ST GERMAIN: Greetings Dear Ones, today I wish to take you all for a trip down ‘Memory Lane’. To do this We must travel back 2020 plus years! We begin by travelling back to 19th July 2016, where The Great Divine Director shares what Beloved Sanat Kumara says about The Inceptions of Light.

‘Groups and Gatherings - The Great Divine Director - Elemental Grace Alliance 19th July 2016’.

THE GREAT DIVINE DIRECTOR/SANAT KUMARA: *“In the Elemental Grace Alliance Discourses, Beloved Sanat Kumara says:*

“Beloved Kuan Yin made clear references to the potentials of those who are now moving into place for such a ‘Second Coming’, but Know this, igniting your ‘I AM’ Presence within the 3rd Dimensional Earth does not automatically afford Ascension. There is still another aspect of the Divine Plan that today, 2000 years after Yeshua’s Ascension, where a Single Soul is no longer sufficient for the Salvation of the World, it must now come through the Soul Merging and the Final Group Initiations of the ‘Inceptions of Light’! Then Dear Souls, if that is not hard enough, it then has to be integrated fully into the physical realms of Earth Now! Sounds hard indeed, but the Truth Is, once the Soul Merge has begun, Living within the Multidimensional Levels of God the Father and Mother, those of the 4th through to the 9th Dimensional States of Consciousness will become as Natural to you, as breathing in and out of the Life of God! Living from the Centre of Your Beingness will become your Joy and Your Love, Power and Wisdom.

“To move toward with these potentials now Dear Souls, you will have to want it, want it so bad, that nothing will stand in your way any longer. It is time that you begin to ask yourselves the questions that will offer the Guidance to achieve what you Holy Desire or indeed more importantly, what your Soul Desire’s for you! You have an unimaginable potential being offered to you here. What you do with it will make all the difference! I plead with you all who are reading this, give this some deep feeling and due diligence and then step aside of your ego and your personality intellect and listen to what your ‘I AM’ Presence wants you to Know!”
End Excerpt.

This aspect of the *'Inception of Light'* is a huge Event in the Evolution of Human Beings today, but it must be remembered if one has already taken such an Initiation, or if they have not, then they must complete their preparation to do so. For this Activation within the Soul Embodiment will become the turning point for Any New World Server who is serious beyond words and promises and any Decrees or Pledges taken. We have told you, that to be given Greater Responsibilities one MUST Prove themselves that they are worthy of such Obligations, Assignments and Obedience to Their 'I AM' Presence. In the *'Elemental Grace Alliance God Awakening'* Book, this matter of the *'Inceptions of Light'* was discussed. Please begin reading this excerpt, by opening your Heart and moving away entirely from your intellectual mind. This, I desire for you to feel with EVERY God Given Cell within your body!

'09 - Narayana and Divine Grace - The Elemental Grace Alliance Council – Sanat Kumara – Lady Meta 27th January 2016'.

LADY META: *"Throughout the Ages I and My Spiritual Hierarchy have been dedicated to bringing Truth to mankind through whatsoever agency, organization, group or society that was available at the time, and through whatsoever Spirits and Souls that would volunteer themselves to assume the Responsibilities of Bringing the Word of God to humanity and the Truths acquired; into a vibratory action that might be absorbed and comprehended by the masses in each successive generation. The Essenes are well renowned for their Work within these ways of Collaboration within the Realms of Higher Consciousness.*

"What I believe The Maha Chohan is Proposing here, is that through these New Radiation Centres, a New 'Impetus of Light' will be generated by a few dedicated Disciples, perhaps even the Returned Essenes themselves, who have once again incarnated upon the Earth, to complete what they began 2000 years ago alongside Our Beloved Yeshua Ben Joseph. This amplification of the Light from within such Radiating Centres would then stimulate and motivate others around the world to make the necessary choices to align themselves to this more direct and Intensified Duty of Exemplifying the Father's Business through the Christ Consciousness within each Ascending Human Being.

