ST GERMAIN: Greetings Dear Ones, today We Unite and come Together once again to finally Remove the Veil that has held you all in human consciousness, if that is what you desire. I want to give you a thought that will assist you in this, just as it was given to Myself and Our Brother Jesus some time ago. And the thought is this and I would ask that you consider it well.

What if the very life you are living, and each are experiencing that flows toward you, since the moment you decided, *'I've got to Awaken here'*. What if, everything was being directly sent to you of Your Father, because your Father Knows what is necessary to unravel within your consciousness that will allow you to Awaken, enough to 'Remove the Veil' of consciousness that has kept you in limitation for so long? What if the very things you are resisting are the very steppingstones to your Homecoming? What if you achieved a Maturity along this Pathway in which you were finally Willing to let things be just as they are? Nothing is by chance, and nothing that you experience has not been given to you as an Opportunity to Awaken the Moment you Self Realize It!

And if it was necessary to be given what may appear to be of such menial tasks to you, you simply took a deep breath and said, *'Father, You Know the Way Home for me'*, and therefore began sweeping. And then, up into the mind comes the thought, *'Oh, my God, I won't be recognized. I won't stand out, or this is not what I wish nor the way I see My Service to God. People won't think I'm special if I'm just a street sweeper'*.

And then you recognize, *'Ah-ha, no wonder my Father wants me to do this. I've got to flush this up so that I can look at it, dis-identify from it, and Learn to be the Presence of Love in the sweeping of the street'*. For in Truth, I Tell you, the least of these things among you, according to your perception, is already equal to the Greatest of All Services to God and His/Her Divine Plans! And there is none among you Who is less than The 'I AM' Presence!

And so, the Way of the Becoming is not in the doing, but the Feelings of the Heart must be Presence of the 'I AM'. It begins there! It begins by accepting in humility, that you have created quite a mess within your consciousness. You have created a labyrinth and lost your

way within it, and you don't know the way back, for that of yourself, you can do nothing. For all you've managed to achieve is the creation of a whole lot of insane dramas that are, in Truth, occurring nowhere except within the field of your own minds. They are like chimeras, like dreams. In Truth, there is no difference between a waking state, in which you would be the Director of your Life, and the dreams you have when the body sleeps at night. They are both the same thing as Our Beloved Maha Chohan has explained to you!

Does Working for God and not for self, mean it's wrong to be ambitious, strive for a goal or an achievement you may ask? No, you must be ambitious, and use your will to achieve and attain your Goals for God. If the human will, your mind unstable, and able to be drawn away into the first thing that strikes your attention, is weak and your ambition is the acceptance that your efforts will be in vain, then you have lost at life already. However, you must not let ambition produce attachment. I will use an example here for you Dear Ones.

To Rejuvenate and Regenerate anything in your life, be it physical, mental, emotional, spiritual, a group or circle, community or any Living Framework, Formula or Template of Approach, any structure, and cannot release the old completely to make the changes needed to correct the error and mistakes that create stagnation, resistance, any state of stasis or inertia of discord, imbalance or dis-easement of its own accord, then you have attachment and that shall become a destructive force in one way or another sooner or later! I have told you that in My Alchemy Classes that when the Obedience to the 'I AM' Presence is lost, or the Cosmic Laws are broken, or who make choices that have not been fully Qualified by their 'I AM' Presence; in other words, when they speak and act from out of the consciousness led by the ego personality, being the origin or cause of interference or disruption, they must be removed. However if you seek things for yourself, that is in itself destructive; if you seek things for others, make choices that protect others, that is expansive; and if you Seek to fulfil your Service to God, that is a Freeing to the Soul.

Lack of determination, motivation or effort, is seen as a settling for less. This would be True if what you were giving your energy for that which had value. To strive mightily for nothing is still to have nothing and to end up with nothing. Everything the physical eyes see is an illusion and so in Truth has no value. *'Endeavouring'*, however, must be distinguished from struggle. To Work toward that which has Value is what the Divine Alchemist is all about. It has nothing to do with struggle. It has nothing to do with *'doing'*! You also think that to leave your struggles behind, is to disengage from the conflict of this world that causes it, is to turn your back on the real world and all that has meaning in it. In this you think correctly. And yet you do not choose this option, thinking that to do so, you turn your back on Responsibilities and Honour Bound your Duty you have to God in His and Her Service, thus counting this action as a noble one, that holds you firmly within the lower consciousness of human ego personality.

