St GERMAIN: Greetings Dear Ones, it is with Great Joy within Our Hearts that We come to speak with you all again. I hope to complete this Discourse sufficiently to ignite your Love in Action to a Level of Participation never Seen upon the Planet before. Indeed, already the New World Servers have organized a mass gathering that will support the incoming Influx that is now moving toward you, however some of the thoughtforms supporting these gatherings are not congruent with the Higher Truth of this situation. Many people around the world have felt the undercurrents of destructive activities which have found their firm hold upon the control of humanity and the lives of the people. Yet such feelings still do not embrace the Action of Unconditional Love without the projection of fear, misunderstanding, blame, and mis-appropriation of imbalanced ego personality beliefs.

Therefore We would like to see some modifications that will supersede in Higher Resonant Vibrational Frequencies of those Group Decrees and Invocations, that will be set forth by millions of people this coming weekend. We have told you many times before this is not a matter of numbers who come together, but Resonance! Those EGA adjustments must remain in alignment to what the SOEPC have mostly been using of late. Check the Resonances, as always, before these are projected by the spoken word! Today, how Thankful and Grateful you can be that enough of you within the SOEPC have completed the Light Programs and achieved the Grants and Dispensations needed to become the Full Support in Accordance to

God's Cosmic Laws. None more important than the Investment of Godmother Vesta's Energies and the Support of the Mighty Legions of Angels, Archangels, Masters and Higher God Intelligences, ready for such a massive Earth Cosmic Event.

This weekend, 4th and 5th of April a New Portal is going to be opened to allow a massive Influx of The Cosmic White Christ Fire Light Substance, from the Great Central Sun, to enter the Planet to step up the clearing and release of all so much malevolence upon the planet toward humanity. We have told the dark forces too many times now that what they are doing is not acceptable and have given them all more than sufficient time to curb their actions and transmute or transform them in the benevolent manifestation for humanity or leave the Earth. They did not believe Us and now they have gone too far!

The Ascended Masters and the Company of Heaven, from Our Standpoint of Freedom, Knew the Victory was certain from the beginning, providing We could depend upon enough of mankind to help Us. But We could never tell what humanity would do, due to their *'free will'* and just how far the dark forces would go to maintain control. This is about mass consideration and the vicissitudes needed to make such a massive change needed. And for this to be a success We needed a minimum of 12 Dear Souls, who have followed the Cosmic Laws, to such a degree, that they could represent humanity, beside Us, with their feet upon the Ground and Heart and Mind within the Heavens to Anchor the New Light! I refer here to the two thirds one third Rule for Causal Healings, in your case, the Divine Clemency and Divine Amnesty Dispensations.

I have shared with you before, that although the 'I AM' Activity proved to be an incredible force unto the dark forces, along with many other groups around the Planet that have supported and maintained some level of consistency, the Elemental Grace Alliance Divinely Inaugurated Plan within the Chambers of Shamballa, has come to restore the Powers required in Accordance to God's Will and Law, to make that which was not possible in the past, possible today. That is, not as I shared yesterday as a temporal healing, but as a Permanent, Eternal, Causal Transmutation, Transformation and Transfiguration.

It is only when We Knew that enough people, no longer wavering in *'free will'* as to their Divine Purpose and Plan can we tell you in the minutest detail what is going to happen with a Cosmic Activity such as this one upon Us Now! Why? Because the Work that Supports it has been Completed and Sanctified by the Directors of the Karmic Board, Who have Issued forth Grants and Dispensations to do so! What is unique here with the EGA, is that it was the Dear unascended human beings who Applied for the Grants with Petitions, without any Masters' Instructions, unlike any that have ever been seen before the Board in Its history!

Under the Law of Adoration, today Our Gratitude without words that can express the Joy in Our Hearts for all of you here in this Ascension Alchemy Class! For those who are calling forth so earnestly, Giving Us the Opportunities to Release these Great Cosmic Powers that have been awaiting release for many, many years now. Without your Attention to the details, your Qualifications to all choices made, seeking out through your Petitions, before going forth with any application to life has been Awe-Inspiring. Without such Laws being followed, ie: the Creative Father Consciousness, Love in Action, the Great Ones are unable to Render the Real

Service to humanity at the Highest Potential Levels at each moment. Without your Group Calls They could not do it, and would not, because you are the cause of your own limitations.

All mankind is the cause of their own limitations which beset the Earth, even as far as the control, sickness, poverty, lack and so many other imbalances upon the Earth. Dear Ones, see how the discordant, destructive qualities sent forth by mankind charge the very Earth and its atmosphere that you live within. There is no other destructive force in the Universe but that which is created by mankind. Then, such Rejoicing, as has never been known in the history of the World should be within the Heart of every 'I AM' Qualified Initiate who has come to Know this, and who is willing to give the needed Obedience to set him or herself Free first and then the whole of humanity.