"In the times of the Essenes upon Earth, this is how that 'Impetus of Light' all began back then; The Founder of the Essene Movement, Beloved Anna, Mother of Mary and Grandmother of Yeshua and James, was an Immortal Soul who Knew the Sacred Laws and the Secrets of accessing the Divine Light. Over two generations She 'Light Incepted' 72 Males and 72 Females, totalling 144, including Mary, Yeshua, and James, who were also known as 'The Children of Light'. These numbers grew over time and today upon Earth We are expecting 144,000 of these 'Light Incepted' Beings once again coming together to reignite the 'Impetus of Light' that will spread like wildfire all over the planet. The problem We have right now, is that these Dear Souls, even though they Know Who They Are, have not yet reignited those 'Light Inception Codes' within themselves. We are now hoping that the New Radiation Centers will provide the meeting places for such Souls to come together and Ignite each other while in close proximity of each other. They will indeed recognize one another when they meet. But creating the draw is Our present dilemma due to the mass of human consciousness still interfering with such Divine Consciousness Patterning!

"Again, We say, once the Groups of Disciples begin to come together upon Earth with this Higher Consciousness, thus Creating Greater Connections and Communication access to the

Ancient Secrets of Higher Wisdom and 'Light Inception' things will begin to change very rapidly. This will then become a much more refined dynamic, for use within such Radiating Centres. It was Beloved Archangel Gabriel who Over Lighted the Essene Movement and Knew that once these Groups United as a Divine Union together, they would then Soul Merge again to have the potential of Ascending as a Divine Assembly. This was indeed the Original Aim of the Essenes until they discovered that as a Group they did not have that Momentum sufficiently enough to achieve their Goal. And so, after long deliberation, they all decided to focus their 'Light Inception Codes' Upon Yeshua, so that at least One of Them would make that Transition through physical Ascension. A Selfless Act of Love that has never been repeated upon Earth since!

"Today this Essene Soul urge to reunite is a huge pull upon Their Divine Hearts and yet even though Their Memories are now resurfacing once again, They remain within the transmuting stages of human discord and imbalance and continue to clear and heal many physical, emotional and mental traumas along the way. Subconsciously, these Dear Souls, due to their failed attempts to Ascend as a Group, and who had to reincarnate time and time again over the last 2000 years, the mental and emotional scars of that failure are still holding most of them back from making the next major decision within their lives. This will begin to clear now, thus making way for the final rehearsals before Reigniting the 'Inception Codes of the Light', this time with Absolute Permanent and Eternal Success.

"Peter has given rise to Soul Merging within his Proposals and without question this aspect would play a very important part within these Dear Souls, for as part of their inability to make the Ascension back then, many have made use of their 'free will' to experience all numbers of other potentials, only to spread themselves more thinly upon the ground, if We can say it this way! Many have allowed themselves to be caught up in their other life incarnations. Peter has met many Essene Brothers and Sisters along his journey, but up until now has not realized the importance of those encounters. Now he is fully conscious of these Realities and can use his memories to assist in a far more concentrated way to renew old contacts and pave the way for others to find the signs that will lead them back to Soul Family! Just to have a Group of Essenes reincarnated back upon the Earth, in one location physically together again, will by the Natural Laws of Attraction, Create such a Loving and Powerful 'Forcefield', and not a single word will have to be spoken!

"It will be an overwhelming experience of being in the physical Presence of God! The Golden Light of the Soul Streams that will enter through the Cosmic Crown Chakra and down to the Earth Chakra - The Sun of Even Pressure. Today, when this takes place, a Golden Light will indeed manifest physically for all to see, instantly, and completely naturally, opening the Heart Chakras of all those who see it, with profound and exuberant Waves of Divine Love, Light and Life! These New Groups who gather together in a single location will not be called Radiation Centres for nothing!" End Excerpt.

And Jesus has much to say upon this subject also!

'03 - Protecting The Future - Elemental Grace Alliance Discourses Master Jesus 6th July 2015'.

