fully Engaged with All Aspects of this Alliance for Its Success, no matter what!” End Excerpt.

Beloved Hearts, you have heard so often why there is the need of your Call to the Mighty ‘I AM’ Presence in Order to Give Us the Privilege of Releasing The God Power and Amplifying your earnest and sincere efforts, to go forth and do the Work required in the World, the outer as well as the mental and feeling world of mankind. Your Calls are showing Their Activity throughout the Earth, and now it begins its Expansion into the Outer Worlds far beyond anything you could ever imagine. Today I wish to Initiate that ‘Power’ as a Creation and Overall Identity as the EGA Ashramic Group Embodying the Ray 1 Energies of Will and Power.

The Qualities and Attributes of Ray 1 are Courage, Certainty, Power, Forthrightness, Self-Reliance, Dependability, Faith and Initiative in the perspectives of the Human understanding, yet these are Surpassed with the Qualities of the Father Principle, the Executive, the Statesman, the Head of State, the Governor, Leader, Monarch and Supreme or Absolute Sovereign Ruler over All worldly governments, national and international. Such Ray 1 Embodiments, where God’s Word through Divine Truth, Love and Wisdom in Accordance with Cosmic Laws cannot be defiled or subjected to any human law, on any level, where the Greatest Good for all God Life is concerned. And it is this that I wish to speak of today!

Please be mindful however, that this Treatise is not part of this Permission to Invoke the Ray 1, as part of this Request for Permission to Activate your Invocation for Proposal 5, which is not limited to just the Release and Freedom of the Elemental Kingdoms The Devas and Angelic Host; but humanity’s Soul Consciousness within the incarnational consciousness of the Soul.

And not to stop there, it is also the Freedom of millions of Masters who remain tethered within the archetypical astral planes where, by their own efforts within these planes, cannot be Freed until Dear Humans change their minds about who, They the Masters, and what form they think They are; this is a grave error that humanity still does not understand yet, even those who are at the forefront of Spiritual Light Workers. Humanity has given the Masters the form that they think them to be, because of the way they see themselves as humans. It was shared long ago, as an analogy and only again yesterday was the Law of the Mirror mentioned. *‘If dogs had the consciousness like that of humanity their God would have the image of a Dog. God-doG.’* Can you see the Law of the Mirror playing out here! Please See the Point I AM making here through the use of words!

The Masters Who Reside in the 10th Dimensional Realms and above have no form, they are Consciousness Only, but they can use any form to go anywhere so as to share Their Higher Truth that they Know will help humanity along their own Request for Freedom. And this is what you are asking Permission for, both in the **'Resetting of Christ Time On Earth,'** and the Permission to Activate the 5th Proposal, **'To Remove All Mis-Aligned Consciousness Imposed, Charged, Impressed or Inflicted Upon the Elementals By Miscreation Through Ignorance And Arrogance Of The Human Collective Consciousness'**, is it not? ***Your Freedom from form through the use of form itself!*** Does this make sense to you?

Very briefly now then, let Me share this:

2000 years ago before the Christian Religion began, the Chohan of the Seventh Ray, Saint Germain, long before the New Religion, under the Incoming 6th Ray made its appearance on the material world, had its Inception in the Inner Spheres under the Direction of Cosmic Beings, particularly the Cosmic Teacher and the Chohan (*Director*) of the particular Ray, under which that religion will flourish. These two Cosmic Beings, with Their Assistants, after taking into consideration the existing Spiritual Development of humanity and its present possible potentialities, worked out and set a Plan of the necessary teaching, manner of worship, etc., determining which would better serve the world, for the Incoming 2000 years. Needless to say, in this, they were very circumspect and scientific for it would be of no avail if the teaching rises above the capabilities and the Spiritual Evolution of those who it is intended to merit. Prior to Christianity, it was Judaism under the influence of the Incoming 5th Ray at that time. The Process is Cosmic Law!

The Cooperation of the Respective Chohan of these Rays and His Assistants, they examine the Spiritual Development of the Souls that will incarnate, during the duration of that Ray as well as their capacity to absorb its energies so that they will be in line with the Higher Divine Plan. In the 7th Ray of Ceremony and Invocation for Transformation which the New Religion of this New Golden Age is to become, with the process accomplished, they will develop the Ceremonial side as well as the details of Adoration, Reverence, Veneration, Forgiveness, Compassion, Love and Respect, which will Re-animate the Light of the Soul and will Promote the Spiritual Evolution of men and women during the incoming 2000 years. This is the Manner and Mana (Or the Magic - Miracles of Divine Alchemy) in which the basic structure of this New Religion of Divine Love, Its Inception of Light, under the Guidance of all Rays but in particular the Rays 1, 2, and 7, through which to New Ashramic Groups of Synthesis will become the physical Manifestations upon Earth. However, the Over Lighting Ray under the Auspices of the Seventh Ray and the Direction of Saint Germain will Develop and Expand this New Religion from this time forward!