This desire to engage in struggle has nothing to do with what you are Responsible for. It is merely your ego's attempt to involve you in distractions that keep you from your Real

Responsibilities. Think again about your attractions to struggle, especially through judgements, criticism and lack of effort toward a Desired and Honourable Goal that you have given your Pledges and Covenants to! It is your attraction to the game of the outer life, a game you hope to win; another chance to show your stamina and your strength, your quick wits and your calculating, creative mind. It is another chance to prevail against the odds so stacked against you that you can once again convince yourself that this is what you have made this world for: to prove your separate existence in a world apart from your Creator. **I tell You Dear Brothers and Sisters, this world does not exist. And you do not exist, apart from your Creator.** Your yearning for Divine Love is what tells you this is so. It is the proof you do not Recognize that you are already that Divine Love through the Expressions of God's Divine Will for you! That Divine Will that simply Seeks the Unseen and to Know Itself better for the Experiences Expressed.

What could cause you to yearn for Love in a Loveless world? By what means do you need to continue to recognize that Love is at the Heart of All Lifestreams, All Things, even while they are not valued here on Earth? Here is a fine example, that the *'means'*, and *'end'* are the same. It is not particular to you as human beings because it is in relationship to Everything. All to All. Just as True Knowledge cannot be learned, Divine Love cannot be learned, and *'YOU'* cannot be learned. All that you Holy Desire and cannot be learned is Already Accomplished. It is Accomplished in YOU. **IT IS YOU.**

Imagine the ant or the elephant, the ocean or a rain drop of water, mountain range or a stone, the sun or the moon or God Him Herself, attempting to learn what they are. Imagine Dear Hearts a young boy, sleeping in the middle of a war-torn street, with his head upon a concrete block or yourself in your own outer world; **Is there anything to do?** They Are, He Is, the same as You. All Exist Within You. You Are the Universe Itself.

It is a shared Universe with NO divisions. There are NO sections, No parts, NO inside and No outside, No dreams and No illusions that one can escape or hide, disappear or cease to be. There is No human condition that does not exist in all human beings. It is completely impossible for one to have what another does not have. All Is Shared. This has always been True and is Endlessly True. Truth is Truth. There are NO degrees of Truth.

Beloveds, YOU, the True Self, are not form, nor is *'your'* perceived world. You will See and Know it when the Veil is Lifted! You have sought the Face of God in form as you have sought for Love in form. Both Love and God Are There in You, Are YOU, but they are not the form that your body's eyes see. Just as these words you see upon this page or hear on your devices, are symbols only of meaning far beyond what the symbols can suggest, so too is everything and everyone around you, those you see and those you only can imagine. To seek the *'Face'* of God, even in the form of The Christ, is to seek for what is forever without form. To Truly See, is to Begin to See within the Unseen, the formless. To Begin to See the formless is to begin to Divinely Understand What and Who You Are.

All men and women must Understand that although their Final Surrender to God be Complete, following this Final Surrender in Love in Action as Service to the Divine, **they must wait for the Fiat of Bestowal that is Pronounced by the God 'I AM' Presence as a Restatement of the Blessing Given by God at the birth of His Offspring: *'Thou Art My Beloved Son: This Day Have I Begotten Thee'***. This takes place when one has relinquished the control of his four lower bodies to His or Her Christ Self, thus enabling Him or Her True Self, the Christ, to Obey the Fiat; *'Take dominion over the earth!'*. The earth being one's own *'Footstool Kingdom'*, the four lower bodies.

Remember that even Jesus the Christ came to the Moment of His Anointing. The Holy Spirit Descended, and the Voice of God Renewed the Ancient Covenant, ***'This is My Beloved Son/Daughter, In Whom 'I AM' Well Pleased'***. This is the Timeless Fiat of Creation Uttered from the Foundation of the world, Reconsecrating the Soul Who has Pledged to Renew in Service His or Her Vow taken at Inner Levels to Be the Will of God. Therefore, when man's or woman's Right to Function as a Son or Daughter of God is Restored, the Moment of Creativity is born because He or She has once again Self Realized and Recognized the Power of God's Love within themselves, to Forgive all their transgressions and iniquities, to set aside their karma until such time as he or she has gained enough Self-Mastery to Stand, Face, and Conquer His or Her human creations. Now, the Bond of Life Within Itself Weds the Masculine and Feminine to the Highest Purposes of Divine Alchemy and that, mind you, without ever robbing Themselves of Their True Identity. *'What shall it profit a man or woman, if He or She shall gain the whole world through the Use of Alchemy and lose His or Her Soul'?*