JESUS THE CHRIST: *“Over the next 20 years the Souls who sent their life streams to Earth at this most auspicious time, Know that within this incarnation They will have the opportunities to make Their Ascension into Higher Realms. ‘Protecting the Future’ has never been so important for those who are awaiting Their Ascension, but that Ascension will not come unless the final preparations are not only undertaken but achieved in full.*

“I won’t go into the story of My Ascension in associations with the Essenes’ Support but this in its own way gives great witness and Validity to the Ascension of the masses. Those Beloved Brothers and Sisters of My Essene Family could not Ascend with Me and so those who could not make the transition since then, are now upon Earth ready to come together once again so as to Unify the Group Consciousness of the Christos Energies. There is a ‘ring passeth not’ you see that all Ascended Masters must pass through. And, even the Essenes 2000 years ago, those who supported and taught me what I had to learn, could not pass through those rings. The Higher the Levels of vibration one encounters, the more responsibility they shall be given to fulfill. The more responsibility is only tendered after the tests have been passed and those tests are always amplified to such a degree that the Self-Realization thereof will be a miraculous achievement indeed. Each time a Ring of Consciousness is passed, less and less discord affects them and more and more Light and Love Radiates from them.

“Each achievement of each Vibrational Resonant Bench Mark, is followed by the next and the subsequent after that, is Greater and Greater still, until one can stand resolute in the face of all levels of chaos, anarchy, disorder, discord, imbalance, negativity displayed through word, thought or action and all fabrications of belief that opposes Truth. In this Constant, the Light of God will Radiate, Embrace, and Emanate the Compassion, Love, Wisdom, Power and Radiance of Divine Truth for all of humanity, All for the Greater Glory of God!

“As part of this awakening, a gentle reminder We wish to offer, three steps here that will secure one’s goal to Ascend. We offer these as constructive practices as well as part of this Elemental Grace Alliance Proposal that will aid in the Bridging of the gap between the old human consciousness and that of the Elemental, Nature, Deva and Angelic Realms. For indeed My Beloveds, these simple steps, although can be very detailed in their undertaking, will provide a noticeably clear guideline to focus upon if that is your choice.

“Let us begin with the first step, that of developing ‘Good-Character’. Now this may sound rather simplistic and a matter of common sense. Yet We say to you, yes one could think that this was understood. But the practical development of this straightforward task, this Innate Quality of all of God’s Children, requires far more discipline than one may imagine. The fact is that every human being has this quality programmed within their genetic DNA. There are millions of human beings who will, when the call is sent out, respond in goodwill, compassion, kindness, gentleness, care, consideration, forgiveness, and loving intentions.

“Yet generally these offerings are only short-lived and when the crisis is over, so are the deeds of goodness, of gifting the Love, Compassion, Forgiveness and Charity to another. In the task that We are outlining here, We are inviting that the Godly Characteristics within humanity be without limitation, without boundaries, not only when the times are tough, but indeed when the moment comes forth for no other reason but ‘The Expression of Love It Self’. Many Clarion Calls are sent out to humanity for their contributions and active participation, but when the

crunch arrives and specifics are asked for, their commitment is less than any effective potentialities.

“There is no need for Us to elaborate on these things for those who are reading this will be very well aware of the building of one’s character to be totally in alignment with the Christ Light within Themselves. They will understand the envelopment of Integrity, Honour and Authenticity of One’s own Purity of Intention. The ‘walking the talk’ is the Test, and it is the Heart that Knows the Truth and the Honesty of One’s Own Relativity to how they truly live their life that relates to Service of Humanity or service to self.

“The second step is Finding Peace within yourself. There are many ways of arriving to this requirement and there is ONLY One Ultimate Act to attain Peace, and that is, to attain ‘Direct Communication with God’. This can be through meditation of course, but there are other ways of connecting and listening to what Our Father/Mother has to say to you. Without God’s Will becoming your Will, it becomes an impossibility to know where you are upon your Path. Giving yourself to God, means giving your life to Him, Her, that is, no longer being driven by selfish desires, no longer wasting time doing things that no longer serve you, staying in a situation or circumstance that is not giving you happiness, freedom or advancement away from the mundane and old human drama and survival thought processes. This is about Living Wholly within the New Cosmic Consciousness, not the old mass consciousness that is fraught with negativity and fear. To Truly find Peace in one’s life is to detach from everything that you have ever known that has been responsible for your hurt and pain, tragedies, relationships, traumas, dramas, diseasements and ill health. To find Peace, One has to Find God, and the only way you can do that, is to open your Heart and Acknowledge His, Her Presence within You! Then and only then, can He, She Speak Directly to you, so that you will hear what He, She has to say to you personally!