You are now in the Era of Spiritual Freedom, as you have seen through your own EGA Endeavours under the Direction of the Ascended Master Saint Germain. Please bear this in Mind and Heart, that You are Obligated, if you are to March under the Banner of Our Beloved One, to out picture and bring to those not yet Apprised or Acquainted, the Meaning and

Purpose of the Seventh Ray. This is one of the Objectives that the EGA has been Given to Educate and Teach, so that the detail as to St Germain's Overall Guiding Heart can be adopted in this New Golden Age! But here is something you need to know and what must be considered in what I will share with you in a moment that all relates DIRECTLY to your aforementioned Petition, as well as some of the Proposals within the God Awakening book! So please pay close attention.

In 1952 the Cosmic Law, through Chohan El Morya, Being Impressed by Ray 1, Informed the Spiritual Hierarchy of Our Planet Earth, that the time has come for the Solar Systems of Our Galaxy, Alpha and Omega, to Advance to Higher Evolution and that, of all Planets involved, only Earth was found lethargic and unable to follow. Since this impeded the progress of the Entire Galaxy, who could no longer wait, a Dispensation of twenty years was allowed to the Earth to improve itself. Should She fail, She would be left behind and abandoned by Her Solar System, creating a situation, eventually amounting to complete dissolution and, or self-destruction. This would have left humanity, incarnate and discarnate, without a home to finish their Evolution.

The situation being so serious, the Spiritual Hierarchy, Knowing the impossibility in accomplishing in twenty years, what millions of years failed to do, made a Compassionate Appeal to the Cosmos for help. Cosmic Beings from the Entire Galaxy, in Divine Love, Responded and Offered Their Assistance. Then Chohan El Morya made a Personal Appeal to Our Solar Logoi, Helios and Vesta, whereby a new Planet was Created and in there, those of recalcitrant humanity, incarnate and discarnate, who, for thousands of years proved themselves incapable of improving themselves, would be transferred, and thus Permit the most Evolved, with the Earth, to proceed along with the rest of the Galactic System. Are you getting the picture Dear Souls? If you have followed this Divine Plan, from its human Inception, Conception, Birth, Growth and Development, you will see how each Step even 1 miniscule movement forward, has all been for a Far Greater Purpose than just mankind becoming aware that they are more than what they see in the mirror's reflection of their outer world.

Peter, I know you have been thinking about a certain matter for a few days now, and so I would ask you to take this opportunity to present your thoughts for all to hear, as it was originally you who made this Proposal for a New Dispensation. You Presented this in your Own Words, Under Your Own Volition, as part of the God Awakening Book, to help assist Mother Gaia and Humanity, while Honouring the Cosmic Laws that shall be Venerated and are Observed and Obeyed through the Rightful Application to God Life!

I have set the atmosphere to receive this, your thoughts, for much more Intelligent Consideration and Compassion in the same way that Beloved El Morya felt, in His New Petition to Save Mother Gaia and its People who Live and Know Divine Love within Their Hearts! And I mean billions of people, even though they may appear to be continuing to express the laggard consciousness and the lack of awareness where kindness, goodwill and '*do no harm*'

in True God Life for this Planet and those who reside here remain unseen on the most part. These are Innate within them, but due to the outer laggard consciousness that continues its containment reign, with their disempowering and private agendas to compromise humanity in forgetfulness, reducing them to become dependent on their economic control, pharmaceutical products and technological devices and programs, their food production methods all designed to keep humanity en masse, away from Their God Heart Flame and Inner Knowing. In short, to hold the whole of humanity to ransom by turning them into obeying, autonomous beings with no minds of their own! Peter, if you would please!

PETER: Oh, yes, I have been contemplating something that has stuck in my mind since it was shared a while ago. But I was not sure how this would unfold and a bit concerned in bringing it up not knowing if it was appropriate or not! I guess you are making it appropriate, so I feel better about sharing it now. I will try to choose my words carefully! Please bear with me!

My thoughts are based around the Proposal 2 in the God Awakening Book!

2. REMOVAL OF THE POWERFUL LIFE STREAMS THAT CONTROL HUMAN MALEVOLENCE.

Having tried to look at sharing this objectively, but I find it near impossible in my own mind for anyone who may ready this in the future, not having read the God Awakening Book first, will not understand where I am coming from. So while space is somewhat restricted at the end of this Treatise, I wish to simply Quote The 'I AM' Presence of Joseph Benner, in his Brotherhood Paper - 'A Call To Service. '

"Those of you who refuse to align with others, thinking that it is unnecessary for you to come to Me direct, and get all the guidance and help you need, — know you are still thinking of self and are not yet ready for True Service. To you I say the days of seeking and getting for self are past — never to return. No more studying to attain Powers will I allow.