Truly, *'eye hath not seen, nor ear heard, neither have entered into the heart of man or woman, the things which God hath prepared for them that Love Him'*. What a pity that more cannot shed this false sense of a far-off and future good! The Secrets of Life are to be found here below as above. The changing of base metals into gold would produce only earthly beauty

and earthly wealth. But the changing of the Base Nature of Man or Woman into the Refined Gold of the Spirit enables Him or Her not only to Master the world of the Spirit, but also to take dominion over the material world.

If All Power in Heaven and Earth is Given unto Me, then I can Give it to Whomsoever I Will. *Yet, would I Will to Give it to those who would abuse and misuse it to the hurt and harm of their brothers?*

I will close here by placing an excerpt from My Book, *“Alchemy Formulas of Self-Transformation Chapter 11 – The Highest Alchemy”*. Page 199.

Man must come to recognize that space and time are necessary subdivisions of one sole reality, that the limitations which they embody, providing necessary boundaries, can become ladders to boundlessness and a veritable means whereby any Electron in Space can become a Universe or the Universe can become any Electron.

The drawing-in of the sustaining Breath of the Holy Spirit and the expelling thereof creates an eddying of Consciousness in concentric, rapidly moving rings expanding out to the farthest periphery of Manifestation. The finite mind may find it difficult at first to grasp this Principle. To make it easier, let us explain that the Consciousness of God that sustains the Universe is also within man and woman. Now, if the Consciousness of God that sustains the Universe is within Man and Woman, is it unreasonable to suppose that Man or Woman can also be within the consciousness that sustains the Universe?

In the macrocosmic-microcosmic interchange, in the Great Flow of Life, of delight, of boundless joy, man and woman sense the unity of all that lives; and he recognizes that his/her role as a receiver of benefits from the Universe entails the necessary conveyance of benefits from His or Her own creative consciousness back into the Universe. There is joy in the construction of the Temple of Life, for Templated Order and Templated Service Create in the individual a sense of building when all around Him or Her there is a tearing down of values, morals, and faith. But in the Temple He and She finds His and Her constructive role midst the roles of destructivity men and women have elected for themselves. Many say, *‘Let us destruct that we may construct’*. Let them remember that before they can construct wisely and rightly, all destructive tendencies must be removed from their consciousness; for Creative Law, as it expands the reality of God into the Framework of the Natural Order, Automatically wipes out their imperfect images.

There is no need to hold in consciousness a destructive sense or even a sense of condemnation. Beloved Jesus said, *‘For God sent not his Son into the world to condemn the world, but that the world through Him might be saved’*. **The Secret of the Tree of Life is to be found, but the seeker must first surrender His or Her personal sense, His or Her sense of separation from God and from Life, so that the Universal Consciousness can flow into them. Thus, the Breath of the Great Alchemist shall Become His and Her Own.**

It is not, then, the personal ‘I’ that does the work, but the Father in Me that Worketh hitherto, and I work. The Father that worketh hitherto is the Creative Effort of the Universe that enhances the vision of life's perfection for an onward-moving humanity. The ‘I’ that

Works is the conscious individuality Yoked with the 'I AM' Presence of universal Reality. It is the Son Working with the All-Father to Produce in and for every man and woman the Summation of the Glory We Knew Together before the world was.

If imperfect manifestations defraud the Functions of Cosmic Law, then let it also be remembered that Spirit enhances the Quality of Life and Freedom of Spirit. Through the beautiful bonus of Man's and Woman's Acceptance of the Reality and the Flow of Life, He and She becomes Wholly Identified with the Formless Spirit. He or She is then able in the form manifestation to Create a Relative Perfection as Above, so Below.

As the Great Master admonished His Disciples, *'Be ye therefore Perfect, even as your Father which is in Heaven is Perfect'*, so We would disabuse the minds of the would-be Alchemists of the idea that form cannot be perfected within a **'relative living organism framework'**.

Think about this last sentence Dear would-be Alchemists! It is a Key, yet described, that has been placed within the Lock of the Door To the Inner Sanctum!