“The third step is that of Being of Service. Service can take many forms, and the types of Service are endless. The key to this step is to find what that Service is through your Communication with God! The Truth is those who are upon the Conscious Path of Ascension will Know they are here to Serve Humanity and God, but the question is; what exactly is that Service and how does God Desire You to Articulate and Individually and Impersonally Express this Service?

“Service is about dedicating your life for the benefit of your fellow Brothers and Sisters. It is about a life of selflessness, of giving, of providing All That You Are without expectation of anything in return. True Service begins when One has surpassed the needs of the ego-self, the personality-self and the expressions of life that maintain your hold within the old consciousness patterns of fear, lack and loss.

“Beloveds, please look very carefully at the life and times of the Ascended Masters, listen deeply to Their Knowledge and Wisdom, for it is time to do more than just read and half-heartedly follow such Guidance. It is time to leap into the abyss of Faith and Trust that the changes that are being asked of you, which are indeed those that you now require to finally step into your own Ascension.

“Only God Knows the time and place that this will transpire; only you can make the effort to walk toward it more Knowingly, with Greater Self-Confidence, Conviction and Intimacy in

Partnership. Partnership with God, The Elementals, Devas, Nature and Angelic Kingdoms, and of course in your human relationships with Divine Partners, Soul Groups and Heavenly Family Members. This is not a journey that you can take alone, but it is a journey that you have to travel individually, to attain the Levels of Attainment required to pass the tests that WILL be placed before you!

“Protecting the Future’ is opening yourselves to your future by living in the Now Moment, Being at One with the All That Is, and it begins by stepping outside of all previous conditions and programs that humanity presently live their lives by. Over eons of time Dear Souls, the human race has fallen to the depths of their beings. Their Salvation depends on your own personal Salvation, for through this achievement many others shall be Saved through your sharing and Your Divine Virtues of Love, Power and Wisdom. My Life and Mary’s Life is a Testament to this Truth! Your Ascension could not be more timely, but you Know all that, that is why you are here! End Excerpt.

Dear Brothers and Sisters, the above visit down ‘Memory Lane’ hopefully shall now pave the way to what I Am about to say! The time has come for Your ‘I AM’ Presence to make the Final Decisions as to who shall be Moving Forward in this this Alchemical Transformation Class.

More than fair and reasonable attempts have been given to date and many dispensations and reprieves have been offered, giving opportunities to step beyond old beliefs and ways of doing things. Life circumstances and situations, either naturally outflowing or self-imposed, have all been considered very carefully and leeway granted.

So far, five Dear Souls have made such decisions within their own Integrity, Honour and Inner Knowing and to these Dear and Faithful Souls, I Acknowledge and Endorse through the Qualifications above, for all that Peter has shared with them, respectively. He said;

“I am aware that your decision to remove your Seat from the ATC Class is also very aligned with those of the Essenes in the time of Jesus, when they knew that they could not all do what was being made available by the Cosmos and chose to place all their attention upon Jesus who was the only one ready, so He could make His Ascension for all of them! This is a Massive Sacrifice you are making, and in that Sacrifice, Know the Truth, that you not being ready is perhaps the Greatest Gift you could give those who ‘are’, not to mention the whole of Humanity! And for that, I Bow in Praise and Gratitude to you for your Beautiful Gift of Unconditional Love!!!

“This decision to leave then, does not diminish the ATC Group or your own personal Resonances, It Lifts them Dear Soul to New Heights and for that, We Are Blessed by your Presence to Stay within the Elemental Grace Alliance and to continue Supporting Us!” End Inclusion.

