

QUALITY OF LIFE AND FREEDOM OF SPIRIT - THE ELEMENTAL GRACE
ALLIANCE COUNCIL – BELOVED ARIES AND MIGHTY THOR - SYLPHS - THE
ELEMENTALS, 2ND SEPTEMBER 2015

“It is with the Greatest of Joy that I stand before you, beside My Beloved Thor. It is like a breath of fresh air, and coming from Us, that is indeed saying something! How My Heart Sings Knowing that what is transpiring here is something that has not fully materialized before within Earth’s atmosphere.

“Yes, We have had many opportunities to tell of Our plight as the Directors of the Air Elementals and the currents of discord and rebellious Natures of Our Sylphs Who are in Our Charge. But the Truth Is, although We have received a great deal of help in the past and to some degree now within this period of Earth’s final preparations for Ascension, We are still being inundated with mounting imbalances that We cannot see the end of. Yet the formation of the Elemental Grace Alliance and the concentrated focus on Us, The Elementals, not individually but as a Whole, is something We have been Praying to God for, for such a long time.

“Dear Ones, All the Elementals, The Directors of the Elementals and Those We Minister to, The Sylphs, The Salamanders, The Gnomes and the Undines have All been waiting on tender hooks and baited-breath, to see how all this will unfold. That is all except those who remain entrapped, incarcerated, imprisoned, and placed in Love’s Exile through the many forms that that takes; all at the hand of man’s ignorance and mis-creations of mis-appropriated thoughts and beliefs.

“We are not judging here, for We are deeply in tune with Our Divine Connection to God and the Charters by which We are Bound to Serve Humanity, but We too can see that somehow the foundation of the Elemental Grace Alliance has a focus of Intention and a Desire, held within a Purity of Words, Thoughts and Actions, that is destined, to finally offer Us once again Our Own ‘Quality of Life and Freedom of Spirit’.

“Oh, My Dears, tears are rolling down my face and indeed I do not do tears, as others do within the Angelic Host Realms and Nature Kingdoms. Where are these coming from? These sensations are extremely overwhelming, I have to stop for a moment, please forgive Me!

“Oh, Beloved Thor, what is happening to Me, this is so new and so unexpected. I need to stay in this place for a moment longer, can you Beloved, continue for a moment for Me?

“Of Course! I Am Thor, and while My Dear Aries, The Essence of All Elementals of the Air, regains Her composure, indeed this is not like Her. And I must admit that I too, Am sensing something within My Being that is very unusual. I have not felt this before either. But I must remain at My Posting, clear in My Elementary Position and Responsibilities, for I Am the One who Directs Our Sylphs throughout the Earth Realm in the many forms that moves air around the planet; the Direction of all the Mighty Winds that fuel the needs of All Life, not just human; those needs of all seasons, all circumstances, all purposes, including those heinous conditions that help to Balance the air, water, Earth and fire elements through the use of hurricanes, volcanoes, tornadoes, droughts, floods, pestilence and many others.

“We, The Elementals are not concerned with the consequences of Our Work, for We see what is needed to be done, and just get on and do it! We Know Our Responsibilities and We Know how to employ Them. Our only Purpose is Salvation, just as Jesus spoke of yesterday; not through forgiveness, for here in Our Realms forgiveness is not part of Our Divine Unity Consciousness.

“It is more to complete the tasks that We are Bound to do, within Our Charters with God. We are to all things, that which is necessary to save the world and humanity from extinction at all costs, and so, hurricanes, tornadoes and the like, have until now, been the only methods available to Us in accordance with the instructions from the Karmic Board of Directors. It appears that Aries is ready to speak again. So, I will step aside for Her to continue.

“Thank you Thor, I do not Know what that was, it was a different experience than anything I have ever sensed before. Perhaps One of Our Esteemed Council Members could enlighten Us on what was transpiring; it seemed very important indeed. I Am okay now, thank you. I know that this is totally out of the current sequence of these Discourses but is there anyone here Who May Enlighten Me on this momentary lapse of composure, it does appear to be something very important, otherwise it would not have happened at this most auspicious time, and I truly desire to Know.”

“Beloved Alpha comes forward and acknowledges Aries and begins to speak.”

“Blessed Art Thou, Who in the Midst of Their Greatest Moment have the courage to question the unknown, to hold onto the new, allowing it to unfold so as to discover the Truth of its experience, regardless of the situation or circumstance that pervades the environment. Beloved Aries, You Are Most Blessed Indeed. I was not expecting to Speak until the next days, but Free Will is something I Honour and I Cherish in My Loyal and Faithful Children of the Light. So, I Will answer your question, yet to do so I shall speak generally of this NEW Experience to begin with. It is not a single event within My Creation, it is happening throughout All Levels of Dimensionality now and within All Densities of Worlds and Realms.

“What you have just experienced Beloved Aries is a sense of Emotion, where feelings are the expansion and the expression of the mental Realms. As you are well versed that My Elemental Worlds reside within the Mental Realms, that is why the Elementals do not have a sense of compassion, sympathy or even empathy. The Work of the Elementals is very cut and dry, it has to be this way, otherwise the Work I have asked Them to perform could never achieve the potential of saving the Life in all My Expressions. Without this very refinement within Their Design, life upon this planet would not exist. Of course, if emotions were only positive, then what a Happy place Earth would be, just as it is in Heaven, but the Nature of emotions within a physical Realm must also embrace the full duality of the negative emotions as well.