So within man or woman there is '*All That The Father Has*'. That means, within you, you have the Power for your use against any given end! No power outside yourself has any power against this! Yes, you all within humanity have come up against resistances in many forms, but resistances are not evil! They are the manifestation of human mis-creations as defined By Christ Jesus in Letter 1. Look at this squarely in the Face of Light for this Truth, and see that whatever comes, know that although it may appear to have power that asserts itself over you, it actually has no power Greater Than the One You Have Within called the 'I AM' Presence. There is nothing anywhere in the Universe or Cosmos that has greater power over You Who Stands Forth in the Divine Power of the Presence of God Within.

I said that I would demonstrate that the EGA is all that We say it is, and I would ask that you look at a few plain and unequivocal facts. Most of you Knew what was coming this weekend before you have or will become aware consciously of it! I Am not going to go to any lengths to prove this, for you will Know the Truth instantly or not, and that is all I desire to share here to reinforce any doubts that still may linger in some of your minds.

In the 24th February Discourse, Part 2, read the Invocation. This Invocation was not prepared by Peter or Myself but by another, Dear Shekinah, from within the EGA Invocations and Benedictions Circle of Light. You will see very quickly that this Invocation and in fact the Benediction, perfectly supports the Part 3 Discourse which none of you consciously knew was coming on the 31st March.

The same with the Invocation used today, was sent by Our Dear Sister Jeannette, for this Discourse, how appropriate and accurate it is. I could go on and on about the Invocations being prepared by other Members of the Class now, and this is what I meant when I said how Delighted We are that the Class Telepathy is expanding. You should all by now be able to see the coincidences and alignments of all the information that is beings shared throughout the Group.

The most important one however is the use of the World Buddhic Column instead of the individual ones set all over the Globe! I Am about to tell you why you have elevated yourselves to this Divine Activity and Visual that has been Created, indeed Established, Initiated and Grounded upon the Planet in preparation for this weekend's Activations. There are no coincidences at all here Dear Ones, and none indeed with the Application in readiness

of the Divine Powers and the Seating of the Unascended Christed Beings upon the Throne of Christ Consciousness.

So what is going to happen this weekend?

It has been Decreed By Beloved Alpha and Omega, that the dark forces have gone beyond the tolerable allowances by Humanity! Note that it says, beyond the tolerable allowances by Humanity! For until humanity said; 'ENOUGH IS ENOUGH'! and completed, to an acceptable Level of Christ Consciousness to make the declaration that the time to remove, dissolve and eradicate ALL manner of negation of God Life, not only here upon the Planet but all around it, as well as totally in through and all around the Planets of this Solar System and Universe.

The Petitions requested by The Elemental Grace Alliance in its Proposals as set out in the God Awakening Book, which were Granted as Dispensations called: The Divine Clemency and Divine Amnesty Dispensation, are now being able to be Acted upon with Greater Intensity. We have been waiting for the Cosmos to Align the Planets to Their Highest Potential that will allow for Divine Economy or maximum use of The Energies required with least resistance. Our Dear Sue has sent out today, her Cosmic Review which shall detail all this for you in terms of Divine Consciousness and their relationships to that of humanity. As usual it covers in depth, aspects that all of you would do well to integrate before the 4th of April.

Also what has not been considered at all within the details that pertain to the Corona Virus or the destruction of human life, resources and nature thereof. That is, which adversely destroys the Elemental, Devas and Angelic Host Kingdoms. So many of these delightful and meticulous Beings have been harmed, defiled, maimed, lock away and corralled into positions and places of Love's exile. The use of such wave forms aforementioned are the very cause, along with human malicious intentions and so the Elementals, Devas and Angelic Host Kingdoms, Animals, Plant and Mineral Kingdoms are at the top of the list when it comes to humanity and these Magnificent and Majestic Realms. So We have taken into consideration the Proposal that Peter made; Proposal Number 5. Beginning on page 346 of the '*God Awakening*' Book. 5. *To Remove All Mis-Aligned Consciousness Imposed, Charged, Impressed Or Inflicted Upon The Elementals By Mis-Creation Through Ignorance And Arrogance Of The Human Collective Consciousness.*

You will need to read this chapter before you know what it means. So this I will leave to each of you to follow through or not. However, Great Deliberation have been given to this situation, and although, no '**Free Will**' shall be given to the Elementals of Air, Water, Fire or Earth, that is the Sylphs, Undines, Salamanders and Gnomes respectively right now. However, the Directors of the Elementals have been given Extraordinary Powers immediately, as part of Their Own Evolutionary Advancement, also set out in the God Awakening Book page 473. These Powers will extend beyond the Elementals Present Charters to allow the Directors to Direct, Guide and Instruct new additional Actions which will include not offering their Powers for malicious or malevolent manifestations. All this shall be very carefully Monitored so We Are Confident that Gradual and Specific applications to begin with will prove successful!

