

# THE COSMIC CHRIST MANDATE

## SERVICE OF ABUNDANCE, GIVING & RECEIVING

Block 1 Commencing *'To Divinely Understand'*.....

Imagine for a moment, at this early stage of the dissolution of an old world, to the Construction of a New World, that there are the needs for greater advanced Spiritual Structural Formulas and Templates of Approach; What sort of Divine Love In Action would you feel would help, indeed would be required? To understand this process, one needs to know what **'Cosmic Laws'** are and what do they mean in terms of the Human Evolution of man and woman.

To be able to understand expansion, to which level of gifting one's time, expertise, knowledge and experiences, energy, money, in forms of values of whatsoever nature thereof, land, property etc, can be Self-Realized. The following Discourses and excerpts shall hopefully establish clear information for one to make a qualified *'free will'* or voluntary Gratuity or Love Gift while feeling no obligation whatsoever in doing so. However, in the years to come world taxes shall be abolished, the old administrative structures will collapse under the pressure of miscreation and new forms of financial benevolence will be Self Realized based upon the gatherings of groups, communities, towns, cities, states, nations, countries and world. The New Economic Systems will come in many forms, and they shall be *'The People'*, those who become Free Sovereign Beings within a New Divine Consciousness, Knowing that all are equal and material things shall not hold personal ownership as such, rather shall be governed, utilized and shared by the People in General, Ambassadors, Guardians, Custodians, Curators and Administers of all that if God's Live and Expression is free to all!

Yet a system will be required to Deliver and Express The Abundance, Wealth and Richness Of God's Freedom to All Life Streams, Humanity, The Elementals, Devas and Angelic Host, The Animals, Plants and Trees and the Mineral and Bio-Systems of Nature's own balancing processes.

That will mean for some time yet; the **'Energies Of Exchange'**. Those who have money will give money, those who have time, will give time, those who have gifts and talents will give those, and people who will be scant in what they feel all they can give is themselves, they can give positive thinking and at the very least where needed, a helping hand or a smile for nothing more than for Love's Own Sake! **'The New 'I AM' One World Nation'** will need all of these things in a Level of Abundance that will lift this old world out of its misery and miscreations and into a New God Life! EVERYONE, has the Gift of LOVE within them, not all choose to share that LOVE!

But that is about to CHANGE, with your help, your participation, you're showing others when something needs to be done. What are these things, You, and You alone will decide!

When they arrive at your doorstep, figuratively speaking, you will KNOW what to do. That will

be God Speaking Through You. It will be your **'Free Will'** to respond or not! That is a Cosmic Law that will help Humanity Find Their New Life, Their Liberty, Freedom and Happiness. The Law of Giving and Receiving!