"The armies now being used for destruction and to obey the will of human kings or rulers are but man's using My Heavenly Plan of Organization for his selfish and inhuman purposes. But the day of such use of My Heavenly Plan is soon over. The Battle will soon to be fought on Earth that will forever drive from men's minds the desire and use of My Spiritual Knowledge and Power for other than the benefit and blessing of their fellowmen. " End Excerpt.

The detail around my thoughts are extensive and perhaps it would be better to add these as another Discourse in Support of this Christ Virgin Petition and the extension which I sense The Great Director is Leading me here!

There are many references made in the Original Supporting information that will lead to the Realization that I have been invited to outline and share as my thoughts. For it all has to do with the need of this time for the removal of the powerful life streams that control human malevolence and thus emigrate them to the new planet created by Helios and Vesta for them to finally continue their days in their own exile to play out their own creations. This is then,

not any sort of removing any lifestream as a human being, but just like criminals are sent to prison for their ill deeds against others. Where trials against these criminals is not necessarily a practical application, simply removing of their Life Force held in place by their Body Elemental, who is in the same way humanity is being controlled, is under the constraints of the malicious intentions of the laggard consciousness.

I know that this has to be done under Cosmic Law and this I would like to comment upon, but again space is a little refined here. Beloved Master, do you wish to continue in any other particular way?

GREAT DIVINE DIRECTOR: Peter, while you have shared here an introduction of what I wished to elaborate upon, you have not got to the Subject matter which helps to validate any further action in regards to this Petition, not only Proposal 5, but also Proposals 2 and 3. So let Us continue together again as soon as you can return. The 2 Supporting Discourses can be added of course to this Series *'The Christ Virgin'* and the Balancing of the Masculine and Feminine Energies, for while this may not appear on the surface to include these Qualities and Virtues, I can assure you that they are the MOST Powerful Parts of this whole Petition for the *'Resetting of Christ Time Upon Earth'*.

Dear Souls, this is why it is so important when making decisions that have the potentials of affecting millions and billions of Dear Souls. Petitions allow for all facets of the available choices and decisions to be openly discussed, so that no areas are left by chance, other than the part where free will is projected into the creative endeavours. Shall We Speak again tomorrow?

PETER: Of course, I will rise early!

GREAT DIVINE DIRECTOR: Perfect! One more thing I wish for you to think about over night before We Resume tomorrow! That of The Book of Genesis! **'What!'** I can hear and feel your questioned inner amazement Peter! Yes, ***'The Book of Genesis'***.

The Book of Genesis, is now wanting to be written all over again and this is the Literal Truth; scarcely anything found in the Original Book has been retained in its Original Form. It is time the present Book of Genesis to be Re-Constituted back to Its Perfected Text thus replacing all old human translations of it, with True Verified and Authenticated Truth of God's Word. The story of the World's Creation; of man's and woman's coming to the Earth, his and her Purpose in life and Ultimate Destiny is severely needing to be re-examined, and is ready to be Divinely Inspired, thus Given Anew to the New World as it was Meant To Be, as the First and Only Intended By the Creator. Truth has been in the background for untold ages and man and woman, standing with folded hands and in the supine recumbent position and lethargic ignorance, while accepting half-truths and no truths, as God's Word. Today, from all over the world this continues, yet We can Hear throughout Our Realms, cries for Truth that are Arising from the Hearts of the people whose Flame of Life is near its extinguished state due to and by the loss of hope.

Men and women are no longer content to be deceived, consciously or unconsciously, and this desire for Truth, from Their Heart, is the Open Door which the Cosmic Beings are now seeing a Greater Opportunity to Pour back to them, Their Knowledge and Their Truth, and to give them every possible God's Assistance to fulfil his and her Mission on Earth. In the New Religion of the Seventh Ray, though as We have stated, broad fundamentals do not differ from other preceding Great Religions; nevertheless, there is great disparity in the Source, Knowledge and Application of Truth.

Dogmatic theology, promulgated in men's and women's churches, finds no room there, and the Love of God towards His/Her Creations, with new means for man's and woman's salvation, is vigorously reiterated. It holds as fundamentals and asserts with due emphasis, that from the Great Original Source, Emanate, like Rays from the Sun, Individualized God Presences, 'I AM' each One of which standing above each individual, Represents God's Divinity in mankind. From this Original 'I AM' is Projected a Stream of Electronic Essence into the physical form through the '*Silver Cord*,' which entering the body from the top of the head, anchors itself in the individual's heart. This is Your own Immediate Source of Life, and is the Power that beats your heart, Breathes the lungs and enables you to be what you are, human individuals.