The Dispensation called **The Divine Elemental Quality of Life Dispensation**, thus requested has now been Granted by the Karmic Board and this process has begun, albeit, under the

Umbrella of the above Dispensations of Clemency and Amnesty, all in Accordance to God's Will. This aspect will be an ongoing development, but you can be Assured this is Now under way within an Intensive Program of Reformation and Rejuvenation. Before this Dispensation can be Fully Implemented, first the threats of severe, extensive and excessive electromagnetic and other damaging wave form bombardments must be eliminated, thus offering Our Beloved Builders of Form and the Elementals time to acclimatize, familiarize and become accustomed to their New Environments. We tell you in advance that during the coming weeks you may find many variations in weather patterns, which could be part of this adjustment and acclimatization process. Some weathers around the world, may become quite violent or extremes in nature, to what they may normally be! Send Them All Copious Amounts of Love Dear Hearts to help them find a New Balance.

Beloved Ones, over the coming days you are going to feel the Presence more than ever before of the Elementals, Devas and Angelic Realms for All are Being Called to Unite around the world in preparations to receive the New Influx of God's Radiant Light! Send Them All You Love and Blessings as they begin the work of such a massive removal and dissolution of malevolent negations of God's Will!

For a long period of time it has been said that Truth is Its own Defense; but I tell you, in the human octave it comes through human effort. Do not forget that, Beloved Ones. Your human effort in Co-Operation with the Power of Truth, makes Truth Its own Defense in the human octave. When you have a great amassed accumulation of discord, imbalance and even destruction, such as that of the dark forces, it will often prevent for the time being the Power of Truth and of Light Acting, because of the human *'free will'* of the past. But this weekend, since the human free will of vicious individuals, can be overridden and will now be brought to Divine Justice and karmically be made accountable more directly due to their arrogance and persistence with malevolent activities which deny Human Rights By Cosmic Law, Through the Wisdom of God Life, the New World can Truly come into Its Own very soon!

Therefore, remember the Victories of the part efforts of the 'I AM' Discourses and all the other Dear Souls who have made every effort in the greatest way they could in the understanding that they had in each now moment. My Dear Ones, you will see such Magnificent Victories as you never dreamed possible for human beings, because it is already starting. Remember how earnestly you began your Journey and where it has led you and how you are now fearless in the Presence of the 'I AM' as you stand against human lower consciousness characteristics. Children of the Light, you are at the Point where you can afford to be fearless, where you can Stand Forth in the Light and see Its Victory go before you. Do not fear anything that man may do! I tell you; We shall be able to show you with this new Determination and Mighty Power which you are Calling Forth, that You Are the Victory of the Light!

In whatever confronts you, allow not one moment's anxiety or fear. Just stop, Be Still, and Remember your Victory of the Light! Feel and See Its Mighty Power Go Forth before you and See the other things dissolve before you! You will be given Assistance far beyond anything

thus far! Do not lean on Us; please understand that! Lean upon Your *'Presence of Life'*. Then when We Observe the necessity, you can be sure We Will Be There.

It is not going to be possible for Me to complete this Discourse in what I wanted to share, so with apologies We need to take a little more time with another. It is imperative that you all have the Full Understanding of what you are approaching and how to deal with it! As has now been shared with you, with Gene Key 51, *'It is not possible for a human being to awaken without first stepping fully into their Creative Independence. They close the book on all previous teachings and wisdom in order to discover what their individual Truth is, rather than anyone else's. A path that leads Home – it is a Path of heart leading into the Heart'*.

So when I told you to not worry about what any other person is doing, this was what I was referring to! Sooner or later and the sooner the better, each of you must willingly and in Full Faith and Trust close such books of previous teachings and wisdom for you have entered into the Realms now where no laws that pertain to human existence are valid for your continuation toward your full personality dissolution. Think carefully on this again Dear One's and then look over all that these Discourses are affording you personally and as a Group. Then you will understand what is taking place, is not in Truth, but part of the existing mass consciousness. Rather is outside of the mainstream that is Bridging human consciousness into the Higher Realms of God's Creation. We will enter another communion again tomorrow and then you may review and recalibrate your Visuals and Invocations for the 4th of April through to at least the 8th of April.

In Faith We Trust!

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen,

Rather Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.