“Could you imagine the Elemental Realms of Earth being able to express these diametrically opposed expressions of feelings? It makes sense does it not, that The Elementals cannot have access to such things! Beloved Directors and Elementals All,

here is where My Plan Excels in Beauty and Perfection of the Grace I Am! You see, not only humanity is evolving. All My Realms and All My Dimensions, All My Life Forms and Light Beings are Evolving also. In the late 1950's on Earth, there was a series of Advancements and changing of positions, another form of Ascension. The changing of the Guards if you like; the ending of one cycle and the beginning of another. So, humanity can relate to this, their Hierarchical Systems reflect similar situations. As one gains more knowledge and more experience, they are promoted, to use a word humanity will understand, to higher positions of responsibility and working engagements. Unlike humanity though, where the person moving to a higher position does not need to have all the skills required for that position; they can be learned while in that new endeavor. But here in the Higher Realms, before advancement can be attained, These Transitions must be approved by the Karmic Board of My Directors.

“One cannot Ascend in this way, before They can Prove that They can do the Work and Take on fully The Garment of the Responsibilities that That Position will require. Not only that, the Being or Entity whose position will be replaced, They Themselves Impersonally are Responsible for the replacement and must be sure that Their Qualifications are nothing less than that of Their Own while in that Charge. For example, When Jesus Ascended to His Present Godhood, He was sure that St Germain, His Successor, was Fully Qualified to replace Him in His old Position as Teacher of The World.

“In this 2,000-year period of the Violet Flame of Transformation, All My Many Mansions will also Ascend. Especially My Holy Triad of Humanity, The Elementals and The Angelic Host. As the emphasis on the Evolution of Humanity embraces the God I Am Presence, My Other Beloveds Who Have Served Me so passionately will also be Graced with My Love at Higher Levels of Cosmic Consciousness.

“Beloved Elemental Directors, Sylphs, Undines, Salamanders, Gnomes and the many other forms of the Nature Kingdoms; Beloved Angels and Devas; you all are so much a part of My Creation and in preparation for this next 2,000-year event to unfold, just like My Children of Earth, You will all begin to Ascend through New Experiences of your own and by Your Own Design also. This is not the place to discuss this in any further detail, but to now answer your question. Dear Aries, the sensations you have just experienced, are the New Emotions that you will soon embrace much more fully as You and Your Beloveds move on within My Creations to Ascend Into the Realms of the Angelic Host and Archangelic Kingdoms, where Emotions that Express My Perfection of Love, Grace, Compassion, Beauty, Harmony and Power, will become part of Your New Service.

“Let My Words Be Heard; The Human, Elemental and Angelic Host Realms and Kingdoms are on the Eve of Ascension. Each One is being Over Lighted with Greater Intensities of My Radiance by Those Above Them and in this Procession of the Equinoxes, using a familiar term that might give a little understanding for My Earth Children, are soon to pass beyond the present ‘Rings Passeth Not’ that prevent such transitions. There will be much more to be said and shared upon this subject and humanity will soon be Graced with this News to be made public, listen out for it! The Elemental Grace Alliance has been Created as a platform for this transition, not just for humanity to gain new awareness, but for those within The Elemental and Angelic Host Realms; All of Whom

are here in this one place at this very moment, Listening, Feeling and Absorbing The New Resonances and Vibrational Frequencies of My Love Substance. Congratulations Dear One, on feeling the pangs of a New Birth and the New Cosmic Consciousness within you! Does that answer your question?

Alpha and Aries change places and Aries continues.

“Bless You, for that explanation, I Am stunned and Honestly do not know how to respond at this time. May We All Receive Your Divine Guidance in all of the Matters that relate to these changes for All of Our Kind. I Am Grateful, I Am Grateful, I Am Grateful!

“As I stand before this Alliance Council, I must say that I came this day to offer Our Perspective upon some of the points within Peter’s Proposals, but now I Am Sensing, and I Know My Director Brothers and Sisters are doing the same, that something amazing has happened this day! Something has changed within Us, and it is not about how We have seen Our Roles in the past, but now how We must see Our Roles within the future. Can We through New Felt Emotions be able to make a greater difference to this planet and its people? I Know I have never had any inclination to even think like this before. Our Charters have been so precise and so clear, after all We have been Serving God in this way for longer than I can remember.

“Does this new perspective, have anything to do with the Elemental Grace Alliance’s overall Proposal of changing Our Charters so that We can Work closer with Humanity, to break down the barriers of Our differences and to allow Us to Work with greater collaboration? Is this the Bridge of Consciousness that Peter explains that will close all chasms between us? My Goodness, can We indeed Learn from Humanity something that We have never experienced before? I think so! This is so wonderful and so exciting.

“I want to hug all of humanity, every last one, to let bygones be bygones, how do We do this? Can humanity teach Us how to forgive? Can this Forgiveness be a part in God’s Plan somehow? I have many questions now and will ask those Who can help Us understand all of this better, to share with Us at the first opportunity. I Am/We Are so ready to make these changes. We Are So weary; so very tired. Can Hope, Faith and Trust be a part of Our Evolutionary Process to make the difference now being asked for by humanity, to reunite Us with humanity on a much more conscious level? I Pray So.

“I cannot contain Myself any longer, I Bless You All for this Most Enlightening Discourse. I thought I was going to be the One to add something new to this Alliance, instead I have been given the Greatest Gift from God I have ever received! Bless You Father For Your Benevolence, Your Grace and Your Generosity. I Love You!

“I Bow to this Council and All of Humanity at this Hour. My perspectives of humanity have been changed this day, Oh My Goodness!

“As It Is on Earth, so It Is in Heaven, Indeed!”