I wish to say then, that anyone who is deemed not ready, please consider very carefully that which is outlined for clarity within All the Discourses given to date, not just from Me, but by so many which the above excerpts will Testify!

It is time Dear Hearts to have your ‘Accounts’ reviewed, and the Accountability of your actions be declared by your Master Within. In other words, for the God ‘I AM’ within you to have the Final Word regarding your readiness, for now! After this ‘Session of Accountability’ your

situation and circumstances will be returned back to you, so that you may continue upon your chosen Path. No matter what that may be.

I now ask each of you remaining in this Class to answer 1 question and respond to another if you did not complete the task presented. If your response to the question is positive then offer a brief description as to your manifestation/s.

Like all previous exercises, please forward to Peter privately for collation within 24 hours. The question is;

- 1. Did you undertake the Visualization and Manifestation Exercise that I gave each of you to undertake as part of this Class' Obligation? A simple yes or no will suffice!*
- 2. If you did not follow through, monitoring all 3 Steps, or adaptations of equal Qualification, please give a brief description as to why you did not complete this task as requested. This may include a Petition as to whatsoever nature you may choose.*
- 3. If there is anyone who has already or will conclude that they are indeed not ready to continue in this Class, then please let Peter know that you are removing your Seat by your own accord and what your continued EGA Participation may or may not be!*

Should anyone who has their Seat removed for them and wishes to take this matter further, then it shall be your Responsibility, to take it to your 'I AM' Presence, and then bring it to Me personally after which time I will make the Appropriate Call.

I Bless Each and Everyone within the Class for all your efforts and patience to date and Give, the Appreciation and Gratefulness to All, for every Opportunity We have Embraced, that has been given to you, Humanity, Hierarchy, Shamballa and all the Masters, for regardless of what any human deems about this Experimental Class Activity, or the way it has been conducted, it has been a '*huge success*'. And for that alone, Our Hearts and Love goes out to All! It has been a Group Effort, Determination and Endeavour that none can deny!

Long may it continue!

To conclude I wish to share another Parable. One that Dear Sue shared with Peter yesterday. I believe it is very appropriate to close this Series of the Alchemical Transformation Class!

Parable of the Wood Carver.

MOOJI: This is a true story, I heard the other day of a wood carver who spent time each day on a Jamaican beach carving fish from out of blocks of wood. Each day he could be found chipping away at a block, chip, chip, chip, tap, tap, tap, chop, chop, chop, and people would gather to watch him create these beautiful carvings.

One day a television crew from Britain went to Jamaica to make a travel programme about the Island and they went to the beach where the wood carver was working – chip, chip, chip, tap, tap tap, chop, chop, chop. The crew were fascinated to watch this man who seemed to work without pause.

One of the team said to the wood carver, '*Can I speak to you for a moment*'?

The wood carver looked up and said 'Yeah'.

The presenter then asked 'It's amazing, how do you do that, you work so quickly, so accurately creating such a beautiful carving when you have no picture or diagram to work from'?

The wood carver replied, 'Actually I am more of a fisherman than an artist and this fish I am carving, I know so well. Actually, all I am doing is just taking away all that is not the fish. I see the fish inside the block, and I remove what is not the fish and then the fish appears'.

This story reflects the Truth of your Natural State, for the 'I AM' Presence and the Christ Within is always Present, just like the fish to the carver, hidden within the outer form, more beautiful than any carving, and not created, but simply waiting to be revealed when all that is not the Christ is chipped away. End of Parable.

The wood carver was a fisherman, Christ Jesus was a Fisher of men!

The question is *What are you a fisher of????*

To Know God First Know Yourself!

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen,

Rather Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.

Dear One's, You have been Tested!

'I AM' Your Holy Brother Standing within the Light of Your 'I AM' Presence With You.

BENEDICTION: We Offer Our Gratitude to the Great Equilibrium, That Loving, Vibrant Source Energy That We Know as Father Mother Life, in Whose Image We Are Created.