It is an infinitesimal bit of Divinity but, regardless of its microscopic dimensions, makes you all Gods in Embryo, eventually to grow to Full Stature. These microscopic dimensions, however, were not the Original lot of mankind, and We Know that the First, Second and Third Root Races, when they came, not only did they have their full allotments of it, but as time went on it Increased and Expanded, giving them eventually Victory into the Light of Their Ascension. The very same thing would have happened to all subsequent Root Races, were it not for the occurrence of the '*Fall*,' an event that retarded the progress of man by millions of years. And so no man or woman or human of the continuance of the laggard consciousness can be allowed to deny those who wish to Attain their God Given Right to Attain such Statures that the first 3 Root Races Attain.

Proceeding back to '*Genesis being written again*,' and with the help of Knowledge given to you to Start again from the Beginning. Genesis, the CREATION OF THE WORLD Evolution as a Cosmic Law, does not confine itself to man or woman and his or her environment on Earth, but goes further and covers every aspect of the Great Cosmos as this Divine EGA Plan is Wholly Embracing. Advancement at Inner Levels comes through Initiations; the Aspirant, Probationer, the Disciple or Initiate, regardless of the stage of his or her development, as he or she climbs the ladder of evolution, step by step, reaches a point where he or she is Endowed with the Cosmic Power to Create a System of Worlds. This Point of Evolution, many millions of years ago, was reached by two Cosmic Beings, in Perfect Balance of the Masculine and Feminine Qualities and Virtues; Helios and Vesta, Who having Fulfilled the Cosmic requirements Applied to the Great First Cause, the Source of All Creation, for the Privilege of Creating a System of Planets, and People Them with Individual Consciousness.

Think about this Dear Souls, for it will come back to you with the Truth of Who You Are as Part of This Evolutionary Divine Plan! Know Your Origins, Know your Partners in this Incredible Journey and then when you are ready, the Next Stage will open its Doors to you to Step Through! To Live in the Similitude and Image of God as Mighty Creators, You need to Change your minds about what you see in the Mirror!!! You wish to ask a question?

PETER: Yes, if I may? Thank you. Are you asking for the Book of Genesis to be re-written by me or the EGA? For if you are I am not sure that that is My Field of Expertise.

GREAT DIVINE DIRECTOR: Are you not Creating a New Book of the Cosmic Laws? What about the New Cosmic Laws for the Mass Ascension of a Whole Human Race that Master DK and Beloved St Germain have spoken to you about? I have said to you that the Book of Genesis in its Original Form was Cosmic Law, reduced to man's interpretation and turned around to suit those who desired power for self-assumed gains. Is this then not Applicable to the same Task?

Please Remain Mindful that the EGA Divine Plan is about the Regeneration and Rejuvenation of a Whole World and the Raising of all God Life and this includes Re-Writing the Educational Programs and many Sacred Scripts will be placed in Your Hands for Safe Keeping, where many Scribes will come to Translate and offer the Texts that will facilitate both the Education and Teaching of the New World. As Your Beloved Sue spoke to you about this morning, when the tides turn against the dark forces from the top down they will self-destruct along with their empires. That means their businesses, and many of the world products, utilities and food productions, media and news companies, the banking and economic systems will crash, governments will fall around the world like dominos in a row, and so too with all the present schools and old educational platforms.

Seems like a massive break down, right? Wrong! It will be a Massive Breakthrough! The Truth will have begun the Freedom Processes for humanity to recover. But here is the problem! And that problem relates to the whole of humanity. For this to move forward with the least amount of destruction the infrastructures will have to be in place and that is what the EGA is now beginning to Work toward! Not just to Create the New Formulas of Approach but the New Facilities and Structures of the New Living Realms of Divine Ashramic Synthesis, for without these, the world will not be able to '*Ascend En Masse*', and certainly not in the shortest time possible, which could be as soon as 15 Generations as Lord Melchizedek has already shared with you. Let us stop now and we shall continue again tomorrow! Bless You!

I Am Master Rakoczy Walking Beside You All in an Ever-Expanding Story of Genesis or Creation!

BENEDICTION: 'I AM' the Open Door In Full Acknowledgement of My Beloved Presence, In Protection, Love, Gratitude and Adoration, Courage, Certainty, Power, Forthrightness, Self-Reliance, Dependability, Faith and Initiative. We Give Thanks and Gratitude for Being Given The Trust as part of a United Forcefield to Initiate the 'I AM' One World Nation. We Beseech

the Attendant Heavenly Forces to Bless and Assist Us so That All Whom Come into Our Contact May Achieve the Necessary Awareness of his or her State of Consciousness and Once More can Repose in His or Her True Self. We Give Thanks Because We Know it Will Be So Now!
